It is the intent of this testing program to help local school systems and teachers identify and correct student needs in basic skills rather than to provide a tool for comparison of individual students or to evaluate teacher performance. The first statewide testing program shall be conducted prior to the end of the 1977-78

school year for the first, second, third, sixth and ninth grades, provided that criterion reference tests shall be used in the first and second grades and norm reference tests shall be used in the testing program in grades 3, 6 and 9. Students in these grade levels who are enrolled in special education programs or who have been officially designated as eligible for participation in such programs may be excluded from the testing programs.

Sec. 3. Appointment of Testing Commission. (a) On or before July 1, 1977, the Governor shall appoint a Testing Commission composed of 11 members who shall hold office for two years or until their successors are nominated and appointed. Any vacancy on the Testing Commission shall be filled by the Governor by appointment for the unexpired term. Six of the members of the Testing Commission shall be certified teachers currently employed for the grades in which tests are to be administered; two shall be persons competent in the field of psychological measurement; one shall be a school principal; one shall be a supervisor of elementary instruction; and one shall be the superintendent of a local administrative unit. The members of the Testing Commission shall be entitled to compensation for each day spent on the work of the Testing Commission, as approved by the State Board of Education, and receive reimbursement for travel and subsistence expense incurred in the performance of their duties at the rates specified in G.S. 138-5 or G.S. 138-6, whichever is applicable to the individual member. All currently employed teachers serving on the Commission shall be entitled to receive their full pay for each school day spent on the work of the Commission without any reduction in salary for a substitute teacher's pay.

(b) The Superintendent of Public Instruction, or his designee, shall serve as an ex officio, nonvoting member of the Testing Commission.

Sec. 4. Evaluation and selection of tests. (a) The members of the Testing Commission shall secure copies of tests designed to measure the level of academic achievement. Each of these tests shall be examined carefully and the Testing Commission shall file with the State Board of Education a written evaluation of each of these tests along with appropriate recommendations. In evaluating a test, the Testing Commission shall give special consideration to the suitability of a test to the instructional level or special education program or level for which it is intended to be used and the validity of the test.

(b) The Testing Commission shall annually review the suitability and validity of the tests in use by the State Board of Education for the purposes of this act and investigate the suitability and validity of other tests. A written evaluation of all tests and any recommendations considered by the Testing Commission shall be filed with the State Board of Education.

Sec. 5. Duties of the State Board of Education. The State Board of Education shall review the recommendations of the Testing Commission and select the tests that it believes will provide the best measures of the levels of academic achievement attained by students in various subject areas. The State Board of Education shall also establish policies and guidelines necessary for carrying out the provisions of the act.

Sec. 6. Duties of the State Superintendent of Public Instruction. The State Superintendent of Public Instruction shall be responsible, under policies adopted by the State Board of Education, for the statewide administration of the testing program provided by this act and for providing necessary staff services to the Testing Commission.

Sec. 7. Duties of the local boards of education. Local boards of education shall cooperate with the State Board of Education in implementing the provisions of this act, including the regulations and policies established by the State Board of Education. Local school systems are encouraged to continue to develop local testing programs designed to diagnose student needs further.

Sec. 8. Public records exception. Any written material containing the identifiable scores of individual students on any test taken pursuant to the provisions of this act shall not be considered a public record within the meaning of G.S. 132-1 and shall not be disseminated or otherwise made available to the public by any member of the State Board of Education, any employee of the State Board of Education, the Superintendent of Public Instruction, any employee of the Department of Public Instruction, any member of a local board of education, any employee of a local board of education, or any other person, except as permitted under the provisions of the Family Educational Rights and Privacy Act of 1974, 20 USC 1232g.

Sec. 9. Provisions for nonpublic schools. The State Board of Education may require the implementation of the testing program contemplated by this act in nonpublic schools supervised by it pursuant to the provisions of Article 32 of Chapter 115 of the General Statutes.

Sec. 10. This program and the provisions of this act shall be implemented to the extent appropriations are provided by the General Assembly, but nothing herein contained shall be construed to obligate the General Assembly to appropriate additional funds to the Department of Public Instruction.

H. B. 1077 CHAPTER 562

AN ACT RELATING TO FOREST DEVELOPMENT IN NORTH CAROLINA.

The General Assembly of North Carolina enacts:

Section 1. This act shall be known as the "Forest Development Act".

Sec. 2. Statement of purpose. (a) The General Assembly finds that:

(1) It is in the public interest of the State of North Carolina to encourage the development of the State's forest resources and the protection and improvement of the forest environment.

(2) Unfavorable environmental impacts, although currently of a local and sporadic nature, are occurring as a result of forest operations. It is in the State's

interest that corrective action be developed now to prevent more serious problems in the future.

(3) Regeneration of potentially productive forest land is a high-priority problem requiring prompt attention and action.

(4) Growing demands on forests and related land resources cannot be met by intensive management of public and industrial forest lands alone.

(b) The purpose of this act is to direct the Secretary of the Department of Natural and Economic Resources to implement a forest development program to:

(1) provide financial assistance to eligible landowners to increase the productivity of the privately owned forests of the State through the application of forest renewal practices;

(2) insure that forest operations in the State are conducted in a manner designed to protect the soil, air, and water resources, including but not limited to streams, lakes and estuaries through actions of landowners on lands for which assistance is sought under provisions in this act;

(3) implement a program of voluntary landowner participation through the use of a forest development fund to meet the above goals.

(c) It is the intent of the General Assembly that in implementing the program under this act, the Secretary will cause it to be coordinated with other related programs in such a manner as to encourage the utilization of private agencies, firms and individuals furnishing services and materials needed in the application of practices included in the forest development program.

Sec. 3. Definitions. As used in this act:

(a) "Department" shall mean the Department of Natural and Economic Resources.

(b) "Secretary" shall mean the Secretary of the Department of Natural and Economic Resources.

(c) "Eligible landowner" shall mean a private individual, group, association or corporation owning land suitable for forestry purposes. Where forest land is owned jointly by more than one individual, group, association or corporation, as tenants in common, tenants by the entirety, or otherwise, the joint owners shall be considered, for the purpose of this act, as one eligible landowner and entitled to receive cost sharing payments as provided herein only once during each fiscal year.

(d) "Eligible lands" shall mean land owned by an eligible landowner.

(e) "Forest development cost sharing payment" shall mean financial assistance to partially cover the costs of implementing approved practices in such amounts as the Secretary shall determine, subject to the limitations of this act.

(f) "Approved practices" shall mean those silvicultural practices approved by the Secretary for the purpose of commercially growing timber through the establishment of forest stands, or of insuring the proper regeneration of forest stands to commercial production levels following the harvest of mature timber. Such practices shall include those required to accomplish site preparation, natural and artificial forestation, noncommercial removal of residual stands for silvicultural purposes, and cultivation of established young growth of desirable trees. In each case, approved practices will be determined by the needs of the individual forest stand. These practices shall include existing practices and such

practices as are developed in the future to insure both maximum forest productivity and environmental protection.

(g) "Approved forest management plan" shall mean the forest management plan submitted by the eligible landowner and approved by the Secretary. Such plan shall include forest management practices to insure both maximum forest productivity and environmental protection of the lands to be treated under the management plan.

(h) "Forest development fund" shall mean the special nonlapsing fund established in the Department of Natural and Economic Resources, designated as the Forest Development Fund, created by Section 8 of this act.

(i) "Forest development assessment" shall mean an assessment on primary forest products from timber severed in North Carolina for the funding of the provisions of this act, as authorized by the General Assembly.

Sec. 4. Powers and Duties. (a) The Secretary shall have the powers and duties to administer the provisions of this act.

(b) The department shall serve as the disbursing agency for funds to be expended from and deposited to the credit of the forest development fund.

(c) Subject to the limitations set forth in Section 8(d) of this act, the Secretary is authorized to employ administrative, clerical and field personnel to support the program created by this act and to compensate such employees from the forest development fund for services rendered in direct support of the program.

(d) The Secretary is authorized to purchase equipment for the implementation of this program from the forest development fund subject to the limitations of Section 8 (e) of this act. All equipment purchases with these funds will be assigned to and used only for the forest development program, except for emergency use in forest fire suppression and other activities relating to the protection of life or property. The forest development fund will be reimbursed from other program funds for equipment costs incurred during such emergency use.

Sec. 5. Administration of cost sharing. The Secretary shall have authority to administer the cost sharing provisions of this act, including but not limited to the following:

(a) Prescribe the manner and requirements of making application for cost sharing funds.

(b) Identify those approved forestry practices as defined in Section 3 (f) which shall be approved for cost sharing under the provisions of this act.

(c) Review periodically the cost of forest development practices and establish allowable ranges for cost sharing purposes for approved practices under varying conditions throughout the State.

(d) Determine, prior to approving forest development cost sharing payments to any landowner, that all proposed practices are appropriate and are comparable in cost to the prevailing cost of those practices in the general area in which the land is located. Should the Secretary determine that the submitted cost of any practice is excessive, he shall approve forest development cost sharing payments based upon an allowable cost established under Section 5 (c).

(e) Determine, prior to approving forest development cost sharing payments, that an approved forest management plan as defined in Section 3 (g) for the eligible land has been filed with the Secretary and that the landowner

has indicated in writing his intent to comply with the terms of such management plan.

(f) Determine, prior to approving forest development cost sharing payments, that the approved practices for which payment is requested have been completed in a satisfactory manner, conform to the approved forest management plan submitted under Section 5(e), and otherwise meet the requirements of this act.

(g) Disburse from the forest development fund to eligible landowners cost sharing payments for satisfactory completion of practices provided for by this act and the Secretary shall, insofar as is practicable, disburse the funds from the State's appropriation on a matching basis with the funds generated by the Primary Forest Product Assessment.

Sec. 6. Limitation of payments. (a) An eligible landowner may receive forest development cost sharing payments for satisfactory completion of approved practices as determined by the Secretary, except that the Secretary shall approve no assistance in an amount exceeding the lesser of (i) a sum equal to sixty percent (60%) of the landowner's actual per acre cost incurred in implementing the approved practice or (ii) a sum equal to sixty percent (60%) of the prevailing per acre cost as determined by the Secretary under Section 5(c) for implementing that approved practice.

(b) The maximum amount of forest development cost sharing funds allowed to any landowner in one fiscal year will be the amount required to complete all approved practices on one hundred acres of land at the prevailing cost sharing rate established under Section 6(a).

(c) Eligible landowners may not use State cost sharing funds if funds from any federal cost sharing program are used on the same acreage for forestry practices during the same fiscal year.

Sec. 7. Participation by government political subdivisions. No governmental agency, federal, State or local, will be eligible for forest development payments under the provision of this act.

Sec. 8. Forest development fund. (a) There is hereby created in the Department of Natural and Economic Resources a fund to be designated the forest development fund, for which fiscal management and responsibility are hereby vested in the Secretary.

(b) This fund shall be the depository for all revenue derived from the forest development assessment on primary forest product processors as authorized by the General Assembly, and for any funds appropriated specifically for the forest development program from the General Fund. Those funds appropriated from the General Fund remaining in the forest development fund at the end of any fiscal year shall revert to the General Fund, but revenues derived from the forest development assessment shall not revert but shall remain in the forest development fund until expended under the provisions of this act.

(c) In any fiscal year, expenditures from the forest development fund shall be limited to three times the amount of the General Fund appropriation for that year.

(d) In any fiscal year, no more than five percent (5%) of the available funds generated by the Primary Forest Product Processor Assessment Act shall be used for program support under the provisions of Section 4(c) of this act.

(e) Funds used for the purchase of equipment under the provisions of Section 4(d) of this act shall be limited to appropriations from the General Fund to the forest development fund designated specifically for equipment purchase.

Sec. 9. Severability. If any provision of this act or the application of any provision of this act to any person or circumstance is held invalid, the application of such provision to other persons or circumstances, and the remainder of this act, shall not be affected thereby.

Sec. 10. Effective date. This act shall become effective July 1, 1977.

In the General Assembly read three times and ratified, this the 14th day of June, 1977.

The Department of Human Resources is further designated as the State agency authorized to administer minimum standards and requirements for mental health services as conditions for participation in federal-State financial aid, and is authorized to promote and develop community mental health services in accordance with the provisions of this Chapter. The Department of Human Resources shall be responsible for administrating minimum standards for area mental health programs.

Nothing in this Chapter shall be construed to prohibit the operation of mental health service programs by the Department of Human Resources at any of the institutions under the control of the Department of Human Resources, or the operation of mental health service programs at the North Carolina Memorial Hospital in Chapel Hill, or at any other hospital or facility acceptable to the Department of Human Resources.

"§ 122-35.39. *Designation of local governmental units to specify responsible area mental health authority.*—(a) An area mental health authority, with approval of the Department of Human Resources and the Commission for Mental Health Services shall be established by: (1) the board of county commissioners or (2) jointly by two or more boards of county commissioners.

Such appointments shall be for the remainder of the unexpired term of office.

"§ 122-35.40. *Structure of area mental health board.*—(a) The area mental health board shall meet at least six times per year and shall consist of 15 members. "§ 122-35.41. *Designation of the Commission for Mental Health Services.*—Standards for services not covered under the provision of this Article may be prescribed by the Commission for Mental Health Services. All community-based mental health, mental retardation, and substance abuse programs must meet or exceed minimum standards and no other standards shall apply unless specifically established in State or federal statutes or regulations. Failure to comply with the established standards shall be grounds for the Department of Human Resources to cease participating in the funding of the particular community-based program. An area mental health authority may appeal for exceptions to the minimum standards to the Commission for Mental Health

Services based upon catchment area needs. Such appeal shall be made pursuant to the procedures set forth in G.S. 122-35.52.

"PART 3.

"Responsibilities of Area Mental Health Authorities.

"§ 122-35.42. *Appropriate local funds.*—County and municipal authorities are authorized to appropriate funds for the support of mental health programs which serve the catchment area regardless of whether the service programs are physically located within the boundaries of a single county or whether any facility housing a service program is owned and operated by the local governmental units. Counties are authorized to make appropriations for the purposes of this Article and to fund them by levy of property taxes pursuant to G.S. 153A-149(c)(22) and by the allocation of other revenues whose use is not restricted by law.

"§ 122-35.43. *Submit application for service program; annual plan.*—(a) Subject to the standards of the Commission for Mental Health Services, the area mental health authorities shall review and evaluate the area needs and programs in general mental health, mental illness, mental retardation, substance abuse, and related fields, and shall develop with the Department of Human Resources an annual plan for the use, control, and development of State, regional, and area facilities and resources in order to provide a comprehensive program of mental health services for the area residents.

(b) The annual plan of work shall include an inventory of existing services, services to be provided during the next fiscal year, and projected services during the following year, including, but not limited to, service plans for the mentally ill, mentally retarded, and substance abuser. The annual plan shall indicate the expenditure of all State, local, and federal funds for each service according to the source of the fund. The annual plan of each area authority shall include a plan for contracting with the State mental hospital, center for the mentally retarded, and alcoholic rehabilitation center where such facilities are available. Before State funds are provided to area mental health authorities, such annual plans and subsequent changes shall be subject to approval by the Department of Human Resources.

"§ 122-35.44. *Report to the department and county commissioners.*—(a) On a periodic basis, specified by the Department of Human Resources, each area mental health authority shall provide the Department of Human Resources and county commissioners with:

This format shall conform as nearly as practical to the recommended budget format of the Local Government Commission under the provisions of the Local Government Fiscal Control Act.

(2) An audit report prepared by an independent certified public accounting firm, which such audit report may be made by the county independent certified public accountant as a part of the county's normal annual audit, if satisfactory to the department.

(b) The Department of Human Resources can require reports of activities and services of the area mental health authority but such reports shall not identify names of individual clients of the local mental health programs unless specifically required by State statute or federal rules and regulations. A copy of

all reports required by the Department of Human Resources shall be sent to the county commissioners.

(c) Beginning on July 1, 1977, and at least biannually thereafter, reports required of the area mental health authority by the department shall be reviewed by the Department of Human Resources and only those reports deemed necessary by the department shall thereafter be required.

(d) The department may delay payments and with written notification of cause may reduce or deny payment of funds if an area mental health authority fails to file required reports within the time limit set by the department.

"§ 122-35.45. *Personnel.*—(a) Technical and professional standards. Subject to the standards of the Commission for Mental Health Services, the area mental health authority shall establish technical and professional standards which must be approved by the Department of Human Resources. Such standards shall not nullify compliance with provisions of the classification plan and State Competitive Service policies.

(b) Area mental health authority employees. Employees under the direct supervision of the area mental health authority are employees of the area mental health authority and for the purpose of personnel administration, Chapter 126 of the General Statutes shall apply unless otherwise provided in this Article.

(c) Appointment of area mental health director. The area board shall appoint, with the approval of the Department of Human Resources, an area mental health director. The area mental health director shall be the employee of the area board and shall serve at the pleasure of the area board. The director shall be responsible for the appointment of staff, for implementation of the policies and programs of the board, compliance with standards of the Commission for Mental Health Services, and for the supervision of all staff and service programs.

(d) Supervision of services. Unless otherwise specified, services shall be the responsibility of a qualified professional with approved training and experience acceptable to the Department of Human Resources as prescribed by regulations of the Commission for Mental Health Services. Direct medical and psychiatric services shall be provided by a duly qualified psychiatrist or an individual duly licensed by the State of North Carolina as a medical doctor with adequate training and experience acceptable to the Department of Human Resources.

"§ 122-35.46. *Salary plans for area mental health employees.*—A salary plan for area mental health employees shall be set by the area mental health authority. Such salary plan shall be established in conformity with G.S. Chapter 126. In a multiple-county area, such salary plan shall not exceed the highest paying salary plan of any county in that area. In a single-county area, such salary plan shall not exceed the county's salary plan. The salary plan limitations set forth in this section may be exceeded only if the area mental health authority and the board or boards of county commissioners, as the case may be, jointly agree to exceed these limitations.

"§ 122-35.47. *Require fee for service.*—The area mental health authority shall make every reasonable effort to collect appropriate reimbursement for its costs in providing mental health services to persons able to pay for service, including insurance or third-party payments. However, no one shall be refused mental health services because of an inability to pay. The area mental health authority will prepare a schedule of fees for its services designed to cover the

reasonable costs of providing such services. All funds collected from fees shall be utilized for the fiscal operation or capital improvement for the area mental health service program and shall not reduce or replace the budgeted commitment of local tax revenue.

"§ 122-35.48. *Limitation of professional reimbursement.*—Area mental health authorities will adopt and enforce a policy (i) under which fees for the provision of services directly under the supervision of the area authority will be paid to the area mental health authority; (ii) under which employees of the area authority are prohibited from providing such services on a private basis which requires the use of the resources and facilities of the area authority; and (iii) under which employees may accept dual compensation and dual employment with a written permission of the area mental health authority.

"§ 122-35.49. *Contract for services.*—The area mental health authority may contract with other public or private agencies, institutions, or resources for the provision of services, but it shall be the responsibility of the area mental health authority to insure that such contracted services meet the rules and regulations as set by the Commission for Mental Health Services. Terms of the contract shall require the area mental health authority to monitor the contract to assure that minimum standards are met.

"§ 122-35.50. *Appeal by area mental health authority.*—The area mental health authority may appeal to the Commission for Mental Health Services any departmental action regarding rules and regulations which affects its program or plan for services.

"§ 122-35.51. *Licensing required.*—An area mental health facility operated under the provisions of Chapter 122 of the General Statutes shall obtain a license permitting such operation. Subject to standards governing the operation and licensing of these facilities set by the Commission for Mental Health Services, the Department of Human Resources shall be responsible for issuing licenses.

"§ 122-35.52. *Appeal from the denial or revocation of a license.*—An area mental health facility whose license is revoked or whose license application is denied by the department shall first be given 60 days' written notice specifying the grounds for such revocation or denial. The area mental health authority is entitled, by written request to the commission within the 60-day period of notification, to a hearing before the Commission for Mental Health Services. The hearing shall be held within 20 days of the written request and shall be open to the public. The decision of the commission shall be made within 10 days after such hearing. Any area mental health facility whose license is revoked shall be allowed to continue to operate until the appeal provided by this section is concluded.

"PART 4.

"Appropriation for Mental Health Service Programs.

"§ 122-35.53. *Allocation of all funds to area mental health authorities.*—All State appropriations shall be allocated to area mental health authorities in accordance with the annual plan and budget adopted by the area mental health authority and approved by the Department of Human Resources. However, the area mental health authorities are empowered to receive and allocate non-state resources for the purpose of capital improvements and equipment acquisition as long as such expenditures are made in support of the annual plan of work. The final share of State funds will be allocated on the basis of actual expenses and

reported in a manner prescribed by the department. Unexpended State appropriations will be remitted to the Department of Human Resources within 120 days after the close of the fiscal year.

Unless specified by the Department of Human Resources, State appropriations to area mental health authorities shall be used exclusively for the operating costs of the programs. All real property shall be provided by local or federal funds. Equipment necessary for the operation of such programs shall be provided by local, State, federal, or donated funds or any combination thereof. Title to such real property and the authority to acquire or mortgage same shall be held by the county where such property is located; however, the authority to lease real property shall be held by the area mental health authority. Title to personal property and the authority to acquire, lease, or mortgage same shall be held by the area mental health authority. All community mental health, mental retardation, and substance abuse funds shall be expended in accordance with rules and regulations of the Department of Human Resources and in accordance with the minimum standards set by the Commission for Mental Health Services. Failure to comply with rules, regulations, and minimum standards may be grounds for the Department of Human Resources to cease participation in the funding of the particular mental health program. The department may withdraw funds from a specific program of services not being administered in accordance with an approved plan and budget after written notice and subject to an appeal in accordance with G.S. 122-35.52.

"§ 122-35.54. *Allocation of funds to area mental health authorities.*—Subject to the provisions of this Article allocations shall be made annually by the Department of Human Resources to area mental health authorities for the provision of community-based service programs. Such allocations shall be made in the form of a base grant computed on the basis of five hundred dollars ($500.00) per 1,000 population within the catchment area. Additional allocations may be made to the area mental health authorities on the conditions and formula basis as provided in this Part.

"§ 122-35.55. *Allocation of State matching funds to area mental health authorities.*—State-appropriated matching funds shall be distributed subject to an adopted regulation of the department which sets a formula based upon the counties' relative fiscal capacity to fund mental health services. Such regulations shall be reviewed biannually by the department. Area mental health funds used for matching State funds shall include, but not be limited to, fees from services, fees from agencies under contract, gifts and donations, and county and municipal funds. For the purpose of this section, area financial participation used to match State allocations shall not include State or federal funds.

"§ 122-35.56. *Direct grants for services.*—In addition to the matching grants provided elsewhere in this act, the department shall make direct grants to area mental health authorities from special State and federal funds appropriated for special programs. Such grants shall be for the treatment of persons by community facilities rather than in regional institutions and shall be administered as provided by G.S. 122-35.53 and G.S. 122-35.55.

"§ 122-35.57. *Responsibilities of those receiving State and federally administered appropriations.*—All resources allocated to and received by any area mental health authority and used for programs of mental health, mental

retardation, substance abuse or other related mental health fields are subject to the conditions specified in all Parts of this Article and to the standards of the Commission for Mental Health Services."

(2) The secretary certifies, in accordance with subsection (a), that the health maintenance organization's proposed plan of operation meets the requirements of subsection (a)(2).

(3) The health care plan constitutes an appropriate mechanism whereby the health maintenance organization will effectively provide or arrange for the provision of basic health care services on a prepaid basis, through insurance or otherwise, except to the extent of reasonable requirements for copayments.

(4) The health maintenance organization has on hand as a financial reserve funds equal to at least three months' projected claims and operating expense (except that a health maintenance organization which has received federal grants in an amount equal to the financial reserve required under this subsection for at least two years prior to a current fiscal year and which certifies to the commissioner that it has an application pending for such a grant in a current fiscal year shall be exempt from this requirement), and the health maintenance organization is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. The commissioner shall disapprove such exercise of power if in his opinion it would substantially and adversely affect the financial soundness of the health maintenance organization and endanger its ability to meet its obligations. If the commissioner does not disapprove within 30 days of the filing, it shall be deemed approved.

(2) The commissioner may promulgate rules and regulations exempting from the filing requirement of paragraph (1) those activities having a *de minimis* effect.

"§ 57A-6. *Governing body.*—(a) The governing body of any health maintenance organization may include providers, other individuals, or both.

(b) Such governing body shall establish a mechanism to afford the enrollees an opportunity to participate in matters of policy and operation through the establishment of advisory panels, by the use of advisory referenda on major policy decisions, or through the use of other mechanisms.

Otherwise, the health maintenance organization shall issue the evidence of coverage.

(2) Such charges may be established in accordance with actuarial principles for various categories of enrollees, provided that charges applicable to an enrollee shall not be individually determined based on the status of his health. However, the charges shall not be excessive, inadequate, or unfairly discriminatory. A certification, by a qualified actuary, or such other certification as the commissioner deems appropriate, as to the appropriateness of the charges, based upon reasonable assumptions, shall accompany the filing along with adequate supporting information.

(c) The commissioner shall, within a reasonable period, approve any form if the requirements of paragraph (1) are met and any schedule of charges if the requirements of paragraph (2) are met. It shall be unlawful to issue such form or to use such schedule of charges until approved. If the commissioner disapproves such filing, he shall notify the filer. In the notice, the commissioner shall specify the reasons for his disapproval. A hearing will be granted within 30 days after a request in writing by the person filing. If the commissioner does not approve or disapprove any form or schedule of charges within 30 days of the filing of such forms or charges, they shall be deemed approved.

(b) A description of any changes in the organizational structure and operation of the health care plan which affects the nature, scope and location of the services available to enrollees.

(d) A clear and understandable description of the health maintenance organization's method of resolving enrollee complaints. This requirement shall be waived if the initial informational material furnished to enrollees at the time of, or prior to, enrollment contains this information, unless there are changes in the Health Maintenance Organization's method of resolving enrollee complaints.

"§ 57A-11. *Open enrollment.*-

(a) (1) A health maintenance organization which

a. has for at least 5 years provided comprehensive health services on a prepaid basis, or

b. has an enrollment of at least 50,000 members, shall have at least once during each fiscal year next following a fiscal year in which it did not have a financial deficit an open enrollment period (determined under paragraph (2)) during which it shall accept individuals for membership in the order in which they apply for enrollment and, except as provided in paragraph (3), without regard to preexisting illness, medical condition, or degree of disability.

(2) An open enrollment period for a health maintenance organization shall be the lesser of

a. 30 days, or

b. the number of days in which the organization enrolls a number of individuals at least equal to three percent (3%) of its total net increase in enrollment (if any) in the fiscal year preceding the fiscal year in which such period is held. For the purpose of determining the total net increase in enrollment in a health maintenance organization, there shall be included any individual who is enrolled in the organization through a group which had a contract for health care services with the health maintenance organization at the time that such health maintenance organization was organized and commenced to provide services.

(3) Notwithstanding the requirements of paragraph (1) a health maintenance organization shall not be required to enroll individuals who are confined to an institution because of chronic illness, permanent injury, or other infirmity which would cause economic impairment to the health maintenance organization if such individual were enrolled.

(4) A health maintenance organization may not be required to make the effective date of benefits for individuals enrolled under this subsection less than 90 days after the date of enrollment.

(5) The commissioner may waive the requirements of this subsection for a health maintenance organization which demonstrates that compliance with the provisions of this subsection would jeopardize its economic viability in its service area.

"§ 57A-12. *Complaint system.*-

(a)(1) Every health maintenance organization shall establish and maintain a complaint system which has been approved by the commissioner, after consultation with the secretary, to provide reasonable procedures for the resolution of written complaints initiated by enrollees concerning health care services.

(2) Each health maintenance organization shall submit to the commissioner and the secretary an annual report in a form prescribed by the commissioner after consultation with the secretary, which shall include:

a. a description of the procedures of such complaint system;

b. the total number of complaints handled through such complaint system and a compilation of causes underlying the complaints filed; and

c. the number, amount and disposition of malpractice claims settled during the year by the health maintenance organization and any of the providers used by it.

(b) The health maintenance organization shall maintain records of written complaints filed with it concerning other than health care services and shall submit to the commissioner a summary report at such times and in such format as the commissioner may require. Such complaints involving other persons shall be referred to such persons with a copy to the commissioner.

(c) The commissioner or the secretary may examine such complaint system.

"§ 57A-13. *Investments.*—With the exception of investments made in accordance with G.S. 57A-5(a)(1) and (2) and G.S. 57A-5(b), the investable funds of a health maintenance organization shall be invested only in securities or other investments permitted by the laws of this State for the investment of assets constituting the legal reserves of life insurance companies or such other securities or investments as the commissioner may permit.

"§ 57A-14. *Protection against insolvency.*—Each health maintenance organization shall furnish a surety bond in an amount satisfactory to the commissioner, or deposit with the commissioner cash or securities acceptable to him in at least the same amount as a guarantee that the obligations to the enrollees will be performed. The commissioner may waive this requirement whenever satisfied that the assets of the organization or its contracts with insurers, hospital or medical service corporations, governments, or other organizations are sufficient to reasonably assure the performance of its obligations.

"§ 57A-15. *Prohibited practices.*—(a) No health maintenance organization, or representative thereof, may cause or knowingly permit the use of advertising which is untrue or misleading, solicitation which is untrue or misleading, or any form of evidence of coverage which is deceptive. For purposes of this act:

(1) A statement or item of information shall be deemed to be untrue if it does not conform to fact in any respect which is or may be significant to an enrollee of, or person considering enrollment in, a health care plan.

(2) A statement or item of information shall be deemed to be misleading, whether or not it may be literally untrue, if, in the total context in which such statement is made or such item of information is communicated, such statement or item of information may be reasonably understood by a reasonable person, not possessing special knowledge regarding health care coverage, as indicating any benefit or advantage or the absence of any exclusion, limitation, or disadvantage of possible significance to an enrollee of, or person considering enrollment in, a health care plan, if such benefit or advantage or absence of limitation, exclusion or disadvantage does not in fact exist.

(3) An evidence of coverage shall be deemed to be deceptive if the evidence of coverage taken as a whole, and with consideration given to typography and format, as well as language, shall be such as to cause a reasonable person, not possessing special knowledge regarding health care plans and evidences of coverage therefor, to expect benefits, services, charges, or other advantages which the evidence of coverage does not provide or which the health care plan issuing such evidence of coverage does not regularly make available for enrollees covered under such evidence of coverage.

(b) The provisions of Article 3A of Chapter 58 of the General Statutes shall be construed to apply to health maintenance organizations, health care plans and evidences of coverage except to the extent that the commissioner determines that the nature of health maintenance organizations, health care plans and evidences of coverage render such sections clearly inappropriate.

(c) An enrollee may not be cancelled or not renewed because of any deterioration in the health of the enrollee.

(d) No health maintenance organization, unless licensed as an insurer, may use in its name, contracts, or literature any of the words "insurance", "casulty", "surety", "mutual", or any other words descriptive of the insurance, casualty, or surety business or deceptively similar to the name or description of any insurance or surety corporation doing business in this State.

"§ 57A-16. *Regulation of agents.*—The commissioner may, after notice and hearing, promulgate such reasonable rules and regulations as are necessary to provide for the licensing of agents. An agent means a person directly or indirectly associated with a health care plan who engages in solicitation or enrollment.

"§ 57A-17. *Powers of insurers and hospital and medical service corporations.*—(a) An insurance company licensed in this State, or a hospital or medical service corporation authorized to do business in this State, may either directly or through a subsidiary or affiliate organize and operate a health maintenance organization under the provisions of this act. Notwithstanding any other law which may be inconsistent herewith, any two or more such insurance companies, hospital or medical service corporations, or subsidiaries or

affiliates thereof, may jointly organize and operate a health maintenance organization. The business of insurance is deemed to include the providing of health care by a health maintenance organization owned or operated by an insurer or a subsidiary thereof.

(b) Notwithstanding any provision of the insurance and hospital or medical service corporation laws contained in Chapters 57 and 58 of the General Statutes, an insurer or a hospital or medical service corporation may contract with a health maintenance organization to provide insurance or similar protection against the cost of care provided through health maintenance organizations and to provide coverage in the event of the failure of the health maintenance organization to meet its obligations. The enrollees of a health maintenance organization constitute a permissible group under such laws. Among other things, under such contracts, the insurer or hospital or medical service corporation may make benefit payments to health maintenance organizations for health care services rendered by providers pursuant to the health care plan.

"§ 57A-18. *Examinations.*—(a) The commissioner may make an examination of the affairs of any health maintenance organization and providers with whom such organization has contracts, agreements or other arrangements pursuant to its health care plan as often as he deems it necessary for the protection of the interests of the people of this State but not less frequently than once every three years.

(b) The secretary may make an examination concerning the quality of health care services of any health maintenance organization and providers with whom such organization has contracts, agreements, or other arrangements pursuant to its health care plan as often as he deems it necessary for the protection of the interest of the people of this State but not less frequently than once every three years.

(c) Every health maintenance organization and provider shall submit its books and records relating to the health care plan to such examinations and in every way facilitate them. For the purpose of examinations, the commissioner and the secretary may administer oaths to, and examine the officers and agents of the health maintenance organization and the principals of such providers concerning their business.

(d) The expenses of examinations under this section shall be assessed against the organization being examined and remitted to the commissioner or the secretary for whom the examination is being conducted.

(e) In lieu of such examination, the commissioner or secretary may accept the report of an examination made by the Commissioner of Insurance or Commissioner of Public Health of another state.

"§ 57A-19. *Suspension or revocation of certificate of authority.*—(a) The commissioner may suspend or revoke any certificate of authority issued to a health maintenance organization under this act if he finds that any of the following conditions exist:

(1) The health maintenance organization is operating significantly in contravention of its basic organizational document, its health care plan, or in a manner contrary to that described in and reasonably inferred from any other information submitted under G.S. 57A-3, unless amendments to such submissions have been filed with and approved by the commissioner.

(2) The health maintenance organization issues evidence of coverage or uses a schedule of charges for health care services which do not comply with the requirements of Section 57A-8.

(3) The health care plan does not provide or arrange for basic health care services.

(4) The secretary has certified to the commissioner that:

a. the health maintenance organization does not meet the requirements of G.S. 57A-4(a)(2); or

b. the health maintenance organization is unable to fulfill its obligations to furnish health care services as required under its health care plan.

(5) The health maintenance organization no longer maintains the financial reserve specified in G.S. 57A-4(b)(4) or is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees.

(6) The health maintenance organization has failed to implement a mechanism affording the enrollees an opportunity to participate in matters of policy and operation under G.S. 57A-6.

(7) The health maintenance organization has failed to implement the complaint system required by G.S. 57A-12 in a manner to reasonably resolve valid complaints.

(8) The health maintenance organization, or any person on its behalf, has advertised or merchandised its services in an untrue, misrepresentative, misleading, deceptive or unfair manner.

(9) The continued operation of the health maintenance organization would be hazardous to its enrollees.

(10) The health maintenance organization has otherwise failed to substantially comply with this act.

(b) A certificate of authority shall be suspended or revoked only after compliance with the requirements of G.S. 57A-22.

(c) When the certificate of authority of a health maintenance organization is suspended, the health maintenance organization shall not, during the period of such suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees, and shall not engage in any advertising or solicitation whatsoever.

(d) When the certificate of authority of a health maintenance organization is revoked, such organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs, and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of such organization. It shall engage in no further advertising or solicitation whatsoever. The commissioner may, by written order, permit such further operation of the organization as he may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing health care coverage.

"§ 57A-20. *Rehabilitation, liquidation, or conservation of health maintenance organization.*—Any rehabilitation, liquidation or conservation of a health maintenance organization shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the commissioner pursuant to the law governing the rehabilitation, liquidation, or conservation of insurance companies, except that the provisions of Articles 17B and 17C of Chapter 58 of the General Statutes

shall not apply to health maintenance organizations. The commissioner may apply for an order directing him to rehabilitate, liquidate, or conserve a health maintenance organization upon one or more grounds set out in Article 17A of Chapter 58 of the General Statutes or when in his opinion the continued operation of the health maintenance organization would be hazardous either to the enrollees or to the people of this State.

"§ 57A-21. *Regulations.*—The commissioner may, after notice and hearing, promulgate reasonable rules and regulations as are necessary or proper to carry out the provisions of this act. Such rules and regulations shall be subject to review in accordance with G.S. 57A-22.

"§ 57A-22. *Administrative procedures.*—(a) When the commissioner has cause to believe that grounds for the denial of an application for a certificate of authority exist, or that grounds for the suspension or revocation of a certificate of authority exist, he shall notify the health maintenance organization and the secretary in writing specifically stating the grounds for denial, suspension, or revocation and fixing a time of at least 30 days thereafter for a hearing on the matter.

(b) The secretary, or his designated representative, shall be in attendance at the hearing and shall participate in the proceedings. The recommendation and finding of the secretary with respect to matters relating to the quality of health care services provided in connection with any decision regarding denial, suspension, or revocation of a certificate of authority, shall be conclusive and binding upon the commissioner. After such hearing, or upon the failure of the health maintenance organization to appear at such hearing, the commissioner shall take action as is deemed advisable on written findings which shall be mailed to the health maintenance organization with a copy thereof to the secretary. The action of the commissioner and the recommendation and findings of the secretary shall be subject to review by the Superior Court of Wake County. The court may, in disposing of the issue before it, modify, affirm, or reverse the order of the commissioner in whole or in part.

(c) The provisions of Chapter 150A of the General Statutes of this State shall apply to proceedings under this section to the extent that they are not in conflict with subsections (a) and (b).

"§ 57A-23. *Fees.*—Every health maintenance organization subject to this act shall pay to the commissioner the following fees:

(a) for filing an application for a certificate of authority or amendment thereto, twenty dollars ($20.00);

(b) for filing each annual report, ten dollars ($10.00).

"§ 57A-24. *Penalties and enforcement.*—(a) The commissioner may, in lieu of suspension or revocation of a certificate of authority under G.S. 57A-19, levy an administrative penalty in an amount not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00), if reasonable notice in writing is given of the intent to levy the penalty and the health maintenance organization has a reasonable time within which to remedy the defect in its operations which gave rise to the penalty citation.

(b) Any person who violates this act shall be guilty of a misdemeanor and on conviction may be punished by a fine not to exceed five hundred dollars ($500.00) or by imprisonment for a period not exceeding two years or both, at the discretion of the court.

(c)(1) If the commissioner of the secretary shall for any reason have cause to believe that any violation of this act has occurred or is threatened, the commissioner or secretary may give notice to the health maintenance organization and to the representatives or other persons who appear to be involved in such suspected violation to arrange a conference with the alleged violators or their authorized representatives for the purpose of attempting to ascertain the facts relating to such suspected violation, and, in the event it appears that any violation has occurred or is threatened, to arrive at an adequate and effective means of correcting or preventing such violation.

(2) Proceedings under this subsection shall not be governed by any formal procedural requirements, and may be conducted in such manner as the commissioner or the secretary may deem appropriate under the circumstances.

(d)(1) The commissioner may issue an order directing a health maintenance organization or a representative of a health maintenance organization to cease and desist from engaging in any act or practice in violation of the provisions of this act.

(2) Within 30 days after service of the order of cease and desist, the respondent may request a hearing on the question of whether acts or practices in violation of this act have occurred. Such hearings shall be conducted pursuant to Chapter 150A of the General Statutes, and judicial review shall be available as provided by the said Chapter 150A.

(e) In the case of any violation of the provisions of this act, if the commissioner elects not to issue a cease and desist order, or in the event of noncompliance with a cease and desist order issued pursuant to subsection (d), the commissioner may institute a proceeding to obtain injunctive relief, or seeking other appropriate relief, in the Superior Court of Wake County.

"§ 57A-25. *Statutory construction and relationship to other laws.*—(a) Except as otherwise provided in this act, provisions of the insurance laws and provisions of hospital or medical service corporation laws shall not be applicable to any health maintenance organization granted a certificate of authority under this act. This provision shall not apply to an insurer or hospital or medical service corporation licensed and regulated pursuant to the insurance laws or the hospital or medical service corporation laws of this State except with respect to its health maintenance organization activities authorized and regulated pursuant to this act.

(b) Solicitation of enrollees by a health maintenance organization granted a certificate of authority, or its representatives, shall not be construed to violate any provision of law relating to solicitation or advertising by health professionals.

(c) Any health maintenance organization authorized under this act shall not be deemed to be practicing medicine and shall be exempt from the provisions of Chapter 90 of the General Statutes relating to the practice of medicine.

"§ 57A-26. *Filings and reports as public documents.*—All applications, filings and reports required under this act shall be treated as public documents.

"§ 57A-27. *Confidentiality of medical information.*—Any data or information pertaining to the diagnosis, treatment, or health of any enrollee or applicant obtained from such person or from any provider by any health maintenance organization shall be held in confidence and shall not be disclosed to any person except to the extent that it may be necessary to carry out the purposes of this

act; or upon the express consent of the enrollee or applicant; or pursuant to statute or court order for the production of evidence or the discovery thereof; or in the event of claim or litigation between such person and the health maintenance organization wherein such data or information is pertinent. A health maintenance organization shall be entitled to claim any statutory privileges against such disclosure which the provider who furnished such information to the health maintenance organization is entitled to claim.

"§ 57A-28. *Secretary's authority to contract.*—The secretary, in carrying out his obligations under Sections 57A-4(a)(2), 57A-18(b) and 57A-19(a), may contract with qualified persons to make recommendations concerning the determinations required to be made by him. Such recommendations may be accepted in full or in part by the secretary.

"§ 57A-29. *Severability.*—If any section, term, or provision of this act shall be adjudged invalid for any reason, such judgment shall not affect, impair, or invalidate any other section, term, or provision of this act, but the remaining sections, terms, and provisions shall be and remain in full force and effect."

(2) a brief description of the parcel or parcels, including subdivision block and lot number, if any;

(3) a description of the type of instrument recorded and the date the instrument was filed;

If the parcel identifier number index is maintained in a computer or other automated data-processing machine, the register of deeds shall, at least once each month, obtain from the computer or other data-processing machine a printed copy on paper or film of all index entries made since the previous printed copy was obtained. The printed copies shall be retained as security copies and shall not be altered or destroyed.

Before approving a parcel identifier number index, the Secretary must find that:

(4) any computer or other data-processing machine used and the program for the use of such machines are adequate to perform the tasks assigned to them;

(5) access to the information contained in the index can be obtained by the use of both a parcel identifier number and the name of any party to an instrument filed of record;

(6) any parcel identifier number either reflects the State plane coordinates of some point in the parcel, or is keyed to a map of the parcel that shows the location of the parcel within the county;

(7) the parcel identifier numbering system is designed so that no parcel will be assigned the same number as any other parcel within the county;

(8) the parcel identifier numbering system shows for parcels of land created by subdivision, the number of the parcel of land subdivided in addition to the numbers of the newly-created parcels;

(9) the parcel identifier numbering system shows for parcels of land created by the combining of separate parcels, the numbers of the land parcels that were combined in addition to the number of the newly-created parcel;

(10) the parcel identifier numbering system is capable of identifying condominium units and other separate legal interests that may be created in a single parcel of land;

(11) the parcel identifier numbering system will meet the needs of the users as well as or better than the alphabetical indexes required by G.S. 161-21, G.S. 161-22 and G.S. 161-22.1.

The Secretary may require a register of deeds seeking approval of a parcel identifier number index to furnish him with any information concerning the index that is pertinent to the findings required for approval.

(e)(1) An approved parcel identifier number index shall become effective as the official real property index of the county as of the first day of July following approval by the Secretary of Administration.

(2) In any county in which a parcel identifier index is the official index, the register of deeds shall post notices in the alphabetical index books and at other appropriate places in his office stating that the parcel identifier number index is the official index and the date when the change became effective."

Sec. 2. A new registration for voters for such election shall not be necessary and all qualified voters who are properly registered prior to registration for the election and those who register for said election shall be entitled to vote in said election. Except as otherwise herein provided, if a special election is called, the special election authorized shall be conducted under the same statutes, rules and regulations applicable to general elections for the Town of Highlands.

Sec. 3. There shall be submitted to the qualified voters of the Town of Highlands at said election the question of whether municipal alcoholic beverage control stores may be operated in said town, and if a majority of the votes cast in such an election shall be for the operation of such stores, it shall be legal for alcoholic beverage control stores to be set up and operated in the town, but if a majority of the votes cast in such election shall be against alcoholic beverage control stores, no such stores shall be set up or operated in the Town of Highlands under the provisions of this act. In said election a ballot shall be used upon which shall be printed on separate lines for each proposition, "For

Alcoholic Beverage Control Stores", "Against Alcoholic Beverage Control Stores". Those favoring setting up and operating alcoholic beverage control stores in the town shall mark in the voting square to the left of the words, "For Alcoholic Beverage Control Stores", printed on the ballot and those opposed to alcoholic beverage control stores shall mark in the voting square to the left of the words "Against Alcoholic Beverage Control Stores", printed on the ballot.

Sec. 4. If the operation of town alcoholic beverage control stores is authorized under the provisions of this act, the governing body of the town shall immediately create a Town Board of Alcoholic Beverage Control, to be composed of a chairman and two other members who shall be well known for their good character, ability and business acumen. Said board shall be known and designated as the "Town of Highlands Board of Alcoholic Beverage Control". The chairman of said board shall be designated by the governing body of the town and shall serve for his first term a period of three years. The other two members of the board of alcoholic beverage control shall be designated by the governing body of the town, and one member shall serve for his first term a period of two years, and the other member shall serve for his first term a period of one year; all terms shall begin with the date of appointment, and after the same term shall have expired, successors in office shall serve for a period of three years. Their successors shall be named by the governing body of the town. Any vacancy shall be filled by the governing body of the town for the unexpired term.

Sec. 5. The Town Board of Alcoholic Beverage Control shall have all the powers and duties prescribed for county boards of alcoholic control by G.S. 18A-17, except to the extent that the same may be in conflict with the provisions of this act, and shall be subject to the same powers and authority of the State Board of Alcoholic Control as are county boards of alcoholic control by the provisions of G.S. 18A-15. The Town of Highlands Board of Alcoholic Control, in the operation of any city alcoholic beverage control stores authorized under the provisions of this act, shall be subject to the provisions of Chapter 18A of the General Statutes, except to the extent that the same may be in conflict with the provisions of this act. Whenever the term "county board of alcoholic control" appears in Chapter 18A, it shall be deemed to include the Town of Highlands Board of Alcoholic Control.

Sec. 6. The Town Board of Alcoholic Beverage Control shall, out of the gross revenue derived from the operation of alcoholic beverage control stores, pay all salaries, costs and operating expenses and retain a sufficient and proper working capital, the amount thereof to be determined by the Town Board of Alcoholic Beverage Control. The remaining revenue, as determined by quarterly audit, shall be distributed as follows: a. not less than five percent (5%) nor more than fifteen percent (15%) for law enforcement in the town, and not less than seven percent (7%) for education on the excessive use of alcoholic beverages and for the rehabilitation of alcoholics; b. ten percent (10%) for the development and operation of the town's recreational facilities; c. fifteen percent (15%) for the general fund of the Highlands-Cashiers Hospital, Inc.; d. two percent (2%) to the Town of Highlands Scholarship Fund; and e. any remaining revenue to the general fund of the Town of Highlands to be used for any and all purposes for which tax and non-tax revenues may be expended by the town.

Sec. 7. Subsequent elections may be held as authorized in this section. At such election if a majority of the votes shall be cast "Against Alcoholic Beverage Control Stores", the Alcoholic Beverage Control Board shall be closed immediately and no beverages shall be sold at retail or otherwise to citizens of the Town of Highlands and within three months from the canvassing of such votes and the declaration of the results thereof, the Alcoholic Beverage Control Board shall dispose of all alcoholic beverages on hand, all fixtures and all other property in the hands and under the control of said board and convert the same into cash and the same be deposited in the general fund of the Town of Highlands. Thereafter, all public, local and private laws applicable to the sale of intoxicating beverages within the Town of Highlands, in force and effect prior to the authorization to operate alcoholic beverage control stores, shall be in full force and effect the same as if such election had not been held, and until and unless another election is held under the provisions of the act in which a majority of the votes shall be cast "For Alcoholic Beverage Control Stores". No election shall be called and held in the town under the provisions of this act within three years from the holding of the last election thereunder. The governing body of the Town of Highlands may order a subsequent alcoholic beverage control election on its own motion, and shall within 60 days after a petition shall have been presented to the town's governing body, filed and signed by at least twenty percent (20%) of the number of the registered and qualified voters of the Town of Highlands that voted in the election for the governing body of said town in the last election, order an election on the question of whether alcoholic beverage control stores shall be operated in the town.

S. B. 816 CHAPTER 612

AN ACT TO CREATE THE WANCHESE HARBOR CITIZENS ADVISORY COUNCIL, AND TO ESTABLISH THE DUTIES AND RESPONSIBILITIES OF THE COUNCIL.

Whereas, the project to create the largest fishing harbor on the east coast of the United States at Wanchese will begin in the near future; and

Whereas, the citizens of Wanchese recognize that the project will have a tremendous impact upon the quality and the tranquility of life in their community; and

Whereas, the citizens of Wanchese recognize the unique characteristics of their village and environs, and are justly concerned over the impact of the project; and

Whereas, the citizens of Wanchese desire that the development of their community and surroundings be undertaken in an orderly manner that will least interfere with the high quality and peaceful life that they presently enjoy; and

Whereas, the citizens of Wanchese are in a unique position to review the project and to examine the increase in industry and population on a day-to-day basis; and

Whereas, the recommendations and suggestions of the citizens of Wanchese would be helpful to the agencies governing the project in protecting and preserving the quality of the style of life presently being enjoyed by those citizens; and

Whereas, in light of the above it is appropriate that a procedure be established to provide a method whereby the citizens of Wanchese may examine the impact of the project on a continuing basis and present their recommendations to the proper authorities; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby established the Wanchese Harbor Citizens Advisory Council, which shall consist of nine members appointed by the Governor and who must be citizens of Wanchese and have permanently resided within Wanchese for a minimum of three years to be selected as follows: two members to be nominated by the Dare County Board of Commissioners; one to be an ocean or outside fisherman and one to be a sound or inside waterman; two members to be nominated by the Wanchese United Methodist Church, one male, one female; two members to be nominated by the Wanchese Assembly of God Church, one male and one female; two members to be nominated by the Wanchese Civic Association, one male and one female; one member at large to be selected by the Governor from the Village of Wanchese.

In the event any of the organizations entitled to representation fail to nominate persons to the Governor's office by December 1, 1978, and each two years thereafter, the Governor shall then appoint members at large from the Village of Wanchese. The members of the council shall be appointed prior to January 1, 1978. The appointments shall be for a two-year term. The chairman shall be selected by the members of the council for a two-year term.

Sec. 2. It shall be the duty of the Wanchese Harbor Citizens Advisory Council to meet quarterly to study the impact of the enlargement of the harbor at Wanchese, to identify the concerns of the citizens of Wanchese, and to adopt an annual report to the Governor which will set forth the recommendations of the council in regard to an orderly development of Wanchese and ensuring the quality and tranquility of life in Wanchese and its surrounding area.

Sec. 3. A copy of the annual report of the council shall be forwarded to the Secretary of the Department of Commerce and the Secretary of the Department of Natural Resources and Community Development and a copy of the report shall be forwarded to the Dare County Board of Commissioners.

Sec. 4. The members of the Wanchese Harbor Citizens Advisory Council shall serve without compensation or reimbursement for their services although it is recognized that in the future such service may be so extended as to justify compensation or reimbursement or both.

H. B. 212 **CHAPTER 613**

AN ACT TO PERMIT STOLEN PROPERTY TO BE RESTORED TO RIGHTFUL OWNERS IN ADVANCE OF TRIAL.

The General Assembly of North Carolina enacts:

Section 1. G.S. Chapter 15 is hereby amended by adding a new section to read as follows:

"§ 15-11.1. *Seizure, custody and disposition of articles; exceptions.*—(a) If a law enforcement officer seizes property pursuant to lawful authority, he shall safely keep the property under the direction of the court or magistrate as long as necessary to assure that the property will be produced at and may be used as evidence in any trial. Upon application to the court by the lawful owner or a person, firm, or corporation entitled to possession, after notice to all parties, including the defendant, and after hearing, the court may in its discretion order any or all of the property returned to the lawful owner or a person, firm, or corporation entitled to possession. The court may enter such order as may be necessary to assure that the evidence will be available for use as evidence at the time of trial, and will otherwise protect the rights of all parties. Notwithstanding any other provision of law, photographs or other identification or analyses made of the property may be introduced at the time of the trial provided that the court determines that the introduction of such substitute evidence is not likely to substantially prejudice the rights of the defendant in the criminal trial.

(b) In the case of unknown or unapprehended defendants or of defendants wilfully absent from the jurisdiction, the court shall have discretion to appoint a guardian ad litem, who shall be a licensed attorney, to represent and protect the interest of such unknown or absent defendants. The judicial findings concerning identification or value that are made at such hearing whereby property is returned to the lawful owner or a person, firm, or corporation entitled to possession, may be admissible into evidence at the trial. After final judgment all property lawfully seized by or otherwise coming into the possession of law enforcement authorities shall be disposed of as the court or magistrate in its discretion orders, and may be forfeited and either sold or destroyed in accordance with due process of law.

(c) Any property, the forfeiture and disposition of which is specified in any general or special law, shall be disposed of in accordance therewith."

Sec. 2. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 20th day of June, 1977.

H. B. 426 **CHAPTER 614**

AN ACT TO PROVIDE THAT RESTITUTION AND REPARATION BE INCORPORATED AS AN INTEGRAL PART OF THE CRIMINAL JUSTICE SYSTEM.

Whereas, there is a desire on the part of the public for the offender to bear some of the responsibility for the damage or loss suffered by the victims of crimes; and

Whereas, the laws of this State do not speak directly and clearly to the question of making restitution or reparation an integral part of the criminal justice system at the points of plea negotiation, parole and work release; and

Whereas, a willingness on the part of the criminal to make restitution or reparation evidences his awareness that he is responsible for his actions; and

Whereas, the General Assembly recognizes that an awareness on the part of a criminal that he is responsible for his actions is an indication of his rehabilitation, and that, therefore, an agreement to make restitution and reparation should rightfully and appropriately be considered in plea negotiations and in determining parole and work release; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 15-199(10) is hereby rewritten to read as follows:

"(10) Make restitution or reparation to an aggrieved party or parties who shall be named by the court for the damage or loss caused by the defendant arising out of the offense or offenses for which the defendant has been convicted. When restitution or reparation is a condition imposed, the court shall take into consideration the resources of the defendant, his ability to earn, his obligation to support dependents, and such other matters as shall pertain to his ability to make restitution or reparation. The amount must be limited to that supported by the record, and the court may order partial restitution or reparation when it appears that the damage or loss caused by the offense or offenses is greater than that which the defendant is able to pay. The court shall fix the manner of performing the restitution or reparation, and in doing so, the court may take into consideration the recommendation of the probation officer. An order providing for restitution or reparation shall in no way abridge the right of any aggrieved party to bring a civil action against the defendant for money damages arising out of the offense or offenses committed by the defendant, but any amount paid by the defendant under the terms of an order as provided herein shall be credited against any judgment rendered against the defendant in such civil action. As used herein, 'restitution' shall mean compensation for damage or loss as could ordinarily be recovered by an aggrieved party in a civil action. As used herein, 'reparation' shall include but not be limited to the performing of community services, volunteer work, or doing such other acts or things as shall aid the defendant in his rehabilitation. As used herein, 'aggrieved party' shall include individuals, firms, corporations, associations or other organizations, and government agencies, whether federal, State or local. Provided, that no government agency shall benefit by way of restitution or reparation except for particular damage or loss to it over and above its normal operating costs. Provided further, that no third party shall benefit by way of restitution or reparation as a result of the liability of that third party to pay indemnity to an aggrieved party for the damage or loss caused by the defendant. Restitution or reparation measures are ancillary

remedies to promote rehabilitation of criminal offenders and to provide for compensation to victims of crime, and shall not be construed to be a fine or other punishment as provided for in the Constitution and laws of this State."

Sec. 2. G.S. 15-197.1 is hereby amended by adding a new subsection (c) to read as follows:

"(c) As a term and condition of special probation as provided in subsection (b), the court may order that the defendant make restitution or reparation to an aggrieved party or parties for the damage or loss caused by the defendant arising out of the offense or offenses for which the defendant has been convicted. The order providing for restitution or reparation shall be in accordance with the applicable provisions of G.S. 15-199(10)."

Sec. 3. G.S. 15A-1021(c) is hereby rewritten to read as follows:

"(c) If the parties have reached a proposed plea arrangement in which the prosecutor has agreed to recommend a particular sentence, they may, with the permission of the trial judge, advise the judge of the terms of the arrangement and the reasons therefor in advance of the time for tender of the plea. The proposed plea arrangement may include a provision for the defendant to make restitution or reparation to an aggrieved party or parties for the damage or loss caused by the offense or offenses committed by the defendant. The judge may indicate to the parties whether he will concur in the proposed disposition. The judge may withdraw his concurrence if he learns of information not consistent with the representations made to him."

Sec. 4. G.S. 15A-1021 is hereby amended by adding a new subsection (d) to read as follows:

"(d) When restitution or reparation by the defendant is a part of the plea arrangement agreement, if the judge concurs in the proposed disposition he may order that restitution or reparation be made pursuant to the provisions of G.S. 15-199(10), or pursuant to the provisions of G.S. 15-197.1. If an active sentence is imposed other than by the provisions of G.S. 15-197.1, the court may order that the defendant make restitution or reparation out of any earnings gained by the defendant if he attains work release privileges under the provisions of G.S. 148-33.1, or that restitution or reparation be imposed as a condition of parole in accordance with the provisions of G.S. 148-57.1. The order providing for restitution or reparation shall be in accordance with the applicable provisions of G.S. 15-199(10). When restitution or reparation is ordered as a part of a plea arrangement or a condition of parole or work release privileges, the sentencing court shall enter as a part of the commitment that restitution or reparation is ordered as a part of a plea arrangement. The Administrative Office of the Courts shall prepare and distribute forms which provide for ample space to make restitution or reparation orders incident to commitments, which forms shall be conveniently structured to enable the sentencing court to make its order."

Sec. 5. G.S. 143B-266 is hereby amended by adding a new subsection (d) to read as follows:

"(d) The commission is authorized and empowered to impose as a condition of parole that restitution or reparation be made by the prisoner in accordance with the provisions of G.S. 148-57.1. The commission is further authorized and empowered to make restitution or reparation a condition of work release in accordance with the provisions of G.S. 148-33.2."

Sec. 6. G.S. 148-33.1(f), as it appears in 1974 Replacement Volume 3C of the General Statutes, is amended by redesignating subdivision (4) as subdivision (5), and by inserting a new subdivision (4) to read as follows:

"(4) To make restitution or reparation to an aggrieved party or parties for the damage or loss occasioned by the offense or offenses committed by the prisoner when such restitution or reparation is imposed as a condition of work release privileges pursuant to the provisions of G.S. 148-33.2."

Sec. 7. Article 3 of Chapter 148 of the General Statutes is amended by adding a new G.S. 148-33.2 to read as follows:

"§ 148-33.2. *Restitution by prisoners with work release privileges.*—(a) As a rehabilitative measure, the Secretary of the Department of Correction and the Parole Commission are authorized and empowered to impose as a condition of attaining work release privileges that the prisoner make restitution or reparation to an aggrieved party or parties for the damage or loss occasioned by the offense or offenses committed by the prisoner when such restitution or reparation is ordered as a condition of attaining work release privileges pursuant to a plea arrangement made under provisions of G.S. 15A-1021. The secretary and the Parole Commission shall implement the order of the sentencing court, but, if due to the disability of the prisoner, or for other causes, such order cannot be reasonably implemented, the secretary and the Parole Commission shall state in writing why they cannot reasonably implement the order, and forward the written statement to the sentencing court. The sentencing court shall consider the written statement, and shall issue such further orders as it may deem necessary.

(b) As a rehabilitative measure, the Secretary of the Department of Correction and the Parole Commission are further authorized and empowered to impose as a condition of attaining work release privileges that the prisoner make restitution or reparation to an aggrieved party when such restitution or reparation is recommended by the sentencing court as a condition of attaining work release privileges. The secretary and the Parole Commission shall not be bound by such recommendation, but if they elect not to implement the recommendation, they shall state in writing the reasons therefor, and shall forward the same to the sentencing court.

(c) When an active sentence is imposed, the court shall consider whether, as a further rehabilitative measure, restitution or reparation should be ordered or recommended to the Parole Commission and the Secretary of Correction to be imposed as a condition of attaining work release privileges. If the court determines that restitution or reparation should not be ordered or recommended as a condition of attaining work release privileges, it shall so indicate on the commitment. If, however, the court determines that restitution or reparation should be ordered or recommended as a condition of attaining work release privileges, it shall make its order or recommendation a part of the order committing the defendant to custody. The order or recommendation shall be in accordance with the applicable provisions of G.S. 15-199(10). The Administrative Office of the Courts shall prepare and distribute forms which provide ample space to make restitution or reparation orders or recommendations incident to commitments, which forms shall be conveniently structured to enable the sentencing court to make its order or recommendation.

(d) The Secretary of the Department of Correction and the Parole Commission shall establish rules and regulations to implement this section,

which shall include adequate notice to the prisoner that restitution or reparation is being considered as a condition of work release, and opportunity for the prisoner to be heard. Such rules and regulations shall also provide additional methods whereby facts may be obtained to supplement the order or recommendation of the sentencing court."

Sec. 8. Article 4 of Chapter 148 of the General Statutes is amended by adding a new G.S. 148-57.1 to read as follows:

"§ 148-57.1. *Restitution as a condition of parole.*—(a) As a rehabilitative measure, the Parole Commission is authorized and empowered to impose as a condition of attaining parole that the prisoner make restitution or reparation to an aggrieved party or parties for the damage or loss caused by the offense or offenses committed by the prisoner when such restitution or reparation is ordered as a condition of parole pursuant to a plea arrangement made under the provisions of G.S. 15A-1021. The Parole Commission shall implement the order of the sentencing court, but, if due to the disability of the prisoner, or for other causes, such order cannot reasonably be implemented, the Parole Commission shall state in writing why it cannot reasonably implement the order, and forward the written statement to the sentencing court. The sentencing court shall consider the written statement, and shall issue such further orders as it may deem necessary.

(b) As a rehabilitative measure, the Parole Commission is further authorized and empowered to impose as a condition of attaining parole that the prisoner make restitution or reparation to an aggrieved party when such restitution or reparation is recommended by the sentencing court as a condition of attaining parole. The Parole Commission shall not be bound by such recommendation, but if it elects not to implement the recommendation, it shall state in writing the reasons therefor, and shall forward the same to the sentencing court.

(c) When an active sentence is imposed, the court shall consider whether, as a rehabilitative measure, restitution or reparation should be ordered or recommended to the Parole Commission to be imposed as a condition of parole. If the court determines that restitution or reparation should not be ordered or recommended as a condition of parole, it shall so indicate on the commitment. If, however, the court determines that restitution or reparation should be ordered or recommended as a condition of parole, it shall make its order or recommendation a part of the order committing the defendant to custody. The order or recommendation shall be in accordance with the applicable provisions of G.S. 15-199(10). The Administrative Office of the Courts shall prepare and distribute forms which provide ample space to make restitution or reparation orders or recommendations incident to commitments, which forms shall be conveniently structured to enable the sentencing court to make its order or recommendation.

(d) The Parole Commission shall establish rules and regulations to implement this section, which shall include adequate notice to the prisoner that restitution or reparation is being considered as a condition of his parole, and opportunity for the prisoner to be heard. Such rules and regulations shall also provide additional methods whereby facts may be obtained to supplement the order or recommendation of the sentencing court."

Sec. 9. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other

provisions or applications, and to this end the provisions of this act are severable.

Sec. 10. This act shall become effective on October 1, 1977, and shall apply to offenses committed on and after that date.

In the General Assembly read three times and ratified, this the 20th day of June, 1977.

H. B. 1046 **CHAPTER 617**

AN ACT TO AUTHORIZE WITHDRAWAL OF ERRONEOUS BIDS ON PUBLIC CONSTRUCTION CONTRACTS.

The General Assembly of North Carolina enacts:

Section 1. Article 8, Chapter 143 of the General Statutes of North Carolina is amended by inserting therein a new section designated G.S. 143-129.1 to read as follows:

"§ 143-129.1. *Withdrawal of bid.*—A public agency may allow a bidder submitting a bid pursuant to North Carolina G.S. 143-129 for construction or repair work to withdraw his bid from consideration after the bid opening without forfeiture of his bid security if the price bid was based upon a mistake, which constituted a substantial error, provided the bid was submitted in good faith, and the bidder submits credible evidence that the mistake was clerical in nature as opposed to a judgment error, and was actually due to an unintentional and substantial arithmetic error or an unintentional omission of a substantial quantity of work, labor, material or services made directly in the compilation of the bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of the original work papers, documents or materials used in the preparation of the bid sought to be withdrawn. A request to withdraw a bid must be made in writing to the public agency which invited the proposals for the work prior to the award of the contract, but not later than 72 hours after the opening of bids.

If a request to withdraw a bid has been made in accordance with the provisions of this section, action on the remaining bids shall be considered, in accordance with North Carolina G.S. 143-129, as though said bid had not been received. Notwithstanding the foregoing, such bid shall be deemed to have been received for the purpose of complying with the requirements of G.S. 143-132. Provided, however, in the event the work is relet for bids, under no circumstances shall the bidder who has filed a request to withdraw be permitted to rebid the work.

If a bidder files a request to withdraw his bid, the agency shall promptly hold a hearing thereon. The agency shall give to the withdrawing bidder reasonable notice of the time and place of any such hearing. The bidder, either in person or through counsel, may appear at the hearing and present any additional facts and arguments in support of his request to withdraw his bid. The agency shall issue a written ruling allowing or denying the request to withdraw within five days after the hearing. If the agency finds that the price bid was based upon a mistake of the type described in the first paragraph of this section, then the agency shall issue a ruling permitting the bidder to withdraw without forfeiture of the bidder's security. If the agency finds that the price bid was based upon a mistake not of the type described in the first paragraph of this section, then the agency shall issue a ruling denying the request to withdraw and requiring the forfeiture of the bidder's security. A denial by the agency of the request to withdraw a bid shall have the same effect as if an award had been made to the bidder and a refusal by the bidder to accept had been made, or as if there had been a refusal to enter into the contract, and the bidder's bid deposit or bid bond shall be forfeited.

In the event said ruling denies the request to withdraw the bid, the bidder shall have the right, within 20 days after receipt of said ruling, to contest the

matter by the filing of a civil action in any court of competent jurisdiction of the State of North Carolina. The procedure shall be the same as in all civil actions except all issues of law and fact and every other issue shall be tried *de novo* by the judge without jury; provided that the matter may be referred in the instances and in the manner provided for by North Carolina G.S. 1A-1, Rule 53, as amended. Notwithstanding the foregoing, if the public agency involved is the Department of Administration, it may follow its normal rules and regulations with respect to contested matters, as opposed to following the administrative procedures set forth herein. If it is finally determined that the bidder did not have the right to withdraw his bid pursuant to the provisions of this section, the bidder's security shall be forfeited. Every bid bond or bid deposit given by a bidder to a public agency pursuant to G.S. 143-129 shall be conclusively presumed to have been given in accordance with this section, whether or not it be so drawn as to conform to this section. This section shall be conclusively presumed to have been written into every bid bond given pursuant to G.S. 143-129.

Neither the agency nor any elected or appointed official, employee, representative or agent of such agency shall incur any liability or surcharge, in the absence of fraud or collusion, by permitting the withdrawal of a bid pursuant to the provisions of this section.

No withdrawal of the bid which would result in the award of the contract on another bid of the same bidder, his partner, or to a corporation or business venture owned by or in which he has an interest shall be permitted. No bidder who is permitted to withdraw a bid shall supply any material or labor to, or perform any subcontract or work agreement for, any person to whom a contract or subcontract is awarded in the performance of the contract for which the withdrawn bid was submitted, without the prior written approval of the agency. Whoever violates the provisions of the foregoing sentence shall be guilty of a misdemeanor."

Sec. 2. This act shall become effective July 1, 1977, and shall apply only to construction or repair work advertised or readvertised for bids pursuant to G.S. 143-129 after said date.

In the General Assembly read three times and ratified, this the 20th day of June, 1977.

"§ 143-128. *Separate specifications for building contracts; responsible contractors.*—Every officer, board, department, commission or commissions charged with responsibility of preparation of specifications or awarding or entering into contracts for the erection, construction, alteration or repair of any buildings for the State, or for any county or municipality, when the entire cost of such work shall exceed fifty thousand dollars ($50,000) must have prepared separate specifications for each of the following subdivisions or branches of work to be performed:

(3) Electrical wiring and installations, and all work kindred thereto.

(4) General work relating to the erection, construction, alteration, or repair of any building above referred to, which work is not included in the above-listed three subdivisions or branches.

All such specifications must be so drawn as to permit separate and independent bidding upon each of the subdivisions or branches of work enumerated above. The above enumeration of subdivisions or branches of work shall not be construed to prevent any officer, board, department, commission or commissions from preparing additional separate specifications and awarding additional separate contracts for any other category of work when it is deemed

in the best interest of such officer, board, department, commission or commissions to do so.

All contracts hereafter awarded by the State or by a county or municipality, or a department, board, commissioner, or officer thereof, for the erection, construction, alteration or repair of buildings, or any parts thereof, shall award the respective work specified separately to responsible and reliable persons, firms or corporations regularly engaged in their respective lines of work. When the estimated cost of work to be performed in any single subdivision or branch is less than five thousand dollars ($5,000), the same may be included in the contract for one of the other subdivisions or branches of the work, irrespective of total project cost.

Each separate contractor shall be directly liable to the State of North Carolina, or to the county or municipality, and to the other separate contractors for the full performance of all duties and obligations due respectively under the terms of the separate contracts and in accordance with the plans and specifications, which shall specifically set forth the duties and obligations of each separate contractor. For the purpose of this section, the wording 'separate contractor' is hereby deemed and held to mean any person, firm or corporation who shall enter into a contract with the State, or with any county or municipality, for the erection, construction, alteration or repair of any building or buildings, or parts thereof.

All public authorities coming within the requirements of this section shall have the authority to purchase and erect prefabricated or relocatable buildings or portions thereof without complying with the provisions hereof, except that portion of the work which must be performed at the construction site."

H. B. 1215 CHAPTER 627

AN ACT TO CREATE A YOUTH SERVICES ADVISORY COMMITTEE, TO ABOLISH THE COMMISSION OF YOUTH SERVICES AND THE TECHNICAL ADVISORY COMMITTEE, AND TO MAKE CONFORMING AND TECHNICAL CORRECTIONS IN THE GENERAL STATUTES.

Whereas, the Secretary of Human Resources has been unable to exercise the management authority over the Division of Youth Services which was granted by the Executive Organization Act of 1973 because of the powers of the Commission of Youth Services over the management of the division and the training schools; and

Whereas, there exists a fragmentation of effort regarding the development of community-based services as alternatives to institutions because of the

ambiguous and divided authority of the Secretary of Human Resources, the Technical Advisory Committee on Delinquency Prevention and Youth Services, and the Commission of Youth Services; and

Whereas, there exists a need for a coordinated and cooperative approach to youth services, taking into account each component within the Department of Human Resources: delinquency prevention programs, community-based services and training schools; and

Whereas, under House Bill 456 and the Executive Organization Act of 1973 duly enacted by the General Assembly, and with the advice of an expert committee of concerned and informed citizens and legislators, the Secretary of Human Resources should have primary responsibility to develop—and to aid local communities and counties as they develop—programs for the previously mentioned youth services; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Part 21 of Article 3 of Chapter 143B of the General Statutes is hereby rewritten to read as follows:

(2) to advise the Secretary in encouraging the development of delinquency prevention programs and community-based services by private groups so that such programs can be responsive to local needs, so that local leadership and private groups can be responsible for their programs, so that programs which meet State standards can be assisted by available State and federal funds, and so that available private funds can be utilized with State, federal and local government funds where appropriate;

(3) to advise the Secretary of its recommendations for the development of a program which would coordinate the resources of State government within the appropriate departments in order to provide technical assistance to local areas within the State in planning delinquency prevention programs and community-based services for youth;

(4) to advise the Secretary of its recommendations for program evaluation standards for delinquency prevention programs, community-based services, both residential and non-residential, and institutional treatment programs;

(5) to advise the Secretary in the development of delinquency prevention programs and community-based services under public auspices where there is no local private leadership;

Thereafter, the appointment of members shall be made as provided above for terms of two years. Any appointment to fill a vacancy on the committee created by the resignation, dismissal, death or disability of a member shall be for the balance of the unexpired term.

The committee shall meet at least once in each quarter and may hold special meetings at any time and place within the State on the call of the chairman or upon the written request of five members. The election of members of the board of education shall be held, conducted and supervised by the board of elections; and except as herein provided, the general election laws and regulations for the nomination and election of county officers, which are set forth in Chapter 163 of the General Statutes of North Carolina, as amended, shall apply and govern as to the holding of any election for members of the board of education.

In the event that the replacement is not selected by the board of education within a period of 90 days after the vacancy occurs, such vacancy shall be filled by the board of commissioners. When one who has been elected at large vacates his office, the successor may be selected without regard to the location of his residence in the county. When one who has been elected from a township vacates his office, the successor shall be selected from that same township.

Sec. 8. Compensation of members. The board of commissioners may fix the compensation of the members of the board of education in such sums as may be just and reasonable. Any change in compensation of members of the board of education shall not take effect until after the next succeeding general election. The members of the board of education shall be entitled to reimbursement for actual expenses incurred in the course of performing their official duties at rates not in excess to those allowed other employees and officials of the board of education.

Sec. 9. Oaths of office. Each newly elected or appointed member of the board of education, before taking office, shall meet at a time and place to be designated by the board of education and shall then and there take an oath to support the Constitution and laws of the United States of America, to support the Constitution and laws of the State of North Carolina and to discharge the duties imposed upon him by virtue of his office as a member of the board of education with fidelity and integrity and to the best of his ability, which oath shall be administered by the superintendent of schools or by some person authorized by law to do so. Anyone who is not present at the time and place provided for by this section may take the oath thereafter as directed by the board of education.

Sec. 10. Organizational meeting. An organizational meeting of the board of education shall be held on the first Monday in December of each biennium following the date of election of its members. The board of education shall elect from its members a chairman and a vice-chairman and may appoint an assistant secretary who shall not be a member of the board of education. The superintendent of schools shall serve as chairman pro tempore during the election of officers but shall have no right to vote on any matter. The organization of the board of education shall take place notwithstanding the absence, death, refusal to serve or nonelection of one or more members, provided that at least a quorum is present.

Sec. 11. Regular and special meetings. The board of education shall fix a time for its regular meetings, which shall be at least monthly. The chairman, or in the event of his absence or disability, the vice-chairman, or any three members of the board of education may at any time call a special meeting by signing a written notice stating the time, place and purpose of the meeting, which notice shall be delivered to each member or left at his dwelling and also at his place of business at least eight hours before the meeting. However, notice of a special meeting of the board of education may be waived by any member either before or after the meeting by written assent; and attendance at the meeting shall constitute waiver of such notice by such member. Special meetings of the board of education may also be held at any time when the chairman and all other members of the board of education are present and consent thereto or when called or announced at a regular meeting of the board of education, provided, that written notice is given to all members absent from the regular meeting.

Sec. 12. Quorum. A majority of the members of the board of education shall constitute a quorum.

Sec. 13. Voting by members of board of education. A majority vote of those present shall be required to constitute action, provided that at least a quorum is present.

No member of the board of education, other than the presiding officer, shall be excused from voting except upon matters involving the consideration of his own official conduct or involving matters in which he has a financial or prejudicial interest. The question of a compensation and allowances of the members of the board of education is not a matter involving a member's own financial interest or official conduct. In all other cases, a failure to vote by a member of the board of education who is physically present at the meeting, or who has withdrawn without being excused by a majority vote of the remaining members present, shall be recorded as an affirmative vote. A member of the board of education who has withdrawn from a meeting without being excused shall be counted as present for the purpose of determining whether or not a quorum is present.

The presiding officer shall have the same power as the other members of the board of education to vote on all matters coming before the board of education but shall not be required to vote except when his vote is necessary for determinative action. On any such matters when his vote is required for determinative action, the presiding officer shall not be excused from voting except on matters in which he has a financial or prejudicial interest or in which his own official conduct is to be considered. Failure of the presiding officer to vote when present on any such matters when his vote is required by this section shall be deemed an affirmative vote and shall be so recorded. When the

presiding officer has withdrawn from a meeting without being excused he shall be counted as present for the purpose of determining whether or not a quorum is present. No presiding officer shall have the authority to cast a vote to create a tie and then vote again to break the tie.

Sec. 14. Board of education; exercise of powers. In order to provide an adequate school system, the board of education shall exercise all the powers, authority and duties prescribed for city and county boards in Chapter 115 of the General Statutes of North Carolina as revised and amended and as the same may hereafter be revised and amended. In addition to other powers conferred upon it by law, the board of education may adopt and provide for the execution of such rules and regulations, not inconsistent with this act, as may be necessary or appropriate for the proper administration of the schools in the administrative unit.

As provided in Sections 115-32 and 115-33 of the General Statutes of North Carolina, the board of education shall have the power to investigate the affairs of the schools in the administrative unit and for that purpose may subpoena witnesses, administer oaths and compel the production of evidence. If a person fails or refuses to obey a subpoena issued pursuant to this section, the board of education may apply to the General Court of Justice for enforcement of its order and the court shall have jurisdiction to issue such order after notice to all proper parties. No testimony of any witness before the board of education pursuant to a subpoena issued in exercise of the power conferred by this section may be used against him in the trial of any civil or criminal action other than a prosecution for the false swearing committed on the examination. If any person testifying under oath at any investigation by the board of education willfully swears falsely, he shall be guilty of a misdemeanor.

The General Assembly of North Carolina enacts:

Section 1. This act shall be known and may be cited as the "State Highway Bond Act of 1977".

Sec. 3. The proceeds of said bonds are hereby appropriated to the North Carolina Department of Transportation, which appropriation shall be in addition to all other appropriations heretofore made or which may be made at the present session of the General Assembly. Said proceeds shall be used by the North Carolina Board of Transportation, except as provided in Section 8 of this act, exclusively for the purpose provided in Section 2 of this act, and the

particular projects within such purpose to be financed in whole or in part from said proceeds shall be determined from time to time by the North Carolina Board of Transportation. Said proceeds shall be disbursed for said projects upon warrants drawn by the State Disbursing Officer, which warrants shall not be drawn until an allotment has been approved by the Director of the Budget, and which allotment shall be approved after full compliance with the Executive Budget Act, Article 1, Chapter 143 of the General Statutes.

Obligations by contract or work order for the construction, improvement or relocation of highway facilities, including obligations for engineering services and the acquisition of land requiring the use of proceeds of the sale of bonds or bond anticipation notes authorized under the provisions of this act, shall not be incurred in an aggregate amount exceeding sixty million dollars ($60,000,000) in the first fiscal year, beginning July 1, 1977, or in an aggregate amount exceeding one hundred twenty million dollars ($120,000,000) in the first two fiscal years, or in an aggregate amount exceeding one hundred eighty million dollars ($180,000,000) in the first three fiscal years, or in an aggregate amount exceeding two hundred forty million dollars ($240,000,000) in the first four fiscal years, or in an aggregate amount exceeding three hundred million dollars ($300,000,000) in the first five fiscal years.

The proceeds of said bonds may be used with any federal funds which might be made available for the purposes set forth above and the North Carolina Board of Transportation or any other governmental unit is authorized to apply for and accept any federal funds and agree to the terms and conditions under which such federal funds shall be made available. The provisions of this act shall not be applicable to any such federal funds.

Sec. 4. The proceeds of said bonds shall be expended by the North Carolina Board of Transportation for the construction, improving or relocating of highway facilities as follows:

(a) one hundred seventy-five million dollars ($175,000,000) on the primary system of State highways as defined herein which amount is to be allocated for expenditure by the Board of Transportation;

Sec. 8. Subject to determination by the Council of State of the manner in which the bonds shall be offered for sale, whether by publishing notices in certain newspapers and financial journals or by mailing notices or by inviting bids by correspondence or otherwise, the State Treasurer is authorized to sell the bonds at one time or from time to time at the best price obtainable, but in no case for less than par and accrued interest. All expense necessarily incurred in the preparation, sale and issuance of the bonds and any bond anticipation notes herein authorized shall be paid by the State Treasurer from the proceeds of the sale of such bonds or bond anticipation notes.

Sec. 9. Sec. 10. By and with consent of the Council of State, who shall determine the rate or rates or maximum rate of interest and the date or approximate date of payment, the State Treasurer is hereby authorized to borrow money at the lowest rate of interest obtainable and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

(a) for anticipating the sale of any of said bonds to the issuance of which the Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of such bonds;

Treasury with which to pay such interest or installment of principal as they respectively fall due; or

(c) for the renewal of any loan evidenced by notes herein authorized.

Sec. 11. Funds derived from the sale of bonds herein authorized shall be used in the payment of any bond anticipation notes that may have been issued in anticipation of the sale of such bonds and any renewals of such notes, and funds provided by the General Assembly for the payment of interest on or principal of bonds herein authorized shall be used in paying the interest on or principal of any notes and any renewals thereof the proceeds of which shall have been used in paying interest on or principal of such bonds. Interest payable upon said notes may be evidenced by interest coupons in the State Treasurer's discretion.

Sec. 12. The full faith, credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on the bonds and notes herein authorized.

Sec. 13. The coupons appertaining to the bonds and notes after maturity shall be receivable in payment of all taxes, debts, dues, licenses, fines and demands of any kind whatsoever due the State.

All of the bonds, notes and coupons authorized by this act shall be exempt from all State, county and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, and the interest on said bonds and notes shall not be subject to taxation as to income, nor shall said bonds or notes or coupons be subject to taxation when constituting a part of the surplus of any bank, trust company or other corporation.

Sec. 15. It shall be lawful for all executors, administrators, guardians and fiduciaries generally, and all sinking fund commissions, to invest any moneys in their hands in said bonds and notes.

Sec. 16. The General Assembly of North Carolina enacts:

Section 1. G.S. 105-277.1 is hereby rewritten as follows:

"§ 105-277.1. *Property classified for taxation at reduced valuation.*—(a) The following class of property is hereby designated a special class under authority of Article V, Sec. 2(2), of the North Carolina Constitution and shall not be assessed for taxation: The first seven thousand five hundred dollars ($7,500) in assessed value of property owned by a North Carolina resident and, if real property, occupied by the owner as his or her permanent residence and, if household personal property, used by the owner in connection with his or her permanent residence, provided that, as of January 1 of the year for which the benefit of this section is claimed:

(1) the owner is either (i) 65 years of age or older or (ii) totally and permanently disabled, and

(2) the owner's disposable income for the immediately preceding calendar year did not exceed nine thousand dollars ($9,000), and

(3) the owner makes application as herein provided.

For married applicants residing with their spouses, the disposable income of both spouses must be included, whether or not the property is in both names.

(b) Definitions. When used in this section, the following definitions shall apply:

(1) An 'owner' of property means a person who holds legal or equitable title to the property, either individually or as a tenant by the entirety, a joint tenant, a tenant in common, a life estate or an estate for the life of another. Property owned and occupied by husband and wife as tenants by the entirety shall be entitled to the full benefit of this classification notwithstanding that only one of them meets the age or disability requirements herein provided. If the residence is a mobile home and is jointly owned by husband and wife, it shall be treated as property held by the entirety. When property is owned by two or more persons other than husband and wife and one or more of such owners qualifies for this classification, each qualifying owner shall be entitled to the full amount of the exclusion not to exceed his or her proportionate share of the valuation of the property. No part of an exclusion available to one co-owner may be claimed by any other co-owner and in no event shall the total exclusion allowed to a qualifying residence (including the household personal property therein) exceed seven thousand five hundred dollars ($7,500).

(2) 'Disposable income' means adjusted gross income as defined for North Carolina income tax purposes in G.S. 105-141.3 plus all other moneys received from every source other than gifts or inheritances received from a spouse, lineal ancestors, or lineal descendants.

(3) 'Household personal property' includes furniture, appliances, furnishings, cooking and eating utensils, lawn equipment and tools, clothing and other personal effects but not motor vehicles, boats or airplanes.

(4) 'Permanent residence' means legal residence. It includes the dwelling, the dwelling site, not to exceed one acre, and related improvements. The dwelling may be a single family residence, a unit in a multi-family residential complex or a mobile home. Notwithstanding the occupancy requirements of this classification, an otherwise qualified applicant shall not lose the benefit of the exclusion because of a temporary absence from his or her permanent residence for reasons of health, or because of an extended absence while confined to a rest home or nursing home, so long as the residence is unoccupied or occupied by the applicant's spouse of other dependent.

(5) A 'totally and permanently disabled person' means one who has a physical or mental impairment which substantially precludes him from obtaining gainful employment and such impairment appears reasonably certain to continue without substantial improvement throughout his lifetime.

(c) Application. Applications for the exclusion provided by this section are to be filed during the regular listing period but shall be accepted at any time during the calendar year for which they are to be effective. When property is owned by two or more persons other than husband and wife and one or more of them qualifies for this exclusion, each such owner shall apply separately for his or her proportionate share of the exclusion.

(1) Elderly applicants. Persons 65 years of age or older may apply for this exclusion by entering the appropriate information on the abstract on which they list their property for taxation.

(2) Disabled applicants. Persons who are totally and permanently disabled may apply for this exclusion by (1) entering the appropriate information on the abstract in which they list their property for taxation and (2) furnishing acceptable proof of their disability. Such proof shall be in the form of a certificate from a physician licensed to practice medicine in North Carolina or from a governmental agency authorized to determine qualification for disability benefits. After a disabled applicant has qualified for this classification, he or she shall not be required to furnish an additional certificate unless the applicant's disability is reduced to the extent that the applicant could no longer be certified for the taxation at reduced valuation."

Sec. 2. G.S. 105-309(f) is hereby rewritten as follows:

"(f) The following information shall appear on each abstract: PROPERTY TAX RELIEF FOR ELDERLY AND PERMANENTLY DISABLED PERSONS.

G.S. 105-277.1 excludes from property taxes the first seven thousand five hundred dollars ($7,500) in assessed value of certain property owned by North Carolina residents aged 65 or older or totally and permanently disabled whose disposable income does not exceed nine thousand dollars ($9,000). The exclusion covers real property occupied by the owner as his or her permanent residence and/or household personal property used by the owner in connection with his or her permanent residence. Disposable income includes all moneys received other than gifts or inheritances received from a spouse, lineal ancestors, or lineal descendants.

(1) Is the property listed on this abstract your permanent residence or household personal property used in connection with your permanent residence? ( )( )
Yes No

(2) What is your date of birth? _____

(3) Did your disposable income last year exceed $9,000? ( )( )

H. B. 1179

CHAPTER 677

AN ACT TO AUTHORIZE THE ISSUANCE OF TWO HUNDRED THIRTY MILLION DOLLARS IN BONDS OF THE STATE TO PROVIDE FUNDS FOR ENVIRONMENTAL IMPROVEMENT THROUGH GRANTS TO UNITS OF GOVERNMENT FOR CONSTRUCTION AND IMPROVEMENT OF WASTEWATER TREATMENT WORKS, WASTEWATER COLLECTION SYSTEMS AND WATER SUPPLY SYSTEMS.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known and may be cited as the "North Carolina Clean Water Bond Act of 1977".

Sec. 2. Purpose. The problem of polluted and befouled lakes, streams and estuaries in the State of North Carolina, already serious and destined to grow worse unless immediate action is taken, is a matter of vital concern to the General Assembly. A major factor in the pollution problem is the discharge of waste to the waters of this State by municipalities and other population concentrations from wastewater systems that are inadequate, antiquated and, in some instances, nonexistent.

A problem of equally pressing importance is that of insuring to the citizens of this State an adequate supply of pure water for domestic consumption. The steady growth of population and an increasingly urbanized population have created a constantly rising demand for water at the same time that the available sources of pure water are decreasing. The situation thus created has overtaxed the capacity of many existing water supply systems and has also led to a proliferation of small water supply systems which are costly to construct and operate and which frequently do not provide a desirable quantity or quality of water.

Although most of those units of government that are faced with these problems have made strenuous efforts to improve and expand existing facilities to meet the public need, many have found securing the necessary funds to be difficult, if not impossible. It is the intent and purpose of the General Assembly by this act to provide for the issuance of two hundred thirty million dollars ($230,000,000) in bonds of this State, and to provide that the proceeds realized from the sale of the bonds shall be allocated primarily as grants to local units of government to stimulate the construction and improvement of wastewater treatment works, wastewater collection systems and water supply systems to provide a clean and healthful environment and an abundant supply of pure water.

Although the funds derived from the sale of the bonds authorized by this act shall be used primarily to encourage and assist local government units to meet their responsibilities, it is not intended nor is it possible for the State to assume those responsibilities. They must and properly ought to be met by local governments, responsive to the needs and demands of their citizens, through forceful and appropriate action to resolve existing environmental problems and to meet those that the future portends.

The funds to be derived from the sale of the bonds authorized by this act are sufficient to meet no more than a fraction of the needs which now exist and will arise in the immediate future. For this reason, although public necessity will be the primary consideration in granting funds, great emphasis must be

placed on the availability of matching grants and loans from other sources; the creation of efficient systems of regional wastewater disposal and regional water supply; and the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning and efficient operation and management.

The General Assembly directs, therefore, that those agencies of this State charged with administration of this act, in order to achieve the wisest use of the funds herein provided for, shall exercise the utmost care and judgment in approving grants under this act, for which the ultimate criterion shall be the greatest benefit to the greatest number.

Sec. 3. Definitions. As used in this act, unless the context otherwise requires:

(1) "Environmental Management Commission" shall mean the North Carolina Environmental Management Commission created by Part 4 of Article 7 of Chapter 143B of the General Statutes, or, should said commission be abolished or otherwise divested of its functions under this act, the public body succeeding it in its principal functions, or upon which are conferred by law the rights, powers and duties given by this act to said commission.

Should any officer whose signature or facsimile appears on any bonds or coupons cease to be such officer before the delivery of the bonds, such signature or facsimile shall nevertheless have same validity for all purposes as if the officer had remained in office until delivery. The form and denomination of the bonds shall be as the State Treasurer may determine in conformity with this act, and the bonds shall be subject to registration as is now or hereafter may be provided by law for State bonds, and provision may also be made for the reconversion into coupon bonds of any bonds registered as to both principal and interest.

(c) Manner of sale; expenses. Subject to determination by the Governor and Council of State as to the manner in which the bonds shall be offered for sale whether by publishing notices in certain newspapers and financial journals or by mailing notices or by inviting bids by correspondence or otherwise, the State Treasurer is authorized to sell the bonds at one time or from time to time at the best price obtainable, but in no case for less than par and accrued interest. All expenses incurred in the sale and issuance of the bonds and any bond anticipation notes herein authorized shall be paid from the proceeds of the sale of such bonds or bond anticipation notes.

The proceeds of sale of the bonds and the bond anticipation notes herein authorized, except the proceeds of bonds the issuance of which has been anticipated by such bond anticipation notes, shall be placed by the State Treasurer in a special fund known as the "Clean Water Fund" and shall be disbursed only for the purposes provided in this act.

(d) Notes; repayment.

(1) By and with the consent of the Governor and Council of State, who shall determine the rate or rates or maximum rate of interest and the date or approximate date of payment, the State Treasurer is hereby authorized to borrow money at the lowest rate of interest obtainable, and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

a. For anticipating the sale of any bonds to the issuance of which the Governor and Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of the bonds.

b. For the payment of interest upon or any installment of principal of any of the bonds then outstanding, if there shall not be sufficient funds in the State Treasury with which to pay the interest or installment of principal as they respectively become due.

c. For the renewal of any loan evidenced by notes herein authorized.

(2) Funds derived from the sale of bonds herein authorized shall be used in the payment of any bond anticipation notes that may have been issued in anticipation of the sale of bonds and any renewals of such notes; and funds provided by the General Assembly for payment of the interest on or principal of bonds herein authorized shall be used in paying the interest on or principal of any notes and any renewals thereof the proceeds of which shall have been used in paying interest on or principal of the bonds. Interest payments upon the notes may be evidenced by interest coupons in the State Treasurer's discretion.

(e) Coupons receivable in payment, etc. The coupons appertaining to the bonds and notes after maturity shall be receivable in payment of all taxes, debts, dues, licenses, fines and demands of any kind whatever due the State.

(f) Tax exemptions. All of the bonds, notes and coupons authorized by this act shall be exempt from all State, county and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, and the interest on the bonds and notes shall not be subject to taxation as to income, nor shall the bonds, notes or coupons be subject to taxation when constituting a part of the surplus of any bank, trust company or other corporation.

Sec. 6. Clean Water Fund. There is hereby created in the Department of Administration a fund to be known as the Clean Water Fund, to be administered by the Department of Administration, which shall be responsible for receipt and disbursement of all moneys as provided in this act.

Sec. 7. Use of bond proceeds; allocation. (a) Grants.

(1) Purpose. All moneys paid into the Clean Water Fund, other than those set aside for administrative expenses and to defray expenses incurred in the sale of the bonds and the issuance of notes herein authorized, shall be used for grants to units of government for the construction of new or the improvement or expansion of existing wastewater treatment works, wastewater collection systems and water supply systems. If the purchase or acquisition of real property constitutes a substantial portion of the necessary construction costs of any project, and if the applicant demonstrates that it is incapable of bearing such costs, the receiving agency, in its sole discretion, may authorize the use of grant funds, in such amount as it shall determine, for such purposes; but if any portion of the project funds shall be a federal grant or loan which may not be used for such purposes, then no grant for such purposes shall be made under this act except as hereinafter provided.

(2) Limitation. The maximum grant made under this act shall not exceed twenty-five percent (25%) of the total construction costs of any project or fifty percent (50%) of the nonfederal share, whichever is less, unless a grant of a greater percentage is determined by the receiving agency to be necessary for the project:

a. To qualify for a federal loan or grant.

b. To meet an extreme public necessity.

c. To provide funds for the purchase or acquisition of necessary real property when federal grant or loan funds may not be used for such purposes. In no event shall any grant made under this act exceed thirty percent (30%) of the total construction cost of any project, and to the extent that a grant exceeds twenty-five percent (25%) of project costs, the percentage in excess of twenty-five percent (25%) shall require approval by the Advisory Budget Commission.

(b) Contingency Account. The Department of Administration, with the concurrence of the Advisory Budget Commission, from time to time shall allocate funds, not to exceed seven million five hundred thousand dollars

($7,500,000) in the aggregate, from the proceeds of the sale of the bonds herein authorized to a Contingency Account, which shall be maintained and administered as follows:

(1) Subject to the approval of the Advisory Budget Commission, the Department of Administration may make allocations from the Contingency Account for the following purposes:

a. To meet the administrative expenses of the Department of Administration, Department of State Treasurer, the Division of Health Services, and the Environmental Management Commission incurred in the administration of this act in excess of the normal operating expenses of the agencies; but the total administrative expenses, in the aggregate, allocated from the Contingency Account shall not exceed one percent (1%) of the proceeds of the bond sale authorized by this act, exclusive of such funds as may be allocated to the Contingency Account from the Contingency and Emergency Fund, as provided in subdivision (2) of this subsection.

b. To provide funds for new grants or for supplemental wastewater treatment works grants when the funds allocated for any fiscal year are insufficient and the Advisory Budget Commission, upon recommendation of the receiving agency and the Department of Administration, determines that there are sufficiently compelling reasons for providing funds from the Contingency Account.

(2) Each agency entitled to receive administrative expense funds from the Contingency Account shall prepare an itemized estimate of administrative funds required for the succeeding fiscal year, and the Division of Health Services, Department of State Treasurer and the Environmental Management Commission shall deliver their estimates to the Department of Administration at least 45 days prior to the beginning of the fiscal year for which the funds are required. The Department of Administration shall determine the administrative expense funds available and, along with its recommendations, shall deliver the estimates of the Division of Health Services, Department of State Treasurer and of the Environmental Management Commission and its own estimate, if any, to the Advisory Budget Commission at least 30 days prior to the beginning of the fiscal year for which the funds are required. Any administrative expense funds approved by the Advisory Budget Commission shall be disbursed by the Department of Administration to the appropriate agency. If the administrative expense funds disbursed to any agency shall prove insufficient, it may apply at any time during the fiscal year for additional funds in the manner above provided. If the funds provided in this act for administrative expenses are exhausted, the Department of Administration, with the concurrence of the Advisory Budget Commission, may apply for disbursement to the Contingency Account of funds for administrative expenses from the Contingency and Emergency Fund. Funds in the account for administrative expenses not used to defray agency expenses, other than funds disbursed from the Contingency and Emergency Fund, shall be used for the other purposes of this act. Unused funds in the account for administrative expenses disbursed from the Contingency and Emergency Fund shall be returned to said fund.

(3) To the extent that the Advisory Budget Commission deems feasible and appropriate, funds in the Contingency Account, other than funds for administrative expenses and for costs and expenses of sale of bonds and issuance

of notes, shall be made available equally to the Division of Health Services and to the Environmental Management Commission; and to this end, any funds remaining in the Contingency Account, at the end of the fiscal year beginning July 1, 1981, other than administrative expense funds, shall be allocated between the two agencies for grants pursuant to this act in inverse ratio to the aggregate allocations from the Contingency Account to each agency during the preceding five fiscal years, as determined from the accounts of the Department of Administration, unless the Advisory Budget Commission shall determine, in its discretion, that some other distribution is more appropriate.

(c) Pollution Control Account. The sum of one hundred twelve million five hundred thousand dollars ($112,500,000) of the proceeds of the sale of the bonds authorized by this act shall be allocated to a Pollution Control Account, from which shall be made grants to units of government for the construction, improvement or expansion of wastewater treatment works and wastewater collection systems and, where authorized, for the acquisition of real property or interests in real property necessary for the construction, expansion or improvement of such works or systems. The Department of Administration shall disburse no funds from the Pollution Control Account except upon receipt by it of written approval of the disbursement from the Environmental Management Commission.

(1) Seventy-five million dollars ($75,000,000) of the funds allocated to the Pollution Control Account shall be used exclusively for the purpose of providing the State's share of the funds required for an approved wastewater treatment works project to qualify for federal grants; provided, however, that any funds which cannot be used exclusively for such purpose shall be used exclusively for the purpose of grants to pay a portion of the nonfederal share (not to exceed the limitations set forth in subsection (a)(2) of Section 7 of this act) of the eligible construction costs of approved wastewater treatment works projects which qualify for federal grants.

(2) The sum of thirty-seven million five hundred thousand dollars ($37,500,000) allocated to the Pollution Control Account shall be allotted among the various counties of the State in the proportion that the population of each county bears to the total population of the State, as such populations were determined by the 1970 Decennial Census of the United States Department of Commerce exclusively for grants to the counties or units of government therein for wastewater collection systems projects; and the allocations of funds for grants under the provisions of this subdivision shall not be made in an aggregate amount exceeding seven million five hundred thousand dollars ($7,500,000) in the first fiscal year, beginning July 1, 1977, or in an aggregate amount exceeding fifteen million dollars ($15,000,000) in the first two fiscal years, or in an aggregate amount exceeding twenty-two million five hundred thousand dollars ($22,500,000) in the first three fiscal years, or in an aggregate amount exceeding thirty million dollars ($30,000,000) in the first four fiscal years, or in an aggregate amount exceeding thirty-seven million five hundred thousand dollars ($37,500,000) in the fifth fiscal year.

(d) Water Supply Systems Account. The sum of one hundred ten million dollars ($110,000,000) of the proceeds of sale of the bonds authorized by this act shall be allocated to a Water Supply Systems Account from which shall be made grants to units of government for the construction, expansion or improvement of water supply systems and, where authorized, for the acquisition of real

The Department of Administration shall disburse no funds from the Water Supply Systems Account except upon receipt by it of written approval of the disbursement from the Division of Health Services.

(1) Seventy-nine million dollars ($79,000,000) of the funds allocated to the Water Supply Systems Account shall be allotted among the various counties of this State in the proportion that the population of each county bears to the total population of the State, as such populations were determined by the 1970 Decennial Census of the United States Department of Commerce for grants to the counties or units of government therein; and the allocations of funds for grants under the provisions of this subdivision shall not be made in an aggregate amount exceeding fifteen million eight hundred thousand dollars ($15,800,000) in the first fiscal year, beginning July 1, 1977, or in an aggregate amount exceeding thirty-one million six hundred thousand dollars ($31,600,000) in the first two fiscal years, or in an aggregate amount exceeding forty-seven million four hundred thousand dollars ($47,400,000) in the first three fiscal years, or in an aggregate amount exceeding sixty-three million two hundred thousand dollars ($63,200,000) in the first four fiscal years, or in an aggregate amount exceeding seventy-nine million dollars ($79,000,000) in the fifth fiscal year.

(2) Thirty-one million dollars ($31,000,000) of the funds allocated to the Water Supply Systems Account shall be used for the purpose of providing grant funds for water supply systems projects generally and not upon a county allotment basis and the allocations of funds for grants under the provisions of this subdivision shall not be made in an aggregate amount exceeding six million two hundred thousand dollars ($6,200,000) in the first fiscal year, beginning July 1, 1977, or in an aggregate amount exceeding twelve million four hundred thousand dollars ($12,400,000) in the first two fiscal years, or in an aggregate amount exceeding eighteen million six hundred thousand dollars ($18,600,000) in the first three fiscal years, or in an aggregate amount exceeding twenty-four million eight hundred thousand dollars ($24,800,000) in the first four fiscal years, or in an aggregate amount exceeding thirty-one million dollars ($31,000,000) in the fifth fiscal year.

Sec. 8. Continuity of grant funds. (a) Any funds uncommitted for grants as of June 30, 1977, under either Section 7(c) or Section 7(d) of the Clean Water Bond Act of 1971 shall be allocated thereafter for grants pursuant to Section

7(c) and Section 7(d) of this act and administered in accordance with existing rules and regulations until such time as rules and regulations as provided for in Section 16 of this act shall become effective.

(b) Grant funds under Section 7(c)(1) and (2) and Section 7(d)(1) and (2) may be administered according to existing rules and regulations under the Clean Water Bond Act of 1971 until such time as rules and regulations as provided for in Section 16 of this act shall become effective.

(d) Funds under this act shall be allocated for grants except that any funds which are uncommitted on June 30, 1987, shall revert to the General Fund.

Sec. 9. Application for grant; environmental assessment; notice; hearing. (a) Application. All applications for grants for water supply systems shall be filed with the Division of Health Services and all applications for grants for wastewater treatment works or wastewater collection systems shall be filed with the Environmental Management Commission. Every application for a grant from county allotment funds under this act shall so state and shall identify the county. Every applicant shall also file with the Department of Administration such information concerning the application as the Department of Administration may require by rules or regulations adopted pursuant to this act.

The Department of Administration, the Division of Health Services and the Environmental Management Commission may develop jointly and adopt a standard form of application for grants under this act. Any application for construction grants under the Federal Water Pollution Control Act may be considered as an application for grants under Section 7(c)(1) of this act. The information required to be set forth in the application shall be sufficient to permit the respective agencies to determine the eligibility of the applicant and to establish the priority of the application, as set forth in this act.

Any applicant shall furnish information in addition or supplemental to the information contained in its application upon request by the receiving agency.

(b) Environmental assessment. Every applicant shall file with its application an assessment setting forth the impact that the project for which grant funds are sought will have upon the environment of the area within which the project is proposed to be located. The assessment shall set forth the impact of the project upon water resources, other natural resources, land use patterns, and such other factors as the Division of Health Services or the Environmental Management Commission shall require by duly adopted rules and regulations. Any environmental assessment required as part of an application for construction grants under the Federal Water Pollution Control Act may satisfy the requirements of this provision. If, after reviewing the environmental assessment, the Division of Health Services or the Environmental Management Commission concludes that an environmental impact statement is required, then the application will receive no further consideration until a final environmental impact statement has been completed and approved.

(c) Notice. Within 60 days after the receipt of any application filed pursuant to Section 7(c)(2) or Section 7(d)(1), the receiving agency shall give

notice of the application, sufficient to describe the nature, location and the extent of the project for which grant funds are sought, as follows:

(1) Notice by first-class mail to the governing body or chief executive officer of every local government unit located within the county or counties in which the project for which grant funds are sought is located or proposed to be located.

(2) Notice by publication once in a newspaper published or having general circulation within the county or counties in which the project for which grant funds are sought is located or proposed to be located.

(d) Hearings. A public hearing shall be held by the receiving agency on any application filed pursuant to Section 7(c)(2) or Section 7(d)(1) in accordance with the provisions of this subsection, upon written request received by the agency within 15 days after mailing the notice required by this section from any person named in subsection (c)(1) of this section. A public hearing may be held by the receiving agency upon written request received within 15 days after the date of publication of the notice from any citizen or taxpayer who is a resident of the county or counties in which the project is or is proposed to be located if it appears that the public interest will be served by such hearing. The written request shall set forth each objection to the proposed project or other reasons for requesting a hearing on the application and shall contain the name and address of the person(s) submitting it. The receiving agency shall consider all written objections to the proposed project and other statements along with the application, including any significant adverse effects that the proposed project may have on the environment, and shall determine if the public interest will be served by a hearing. The determination by the receiving agency shall be conclusive; but all written requests for a hearing shall be retained as a permanent part of the records pertaining to the application, whether or not the request is granted. A hearing may be held regarding any application filed pursuant to Section 7(c)(1) or Section 7(d)(2) if the receiving agency determines that the public interest will be served by such a hearing.

Sec. 10. Eligibility. No applicant shall be eligible for a grant under this act unless it shall demonstrate to the satisfaction of the receiving agency that:

(1) The applicant is a unit of government as defined in this act.

(2) The applicant has the financial capacity to provide its share of project funds.

(3) The applicant has substantially complied or will substantially comply with all applicable laws, rules, regulations and ordinances, federal, State and local.

(4) The applicant has agreed by official resolution to adopt and place into effect on or before completion of the project a schedule of fees and charges which will provide adequate funds for proper operation, maintenance and administration of the project.

Sec. 11. Priorities. (a) Determination. Determination of priorities to be assigned each eligible application shall be made semiannually by the appropriate receiving agency during each fiscal year. Every eligible application filed pursuant to Section 7(c)(1) or Section 7(d)(2) shall be considered by the receiving agency with every other application filed pursuant to Section 7(c)(1) or Section 7(d)(2) respectively, and eligible for consideration during the same priority period, to determine the priority to be assigned to such application. Every eligible application filed pursuant to Section 7(c)(2) or Section 7(d)(1)

shall be considered by the receiving agency with every other application filed from within the same county pursuant to Section 7(c)(2) or Section 7(d)(1), respectively, and eligible for consideration during the same priority period, to determine the priority to be assigned to such application. Any application which does not contain the information required by this act or regulations adopted by the receiving agency(s) to implement the act shall not be deemed received until such information is furnished by the applicant to the receiving agency.

(b) Priority factors. All applications for grants under this act eligible for consideration during each priority period shall be assigned a priority for grant funds by the receiving agency. In determining priorities, the receiving agency:

(1) shall give primary consideration to the public necessity of the project in promoting the public health, safety and welfare; and

(2) shall also give consideration to:

a. the eligibility of the proposed project for federal grants;

b. the compatibility of the proposed project with the State's general program of water supply and water pollution control, any applicable regional planning program and the population to be served;

c. the fiscal responsibility of the applicant;

d. the need of the applicant for funding assistance.

(c) Any priority system established for construction grants under the Federal Water Pollution Control Act shall satisfy the requirements of this section.

(d) Assignment of priority. A written statement relative to each priority assigned shall be prepared by the agency assigning the priority and shall be attached to the application; and the priority assigned shall be conclusive.

(e) Failure to qualify. Any application filed pursuant to Section 7(c) or Section 7(d) that does not qualify for a grant as of the priority period in which the application was eligible for consideration by reason of the priority assigned the application shall be considered for a grant during the next succeeding priority period upon request of the applicant. If such application should again fail to qualify for a grant during the second priority period by reason of the priority assigned, the application shall receive no further consideration. An applicant may file a new application for a grant at any time, and may amend any pending application to include data or information which would tend to qualify the application for a higher priority.

Sec. 12. Withdrawal of grant commitment. Failure of an applicant, within one year of the date of acceptance of a grant award, to (1) arrange for necessary financing of the proposed project, or (2) to award a contract for the construction of the proposed project, shall constitute sufficient cause for withdrawal of the grant commitment. Prior to withdrawal of a grant commitment, the appropriate receiving agency shall give due consideration to any extenuating circumstances presented by the applicant as reasons for its failure to arrange necessary financing or to award a contract, and the grant commitment may be extended for an additional period of time if, in the judgment of the receiving agency, such an extension is justified.

Sec. 13. Disbursement of funds. No funds shall be disbursed by the Department of Administration for any grant until it has received from the appropriate receiving agency a certificate of eligibility to the effect that the

applicant meets all eligibility criteria, and that notice and hearing requirements of this act have been met.

In the event that the grant payments are to be made in installments, no installment payment shall be disbursed by the Department of Administration until it has received from the appropriate receiving agency a written request for disbursement.

Sec. 14. Payment of grants. The receiving agency, in its sole discretion, may determine whether the payment of any grant made under this act shall be in a lump sum or in installments as progress payments and shall, by adoption of appropriate rules and regulations, provide for the manner of approval and payment of grants.

Sec. 15. Inspection. Inspection of a project for which a grant has been made under this act may be performed by qualified personnel of the Division of Health Services or the Environmental Management Commission or may be performed by qualified professional engineers, registered in this State, who have been approved by the Division of Health Services or the Environmental Management Commission; but no person shall be approved to perform inspections who is an officer or employee of the unit of government to which the grant was made or who is an owner, officer, employee or agent of a contractor or subcontractor engaged in the construction of the project for which the grant was made. For the purpose of payment of inspection fees, inspection services shall be included in the term "construction cost" as used in this act.

Sec. 16. Rules and regulations. (a) Adoption. The Department of Administration, the Commission of Health Services and the Environmental Management Commission, in order to accomplish the efficient administration and uniform application of this act, are empowered to adopt, modify and revoke rules of procedure establishing and amplifying the procedures to be followed in the administration of this act and regulations interpreting and applying the provisions of this act. To the extent practicable and feasible, uniform rules and regulations may be jointly adopted, and no rule or regulation jointly adopted may be modified or revoked except upon concurrence of all three agencies.

(b) Approval; duplication. No rule or regulation adopted by the Department of Administration, the Commission of Health Services or the Environmental Management Commission, or each of them, pursuant to this act, shall become effective until approved by the Advisory Budget Commission and until printed or otherwise duplicated and a certified copy filed with the Secretary of State or other official of the State designated by law.

(c) Copies furnished. A copy of its rules and regulations adopted pursuant to this act shall be furnished free of charge by the receiving agency and the Department of Administration to any governmental unit. Any other person shall be entitled to receive a copy upon payment of a reasonable charge for printing or duplication if the receiving agency or Department of Administration shall so require.

Sec. 17. Federal grants and loans. In order to carry out the purpose of this act to secure the greatest benefits possible to the citizens of this State from the funds herein provided for, the Department of Administration, the Commission for Health Services and the Environmental Management Commission are authorized and directed to adopt such rules, regulations and criteria pursuant to and in accordance with this act as are necessary and appropriate to conform to federal requirements for federal grants and loans for

any of the purposes set forth in this act. If any applicant for grant funds under this act for a project otherwise eligible for a federal grant or loan fails to qualify for such grant or loan by reason of the failure or refusal of the applicant to meet federal requirements, the receiving agency, in its sole discretion and determination, may refuse the grant applied for under this act. Every grant made pursuant to this act for any project for which federal funds are available shall be conditional upon approval of the applicant's request for federal funds.

Sec. 18. Annual reports to Advisory Budget Commission. The Department of Administration, the State Treasurer, the Division of Health Services, and the Environmental Management Commission shall prepare and file on or before July 31 of each year with the Advisory Budget Commission a consolidated report for the preceding fiscal year concerning the sale and allocation of the proceeds of sale of the bonds authorized by this act.

(a) Department of Administration. The portion of the report prepared by the Department of Administration shall set forth for the preceding fiscal year itemized and total allocations from the Contingency Account for grants and administrative expenses; itemized and total allocations from the Pollution Control Account of grants authorized by the Environmental Management Commission; and itemized and total allocations from the Water Supply Systems Account of grants authorized by the Division of Health Services. (c) Environmental Management Commission and Division of Health Services. The portions of the report prepared by the Environmental Management Commission and the Division of Health Services:

(1) Shall identify each grant made by the receiving agency during the preceding fiscal year; the total amount of the grant commitments; the sums actually paid during the preceding fiscal year to each grant made and to each grant previously committed but unpaid; and the total grant funds paid during the preceding fiscal year.

(2) Shall itemize the expenditure of any administrative expense funds allocated from the Contingency Account during the preceding fiscal year.

(3) Shall contain a summary for all preceding fiscal years of the total number of grants made; the total funds committed to such grants; the total sum actually paid to such grants; and the total expenditure of administrative expense funds allocated from the Contingency Account.

(4) Shall contain an assessment and evaluation of the effects that approved projects have had upon water pollution control and water supplies within the purposes of this act and with relation to the total water pollution control and water supply problem.

(d) Signatures. The report shall be signed by each of the chief executive officers of the State agencies preparing the report.

Sec. 19. Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 20. During the 1977-79 biennium the State Treasurer shall sell no bonds pursuant to this act which will require debt service payments during the 1977-79 biennium unless there are sufficient funds to pay such debt service payments in the State Treasurer's debt service appropriation for the 1977-79 biennium.

Sec. 21. Effective date. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 22nd day of June, 1977.

H. B. 1266 CHAPTER 678

AN ACT TO PROVIDE THAT ALL SESSIONS OF SUPERIOR AND DISTRICT COURT OF BRUNSWICK COUNTY SHALL BE HELD IN THE NEW COUNTY SEAT OF BRUNSWICK COUNTY.

The General Assembly of North Carolina enacts:

Section 1. Chapter 324, Session Laws of 1975, is amended by adding after Section 4 thereof the following:

Whereas, in order to convey this 24 acres to the Old Waynesboro Commission, without consideration, the City of Goldsboro must have the authorization of the 1977 Legislature; Now, therefore, The Board of Aldermen of the City of Goldsboro is hereby authorized to convey, without monetary consideration, to the Old Waynesboro Commission that certain tract or parcel of land situated in or near the City of Goldsboro, North Carolina, Wayne County, and more particularly described as follows:

AN ACT TO AMEND PART 4 OF ARTICLE 3 OF CHAPTER 143B OF THE GENERAL STATUTES TO REORGANIZE THE COMMISSION FOR MENTAL HEALTH SERVICES TO INCLUDE ADEQUATE REPRESENTATION FOR MENTALLY RETARDED CITIZENS.

Whereas, the Secretary of Human Resources has determined that the creation of a separate Division of Mental Retardation would represent a duplication of administrative overhead costs; and

Whereas, creation of a separate Division of Mental Retardation would be violative of the intent of State government to reduce the number of separate agencies, boards and commissions; and

Whereas, however, the Secretary of Human Resources has determined that there is a need for increased visibility, budget support and representation for the mental retardation programs; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 143B-147 is hereby rewritten to read as follows:

however, such rules and regulations shall not be inconsistent with the provisions of this Article or other State laws. Specifically:

(2) The Commission for Mental Health and Mental Retardation Services shall have the power and duty to establish standards and adopt rules and regulations:

a. for the professional care of persons admitted to institutions, centers, or hospitals established in accordance with Chapter 122, including the authority to establish rules and regulations not contrary to law governing the admission of persons to any State institution, center or hospital under its jurisdiction which is now or may hereafter be established;

b. for establishing minimum standards for local community alcoholism programs as a condition for participation in State grants-in-aid authorized by G.S. 122-7.1(b);

d. for the inspection and licensing of private hospitals for the mentally disordered as provided by G.S. 122-72;

e. for the licensing of all area or community mental health facilities of whatsoever nature, pursuant to Article 2F of Chapter 122 of the General Statutes.

(3) The commission is authorized and empowered to adopt such rules and regulations, not inconsistent with the laws of this State, as may be required by the federal government for grants-in-aid for mental health or mental retardation or alcohol abuse programs which may be made available to the State by the federal government. This section is to be liberally construed in order that the State and its citizens may benefit from such grants-in-aid.

(4) The commission shall adopt rules and regulations consistent with the provisions of this Chapter. All rules and regulations not inconsistent with the provisions of this Chapter heretofore adopted by the Board of Mental Health or the Commission for Mental Health Services shall remain in full force and effect unless and until repealed or superseded by action of the Commission for Mental Health and Mental Retardation Services.

(b) All rules and regulations adopted by the commission shall be enforced by the Department of Human Resources."

(d) In each sales contract, reservation or agreement wherein burial rights are priced separately, the purchase price of said burial rights shall be the only item subject to care and maintenance trust fund deposits; but if the burial rights are

not priced separately therein, the full amount of the contract, reservations or agreement shall be subject to care and maintenance trust fund deposits as provided herein, unless the purchase price of said burial rights can be determined from the accounting records of the cemetery company.

(1) The applicant employs and is directed by persons who are qualified by character, experience, and financial responsibility to care for and invest the funds of others.

(2) The applicant will perform its duties in a proper and legal manner and the trust funds and interest of the public generally will not be jeopardized.

(3) The applicant will act as trustee for cemetery funds which will exceed five hundred thousand dollars ($500,000) in the aggregate.

(4) The applicant is authorized to do business in North Carolina and has adequate facilities to perform its duties as trustee.

The trust fund shall be administered and operated in the same manner as the merchandise trust fund provided for in G.S. 65-66 and shall be exclusive of the merchandise trust fund or such other trust funds that may be required by law. The personal representative of any purchaser of such space who dies before completion of construction shall be entitled to a refund of all monies paid for such space including any income earned thereon."

Sec. 17. G.S. 65-70(d), as the same appears in the 1975 Supplement to Volume 2C, is hereby rewritten to read as follows:

"(d) The cemetery company shall be entitled to withdraw the funds from said preconstruction trust fund only after the commission has become satisfied that construction has been completed; provided, however, that during construction of the mausoleum or bank of belowground crypts the commission may, in its discretion, authorize a specific percentage of the funds to be withdrawn when it appears that at least an equivalent percentage of construction has been completed."

H. B. 100 CHAPTER 690

AN ACT TO AMEND THE CONSTITUTION OF NORTH CAROLINA TO INSURE THE CONTINUATION OF THE POLICY OF A BALANCED BUDGET.

The General Assembly of North Carolina enacts:

Section 1. Article III, Section 5(3) of the Constitution of North Carolina is amended by adding thereto a second unnumbered paragraph as follows:

"The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

Sec. 2. The amendment set out in Section 1 of this act shall be submitted to the qualified voters of the State at the next general election or at the next statewide election, whichever first occurs. That election shall be conducted under the laws then governing elections in this State. The State shall reimburse the counties of the State for all necessary expenses incurred in holding said election and registration therefor, the same to be paid out of the Contingency and Emergency Fund unless otherwise expressly provided for.

Sec. 3. At that election, each qualified voter presenting himself to vote shall be provided a ballot on which shall be printed the following:

"☐ FOR constitutional amendment requiring that the total expenditures of the State for the fiscal period covered by the State budget shall not exceed the total of revenues raised during that fiscal period and any surplus remaining in the State Treasury at the beginning of the period, and requiring the Governor to effect the necessary economies in State expenditures whenever he determines that a deficit is threatened.

"☐ AGAINST constitutional amendment requiring that the

total expenditures of the State for the fiscal period covered by the State budget shall not exceed the total of revenues raised during that fiscal period and any surplus remaining in the State Treasury at the beginning of the period, and requiring the Governor to effect the necessary economies in State expenditure whenever he determines that a deficit is threatened."

Those qualified voters favoring the amendment set out in Section 1 of this act shall vote by marking X on check mark in the square beside the statement beginning "FOR", and those qualified voters opposed to that amendment shall vote by marking an X or check mark in the square beside the statement beginning "AGAINST".

Notwithstanding the foregoing provisions of this section, voting machines may be used in accordance with rules and regulations prescribed by the State Board of Elections.

Sec. 4. If a majority of the votes cast thereon are in favor of the amendment set out in Section 1 of this act, the Governor shall certify the amendment to the Secretary of State, who shall enroll the amendment so certified among the permanent records of his office. The amendment shall become effective upon such certification and shall apply to the State budget enacted for the fiscal period beginning July 1, 1977, and all subsequent fiscal periods.

Sec. 5. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 23rd day of June, 1977.

H. B. 445 CHAPTER 691

AN ACT TO PROVIDE FOR THE FIXING OF UTILITY RATES IN NORTH CAROLINA BASED UPON THE REASONABLE ORIGINAL COST OF THE PROPERTY OF THE PUBLIC UTILITY USED AND USEFUL IN PROVIDING SERVICE TO THE PUBLIC.

The General Assembly of North Carolina enacts:

Section 1. G.S. 62-2, entitled "Declaration of policy", is hereby amended to include a new subsection (5) as shown below and renumbering of present subsections (5), (6), (7), and (8) to (6), (7), (8), and (9) respectively:

"(5) To assure that facilities necessary to meet future growth can be financed by the utilities operating in this State on terms which are reasonable and fair to both the customers and existing investors of such utilities; and to that end to authorize fixing of rates in such a manner as to result in lower costs of new facilities and lower rates over the operating lives of such new facilities by making provisions in the rate-making process for the investment of public utilities in plant under construction."

Sec. 2. G.S. 62-133, entitled "How rates fixed", is hereby amended by rewriting subsections (b)(1) and (b)(4) of said G.S. 62-133 and by adding a new subsection (b)(5), and by renumbering and rewriting present subsection (b)(5) as subsection (b)(6), said rewritten and new subsections to read as follows:

"(1) Ascertain the reasonable original cost of the public utility's property used and useful, or to be used and useful within a reasonable time after the test period, in providing the service rendered to the public within this State, less that portion of the cost which has been consumed by previous use recovered by depreciation expense plus the reasonable original cost of investment in plant

under construction (construction work in progress). In ascertaining the cost of the public utility's property, construction work in progress as of the effective date of this subsection shall be excluded until such plant comes into service but reasonable and prudent expenditures for construction work in progress after the effective date of this subsection shall be included subject to the provisions of subparagraph (b)(5) of this section.

(4) Fix such rate of return on the cost of the property ascertained pursuant to paragraph (1) as will enable the public utility by sound management to produce a fair return for its shareholders, considering changing economic conditions and other factors, as they then exist, to maintain its facilities and services in accordance with the reasonable requirements of its customers in the territory covered by its franchise, and to compete in the market for capital funds on terms which are reasonable and which are fair to its customers and to its existing investors.

(5) Require each public utility to discontinue capitalization of the composite carrying cost of capital funds used to finance construction (allowance for funds) on the construction work in progress included in its rate base upon the effective date of the first and each subsequent general rate order issued with respect to it after the effective date of this subsection; allowance for funds may be capitalized with respect to expenditures for construction work in progress not included in the utility's property upon which the rates were fixed. In determining net operating income for return, the commission shall not include any capitalized allowance for funds used during construction on the construction work in progress included in the utility's rate base.

(6) Fix such rates to be charged by the public utility as will earn in addition to reasonable operating expenses ascertained pursuant to paragraph (3) of this subsection the rate of return fixed pursuant to paragraphs (4) and (5) on the cost of the public utility's property ascertained pursuant to paragraph (1)."

Sec. 3. G.S. 62-133(c) is amended by deleting said subsection in its entirety and substituting in lieu thereof the following:

"(c) The original cost of the public utility's property, including its construction work in progress, shall be determined as of the end of the test period used in the hearing and the probable future revenues and expenses shall be based on the plant and equipment in operation at that time. The test period shall consist of 12 months' historical operating experience prior to the date the rates are proposed to become effective, but the commission shall consider such relevant, material and competent evidence as may be offered by any party to the proceeding tending to show actual changes in costs, revenues or the cost of the public utility's property used and useful, or to be used and useful within a reasonable time after the test period, in providing the service rendered to the public within this State, including its construction work in progress, which is based upon circumstances and events occurring up to the time the hearing is closed."

Sec. 4. This act shall become effective with respect to rate applications filed with the North Carolina Utilities Commission on and after July 1, 1979.

In the General Assembly read three times and ratified, this the 23rd day of June, 1977.

H. B. 1333 **CHAPTER 703**

AN ACT TO SECURE EFFECTIVE ENFORCEMENT OF THE INSULATION AND ENERGY UTILIZATION STANDARDS OF THE STATE BUILDING CODE AND TO FURTHER PROTECT THE PURCHASERS OF PRODUCTS AND SERVICES DESIGNED TO MEET THOSE STANDARDS.

The General Assembly of North Carolina enacts:

Section 1. Purpose and intent. Because of present and impending shortages of energy supplies, it is imperative that efforts be made to conserve and utilize such supplies as efficiently as possible. As a mechanism for achieving such efficiency, the State Building Code has been amended to include

requirements for insulation and efficient energy utilization in buildings erected in this State. However, over half of the counties of the State and many of its smaller towns presently lack inspectors to enforce these provisions. In addition, in view of the widespread publicity accorded this problem and proposed tax inducements at both the State and federal levels for installing insulation and other measures to improve efficiency of energy utilization, there is a danger that consumers may be defrauded by unscrupulous sellers or installers of such materials. This act is intended to provide an interim solution to these two problems, pending further guidance from federal authorities and general enforcement of the code in all areas of the State.

Sec. 2. Designation of local inspectors. Prior to September 1, 1977, the superintendent of each county, city, or joint inspection department (created under the provisions of G.S. Chapter 153A, Article 18, Part 4, or G.S. Chapter 160A, Article 19, Part 5, or G.S. Chapter 160A, Article 20, Part 1, or by local or special act of the General Assembly) shall designate the person or persons in that department responsible for enforcement of the insulation and energy utilization standards of the State Building Code and send their names and addresses to the Engineering and Building Codes Division of the North Carolina Department of Insurance; provided, nothing herein shall be construed to require the hiring of additional inspection personnel in any county, city, or joint inspection department which is in existence on the effective date of this act. In every county or city which does not have an inspection department, the governing board shall designate one or more "energy and insulation inspectors" and make such notification to the Department of Insurance; the territorial jurisdiction of such inspectors shall be the jurisdiction of the appointing unit, as specified in G.S. 160A-360, and they shall possess all applicable enforcement powers of a county or city inspection department.

Sec. 3. Training course for inspectors. Prior to January 1, 1978, and periodically thereafter, the Engineering and Building Codes Division of the Department of Insurance shall make available to the personnel designated pursuant to Section 2 of this act a course or courses of instruction covering the insulation and energy utilization requirements of the State Building Code for dwellings or other structures which are not required by law to be designed by a registered architect or professional engineer.

Sec. 4. Permits. On and after January 1, 1978, no person, firm, or corporation may for a consideration install, alter, or restore any insulation or other materials or energy utilization equipment designed or intended to meet the State Building Code requirements for insulation and energy utilization standards without first securing a permit either from the inspection department with jurisdiction over the work site, or in the absence of such a department, from an energy and insulation inspector with appropriate jurisdiction. Such permit may be either (a) a general building permit evidencing full compliance with all applicable requirements of the State Building Code and other State and local laws, issued by an inspection department, or (b) a special permit issued by an energy and insulation inspector evidencing compliance with the insulation and energy utilization standards of the State Building Code.

Sec. 5. Contents of permit. A general building permit shall meet all the requirements of G.S. 153A-357 or G.S. 160A-417. A special permit shall comply with applicable requirements of those sections, but instead of containing a provision that the work done "shall comply with the State Building Code and

all other applicable State and local laws and local ordinances and regulations" it shall contain a provision that the work done "shall comply with the insulation and energy utilization standards of the State Building Code." Either type of permit shall give the name of the installer, his address, the number of any license or permit he has to engage in the profession or business of installing insulation or the type of installation proposed, and the estimated cost of the installation.

Sec. 6. Persons entitled to permit. No permit shall be issued under this act to any person, firm, or corporation who is not either (a) licensed as a contractor to do the proposed work, under Chapter 87 of the General Statutes, or (b) the holder of an annual license or permit to do such work issued by the county or city with jurisdiction over the site, pursuant to G.S. 153A-134, G.S. 160A-194, or a special or local act of the General Assembly; provided, however, that this requirement shall not apply to an owner working upon his own building nor to an installer working under the supervision of a registered architect or professional engineer, whose name and registration number shall appear upon the face of the permit.

Sec. 7. Inspections. During the progress of the work and at its conclusion, the inspection department or energy and insulation inspector shall make inspections as prescribed by G.S. 153A-360, 153A-363, 160A-420, and 160A-423. The installer shall notify the inspector at times specified by the inspector when the work is ready for different stages of inspection. When only a special permit has been issued, the energy and insulation inspector shall issue a certificate of compliance which states only that the work complies with the insulation and energy utilization standards of the State Building Code. When work is done on an existing building, it may be occupied while work is in progress and prior to issuance of the certificate of compliance.

Sec. 8. Inspection by architect or engineer. When work done under a permit is required under the provisions of Chapters 83 and 89C of the General Statutes or any other statute to be done pursuant to plans or specifications prepared by a registered architect or professional engineer, or when the work was done under the supervision of a registered architect or professional engineer as permitted by Section 6 of this act, the architect or engineer, or both, shall inspect the work done and shall issue a certificate of compliance with the insulation and energy utilization standards of the State Building Code to the local inspection department or energy and insulation inspector and to the owner.

Sec. 9. Contract provisions. All sales contracts or other contracts executed for the installation of insulation or other energy utilization materials or equipment shall contain a provision that the work will meet the requirements of the State Building Code. Any guarantees relating to quality of materials, expected performance, quality of work, or equipment to be installed shall be in writing and a copy thereof shall be delivered to the owner and shall become a part of the contract.

Sec. 10. License revocation. Wilful or repeated violation of the State Building Code requirements as to insulation or energy utilization equipment or materials shall be a basis for revocation of the installer's license as a contractor under Chapter 87 of the General Statutes or as an installer under a local ordinance adopted pursuant to G.S. 153A-134 or G.S. 160A-194. Any inspection department or energy and insulation inspector having knowledge of such

violations shall bring them to the attention of the appropriate licensing authority for disciplinary action.

Sec. 11. Penalty. Wilful violation of any provision of this act shall constitute a misdemeanor punishable in the discretion of the court. In addition to or in lieu of such remedy, the city or county with jurisdiction or the State Commissioner of Insurance may initiate any appropriate action or proceedings to prevent, restrain, correct, or abate the violation.

Sec. 12. Effective date and termination. This act shall become effective upon ratification and shall remain in effect until July 1, 1979. The 1979 General Assembly shall review experience under this act and such other relevant information as may enable it to achieve the objectives of this act more effectively, and may enact such further legislation as appears desirable.

In the General Assembly read three times and ratified, this the 23rd day of June, 1977.

S. B. 239 **CHAPTER 711**

AN ACT TO AMEND THE LAWS RELATING TO CRIMINAL PROCEDURE.

The General Assembly of North Carolina enacts:

Section 1. Chapter 15A is amended by adding the following:

"ARTICLE 59.

"Maintenance of Order in the Courtroom.

"§ 15A-1031. *Custody and restraint of defendant and witnesses.*—A trial judge may order a defendant or witness subjected to physical restraint in the courtroom when the judge finds the restraint to be reasonably necessary to maintain order, prevent the defendant's escape, or provide for the safety of persons. If the judge orders a defendant or witness restrained, he must:

(1) Enter in the record out of the presence of the jury and in the presence of the person to be restrained and his counsel, if any, the reasons for his action; and

(2) Give the restrained person an opportunity to object; and

(3) Unless the defendant or his attorney objects, instruct the jurors that the restraint is not to be considered in weighing evidence or determining the issue of guilt.

If the restrained person controverts the stated reasons for restraint, the judge must conduct a hearing and make findings of fact.

"§ 15A-1032. *Removal of disruptive defendant.*—(a) A trial judge, after warning a defendant whose conduct is disrupting his trial, may order the defendant removed from the trial if he continues conduct which is so disruptive that the trial cannot proceed in an orderly manner. When practicable, the judge's warning and order for removal must be issued out of the presence of the jury.

(b) If the judge orders a defendant removed from the courtroom, he must:

(1) Enter in the record the reasons for his action; and

(2) Instruct the jurors that the removal is not to be considered in weighing evidence or determining the issue of guilt.

A defendant removed from the courtroom must be given the opportunity of learning of the trial proceedings through his counsel at reasonable intervals as directed by the court and must be given opportunity to return to the courtroom during the trial upon assurance of his good behavior.

"§ 15A-1033. *Removal of disruptive witnesses and spectators.*—The judge in his discretion may order any person other than a defendant removed from a courtroom when his conduct disrupts the conduct of the trial.

"§ 15A-1034. *Controlling access to the courtroom.*—(a) The presiding judge may impose reasonable limitations on access to the courtroom when necessary to ensure the orderliness of courtroom proceedings or the safety of persons present.

(b) The judge may order that all persons entering or any person present and choosing to remain in the courtroom be searched for weapons or devices that could be used to disrupt or impede the proceedings and may require that belongings carried by persons entering the courtroom be inspected. An order under this subsection must be entered on the record.

"§ 15A-1035. *Other powers.*—In addition to the use of the powers provided in this Article, a presiding judge may maintain courtroom order through the use of his contempt powers as provided in Chapter 5A, Contempt, and through the use of other inherent powers of the court.

(Articles 60 and 61 are as previously codified.)

"ARTICLE 62.

"Mistrial.

"§ 15A-1061. *Mistrial for prejudice to defendant.*—Upon motion of a defendant or with his concurrence the judge may declare a mistrial at any time during the trial. The judge must declare a mistrial upon the defendant's motion if there occurs during the trial an error or legal defect in the proceedings, or conduct inside or outside the courtroom, resulting in substantial and irreparable prejudice to the defendant's case. If there are two or more defendants, the mistrial may not be declared as to a defendant who does not make or join in the motion.

"§ 15A-1062. *Mistrial for prejudice to the State.*—Upon motion of the State, the judge may declare a mistrial if there occurs during the trial, either inside or outside the courtroom, misconduct resulting in substantial and irreparable prejudice to the State's case and the misconduct was by a juror or the defendant, his lawyer, or someone acting at the behest of the defendant or his lawyer. If there are two or more defendants, the mistrial may not be declared as to a defendant who does not join in the motion of the State if:

(1) Neither he, his lawyer, nor a person acting at his or his lawyer's behest participated in the misconduct; or

(2) The State's case is not substantially and irreparably prejudiced as to him.

"§ 15A-1063. *Mistrial for impossibility of proceeding.*—Upon motion of a party or upon his own motion, a judge may declare a mistrial if:

(1) It is impossible for the trial to proceed in conformity with law; or

(2) It appears there is no reasonable probability of the jury's agreement upon a verdict.

"§ 15A-1064. *Mistrial; finding of facts required.*—Before granting a mistrial, the judge must make finding of facts with respect to the grounds for the mistrial and insert the findings in the record of the case.

"§ 15A-1065. *Procedure following mistrial.*—When a mistrial is ordered, the judge must direct that the case be retained for trial or such other proceedings as may be proper.

"SUBCHAPTER XII. Trial Procedure in Superior Court.

"ARTICLE 71.

"Right to Trial by Jury.

"§ 15A-1201. *Right to trial by jury.*—In all criminal cases the defendant has the right to be tried by a jury of 12 whose verdict must be unanimous. In the district court the judge is the finder of fact in criminal cases, but the defendant has the right to appeal for trial de novo in superior court as provided in G.S. 15A-1431. In superior court all criminal trials in which the defendant enters a plea of not guilty must be tried before a jury.

(G.S. 15A-1202 to G.S. 15A-1210 reserved for future codification.)

"ARTICLE 72.

"Selecting and Impaneling the Jury.

"§ 15A-1211. *Selection procedure generally; role of judge; challenge to the panel; authority of judge to excuse jurors.*—(a) The provisions of Chapter 9 of the General Statutes, Jurors, pertinent to criminal cases apply except when this Chapter specifically provides a different procedure.

(b) The trial judge must decide all challenges to the panel and all questions concerning the competency of jurors.

(c) The State or the defendant may challenge the jury panel. A challenge to the panel:

(1) May be made only on the ground that the jurors were not selected or drawn according to law.

(2) Must be in writing.

(3) Must specify the facts constituting the ground of challenge.

(4) Must be made and decided before any juror is examined.

If a challenge to the panel is sustained, the judge must discharge the panel.

(d) The judge may excuse a juror without challenge by any party if he determines that grounds for challenge for cause are present.

"§ 15A-1212. *Grounds for challenge for cause.*—A challenge for cause to an individual juror may be made by any party on the ground that the juror:

(1) Does not have the qualifications required by G.S. 9-3.

(2) Is incapable by reason of mental or physical infirmity of rendering jury service.

(3) Has been or is a party, a witness, a grand juror, a trial juror, or otherwise has participated in civil or criminal proceedings involving a transaction which relates to the charge against the defendant.

(4) Has been or is a party adverse to the defendant in a civil action, or has complained against or been accused by him in a criminal prosecution.

(5) Is related by blood or marriage within the sixth degree to the defendant or the victim of the crime.

(6) Has formed or expressed an opinion as to the guilt or innocence of the defendant. It is improper for a party to elicit whether the opinion formed is favorable or adverse to the defendant.

(7) Is presently charged with a felony.

(8) As a matter of conscience, regardless of the facts and circumstances, would be unable to render a verdict with respect to the charge in accordance with the law of North Carolina.

(9) For any other cause is unable to render a fair and impartial verdict.

"§ 15A-1213. *Informing prospective jurors of case.*—Prior to selection of jurors, the judge must identify the parties and their counsel and briefly inform the prospective jurors, as to each defendant, of the charge, the date of the alleged offense, the name of any victim alleged in the pleading, the defendant's plea to the charge, and any affirmative defense of which the defendant has given pretrial notice as required by Article 52, Motions Practice. The judge may not read the pleadings to the jury.

"§ 15A-1214. *Selection of jurors; procedure.*—(a) The clerk, under the supervision of the presiding judge, must call jurors from the panel by a system of random selection which precludes advance knowledge of the identity of the next juror to be called. When a juror is called and he is assigned to the jury box, he retains the seat assigned until excused.

(b) The judge must inform the prospective jurors of the case in accordance with G.S. 15A-1213. He may briefly question prospective jurors individually or as a group concerning general fitness and competency to determine whether there is cause why they should not serve as jurors in the case.

(c) The prosecutor and the defense counsel, or the defendant if not represented by counsel, may personally question prospective jurors individually concerning their fitness and competency to serve as jurors in the case to determine whether there is a basis for a challenge for cause or whether to exercise a peremptory challenge. The prosecution or defense is not foreclosed from asking a question merely because the court has previously asked the same or similar question.

(d) The prosecutor must conduct his examination of the first 12 jurors seated and make his challenges for cause and exercise his peremptory challenges. If the judge allows a challenge for cause, or if a peremptory challenge is exercised, the clerk must immediately call a replacement into the box. When the prosecutor is satisfied with the 12 in the box, they must then be tendered to the defendant. Until the prosecutor indicates his satisfaction, he may make a challenge for cause or exercise a peremptory challenge to strike any juror, whether an original or replacement juror.

(e) Each defendant must then conduct his examination of the jurors tendered him, making his challenges for cause and his peremptory challenges. If a juror is excused, no replacement may be called until all defendants have indicated satisfaction with those remaining, at which time the clerk must call replacements for the jurors excused. The judge in his discretion must determine order of examination among multiple defendants.

(f) Upon the calling of replacement jurors, the prosecutor must examine the replacement jurors and indicate satisfaction with a completed panel of 12 before the replacement jurors are tendered to a defendant. Only replacement jurors may be examined and challenged. This procedure is repeated until all parties have accepted 12 jurors.

(g) If at any time after a juror has been accepted by a party, and before the jury is impaneled, it is discovered that the juror has made an incorrect statement during voir dire or that some other good reason exists:

(1) The judge may examine, or permit counsel to examine, the juror to determine whether there is a basis for challenge for cause.

(2) If the judge determines there is a basis for challenge for cause, he must excuse the juror or sustain any challenge for cause that has been made.

(3) If the judge determines there is no basis for challenge for cause, any party who has not exhausted his peremptory challenges may challenge the juror.

Any replacement juror called is subject to examination, challenge for cause, and peremptory challenge as any other unaccepted juror.

(h) In order for a defendant to seek reversal of the case on appeal on the ground that the judge refused to allow a challenge made for cause, he must have:

(1) Exhausted the peremptory challenges available to him;

(2) Renewed his challenge as provided in subsection (i) of this section; and

(3) Had his renewal motion denied as to the juror in question.

(i) A party who has exhausted his peremptory challenges may move orally or in writing to renew a challenge for cause previously denied if the party either:

(1) Had peremptorily challenged the juror; or

(2) States in the motion that he would have challenged that juror peremptorily had his challenges not been exhausted.

The judge may reconsider his denial of the challenge for cause, reconsidering facts and arguments previously adduced or taking cognizance of additional facts and arguments presented. If upon reconsideration the judge determines that the juror should have been excused for cause, he must allow the party an additional peremptory challenge.

(j) In capital cases the trial judge for good cause shown may direct that jurors be selected one at a time, in which case each juror must first be passed by the State. These jurors may be sequestered before and after selection.

"§ 15A-1215. *Alternate jurors.*—The judge may permit the seating of one or more alternate jurors. Alternate jurors must be sworn and seated near the jury with equal opportunity to see and hear the proceedings. They must attend the trial at all times with the jury, and obey all orders and admonitions of the judge. When the jurors are ordered kept together, the alternate jurors must be kept with them. If before final submission of the case to the jury, any juror dies, becomes incapacitated or disqualified, or is discharged for any other reason, an alternate juror becomes a juror, in the order in which selected, and serves in all respects as those selected on the regular trial panel. Alternate jurors receive the same compensation as other jurors and, unless they become jurors, must be discharged upon the final submission of the case to the jury.

"§ 15A-1216. *Impaneling jury.*—(a) After all jurors, including alternate jurors, have been selected, the clerk impanels the jury by instructing them as follows: 'Members of the jury, you have been sworn and are now impaneled to try the issue in the case of State of North Carolina versus _____. You will sit together, hear the evidence, and render your verdict accordingly.'

"§ 15A-1217. *Number of peremptory challenges.*—(a) Capital cases.

(1) Each defendant is allowed 14 challenges.

(2) The State is allowed 14 challenges for each defendant.

(b) Noncapital cases.

(1) Each defendant is allowed six challenges.

(2) The State is allowed six challenges for each defendant.

(c) Each party is entitled to one peremptory challenge for each alternate juror in addition to any unused challenges. (G.S. 15A-1218 to G.S. 15A-1220 reserved for future codification.)

"ARTICLE 73.

"Criminal Jury Trial in Superior Court.

"§ 15A-1221. *Order of proceedings in jury trial.*—The order of a jury trial, in general, is as follows:

(1) The defendant must be arraigned and must have his plea recorded, out of the presence of the prospective jurors, unless he has waived arraignment under G.S. 15A-945.

(2) The judge must inform the prospective jurors of the case in accordance with G.S. 15A-1213.

(3) The jury must be sworn, selected and impaneled in accordance with Article 72, Selecting and Impaneling Jury.

(4) Each party must be given the opportunity to make a brief opening statement, but the defendant may reserve his opening statement.

(5) The State must offer evidence.

(6) The defendant may offer evidence and, if he has reserved his opening statement, may precede his evidence with that statement.

(7) The State and the defendant may then offer successive rebuttals as provided in G.S. 15A-1226.

(8) At the conclusion of the evidence, the parties may make arguments to the jury in accordance with the provisions of G.S. 15A-1230.

(9) The judge must deliver a charge to the jury in accordance with the provisions of G.S. 15A-1231 and G.S. 15A-1232.

(10) The jury must retire to deliberate, and alternate jurors who have not been seated must be excused as provided in G.S. 15A-1215.

"§ 15A-1222. *Expression of opinion prohibited.*—The judge may not express during any stage of the trial, any opinion in the presence of the jury on any question of fact to be decided by the jury.

"§ 15A-1223. *Disqualification of judge.*—(a) A judge on his own motion may disqualify himself from presiding over a criminal trial or other criminal proceeding.

(b) A judge, on motion of the State or the defendant, must disqualify himself from presiding over a criminal trial or other criminal proceeding if he is:

(1) Prejudiced against the moving party or in favor of the adverse party; or

(2) A witness for or against one of the parties in the case; or

(3) Closely related to the defendant by blood or marriage; or

(4) For any other reason unable to perform the duties required of him in an impartial manner.

(c) A motion to disqualify must be in writing and must be accompanied by one or more affidavits setting forth facts relied upon to show the grounds for disqualification.

(d) A motion to disqualify a judge must be filed no less than five days before the time the case is called for trial unless good cause is shown for failure to file within that time. Good cause includes the discovery of facts constituting grounds for disqualification less than five days before the case is called for trial.

"§ 15A-1224. *Death or disability of trial judge.*—(a) If by reason of sickness or other disability a judge before whom the defendant is being tried is unable to continue presiding over the trial without the necessity of a continuance, he may in his discretion order a mistrial.

(b) If by reason of absence, death, sickness, or other disability, the judge before whom the defendant is being or has been tried is unable to perform the duties required of him before entry of judgment, and has not ordered a mistrial, any other judge assigned to the court may perform those duties, but if the other judge is satisfied that he cannot perform those duties because he did not preside at an earlier stage of the proceedings or for any other reason, he must order a mistrial.

"§ 15A-1225. *Exclusion of witnesses.*—Upon motion of a party the judge may order all or some of the witnesses other than the defendant to remain outside of the courtroom until called to testify, except when a minor child is called as a witness the parent or guardian may be present while the child is testifying even though his parent or guardian is to be called subsequently.

"§ 15A-1226. *Rebuttal evidence; additional evidence.*—(a) Each party has the right to introduce rebuttal evidence concerning matters elicited in the evidence in chief of another party. The judge may permit a party to offer new evidence

during rebuttal which could have been offered in the party's case in chief or during a previous rebuttal, but if new evidence is allowed, the other party must be permitted further rebuttal.

(b) The judge in his discretion may permit any party to introduce additional evidence at any time prior to verdict.

"§ 15A-1227. *Motion for dismissal.*—(a) A motion for dismissal for insufficiency of the evidence to sustain a conviction may be made at the following times:

(1) Upon close of the State's evidence.

(2) Upon close of all the evidence.

(3) After return of a verdict of guilty and before entry of judgment.

(4) After discharge of the jury without a verdict and before the end of the session.

(b) Failure to make the motion at the close of the State's evidence or after all the evidence is not a bar to making the motion at a later time as provided in subsection (a).

(c) The judge must rule on a motion to dismiss for insufficiency of the evidence before the trial may proceed.

(d) The sufficiency of all evidence introduced in a criminal case is reviewable on appeal without regard to whether a motion has been made during trial, as provided in G.S. 15A-1446(d)(5).

"§ 15A-1228. *Notes by the jury.*—Jurors may make notes and take them into the jury room during their deliberations. Upon objection of any party, the judge must instruct the jurors that notes may not be taken.

"§ 15A-1229. *View by jury.*—(a) The trial judge in his discretion may permit a jury view. If a view is ordered, the judge must order the jury to be conducted to the place in question in the custody of an officer. The officer must be instructed to permit no person to communicate with the jury on any subject connected with the trial, except as provided in subsection (b), nor to do so himself, and to return the jurors to the courtroom without unnecessary delay or at a specified time. The judge, prosecutor, and counsel for the defendant must be present at the view by the jury. The defendant is entitled to be present at the view by the jury.

(b) A judge in his discretion may permit a witness under oath to testify at the site of the jury view and point out objects and physical characteristics material to his testimony. The testimony must be recorded.

"§ 15A-1230. *Limitations on argument to the jury.*—(a) During a closing argument to the jury an attorney may not become abusive, inject his personal experiences, express his personal belief as to the truth or falsity of the evidence or as to the guilt or innocence of the defendant, or make arguments on the basis of matters outside the record except for matters concerning which the court may take judicial notice. An attorney may, however, on the basis of his analysis of the evidence, argue any position or conclusion with respect to a matter in issue.

(b) Length, number, and order of arguments allotted to the parties are governed by G.S. 84-14.

"§ 15A-1231. *Jury instructions.*—(a) At the close of the evidence or at an earlier time directed by the judge, any party may tender written instructions. A party tendering instructions must furnish copies to the other parties at the time he tenders them to the judge.

(b) On request of either party, the judge must, before the arguments to the jury, hold a recorded conference on instructions out of the presence of the jury. At the conference the judge must inform the parties of the offenses, lesser included offenses, and affirmative defenses on which he will charge the jury and must inform them of what, if any, parts of tendered instructions will be given. A party is also entitled to be informed, upon request, whether the judge intends to include other particular instructions in his charge to the jury. The failure of the judge to comply fully with the provisions of this subsection does not constitute grounds for appeal unless his failure, not corrected prior to the end of the trial, materially prejudiced the case of the defendant.

(c) After the arguments are completed, the judge must instruct the jury in accordance with G.S 15A-1232.

(d) All instructions given and tendered instructions which have been refused become a part of the record. Failure to object to an erroneous instruction or to the erroneous failure to give an instruction does not constitute a waiver of the right to appeal on that error in accordance with G.S. 15A-1446(d)(13).

"§ 15A-1232. *Jury instructions; explanation of law; opinion prohibited.*—In instructing the jury, the judge must declare and explain the law arising on the evidence. He is not required to state the evidence except to the extent necessary to explain the application of the law to the evidence. He must not express an opinion whether a fact has been proved.

"§ 15A-1233. *Review of testimony; use of evidence by the jury.*—(a) If the jury after retiring for deliberation requests a review of certain testimony or other evidence, the jurors must be conducted to the courtroom. The judge in his discretion, after notice to the prosecutor and defendant, may direct that requested parts of the testimony be read to the jury and may permit the jury to reexamine in open court the requested materials admitted into evidence. In his discretion the judge may also have the jury review other evidence relating to the same factual issue so as not to give undue prominence to the evidence requested.

(b) Upon request by the jury and with consent of all parties, the judge may in his discretion permit the jury to take to the jury room exhibits and writings which have been received in evidence. If the judge permits the jury to take to the jury room requested exhibits and writings, he may have the jury take additional material or first review other evidence relating to the same issue so as not to give undue prominence to the exhibits or writings taken to the jury room. If the judge permits an exhibit to be taken to the jury room, he must, upon request, instruct the jury not to conduct any experiments with the exhibit.

"§ 15A-1234. *Additional instructions.*—(a) After the jury retires for deliberation, the judge may give appropriate additional instructions to:

(1) Respond to an inquiry of the jury made in open court; or

(2) Correct or withdraw an erroneous instruction; or

(3) Clarify an ambiguous instruction; or

(4) Instruct the jury on a point of law which should have been covered in the original instructions.

(b) At any time the judge gives additional instructions, he may also give or repeat other instructions to avoid giving undue prominence to the additional instructions.

(c) Before the judge gives additional instructions, he must inform the parties generally of the instructions he intends to give and afford them an opportunity

to be heard. The parties upon request must be permitted additional argument to the jury if the additional instructions change, by restriction or enlargement, the permissible verdicts of the jury. Otherwise, the allowance of additional argument is within the discretion of the judge.

(d) All additional instructions must be given in open court and must be made a part of the record.

"§ 15A-1235. *Length of deliberations; deadlocked jury.*—(a) Before the jury retires for deliberation, the judge must give an instruction which informs the jury that in order to return a verdict, all 12 jurors must agree to a verdict of guilty or not guilty.

(b) Before the jury retires for deliberation, the judge may give an instruction which informs the jury that:

(1) Jurors have a duty to consult with one another and to deliberate with a view to reaching an agreement, if it can be done without violence to individual judgment;

(2) Each juror must decide the case for himself, but only after an impartial consideration of the evidence with his fellow jurors;

(3) In the course of deliberations, a juror should not hesitate to reexamine his own views and change his opinion if convinced it is erroneous; and

(4) No juror should surrender his honest conviction as to the weight or effect of the evidence solely because of the opinion of his fellow jurors, or for the mere purpose of returning a verdict.

(c) If it appears to the judge that the jury has been unable to agree, the judge may require the jury to continue its deliberations and may give or repeat the instructions provided in subsections (a) and (b). The judge may not require or threaten to require the jury to deliberate for an unreasonable length of time or for unreasonable intervals.

(d) If it appears that there is no reasonable possibility of agreement, the judge may declare a mistrial and discharge the jury.

"§ 15A-1236. *Admonitions to jurors; regulation and separation of jurors.*—(a) The judge at appropriate times must admonish the jurors that it is their duty:

(1) Not to talk among themselves about the case except in the jury room after their deliberations have begun;

(2) Not to talk to anyone else, or to allow anyone else to talk with them or in their presence about the case and that they must report to the judge immediately the attempt of anyone to communicate with them about the case;

(3) Not to form an opinion about the guilt or innocence of the defendant, or express any opinion about the case;

(4) To avoid reading, watching, or listening to accounts of the trial; and

(5) Not to talk during trial to parties, witnesses, or counsel.

The judge may also admonish them with respect to other matters which he considers appropriate.

(b) The judge in his discretion may direct that the jurors be sequestered.

(c) If the jurors are committed to the charge of an officer, he must be sworn by the clerk to keep the jurors together and not to permit any person to speak or otherwise communicate with them on any subject connected with the trial nor to do so himself, and to return the jurors to the courtroom as directed by the judge.

"§ 15A-1237. *Verdict.*—(a) The verdict must be in writing, signed by the foreman, and made a part of the record of the case.

(b) The verdict must be unanimous, and must be returned by the jury in open court.

(c) If the jurors find the defendant not guilty on the ground that he was insane at the time of the commission of the offense charged, their verdict must so state.

(d) If there are two or more defendants, the jury must return a separate verdict with respect to each defendant. If the jury agrees upon a verdict for one defendant but not another, it must return that verdict upon which it agrees.

(e) If there are two or more offenses for which the jury could return a verdict, it may return a verdict with respect to any offense, including a lesser included offense on which the judge charged, as to which it agrees.

"§ 15A-1238. *Polling the jury.*—Upon the motion of any party made after a verdict has been returned and before the jury has dispersed, the jury must be polled. The judge may also upon his own motion require the polling of the jury. The poll may be conducted by the judge or by the clerk by asking each juror individually whether the verdict announced is his verdict. If upon the poll there is not unanimous concurrence, the jury must be directed to retire for further deliberations.

"§ 15A-1239. *Judicial comment on verdict.*—The trial judge may not comment upon the verdict of a jury in open court in the presence or hearing of any member of the jury panel. If he does so, any defendant whose case is calendared for that session of court is entitled, upon motion, to a continuance of his case to a time when all members of the entire jury panel are no longer serving.

"§ 15A-1240. *Impeachment of the verdict.*—(a) Upon an inquiry into the validity of a verdict, no evidence may be received to show the effect of any statement, conduct, event, or condition upon the mind of a juror or concerning the mental processes by which the verdict was determined.

(b) The limitations in subsection (a) do not bar evidence concerning whether the verdict was reached by lot.

(c) After the jury has dispersed, the testimony of a juror may be received to impeach the verdict of the jury on which he served, subject to the limitations in subsection (a), only when it concerns:

(1) Matters not in evidence which came to the attention of one or more jurors under circumstances which would violate the defendant's constitutional right to confront the witnesses against him; or

(2) Bribery, intimidation, or attempted bribery or intimidation of a juror.

"§ 15A-1241. *Record of proceedings.*—(a) The trial judge must require that the reporter make a true, complete, and accurate record of all statements from the bench and all other proceedings except:

(1) Selection of the jury in noncapital cases;

(2) Opening statements and final arguments of counsel to the jury; and

(3) Arguments of counsel on questions of law.

(b) Upon motion of any party or on the judge's own motion, proceedings excepted under subdivisions (1) and (2) of subsection (a) must be recorded. The motion for recordation of jury arguments must be made before the commencement of any argument and if one argument is recorded all must be. Upon suggestion of improper argument, when no recordation has been requested

or ordered, the judge in his discretion may require the remainder to be recorded.

(c) When a party makes an objection to unrecorded statements or other conduct in the presence of the jury, upon motion of either party the judge must reconstruct for the record, as accurately as possible, the matter to which objection was made.

(d) The trial judge may review the accuracy of the reporter's record of the proceedings, but may not make substantive changes in the transcript concerning his charge, rulings, and comments without notice to the State, the defense, and the reporter. When any correction of a transcript is ordered made by a judge, each party is entitled to receive, upon request, a copy of the transcript indicating the text as submitted by the reporter and as changed by the judge. Upon motion of any party, the judge must afford the parties a hearing upon any change ordered by the judge.

"§ 15A-1242. *Defendant's election to represent himself at trial.*—A defendant may be permitted at his election to proceed in the trial of his case without the assistance of counsel only after the trial judge makes thorough inquiry and is satisfied that the defendant:

(1) Has been clearly advised of his right to the assistance of counsel, including his right to the assignment of counsel when he is so entitled;

(2) Understands and appreciates the consequences of this decision; and

(3) Comprehends the nature of the charges and proceedings and the range of permissible punishments.

"§ 15A-1243. *Standby counsel for defendant representing himself.*—When a defendant has elected to proceed without the assistance of counsel, the trial judge in his discretion may appoint standby counsel to assist the defendant when called upon and to bring to the judge's attention matters favorable to the defendant upon which the judge should rule upon his own motion.

"§ 15A-1321. *Civil commitment of defendants found not guilty by reason of insanity.*—When a defendant charged with a crime is found not guilty by reason of insanity by jury verdict or upon motion pursuant to G.S. 15A-959(c), the trial court, upon such additional hearing as it determines to be necessary, may direct that there be civil proceedings to determine whether the person should be involuntarily committed pursuant to Article 5A of Chapter 122 of the General Statutes. The trial judge may issue an order in the same manner, upon the same grounds, and with the same effect as an order issued by a clerk or magistrate pursuant to G.S. 122-58.3 or G.S. 122-58.18. "ARTICLE 81.

"General Sentencing Provisions.

"§ 15A-1331. *Authorized sentences; conviction.*—(a) The criminal judgment entered against a person in either district or superior court may, unless the offense for which his guilt has been established is a capital offense, or unless a statute otherwise specifically provides, include a sentence in accordance with the provision of this Article to one or a combination of the following alternatives:

(1) Probation as authorized by Article 82, Probation, or a term of imprisonment as authorized by Article 83, Imprisonment; or

(2) A fine as authorized by Article 84, Fines; or

(3) Other punishment authorized or required by law.

(b) For the purpose of imposing sentence, a person has been convicted when he has been adjudged guilty or has entered a plea of guilty or no contest.

"§ 15A-1332. *Presentence reports.*—(a) Presentence Reports Generally. To obtain a presentence report, the court may order either a presentence investigation as provided in subsection (b) or a presentence commitment for study as provided in subsection (c).

(b) Presentence Investigation. The court may order a probation officer to make a presentence investigation of any defendant. The court may order the investigation only after conviction unless the defendant moves for an earlier presentence investigation. A motion for an earlier presentence investigation may be addressed only to the judge of the session of court for which the defendant's case is calendared or, if the case has not been calendared, to a resident superior court judge if the case is in the jurisdiction of the superior court or to the chief district court judge if the case is in the jurisdiction of the district court. When the court orders a presentence investigation, the probation officer must promptly investigate all circumstances relevant to sentencing and submit either a written report or an oral report either on the record or with defense counsel and the prosecutor present. The report may include sentence recommendations only if such recommendations are requested by the court.

(c) Presentence Commitment for Study. When the court desires more detailed information as a basis for determining the sentence to be imposed than can be provided by a presentence investigation, the court may, after conviction of a crime or crimes for which the defendant may be imprisoned for more than six months, and with the consent of the defendant, commit him for study to the Department of Correction for the shortest period necessary to complete the study, not to exceed 90 days. The period of commitment must end when the study is completed, and may not exceed 90 days. The department must conduct a complete study of a defendant committed to it under this subsection, inquiring into such matters as the defendant's previous delinquency or criminal experience, his social background, his capabilities, his mental, emotional and physical health, and the availability of resources or programs appropriate to the defendant. Upon completion of the study or the end of the 90-day period, whichever occurs first, the Department of Correction must release the defendant to the sheriff of the county in which his case is docketed. The department must forward the study to the clerk in that county, including whatever recommendations the department believes will be helpful to a proper resolution of the case. When a defendant is returned from a presentence commitment for study, the conditions of pretrial release which obtained for the defendant before the commitment continue until judgment is entered, unless the conditions are modified under the provisions of G.S. 15A-534(e).

"§ 15A-1333. *Availability of presentence report.*—(a) Presentence Reports Not Public Records. A written presentence report and the record of an oral presentence report are not public records and may not be made available to any person except as provided in this section.

(b) Access to Reports. The defendant, his counsel, the prosecutor, or the court may have access at any reasonable time to a written presentence report or to any record of an oral presentence report.

(c) Expunging Reports. On motion of the defendant, the court in its discretion may order a written presentence report or the record of an oral presentence report expunged from the court record.

"§ 15A-1334. *The sentencing hearing.*—(a) Time of Hearing. Unless the defendant waives the hearing, the court must hold a hearing on the sentence. Either the defendant or the State may, upon a showing which the judge determines to be good cause, obtain a continuance of the sentencing hearing.

(b) Proceeding at Hearing. The defendant at the hearing may make a statement in his own behalf. The defendant and prosecutor may present witnesses and arguments on facts relevant to the sentencing decision and may cross-examine the other party's witnesses. No person other than the defendant, his counsel, the prosecutor, and one making a presentence report may comment to the court on sentencing unless called as a witness by the defendant, the prosecutor, or the court. Formal rules of evidence do not apply at the hearing.

(c) Sentence Hearing in Other District. The judge who orders a presentence report may, in his discretion, direct that the sentencing hearing be held before him in another county or another judicial district during or after the session in which the defendant was convicted. If sentence is imposed in a county other than the one where the defendant was convicted, the clerk of the county where sentence is imposed must forward the records of the sentencing proceeding to the clerk of the county of conviction.

(d) Sentencing in capital cases shall be as set out in G.S. ____.

"§ 15A-1335. *Resentencing after appellate review.*—When a conviction or sentence imposed in superior court has been set aside on direct review or collateral attack, the court may not impose a new sentence for the same offense, or for a different offense based on the same conduct, which is more severe than the prior sentence less the portion of the prior sentence previously served.

(G.S. 15A-1336 to G.S. 15A-1340 reserved for future codification.)

"ARTICLE 82.

"Probation.

"§ 15A-1341. *Probation generally.*—(a) Use of Probation. A person who has been convicted of any noncapital criminal offense not punishable by a minimum term of life imprisonment may be placed on probation as provided in this Article.

(b) Supervised and Unsupervised Probation. The court may place a person on supervised or unsupervised probation. A person on unsupervised probation is subject to all incidents of probation except supervision by a probation officer.

(c) Election to Serve Sentence. Any person placed on probation may at any time during the probationary period elect to serve his suspended sentence of imprisonment in lieu of the remainder of his probation.

"§ 15A-1342. *Incidents of probation.*—(a) Period. The court may place an offender on probation for a maximum of five years. The probation remains conditional and subject to revocation during the period of probation imposed, unless terminated as provided in subsection (b) or G.S. 15A-1341(c).

(b) Early Termination. The court may terminate a period of probation and discharge the defendant at any time earlier than that provided in subsection (a) if warranted by the conduct of the defendant and the ends of justice.

(c) Conditions; Suspended Sentence. When the court places an offender on probation, it must determine conditions of probation as provided in G.S. 15A-1343. In addition, it must impose a suspended sentence of imprisonment, determined as provided in Article 83, Imprisonment, which may be activated upon violation of conditions of probation.

(d) Mandatory Review of Probation. Each probation officer must bring all probationers assigned to him before a court with jurisdiction to review the probation when the probationer has served three years of a probationary period greater than three years. The court must review the case file of a probationer so brought before it and determine whether to terminate his probation.

(e) Out-of-State Supervision. Probationers are subject to out-of-state supervision under the provisions of G.S. 148-65.1.

(f) Appeal from Judgment of Probation. A defendant may seek post-trial relief from a judgment which includes probation notwithstanding the authority of the court to modify or revoke the probation.

(g) Invalid Conditions; Timing of Objection. A court may not revoke probation for violation of an invalid condition. The failure of a defendant to object to a condition of probation at the time it is imposed does not constitute a waiver of the right to object at a later time to the condition.

(h) Limitation on Jurisdiction to Alter or Revoke Unsupervised Probation. In the judgment placing a person on unsupervised probation, the judge may limit jurisdiction to alter or revoke the sentence under G.S. 15A-1344. When jurisdiction to alter or revoke is limited, the effect is as provided in G.S. 15A-1344(b).

"§ 15A-1343. *Conditions of probation.*—(a) In General. The court may impose conditions of probation reasonably necessary to insure that the defendant will lead a law-abiding life or to assist him to do so.

(b) Appropriate Conditions. When placing a defendant on probation, the court may, as a condition of the probation, require that during the period of probation the defendant comply with one or more of the following conditions:

(1) Not commit any criminal offense.

(2) Work faithfully at suitable employment or faithfully pursue a course of study or of vocational training that will equip him for suitable employment.

(3) Undergo available medical or psychiatric treatment and remain in a specified institution if required for that purpose.

(4) Attend or reside in a facility providing rehabilitation, instruction, recreation, or residence for persons on probation.

(5) Support his dependents and meet other family responsibilities.

(6) Make restitution or reparation for loss or injury resulting from the crime for which the defendant is convicted. When restitution or reparation is a condition of the sentence, the amount must be limited to that supported by the evidence. The court may direct a probation officer to fix the manner of performing the restitution or reparation.

(7) Pay a fine authorized by Article 84, Fines.

(8) Refrain from possessing a firearm or destructive device or other dangerous weapon unless granted written permission by the court or the probation officer.

(9) Report to a probation officer at reasonable times and in a reasonable manner, as directed by the court or the probation officer.

(10) Permit the probation officer to visit him at reasonable times at his home or elsewhere.

(11) Remain within the jurisdiction of the court, unless granted permission to leave by the court or the probation officer.

(12) Answer all reasonable inquiries by the probation officer and obtain prior approval from the probation officer for any change in address or employment.

(13) Promptly notify the probation officer of any change in address or employment.

(14) Pay court costs and costs for appointed counsel or public defender to represent him in the case in which he was convicted.

(15) Submit at reasonable times to warrantless searches by a probation officer of his person, and of his vehicle and premises while he is present, for purposes reasonably related to his probation supervision. The court may not require as a condition of probation that the probationer submit to any other search that would otherwise be unlawful.

(16) Submit to imprisonment required for special probation under G.S. 15A-1351(a) or G.S. 15A-1344(e).

(17) Satisfy any other conditions reasonably related to his rehabilitation.

(c) Statement of Conditions. A defendant released on supervised probation must be given a written statement explicitly setting forth the conditions on which he is being released. If any modification of the terms of that probation is subsequently made, he must be given a written statement setting forth the modifications.

"§ 15A-1344. *Response to violations; alteration and revocation.*—(a) Authority to Alter or Revoke. Except as provided in subsection (b), probation may be reduced, terminated, continued, extended, modified, or revoked by any judge entitled to sit in the court which imposed probation and who is resident or presiding in the district where the sentence of probation was imposed, where the probationer violates probation, or where the probationer resides. The district attorney of the district in which probation was imposed must be given reasonable notice if the hearing is to be held in any other district.

(b) Limits on Jurisdiction to Alter or Revoke Unsupervised Probation. If the sentencing judge has entered an order to limit jurisdiction to consider a sentence of unsupervised probation under G.S. 15A-1342(h), a sentence of unsupervised probation may be reduced, terminated, continued, extended, modified, or revoked only by the sentencing judge or, if the sentencing judge is no longer on the bench, by a presiding judge in the court where the defendant was sentenced.

(c) Procedure On Altering or Revoking Probation; Returning Probationer to District Where Sentenced. When a judge reduces, terminates, extends, modifies, or revokes probation outside the county where the judgment was entered, the clerk must send a copy of the order and any other records to the court where probation was originally imposed. A court on its own motion may return the probationer to the district where probation was imposed or where the probationer resides for reduction, termination, continuation, extension, modification, or revocation of probation.

(d) Extension and Modification; Response to Violations. At any time prior to the expiration or termination of the probation period, the court may after notice and hearing and for good cause shown extend the period of probation up to the maximum allowed under G.S. 15A-1342(a) and may modify the conditions of probation. The hearing may be held in the absence of the defendant, if he fails to appear for the hearing after a reasonable effort to notify him. If a defendant violates a condition of probation at any time prior to the expiration or termination of the period of probation, the court, in accordance with the provisions of G.S. 15A-1345, may continue him on probation, with or without modifying the conditions, may place the defendant on special probation as provided in subsection (e), or, if continuation, modification, or special probation is not appropriate, may revoke the probation and activate the suspended sentence imposed at the time of initial sentencing. The court, before activating a sentence to imprisonment established when the defendant was placed on probation, may reduce the sentence. A sentence activated upon revocation of probation commences on the day probation is revoked and runs concurrently with any other period of probation, parole, or imprisonment to which the defendant is subject during that period unless the revoking judge specifies that it is to run consecutively with the other period.

(e) Special Probation in Response to Violation. When a defendant has violated a condition of probation, the court may modify his probation to place him on special probation as provided in this subsection. In placing him on special probation, the court may continue or modify the conditions of his probation and in addition require that he submit to a period or periods of imprisonment, either consecutive or nonconsecutive, at whatever time or intervals within the period of probation the court determines. If imprisonment is for consecutive periods, the confinement may be in either the custody of the Department of Correction or a local confinement facility. Nonconsecutive

periods of imprisonment under special probation may only be served in a designated local confinement or treatment facility. The total of all periods of confinement imposed as an incident of special probation, but not including an activated suspended sentence, may not exceed six months or one-fourth the maximum penalty allowed by law for the offense, whichever is less. No confinement other than an activated suspended sentence may be required beyond the period of probation or beyond two years of the time the special probation is imposed, whichever comes first.

(f) Revocation After Period of Probation. The court may revoke probation after the expiration of the period of probation if:

(1) Before the expiration of the period of probation the State has filed a written motion with the clerk indicating its intent to conduct a revocation hearing; and

(2) The court finds that the State has made reasonable effort to notify the probationer and to conduct the hearing earlier.

"§ 15A-1345. *Arrest and hearing on probation violation.*—(a) Arrest for Violation of Probation. A probationer is subject to arrest for violation of conditions of probation upon either an order for arrest issued by the court or upon the written request of a probation officer, accompanied by a written statement signed by the probation officer that the probationer has violated specified conditions of his probation. However, a probation revocation hearing under subsection (e) may be held without first arresting the probationer.

(b) Bail Following Arrest for Probation Violation. If at any time during the period of probation the probationer is arrested for a violation of any of the conditions of probation, he must be taken without unnecessary delay before a judicial official to have conditions of release pending a revocation hearing set in the same manner as provided in G.S. 15A-534.

(c) When Preliminary Hearing on Probation Violation Required. Unless the hearing required by subsection (e) is first held or the probationer waives the hearing, a preliminary hearing on probation violation must be held within five working days of an arrest of a probationer to determine whether there is probable cause to believe that he violated a condition of probation. Otherwise, the probationer must be released four working days after his arrest to continue on probation pending a hearing.

(d) Procedure for Preliminary Hearing on Probation Violation. The preliminary hearing on probation violation must be conducted by a judge who is sitting in the county where the probationer was arrested or where probation was imposed. If no judge is sitting in the county where the hearing would otherwise be held, the hearing may be held anywhere in the judicial district. The State must give the probationer notice of the hearing and its purpose, including a statement of the violations alleged. At the hearing the probationer may appear and speak in his own behalf, may present relevant information, and may, on request, personally question adverse informants unless the court finds good cause for not allowing confrontation. Formal rules of evidence do not apply at the hearing. If probable cause is found or if the probable cause hearing is waived, the probationer may be held for a revocation hearing, subject to release under the provisions of subsection (b). If the hearing is held and probable cause is not found, the probationer must be released to continue on probation.

(e) Revocation Hearing. Before revoking or extending probation, the court must, unless the probationer waives the hearing, hold a hearing to determine

whether to revoke or extend probation and must make findings to support the decision and a summary record of the proceedings. The State must give the probationer notice of the hearing and its purpose, including a statement of the violations alleged. The notice, unless waived by the probationer, must be given at least 24 hours before the hearing. At the hearing, evidence against the probationer must be disclosed to him, and the probationer may appear and speak in his own behalf, may present relevant information, and may confront and cross-examine adverse witnesses unless the court finds good cause for not allowing confrontation. The probationer is entitled to be represented by counsel at the hearing and, if indigent, to have counsel appointed. Formal rules of evidence do not apply at the hearing, but the record or recollection of evidence or testimony introduced at the preliminary hearing on probation violation are inadmissible as evidence at the revocation hearing. When the violation alleged is the nonpayment of fine or costs, the issues and procedures at the hearing include those specified in G.S. 15A-1364 for response to nonpayment of fine.

"§ 15A-1346. *Commencement of probation; multiple sentence.*—(a) Commencement of Probation. Except as provided in subsection (b), a period of probation commences on the day it is imposed and runs concurrently with any other period of probation, parole, or imprisonment to which the defendant is subject during that period.

(b) Consecutive and Concurrent Sentences. If a period of probation is being imposed at the same time a period of imprisonment is being imposed or if it is being imposed on a person already subject to an undischarged term of imprisonment, the period of probation may run either concurrently or consecutively with the term of imprisonment, as determined by the court. If not specified, it runs concurrently.

"§ 15A-1347. *Appeal from revocation of probation or imposition of special probation upon violation.*—When a district court judge, as a result of a finding of a violation of probation, activates a sentence or imposes special probation, the defendant may appeal to the superior court for a de novo revocation hearing. At the hearing the probationer has all rights and the court has all authority they have in a revocation hearing held before the superior court in the first instance. Appeals from lower courts to the superior courts from judgments revoking probation may be heard in term or out of term, in the county or out of the county by the resident superior court judge of the district or the superior court judge assigned to hold the courts of the district, or a judge of the superior court commissioned to hold court in the district, or a special superior court judge residing in the district. When a superior court judge, as a result of a finding of a violation of probation, activates a sentence or imposes special probation, either in the first instance or upon a de novo hearing after appeal from a district court, the defendant may appeal under G.S. 7A-27.

(G.S. 15A-1348 to G.S. 15A-1350 reserved for future codification.)

"ARTICLE 83.

"Imprisonment.

"§ 15A-1351. *Sentence of imprisonment; incidents; special probation.*—(a) The judge may sentence a defendant convicted of an offense for which the maximum penalty does not exceed 10 years to special probation. Under a sentence of special probation, the court may suspend the term of imprisonment and place the defendant on probation as provided in Article 82, Probation, and in addition require that the defendant submit to a period or periods of

imprisonment in the custody of the Department of Correction or a designated local confinement or treatment facility at whatever time or intervals within the period of probation, consecutive or nonconsecutive, the court determines. The total of all periods of confinement imposed as an incident of special probation, but not including an activated suspended sentence, may not exceed six months or one-fourth the maximum penalty allowed by law for the offense, whichever is less, and no confinement other than an activated suspended sentence may be required beyond two years of conviction. In imposing a sentence of special probation, the judge may credit any time spent committed or confined, as a result of the charge, to either the suspended sentence or to the imprisonment required for special probation. The period of probation, including the period of imprisonment required for special probation, may not exceed five years. The court may revoke, modify, or terminate special probation as otherwise provided for probationary sentences.

(b) A sentence to imprisonment must impose maximum term and may impose a minimum term. The judgment may state the minimum term or may state that a term constitutes both the minimum and maximum terms. If the judgment states no minimum term, the defendant becomes eligible for parole in accordance with G.S. 15A-1371(a).

(c) Reduction of Minimum. A superior court judge, or any district court judge if the offender is serving a sentence imposed in district court, sitting or resident in the district where the offender was sentenced may remove or reduce an imposed minimum term at any time upon motion of the Department of Correction and Paroles Commission. When the Department of Correction moves that a minimum sentence be removed or reduced, it must send a copy of the motion to the district attorney in the district where the defendant was convicted.

(d) Alternative to Minimum Term. In lieu of imposing a minimum term, the court may recommend to the Parole Commission a minimum period of imprisonment the offender should serve before being granted parole. The recommendation has the effect provided in G.S. 15A-1371(c).

(e) Youthful Offenders. If an offender is under the age of 21 years at the time of conviction, the court may sentence the offender as a youthful offender under the provisions of Article 3A of Chapter 148 of the General Statutes.

(f) Work Release. The sentencing court may recommend that the sentenced offender be granted work release as authorized in G.S. 148-33.1.

"§ 15A-1352. *Commitment to Department of Correction or local confinement facility.*—A person sentenced to imprisonment for a felony or a misdemeanor under this Article or for nonpayment of a fine under Article 84, Fines, must be committed for the term designated by the court to the custody of the Department of Correction or to a local confinement facility. If the sentence imposed is for a period less than 180 days, the commitment must be to a facility other than one maintained by the Department of Correction.

"§ 15A-1353. *Order of commitment when imprisonment imposed; release pending appeal.*—(a) When a sentence includes a term or terms of imprisonment, the court must issue an order of commitment setting forth the judgment. Unless otherwise specified in the order of commitment, the date of the order is the date service of the sentence is to begin.

(b) There must be included in the commitment, or in a separate order referred to in the commitment, any provisions with regard to release under

Article 26, Bail, if an appeal is taken, and the conditions of the release. If the commitment has been entered before appeal or the setting of the conditions for release, appropriate copies of those documents must be forwarded to the agency having custody of the defendant.

(c) Unless a later time is directed in the order of commitment or the defendant has been released from custody pursuant to Article 26, Bail, the sheriff must cause the defendant to be placed in the custody of the agency specified in the judgment on the day service of the sentence is to begin or as soon thereafter as practicable.

(d) A certified copy of the order of commitment, together with any separate order providing for release of the defendant pending appeal, must be delivered to the custodian of the confinement facility.

(e) When a defendant has been committed pursuant to this section:

(1) If appeal has been entered and conditions of release have been set as provided in Article 26, Bail, the agency having custody of the defendant may effect his release in the manner provided in G.S. 15A-537; or

(2) If appeal is entered and the conditions of release are not set until after the order of commitment has been issued, and the defendant has been placed in the custody of the agency directed therein, appropriate copies of the conditions of release must be certified by the clerk and forwarded to the agency, which then may effect his release in the manner provided in G.S. 15A-537.

"§ 15A-1354. *Concurrent and consecutive terms of imprisonment.*—(a) Authority of Court. When multiple sentences of imprisonment are imposed on a person at the same time or when a term of imprisonment is imposed on a person who is already subject to an undischarged term of imprisonment, including a term of imprisonment in another jurisdiction, the sentences may run either concurrently or consecutively, as determined by the court. If not specified, sentences shall run concurrently.

(b) Effect of Consecutive Terms. In determining the effect of consecutive sentences imposed under authority of this Article and the manner in which they will be served, the Department of Correction must treat the defendant as though he has been committed for a single term with the following incidents:

(1) The maximum prison sentence consists of the total of the maximum terms of the consecutive sentences; and

(2) The minimum term, if any, consists of the total of the minimum terms of the consecutive sentences.

"§ 15A-1355. *Calculation of terms of imprisonment.*—(a) Commencement of Sentence. The commencement date of a sentence of imprisonment under authority of this Article is as provided in G.S. 15A-1353(a), except when the sentence is a consecutive sentence. When it is a consecutive sentence, it commences to run when the State has custody of the defendant following completion of the prior sentence.

(b) Credit. To the extent that credit has not been given in the judgment or parole revocation order, the Department of Correction must give credit toward service of the maximum term and any minimum term of a sentence to imprisonment for:

(1) All time spent committed to or in confinement in any State or local correctional, mental, or other institution as a result of the charge that

culminated in the sentence or for all time spent in a mental institution following a civil commitment arising from the criminal proceedings; and

(2) All time spent in confinement in another jurisdiction as a result of conviction for an offense which is based on the same facts and which contains all the elements of the offense for which sentence is being served in this State or of a lesser included offense.

(c) Credit for Good Behavior. The Department of Correction may give credit toward service of the maximum term and any minimum term of imprisonment for allowances of time as provided in rules and regulations made under G.S. 148-11 and G.S. 148-13.

"ARTICLE 84.

"Fines.

"§ 15A-1361. *Authorized fines.*—A person who has been convicted of an offense may be ordered to pay a fine as provided by law.

"§ 15A-1362. *Imposition of fines.*—(a) General Criteria. In determining the method of payment of a fine, the court should consider the burden that payment will impose in view of the financial resources of the defendant.

(b) Installment or Delayed Payments. When a defendant is ordered to pay a fine, the court may provide for the payment to be made within a specified period of time or in specified installments. If no such provision is made a part of the sentence, the fine is payable forthwith.

(c) Nonpayment. When a defendant is ordered, other than as a condition of probation, to pay a fine, costs, or both, the court may impose at the same time a sentence to be served in the event that the fine is not paid. The court also may impose an order that the defendant appear, if he fails to make the required payment, at a specified time to show cause why he should not be imprisoned.

"§ 15A-1363. *Remission of a fine or costs.*—A defendant who has been required to pay a fine or costs, including a requirement to pay fine or costs as a condition of probation, or a prosecutor, may at any time petition the sentencing court for a remission or revocation of the fine or costs or any unpaid portion of it. If it appears to the satisfaction of the court that the circumstances which warranted the imposition of the fine or costs no longer exist, that it would otherwise be unjust to require payment, or that the proper administration of justice requires resolution of the case, the court may remit or revoke the fine or costs or the unpaid portion in whole or in part or may modify the method of payment.

"§ 15A-1364. *Response to nonpayment.*—(a) Response to Default. When a defendant who has been required to pay a fine or costs or both defaults in payment or in any installment, the court, upon the motion of the prosecutor or upon its own motion, may require the defendant to appear and show cause why he should not be imprisoned or may rely upon a conditional show cause order entered under G.S. 15A-1362(c). If the defendant fails to appear, an order for his arrest may be issued.

(b) Imprisonment; Criteria. Following a requirement to show cause under subsection (a), unless the defendant shows inability to comply and that his nonpayment was not attributable to a failure on his part to make a good faith effort to obtain the necessary funds for payment, the court may order the suspended sentence, if any, activated, or, if the law provides no term of imprisonment for the offense for which the defendant was convicted or if no suspended sentence was imposed, the court may order the defendant imprisoned

for a term not to exceed 30 days. The court, before activating a sentence of imprisonment, may reduce the sentence. The court may provide in its order that payment or satisfaction at any time of the fine and costs imposed by the court will entitle the defendant to his release from the imprisonment or, after entering the order, may at any time reduce the sentence for good cause shown, including payment or satisfaction of the fine.

(c) Modification of Fine or Costs. If it appears that the default in the payment of a fine or costs is not attributable to failure on the defendant's part to make a good faith effort to obtain the necessary funds for payment, the court may enter an order:

(1) Allowing the defendant additional time for payment; or

(2) Reducing the amount of the fine or costs or of each installment; or

(3) Revoking the fine or costs or the unpaid portion in whole or in part.

(d) Organizations. When an organization is required to pay a fine or costs or both, it is the duty of the person or persons authorized to make disbursement of the assets of the organization to make payment from assets of the organization, and a failure to do so constitutes contempt of court.

"§ 15A-1365. *Judgment for fines docketed; lien and execution.*—When a defendant has defaulted in payment of a fine or costs, the judge may order that the judgment be docketed. Upon being docketed, the judgment becomes a lien on the real estate of the defendant in the same manner as do judgments in civil actions. Executions on docketed judgments may be stayed only when an appeal is taken and security is given as required in civil cases. If the judgment is affirmed on appeal to the appellate division, the clerk of the superior court, on receipt of the certificate from the appellate division, must issue execution on the judgment. No execution may issue if the defendant elects to serve the suspended sentence or, if no suspended sentence was imposed, a term of 30 days. (G.S. 15A-1366 to G.S. 15A-1370 reserved for future codification.)

"ARTICLE 85.

"Parole.

"§ 15A-1371. *Parole eligibility, consideration, and refusal.*—(a) Eligibility. Unless his sentence includes a minimum sentence, a prisoner serving a term other than life imprisonment or one included in a sentence of special probation imposed under authority of this Subchapter is eligible for release on parole at any time. A prisoner whose sentence includes a minimum term of imprisonment imposed under authority of this Subchapter is eligible for release on parole only upon completion of the service of that minimum term or one-fifth of the maximum penalty allowed by law for the offense for which the prisoner is sentenced, whichever is less, less any credit allowed under G.S. 15A-1355(b) and (c). Under this section, when the maximum allowed by law for the offense is life imprisonment, one fifth of the maximum is calculated as 20 years. A prisoner whose sentence includes a minimum sentence imposed only because required by law is eligible for release upon completion of one-fourth of the minimum time.

(b) Consideration for Parole. The Parole Commission must consider the desirability of parole for each person sentenced for a maximum term of 18 months or longer:

(1) At least 60 days prior to his eligibility for parole, if he is ineligible for parole until he has served more than a year; or

(2) At least 60 days prior to the expiration of the first year of the sentence, if he is eligible for parole at any time. Whenever the Parole Commission

will be considering for parole a prisoner who, if released, would have served less than half of the maximum term of his sentence, the Commission must notify the district attorney of the district where the prisoner was convicted at least 30 days in advance of considering the parole. If the district attorney makes a written request in such cases, the Commission must publicly conduct its consideration of parole. Following its consideration, the Commission must issue a formal order granting or denying parole. If parole is denied, the Commission must consider its decision while the prisoner is eligible for parole at least once a year until parole is granted and must issue a formal order granting or denying parole at least once a year.

(c) Statement of Reasons for Release Before Minimum. If parole is granted before the expiration of a minimum period of imprisonment imposed by the court under G.S. 15A-1351(b) or recommended by the court under G.S. 15A-1351(d), the Commission must state in writing the reasons why the imposed or recommended minimum was not followed.

(d) Criteria. The Parole Commission may refuse to release on parole a prisoner it is considering for parole if it believes:

(1) There is a substantial risk that he will not conform to reasonable conditions of parole; or

(2) His release at that time would unduly depreciate the seriousness of his crime or promote disrespect for law; or

(3) His continued correctional treatment, medical care, or vocational or other training in the institution will substantially enhance his capacity to lead a law-abiding life if he is released at a later date; or

(4) There is a substantial risk that he would engage in further criminal conduct.

(e) Refusal of Parole. A prisoner who has been granted parole may elect to refuse parole and to serve the remainder of his term of imprisonment.

(f) Mandatory Parole at End of Felony Term. No later than six months prior to completion of his maximum term, the Parole Commission must parole every person convicted of a felony and sentenced to a maximum term of not less than 18 months of imprisonment, unless:

(1) The person is to serve a period of probation following his imprisonment;

(2) The person has been reimprisoned following parole as provided in G.S. 15A-1373(e); or

(3) The Parole Commission finds facts demonstrating a strong likelihood that the health or safety of the person or public would be endangered by his release at that time.

(g) Automatic Parole in Absence of Finding. A prisoner eligible for parole under subsection (a) and serving a sentence of not less than six months for a misdemeanor or serving a sentence not less than six months nor as great as 18 months for a felony must be released on parole when he completes service of one-third of his maximum sentence unless the Parole Commission finds in writing that:

(1) There is a substantial risk that he will not conform to reasonable conditions of parole; or

(2) His release at that time would unduly depreciate the seriousness of his crime or promote disrespect for law; or

(3) His continued correctional treatment, medical care, or vocational or other training in the institution will substantially enhance his capacity to lead a law-abiding life if he is released at a later date; or

(4) There is a substantial risk that he would engage in further criminal conduct.

If a prisoner is released on parole by operation of this subsection, the term of parole is the unserved portion of the sentence to imprisonment, and the conditions of parole, unless otherwise specified by the Parole Commission, are those authorized in G.S. 15A-1374(b)(4) through (10).

"§ 15A-1372. *Length and effect of parole term.*—(a) Minimum Term of Parole. The term of parole for any person released from imprisonment may be no less than:

(1) One year, if the remainder of the maximum term of imprisonment is one year or more; or

(2) The remainder of the maximum term, if the remainder of the term of imprisonment is less than one year.

(b) Maximum Term of Parole. The maximum term of parole is the lesser of the following:

(1) The remainder of the maximum term; or

(2) Five years when the maximum prison sentence imposed is greater than 20 years; or

(3) Three years when the maximum prison sentence imposed is greater than 10 years but no greater than 20 years; or

(4) Two years when the maximum prison sentence imposed is not greater than 10 years.

(c) Termination of Sentence. When a parolee completes his period of parole, the sentence or sentences from which he was paroled are terminated.

"§ 15A-1373. *Incidents of parole.*—(a) Conditionality of Parole. Unless terminated sooner as provided in subsection (b), parole remains conditional and subject to revocation.

(b) Early Termination. The Parole Commission may terminate a period of parole and discharge the parolee at any time after the expiration of one year of successful parole if warranted by the conduct of the parolee and the ends of justice.

(c) Modification of Conditions. The Parole Commission may for good cause shown modify the conditions of parole at any time prior to the expiration or termination of the period for which the parole remains conditional.

(d) Effect of Violation. If the parolee violates a condition at any time prior to the expiration or termination of the period, the Commission may continue him on the existing parole, with or without modifying the conditions, or, if continuation or modification is not appropriate, may revoke the parole as provided in G.S. 15A-1376 and reimprison the parolee for a term consistent with the following requirements:

(1) The recommitment must be for the unserved portion of the maximum term of imprisonment imposed by the court under G.S. 15A-1351, or six months, whichever is greater.

(2) The prisoner must be given credit against the term of reimprisonment for all time spent in custody as a result of revocation proceedings under G.S. 15A-1376.

(e) Re-parole. A prisoner who has been reimprisoned following parole may be re-paroled by the Parole Commission subject to the provisions which govern initial parole. In the event that a defendant serves the final six months of his maximum imprisonment as a result of being recommitted for violation of parole, he may not be required to serve a further period on parole.

(f) Timing of Revocation. The Parole Commission may revoke parole for violation of a condition during the period of parole. The Commission also may revoke following the period of parole if:

(1) Before the expiration of the period of parole, the Commission has recorded its intent to conduct a revocation hearing, and

(2) The Commission finds that every reasonable effort has been made to notify the parolee and conduct the hearing earlier.

"§ 15A-1374. *Conditions of parole.*—(a) In General. The Parole Commission may in its discretion impose conditions of parole it believes reasonably necessary to insure that the parolee will lead a law-abiding life or to assist him to do so. The Commission must provide as an express condition of every parole that the parolee not commit another crime during the period for which the parole remains subject to revocation. When the Commission releases a person on parole, it must give him a written statement of the conditions on which he is being released.

(b) Appropriate Conditions. As conditions of parole, the Commission may require that the parolee comply with one or more of the following conditions:

(1) Work faithfully at suitable employment or faithfully pursue a course of study or vocational training that will equip him for suitable employment.

(2) Undergo available medical or psychiatric treatment and remain in a specified institution if required for that purpose.

(3) Attend or reside in a facility providing rehabilitation, instruction, recreation, or residence for persons on parole.

(4) Support his dependents and meet other family responsibilities.

(5) Refrain from possessing a firearm, destructive device, or other dangerous weapon unless granted written permission by the Commission or the parole officer.

(6) Report to a parole officer at reasonable times and in a reasonable manner, as directed by the Commission or the parole officer.

(7) Permit the parole officer to visit him at reasonable times at his home or elsewhere.

(8) Remain within the geographic limits fixed by the Commission unless granted written permission to leave by the Commission or the parole officer.

(9) Answer all reasonable inquiries by the parole officer and obtain prior approval from the parole officer for any change in address or employment.

(10) Promptly notify the parole officer of any change in address or employment.

(11) Submit at reasonable times to searches of his person by a parole officer for purposes reasonably related to his parole supervision. The Commission may not require as a condition of parole that the parolee submit to any other searches that would otherwise be unlawful.

(12) Satisfy other conditions reasonably related to his rehabilitation.

"§ 15A-1375. *Commencement of parole; multiple sentences.*—A period of parole commences on the day the prisoner is released from imprisonment. Periods of parole run concurrently with any federal or state prison, jail, probation, or parole term to which the defendant is subject during the period.

"§ 15A-1376. *Arrest and hearing on parole violation.*—(a) Arrest for Violation of Parole. A parolee is subject to arrest for violation of conditions of parole only upon the issuance of an order of temporary or conditional revocation of parole by the Parole Commission. However, a parole revocation hearing under subsection (e) may be held without first arresting the parolee.

(b) When and Where Preliminary Hearing on Parole Violation Required. Unless the hearing required by subsection (e) is first held or the parolee waives the hearing, a preliminary hearing on parole violation must be held reasonably near the place of the alleged violation or arrest and within four working days of the arrest of a parolee to determine whether there is probable cause to believe that he violated a condition of parole. Otherwise, the parolee must be released four working days after his arrest to continue on parole pending a hearing.

(c) Officers to Conduct Hearing. The preliminary hearing on parole violation must be conducted by a judicial official, or by a hearing officer designated by the Parole Commission. No person employed by the Department of Correction may serve as a hearing officer at a hearing provided in this section unless he is a member of the Parole Commission or is employed solely as a hearing officer.

(d) Procedure for Preliminary Hearing on Parole Violation. The Department of Correction must give the parolee notice of the preliminary hearing and its purpose, including a statement of the violations alleged. At the hearing, the parolee may appear and speak in his own behalf, may present relevant information, and may, on request, personally question witnesses and adverse informants, unless the court finds good cause for not allowing confrontation. If the person holding the hearing determines there is probable cause to believe the parolee violated his parole, he must summarize the reasons for his determination and the evidence he relied on. Formal rules of evidence do not apply at the hearing. If probable cause is found, the parolee may be held in the custody of the Department of Correction to serve the appropriate term of imprisonment, subject to the outcome of a revocation hearing under subsection (e).

(e) Revocation Hearing. Before finally revoking parole, the Parole Commission must, unless the parolee waived the hearing or the time limit, provide a hearing within 45 days of the parolee's reconfinement to determine whether to revoke parole finally. The hearing is governed by the provisions of Article 3 of Chapter 150A of the General Statutes except:

(1) The parolee is entitled to appear and speak in his own behalf and to confront and cross-examine adverse witnesses unless good cause is found for not allowing confrontation; and

(2) The hearing examiner must meet the requirements of subsection (c).

"§ 15A-1377. *Appeal from revocation of parole.*—A person whose parole has been revoked may appeal the revocation under the provisions of Article 4 of Chapter 150A of the General Statutes.

"ARTICLE 88.

"Post-Trial Motions and Appeal.

"§ 15A-1401. *Post-trial motions and appeal.*—Relief from errors committed in criminal trials and proceedings and other post-trial relief may be sought by:

(1) Motion for appropriate relief, as provided in Article 89.

(2) Appeal and trial de novo in misdemeanor cases, as provided in Article 90.

(3) Appeal, as provided in Article 91.

(G.S. 15A-1402 to G.S. 15A-1410 reserved for future codification.)

"ARTICLE 89.

"Motion for Appropriate Relief and Other Post-Trial Relief.

"§ 15A-1411. *Motion for appropriate relief.*—(a) Relief from errors committed in the trial division, or other post-trial relief, may be sought by a motion for appropriate relief. Procedure for the making of the motion is as set out in G.S. 15A-1420.

(b) A motion for appropriate relief, whether made before or after the entry of judgment, is a motion in the original cause and not a new proceeding.

(c) The relief formerly available by motion in arrest of judgment, motion to set aside the verdict, motion for new trial, post conviction proceedings, *coram nobis* and all other post-trial motions is available by motion for appropriate relief. The availability of relief by motion for appropriate relief is not a bar to relief by writ of habeas corpus.

"§ 15A-1412. *Provisions of article procedural.* The provision in this Article for the right to seek relief by motion for appropriate relief is procedural and is not determinative of the question of whether the moving party is entitled to the relief sought or to other appropriate relief.

"§ 15A-1413. *Trial judges empowered to act.*—(a) A motion for appropriate relief made pursuant to G.S. 15A-1415 may be heard and determined in the trial division by any judge who is empowered to act in criminal matters in the judicial district and trial division in which the judgment was entered.

(b) The judge who presided at the trial is empowered to act upon a motion for appropriate relief made pursuant to G.S. 15A-1414. He may act even though he is in another district or even though his commission has expired.

(c) When a motion for appropriate relief may be made before a judge who did not hear the case, he may, if it is practicable to do so, refer all or a part of the matter for decision to the judge who heard the case.

"§ 15A-1414. *Motion by defendant for appropriate relief made within 10 days after verdict.*—(a) After the verdict but not more than 10 days after entry of judgment, the defendant by motion may seek appropriate relief for any error committed during or prior to the trial.

(b) Unless included in G.S. 15A-1415, all errors, including but not limited to the following, must be asserted within 10 days after entry of judgment:

(1) Any error of law, including the following:

a. The court erroneously failed to dismiss the charge prior to trial pursuant to G.S. 15A-954.

b. The court's ruling was contrary to law with regard to motions made before or during the trial, or with regard to the admission or exclusion of evidence.

c. The evidence, at the close of all the evidence, was insufficient to justify submission of the case to the jury, whether or not a motion so asserting was made before verdict.

d. The court erroneously instructed the jury.

(2) The verdict is contrary to the weight of the evidence.

(3) For any other cause the defendant did not receive a fair and impartial trial.

(c) The motion may be made and acted upon in the trial court whether or not notice of appeal has been given.

"§ 15A-1415. *Grounds for appropriate relief which may be asserted by defendant after verdict and without limitation as to time.*—(a) At any time after verdict, the defendant by motion may seek appropriate relief upon any of the grounds enumerated in this section.

(b) The following are the only grounds which the defendant may assert by a motion for appropriate relief made more than 10 days after entry of judgment:

(1) The acts charged in the criminal pleading did not at the time they were committed constitute a violation of criminal law.

(2) The trial court lacked jurisdiction over the person of the defendant or over the subject matter.

(3) The conviction was obtained in violation of the Constitution of the United States or the Constitution of North Carolina.

(4) The defendant was convicted or sentenced under a statute that was in violation of the Constitution of the United States or the Constitution of North Carolina.

(5) The conduct for which the defendant was prosecuted was protected by the Constitution of the United States or the Constitution of North Carolina.

(6) Evidence is available which was unknown or unavailable to the defendant at the time of the trial, which could not with due diligence have been discovered or made available at that time, and which has a direct and material bearing upon the guilt or innocence of the defendant.

(7) There has been a significant change in law, either substantive or procedural, applied in the proceedings leading to the defendant's conviction or sentence, and retroactive application of the changed legal standard is required.

(8) The sentence imposed was unauthorized at the time imposed, exceeded the maximum authorized by law, was illegally imposed, or is otherwise invalid as a matter of law.

(9) The defendant is in confinement and is entitled to release because his sentence has been fully served.

"§ 15A-1416. *Motion by the State for appropriate relief.*—(a) After the verdict but not more than 10 days after entry of judgment, the State by motion may seek appropriate relief for any error which it may assert upon appeal.

(b) At any time after verdict the State may make a motion for appropriate relief for:

(1) The imposition of sentence when prayer for judgment has been continued and grounds for the imposition of sentence are asserted.

(2) The initiation of any proceeding authorized under Article 82, Probation; Article 83, Imprisonment; and Article 84, Fines with regard to the modification of sentences. The procedural provisions of those Articles are controlling.

"§ 15A-1417. *Relief available.*—(a) The following relief is available when the court grants a motion for appropriate relief:

(1) New trial on all or any of the charges.

(2) Dismissal of all or any of the charges.

(3) The relief sought by the State pursuant to G.S. 15A-1416.

(4) Any other appropriate relief.

(b) When relief is granted in the trial court and the offense is divided into degrees or necessarily includes lesser offenses, and the court is of the opinion that the evidence does not sustain the verdict but is sufficient to sustain a finding of guilty of a lesser degree or of a lesser offense necessarily included in the one charged, the court may, with consent of the State, accept a plea of guilty to the lesser degree or lesser offense.

(c) If resentencing is required, the trial division may enter an appropriate sentence. If a motion is granted in the appellate division and resentencing is required, the case must be remanded to the trial division for entry of a new sentence.

"§ 15A-1418. *Motion for appropriate relief in the appellate division.*—(a) When a case is in the appellate division for review, a motion for appropriate relief based upon grounds set out in G.S. 15A-1415 must be made in the appellate division. For the purpose of this section a case is in the appellate division when the jurisdiction of the trial court has been divested as provided in G.S. 15A-1448, or when a petition for a writ of certiorari has been granted. When a petition for a writ of certiorari has been filed but not granted, a copy or written statement of any motion made in the trial court, and of any disposition of the motion, must be filed in the appellate division.

(b) When a motion for appropriate relief is made in the appellate division, the appellate court must decide whether the motion may be determined on the basis of the materials before it, or whether it is necessary to remand the case to the trial division for taking evidence or conducting other proceedings. If the appellate court does not remand the case for proceedings on the motion, it may determine the motion in conjunction with the appeal and enter its ruling on the motion with its determination of the case.

(c) The order of remand must provide that the time periods for perfecting or proceeding with the appeal are tolled, and direct that the order of the trial division with regard to the motion be transmitted to the appellate division so that it may proceed with the appeal or enter an appropriate order terminating it.

"§ 15A-1419. *When motion for appropriate relief denied.*-(a) The following are grounds for the denial of a motion for appropriate relief:

(1) Upon a previous motion made pursuant to this Article, the defendant was in a position to adequately raise the ground or issue underlying the present motion but did not do so. This subdivision does not apply to a motion based upon deprivation of the right to counsel at the trial or upon failure of the trial court to advise the defendant of such right. This

subdivision does not apply when the previous motion was made within 10 days after entry of judgment.

(2) The ground or issue underlying the motion was previously determined on the merits upon an appeal from the judgment or upon a previous motion or proceeding in the courts of this State or a federal court, unless since the time of such previous determination there has been a retroactively effective change in the law controlling such issue.

(3) Upon a previous appeal the defendant was in a position to adequately raise the ground or issue underlying the present motion but did not do so.

(b) Although the court may deny the motion under any of the circumstances specified in this section, in the interest of justice and for good cause shown it may in its discretion grant the motion if it is otherwise meritorious.

"§ 15A-1420. *Motion for appropriate relief; procedure.*-(a) Form, Service, Filing.

(1) A motion for appropriate relief must:

a. Be made in writing unless it is made:

1. In open court;
2. Before the judge who presided at trial;
3. Before the end of the session if made in superior court; and
4. Within 10 days after entry of judgment;

b. State the grounds for the motion; and

c. Set forth the relief sought.

(2) A written motion for appropriate relief must be served in the manner provided in G.S. 15A-951(b). When the written motion is made more than 10 days after entry of judgment, service of the motion and a notice of hearing must be made not less than five working days prior to the date of the hearing. When a motion for appropriate relief is permitted to be made orally the court must determine whether the matter may be heard immediately or at a later time. If the opposing party, or his counsel if he is represented, is not present, the court must provide for the giving of adequate notice of the motion and the date of hearing to the opposing party, or his counsel if he is represented by counsel.

(3) A written motion for appropriate relief must be filed in the manner provided in G.S. 15A-951(c).

(b) Supporting Affidavits.

(1) A motion for appropriate relief made after the entry of judgment must be supported by affidavit or other documentary evidence if based upon the existence or occurrence of facts which are not ascertainable from the records and any transcript of the case or which are not within the knowledge of the judge who hears the motion.

(2) The opposing party may file affidavits or other documentary evidence.

(c) Hearings, Showing of Prejudice; Findings.

(1) Any party is entitled to a hearing on questions of law or fact arising from the motion and any supporting or opposing information presented unless the court determines that the motion is without merit. The court must determine, on the basis of these materials and the requirements of this subsection, whether an evidentiary hearing is required to resolve questions of fact.

(2) An evidentiary hearing is not required when the motion is made in the trial court pursuant to G.S. 15A-1414, but the court may hold an evidentiary hearing if it is appropriate to resolve questions of fact.

(3) The court must determine the motion without an evidentiary hearing when the motion and supporting and opposing information present only questions of law.

(4) If the court cannot rule upon the motion without the hearing of evidence, it must conduct a hearing for the taking of evidence, and must make findings of fact. The defendant has a right to be present at the evidentiary hearing and to be represented by counsel. A waiver of the right to be present must be in writing.

(5) If an evidentiary hearing is held, the moving party has the burden of proving by a preponderance of the evidence every fact essential to support the motion.

(6) A defendant who seeks relief by motion for appropriate relief must show the existence of the asserted ground for relief. Relief must be denied unless prejudice appears, in accordance with G.S. 15A-1443.

(7) The court must rule upon the motion and enter its order accordingly. When the motion is based upon an asserted violation of the rights of the defendant under the Constitution or laws or treaties of the United States, the court must make and enter conclusions of law and a statement of the reasons for its determination to the extent required, when taken with other records and transcripts in the case, to indicate whether the defendant has had a full and fair hearing on the merits of the grounds so asserted.

(d) Action on Court's Own Motion. At any time that a defendant would be entitled to relief by motion for appropriate relief, the court may grant such relief upon its own motion. The court must cause appropriate notice to be given to the parties.

"§ 15A-1421. *Indigent defendants.*—The provisions of Chapter 7A of the General Statutes with regard to the appointment of counsel for indigent defendants are applicable to proceedings under this Article. The court also may make appropriate orders relieving indigent defendants of all or a portion of the costs of the proceedings.

"§ 15A-1422. *Review upon appeal.*—(a) The making of a motion for appropriate relief is not a prerequisite for asserting an error upon appeal.

(b) The grant or denial of relief sought pursuant to G.S. 15A-1414 is subject to appellate review only in an appeal regularly taken.

(c) The court's ruling on a motion for appropriate relief pursuant to G.S. 15A-1415 is subject to review:

(1) If the time for appeal from the conviction has not expired, by appeal.

(2) If an appeal is pending when the ruling is entered, in that appeal.

(3) If the time for appeal has expired and no appeal is pending, by writ of certiorari.

(d) There is no right to appeal from the denial of a motion for appropriate relief when the movant is entitled to a trial de novo upon appeal.

(e) When an error asserted upon appeal has also been the subject of a motion for appropriate relief, denial of the motion has no effect on the right to assert error upon appeal.

(G.S. 15A-1423 to G.S. 15A-1430 reserved for future codification.)

"ARTICLE 90.

"Appeals from Magistrates and District Court Judges.

"§ 15A-1431. *Appeals by defendants from magistrate and district court judge; trial de novo.*—(a) A defendant convicted before a magistrate may appeal for trial de novo before a district court judge without a jury.

(b) A defendant convicted in the district court before the judge may appeal to the superior court for trial de novo with a jury as provided by law.

(c) Within 10 days of entry of judgment, notice of appeal may be given orally in open court or in writing to the clerk. Within 10 days of entry of judgment, the defendant may withdraw his appeal and comply with the judgment. Upon expiration of the 10-day period, if an appeal has been entered and not withdrawn, the clerk must transfer the case to the appropriate court.

(d) A defendant convicted by a magistrate or district court judge is not barred from appeal because of compliance with the judgment, but notice of appeal after compliance must be given by the defendant in person to the magistrate or judge who heard the case or, if he is not available, notice must be given:

(1) Before a magistrate in the county, in the case of appeals from the magistrate; or

(2) During an open session of district court in the judicial district, in the case of appeals from district court.

The magistrate or district court judge must review the case and fix conditions of pretrial release as appropriate. If a defendant has paid a fine or costs and then appeals, the amount paid must be remitted to the defendant, but the judge, clerk or magistrate to whom notice of appeal is given may order the remission delayed pending the determination of the appeal.

(e) Any order of pretrial release remains in effect pending appeal by the defendant unless the judge modifies the order.

(f) Appeal pursuant to this section stays the execution of portions of the judgment relating to fine and costs. Appeal stays portions of the judgment relating to confinement when the defendant has complied with conditions of pretrial release.

(g) The defendant may withdraw his appeal at any time prior to calendaring of the case for trial de novo. The case is then automatically remanded to the court from which the appeal was taken, for execution of the judgment.

"§ 15A-1432. *Appeals by State from district court judge.*—(a) Unless the rule against double jeopardy prohibits further prosecution, the State may appeal from the district court judge to the superior court:

(1) When there has been a decision or judgment dismissing criminal charges as to one or more counts.

(2) Upon the granting of a motion for a new trial on the ground of newly discovered or newly available evidence but only on questions of law.

(b) When the State appeals pursuant to subsection (a) the appeal is by written motion specifying the basis of the appeal made within 10 days after the entry of the judgment in the district court. The motion must be filed with the clerk and a copy served upon the defendant.

(c) The motion may be heard by any judge of superior court having authority for the trial of criminal cases in the district. The State and the defendant are entitled to file briefs and are entitled to adequate time for their preparation, consonant with the expeditious handling of the appeal.

(d) If the superior court finds that a judgment, ruling, or order dismissing criminal charges in the district court was in error, it must reinstate the charges and remand the matter to district court for further proceedings. The defendant may appeal this order to the appellate division as in the case of other orders of the superior court.

(e) If the superior court finds that the order of the district court was correct, it must enter an order affirming the judgment of the district court. The State may appeal the order of the superior court to the appellate division upon certificate by the district attorney to the judge who affirmed the judgment that the appeal is not taken for the purpose of delay.

(G.S. 15A-1433 to G.S. 15A-1440 reserved for future codification.)

"ARTICLE 91.

"Appeal.

"§ 15A-1441. *Correction of errors by appellate division.*—Errors of law may be corrected upon appellate review as provided in this Article.

"§ 15A-1442. *Grounds for correction of error by appellate division.*—The following constitute grounds for correction of errors by the appellate division.

(1) Lack of Jurisdiction.
   a. The trial court lacked jurisdiction over the offense.
   b. The trial court did not have jurisdiction over the person of the defendant.

(2) Error in the Criminal Pleading. Failure to charge a crime, in that:
   a. The criminal pleading charged acts which at the time they were committed did not constitute a violation of criminal law; or
   b. The pleading fails to state essential elements of an alleged violation as required by G.S. 15A-924(a)(5).

(3) Insufficiency of the Evidence. The evidence was insufficient as a matter of law.

(4) Errors in Procedure.
   a. There has been a denial of pretrial motions or relief to which the defendant is entitled, so as to affect the defendant's preparation or presentation of his defense, to his prejudice.
   b. There has been a denial of a trial motion or relief to which the defendant is entitled, to his prejudice.
   c. There has been error in the admission or exclusion of evidence, to the prejudice of the defendant.
   d. There has been error in the judge's instructions to the jury, to the prejudice of the defendant.
   e. There has been a denial of a post-trial motion or relief to which the defendant is entitled, to his prejudice. This provision is subject to the provisions of G.S. 15A-1422.

(5) Constitutionally Invalid Procedure or Statute; Prosecution for Constitutionally Protected Conduct.
   a. The conviction was obtained by a violation of the Constitution of the United States or of the Constitution of North Carolina.
   b. The defendant was convicted under a statute that is in violation of the Constitution of the United States or the Constitution of North Carolina.

c. The conduct for which the defendant was prosecuted was protected by the Constitution of the United States or the Constitution of North Carolina.

(6) Other Errors of Law. Any other error of law was committed by the trial court to the prejudice of the defendant.

"§ 15A-1443. *Existence and showing of prejudice.*—(a) A defendant is prejudiced by errors relating to rights arising other than under the Constitution of the United States when there is a reasonable possibility that, had the error in question not been committed, a different result would have been reached at the trial out of which the appeal arises. The burden of showing such prejudice under this subsection is upon the defendant. Prejudice also exists in any instance in which it is deemed to exist as a matter of law or error is deemed reversible per se.

(b) A violation of the defendant's rights under the Constitution of the United States is prejudicial unless the appellate court finds that it was harmless beyond a reasonable doubt. The burden is upon the State to demonstrate, beyond a reasonable doubt, that the error was harmless.

(c) A defendant is not prejudiced by the granting of relief which he has sought or by error resulting from his own conduct.

"§ 15A-1444. *When defendant may appeal; certiorari.*—(a) A defendant who has entered a plea of not guilty to a criminal charge, and who has been found guilty of a crime, is entitled to appeal as a matter of right when final judgment has been entered.

(b) Procedures for appeal from the magistrate to the district court are as provided in Article 90, Appeals from Magistrates and from District Court Judges.

(c) Procedures for appeal from the district court to the superior court are as provided in Article 90, Appeals from Magistrates and from District Court Judges.

(d) Procedures for appeal to the appellate division are as provided in this Article, the rules of the appellate division, and Chapter 7A of the General Statutes. The appeal must be perfected and conducted in accordance with the requirements of those provisions.

(e) Except as provided in G.S. 15A-979, and except when a motion to withdraw a plea of guilty or no contest has been denied, the defendant is not entitled to appellate review as a matter of right when he has entered a plea of guilty or no contest to a criminal charge in the superior court, but he may petition the appellate division for review by writ of certiorari. If an indigent defendant petitions the appellate division for a writ of certiorari, the presiding superior court judge may in his discretion order the preparation of the record and transcript of the proceedings at the expense of the State.

(f) The ruling of the court upon a motion for appropriate relief is subject to review upon appeal or by writ of certiorari as provided in G.S. 15A-1422.

(g) Review by writ of certiorari is available when provided for by this Chapter, by other rules of law, or by rule of the appellate division.

"§ 15A-1445. *Appeal by the State.*—(a) Unless the rule against double jeopardy prohibits further prosecution, the State may appeal from the superior court to the appellate division:

(1) When there has been a decision or judgment dismissing criminal charges as to one or more counts.

(2) Upon the granting of a motion for a new trial on the ground of newly discovered or newly available evidence but only on questions of law.

(b) The State may appeal an order by the superior court granting a motion to suppress as provided in G.S. 15A-979.

"§ 15A-1446. *Requisites for preserving the right to appellate review.*—(a) Except as provided in subsection (d), error may not be asserted upon appellate review unless the error has been brought to the attention of the trial court by appropriate and timely objection or motion. No particular form is required in order to preserve the right to assert the alleged error upon appeal if the motion or objection clearly presented the alleged error to the trial court. Formal exceptions are not required, but when evidence is excluded a record must be made in the manner provided in G.S. 1A-1, Rule 43(c), in order to assert upon appeal error in the exclusion of that evidence.

(b) Failure to make an appropriate and timely motion or objection constitutes a waiver of the right to assert the alleged error upon appeal, but the appellate court may review such errors in the interest of justice if it determines it appropriate to do so.

(c) The making of post-trial motions is not a prerequisite to the assertion of error on appeal.

(d) Errors based upon any of the following grounds, which are asserted to have occurred, may be the subject of appellate review even though no objection, exception or motion has been made in the trial division.

(1) Lack of jurisdiction of the trial court over the offense of which the defendant was convicted.

(2) Lack of jurisdiction of the trial court over the person of the defendant.

(3) The criminal pleading charged acts which, at the time they were committed, did not constitute a violation of criminal law.

(4) The pleading fails to state essential elements of an alleged violation, as required by G.S. 15A-924(a)(5).

(5) The evidence was insufficient as a matter of law.

(6) The defendant was convicted under a statute that is in violation of the Constitution of the United States or the Constitution of North Carolina.

(7) The conviction was obtained in violation of the Constitution of the United States or the Constitution of North Carolina.

(8) The conduct for which the defendant was prosecuted was protected by the Constitution of the United States or the Constitution of North Carolina.

(9) Subsequent admission of evidence from a witness when there has been an improperly overruled objection to the admission of evidence on the ground that the witness is for a specified reason incompetent or not qualified or disqualified.

(10) Subsequent admission of evidence involving a specified line of questioning when there has been an improperly overruled objection to the admission of evidence involving that line of questioning.

(11) Questions propounded to a witness by the court or a juror.

(12) Rulings and orders of the court, not directed to the admissibility of evidence during trial, when there has been no opportunity to make an objection or motion.

(13) Error of law in the charge to the jury.

(14) The court has expressed to the jury an opinion as to whether a fact is fully or sufficiently proved.

(15) The defendant was not present at any proceeding at which his presence was required.

(16) Error occurred in the entry of the plea.

(17) The form of the verdict was erroneous.

(18) The sentence imposed was unauthorized at the time imposed, exceeded the maximum authorized by law, was illegally imposed, or is otherwise invalid as a matter of law.

(19) A significant change in law, either substantive or procedural, applies to the proceedings leading to the defendant's conviction or sentence, and retroactive application of the changed legal standard is required.

"§ 15A-1447. *Relief available upon appeal.*—(a) If the appellate court finds that there has been reversible error which denied the defendant a fair trial conducted in accordance with law, it must grant the defendant a new trial.

(b) If the appellate court finds that the facts charged in a pleading were not at the time charged a crime, the judgment must be reversed and the charge must be dismissed.

(c) If the appellate court finds that the evidence with regard to a charge is insufficient as a matter of law, the judgment must be reversed and the charge must be dismissed unless there is evidence to support a lesser-included offense. In that case the court may remand for trial on the lesser offense.

(d) If the appellate court affirms only some of the charges, or if it finds error relating only to the sentence, it may direct the return of the case to the trial court for the imposition of an appropriate sentence.

(e) If the appellate court affirms one or more of the charges, but not all of them, and makes a finding that the sentence is sustained by the charge or charges which are affirmed and is appropriate, the court may affirm the sentence.

(f) If the appellate court finds that there is an error with regard to the sentence which may be corrected without returning the case to the trial division for that purpose, it may direct the entry of the appropriate sentence.

(g) If the appellate court finds that there has been reversible error and the rule against double jeopardy prohibits further prosecution, it must dismiss the charges with prejudice.

"§ 15A-1448. *Procedures for appeal.*—(a) Time for Entry of Appeal, Jurisdiction Over the Case.

(1) A case remains open for the taking of an appeal to the appellate division for a period of 10 days after the entry of judgment.

(2) When a motion for appropriate relief is made during the 10-day period, the case remains open for the taking of an appeal until the expiration of 10 days after the court has ruled on the motion.

(3) The jurisdiction of the trial court with regard to the case is divested, except as to actions authorized by G.S. 15A-1453, when notice of appeal has been given and

a. The period described in (1) and (2) has expired; or

b. No motion for appropriate relief is pending and the parties file written consent that the case be transferred immediately to the appellate division; or

c. Thirty days after the making of a motion for appropriate relief there has been no ruling and the appealing party files with the clerk a written request that the case be transferred immediately to the appellate division.

(4) For the purpose of computing time limitations for settling of the record on appeal, docketing the appeal, or other steps in the appellate process, the appeal is considered as 'taken' on the date the jurisdiction of the trial court is divested under subsection (3), or the date a transcript is delivered to the clerk of court, whichever is later.

(5) The right to appeal is not waived by withdrawal of an appeal if the appeal is reentered within the time specified in (1) and (2).

(6) The right to appeal is not waived by compliance with all or a portion of the judgment imposed. If the defendant appeals, the court may enter appropriate orders remitting any fines or costs which have been paid. The court may delay the remission pending the determination of the appeal.

(b) How and When Appeal of Right Taken.

(1) Oral notice of appeal may be given in open court:

a. At the time final judgment is entered; or

b. When the court rules upon a post-verdict motion for appropriate relief, if appeal is then available.

(2) Written notice of appeal may be filed with the clerk after final judgment and before the time for taking an appeal has expired.

(c) Certiorari. Petitions for writs of certiorari are governed by rules of the appellate division.

"§ 15A-1449. *Security for costs not required.*—In criminal cases no security for costs is required upon appeal to the appellate division.

"§ 15A-1450. *Withdrawal of appeal.*—An appeal may be withdrawn by filing with the clerk of superior court a written notice of the withdrawal, signed by the defendant and, if he has counsel, his attorney. The clerk must forward a copy of the notice to the clerk of the appellate division in which the case is pending. The appellate division may enter an appropriate order with regard to the costs of the appeal.

"§ 15A-1451. *Stay of sentence; bail; no stay when State appeals.*—(a) When a defendant has given notice of appeal:

(1) Payment of costs is stayed.

(2) Payment of a fine is stayed.

(3) Confinement is stayed only when the defendant has been released pursuant to Article 26, Bail.

(4) Probation or special probation is stayed.

(b) The effect of dismissal of charges is not stayed by an appeal by the State, and the defendant is free from such charges unless they are subsequently reinstated as a result of the determination upon appeal.

"§ 15A-1452. *Execution of sentence upon determination of appeal; compliance with directive of appellate court.*—(a) If an appeal is withdrawn, the clerk of superior court must enter an order reflecting that fact and directing compliance with the judgment.

(b) If the appellate division affirms the judgment in whole or in part, the clerk of superior court must file the directive of the appellate division and order compliance with its terms.

(c) If the appellate division orders a new trial or directs other relief or proceedings, the clerk must file the directive of the appellate court and bring the directive to the attention of the district attorney or the court for compliance with the directive.

"§ 15A-1453. *Ancillary actions during appeal.*—(a) While an appeal is pending in the appellate division, the court in which the defendant was convicted has continuing authority to act with regard to the defendant's release pursuant to Article 26, Bail.

(b) The appropriate court of the appellate division may direct that additional steps be taken in the trial court while the appeal is pending, including but not limited to:

(1) Appointment of counsel.

(2) Hearings with regard to matters relating to the appeal.

(3) Taking evidence or conducting other proceedings relating to motions for appropriate relief made in the appellate division, as provided in G.S. 15A-1418."

Sec. 2. The title of Subchapter VII of Chapter 15A is amended by striking out the word "Witnesses" and inserting in lieu thereof the word "Defendants". The title of Subchapter X of Chapter 15A is amended to read "General Trial Procedure."

Sec. 3 (a). The General Statutes of North Carolina are hereby amended by inserting a new chapter, Chapter 5A, "Contempt" to read as follows:

"CHAPTER 5A.

"Contempt.

"ARTICLE 1.

"Criminal Contempt.

"§ 5A-11. *Criminal contempt.*—(a) Except as provided in subsection (b), each of the following is criminal contempt:

(1) Willful behavior committed during the sitting of a court and directly tending to interrupt its proceedings.

(2) Willful behavior committed during the sitting of a court in its immediate view and presence and directly tending to impair the respect due its authority.

(3) Willful disobedience of, resistance to, or interference with a court's lawful process, order, directive, or instruction or its execution.

(4) Willful refusal to be sworn or affirmed as a witness, or, when so sworn or affirmed, willful refusal to answer any legal and proper question when the refusal is not legally justified.

(5) Willful publication of a report of the proceedings in a court that is grossly inaccurate and presents a clear and present danger of imminent and serious threat to the administration of justice, made with knowledge that it was false or with reckless disregard of whether it was false. No person, however, may be punished for publishing a truthful report of proceedings in a court.

(6) Willful or grossly negligent failure by an officer of the court to perform his duties in an official transaction.

(7) Willful or grossly negligent failure to comply with schedules and practices of the court resulting in substantial interference with the business of the court.

(8) Willful refusal to testify or produce other information upon the order of a judge acting pursuant to Article 61 of Chapter 15A, Granting of Immunity to Witnesses.

(9) Willful communication with a juror in an improper attempt to influence his deliberations.

(10) Any other act or omission specified elsewhere in the General Statutes of North Carolina as grounds for criminal contempt.

The grounds for criminal contempt specified here are exclusive, regardless of any other grounds for criminal contempt which existed at common law.

(b) No person may be held in contempt under this section on the basis of the content of any broadcast, publication, or other communication unless it presents a clear and present danger of an imminent and serious threat to the administration of criminal justice.

(c) This section is subject to the provisions of G.S. 7A-276.1, Court orders prohibiting publication or broadcast of reports of open court proceedings or reports of public records banned.

"§ 5A-12. *Punishment; circumstances for fine or imprisonment; reduction of punishment; other measures.*—(a) A person who commits criminal contempt, whether direct or indirect, is subject to censure, imprisonment up to 30 days, fine not to exceed five hundred dollars ($500.00), or any combination of the three, except that a person who commits a contempt described in G.S. 5A-11(8) is subject to censure, imprisonment not to exceed six months, fine not to exceed five hundred dollars ($500.00), or any combination of the three and a person who has not been arrested who fails to comply with a nontestimonial identification order, issued pursuant to Article 14 of G.S. 15A is subject to censure, imprisonment not to exceed 90 days, fine not to exceed five hundred dollars ($500.00), or any combination of the three.

(b) Except for contempt under G.S. 5-11(5) or G.S. 5A-11(9), fine or imprisonment may not be imposed for criminal contempt, whether direct or indirect, unless:

(1) The act or omission was willfully contemptuous; or

(2) The act or omission was preceded by a clear warning by the court that the conduct is improper.

(c) The judicial official who finds a person in contempt may at any time withdraw a censure, terminate or reduce a sentence of imprisonment, or remit or reduce a fine imposed as punishment for contempt if warranted by the conduct of the contemnor and the ends of justice.

(d) A person held in criminal contempt under this Article may nevertheless, for the same conduct, be found in civil contempt under Article 2 of this Chapter, Civil Contempt. If a person is found in both civil contempt and criminal contempt for the same conduct, the total period of imprisonment is limited as provided in G.S. 5A-21(c).

(e) A person held in criminal contempt under G.S. 5A-11(9) may nevertheless, for the same conduct, be found guilty of a violation of G.S. 14-225.1, but he must be given credit for any imprisonment resulting from the contempt.

"§ 5A-13. *Direct and indirect criminal contempt; proceedings required.*—(a) Criminal contempt is direct criminal contempt when the act:

(1) Is committed within the sight or hearing of a presiding judicial official; and

(2) Is committed in, or in immediate proximity to, the room where proceedings are being held before the court; and

(3) Is likely to interrupt or interfere with matters then before the court.

The presiding judicial official may punish summarily for direct criminal contempt according to the requirements of G.S. 5A-14 or may defer adjudication and sentencing as provided in G.S. 5A-15. If proceedings for direct criminal contempt are deferred, the judicial official must, immediately following the conduct, inform the person of his intention to institute contempt proceedings.

(b) Any criminal contempt other than direct criminal contempt is indirect criminal contempt and is punishable only after proceedings in accordance with the procedure required by G.S. 5A-15.

"§ 5A-14. *Summary proceedings for contempt.*—(a) The presiding judicial official may summarily impose measures in response to direct criminal contempt when necessary to restore order or maintain the dignity and authority of the court and when the measures are imposed substantially contemporaneously with the contempt.

(b) Before imposing measures under this section, the judicial official must give the person charged with contempt summary notice of the charges and a summary opportunity to respond and must find facts supporting the summary imposition of measures in response to contempt. The facts must be established beyond a reasonable doubt.

"§ 5A-15. *Plenary proceedings for contempt.*—(a) When a judicial official chooses not to proceed summarily against a person charged with direct criminal contempt or when he may not proceed summarily, he may proceed by an order directing the person to appear before a judge at a reasonable time specified in the order and show cause why he should not be held in contempt of court. A copy of the order must be furnished to the person charged. If the criminal contempt is based upon acts before a judge which so involve him that his objectivity may reasonably be questioned, the order must be returned before a different judge.

(b) Proceedings under this section are before a district court judge unless a court superior to the district court issued the order, in which case the proceedings are before that court. Venue lies throughout the judicial district where the order was issued.

(c) The person ordered to show cause may move to dismiss the order.

(d) The judge is the trier of facts at the show cause hearing.

(e) The person charged with contempt may not be compelled to be a witness against himself in the hearing.

(f) At the conclusion of the hearing, the judge must enter a finding of guilty or not guilty. If the person is found to be in contempt, the judge must make findings of fact and enter judgment. The facts must be established beyond a reasonable doubt.

(g) The judge presiding over the hearing may appoint a prosecutor or, in the event of an apparent conflict of interest, some other member of the bar to represent the court in hearings for criminal contempt.

"§ 5A-16. *Custody of person charged with criminal contempt.*—(a) A judicial official may orally order that a person he is charging with direct criminal contempt be taken into custody and restrained to the extent necessary to assure his presence for summary proceedings or notice of plenary proceedings.

(b) If a judicial official who initiates plenary proceedings for contempt under G.S. 5A-15 finds, based on sworn statement or affidavit, probable cause to believe the person ordered to appear will not appear in response to the order, he may issue an order for arrest of the person, pursuant to G.S. 15A-305. A person arrested under this subsection is entitled to release under the provisions of Article 26, Bail, of Chapter 15A of the General Statutes.

"§ 5A-17. *Appeals.*—A person found in criminal contempt may appeal in the manner provided for appeals in criminal actions, except appeal from a finding of contempt by a judicial official inferior to a superior court judge is by hearing de novo before a superior court judge.

(G.S. 5A-18 to G.S. 5A-20 reserved for future codification)

"ARTICLE 2.

"Civil Contempt.

"§ 5A-21. *Civil contempt; imprisonment to compel compliance.*—(a) Failure to comply with an order of a court is a continuing civil contempt as long as:

(1) The order remains in force;

(2) The purpose of the order may still be served by compliance with the order; and

(3) The person to whom the order is directed is able to comply with the order or is able to take reasonable measures that would enable him to comply with the order.

(b) A judge may order a civil contemnor imprisoned as long as his civil contempt continues, unless the contempt is failure by a person not arrested for the crime to comply with a nontestimonial identification order issued pursuant to Article 14, Nontestimonial Identification Order, of Chapter 15A of the General Statutes. In that case, he may not be imprisoned more than 90 days unless he is arrested on probable cause.

(c) A person who is found in civil contempt under this Article may, nevertheless, for the same conduct, be found in criminal contempt under Article 1 of this Chapter, but the total period of imprisonment arising from the conduct may not exceed the greater of:

(1) The period during which the contemnor may be imprisoned for civil contempt; or

(2) The period of imprisonment provided in G.S. 5A-12(a).

"§ 5A-22. *Release when civil contempt no longer continues.*—(a) A person imprisoned for civil contempt must be released when his civil contempt no longer continues. The order of the court holding a person in civil contempt must specify how the person may purge himself of the contempt. Upon finding compliance with the specifications, the sheriff or other officer having custody may release the person without a further order from the court.

(b) On motion of the contemnor, the court must determine if he is subject to release and, on an affirmative determination, order his release. The motion must be directed to the judge who found civil contempt unless he is not available. Then the motion must be made to a judge of the same division in the same judicial district. The contemnor may also seek his release under other procedures available under the law of this State.

"§ 5A-23. *Proceedings for civil contempt.*—(a) Proceedings for civil contempt are either by the order of a judicial official directing the alleged contemnor to appear at a specified reasonable time and show cause why he should not be held in civil contempt or by the notice of a judicial official that the alleged

contemnor will be held in contempt unless he appears at a specified reasonable time and shows cause why he should not be held in contempt. The order or notice must be given at least five days in advance of the hearing unless good cause is shown. The order or notice may be issued on the motion and sworn statement or affidavit of one with an interest in enforcing the order, including a judge, and a finding by the judicial official of probable cause to believe there is civil contempt.

(b) Proceedings under this section are before a district court judge, unless a court superior to the district court issued the order in which case the proceedings are before that court. When the proceedings are before a superior court, venue is in the judicial district of the court which issued the order. Otherwise, venue is in the county where the order was issued.

(c) The person ordered to show cause may move to dismiss the order.

(d) The judge is the trier of facts at the show cause hearing.

(e) At the conclusion of the hearing, the judge must enter a finding for or against the alleged contemnor. If civil contempt is found, the judge must enter an order finding the facts constituting contempt and specifying the action which the contemnor must take to purge himself of the contempt.

(f) A person with an interest in enforcing the order may present the case for a finding of civil contempt for failure to comply with an order.

(g) A judge conducting a hearing to determine if a person is in civil contempt may at that hearing, upon making the required findings, find the person in criminal contempt for the same conduct, regardless of whether imprisonment for civil contempt is proper in the case.

"§ 5A-24. *Appeals.*—A person found in civil contempt may appeal in the manner provided for appeals in civil actions.

"§ 5A-25. *As for contempt and civil contempt.*—Whenever the laws of North Carolina call for proceedings as for contempt, the proceedings are those for civil contempt set out in this Article."

Sec. 3 (b). Chapter 7A of the General Statutes of North Carolina is amended to insert a new Article 22A as follows:

"ARTICLE 22A.

"Prohibited Orders.

"§ 7A-276.1. *Court orders prohibiting publication or broadcast of reports of open court proceedings or reports of public records banned.*—No court shall make or issue any rule or order banning, prohibiting, or restricting the publication or broadcast of any report concerning any of the following: any evidence, testimony, argument, ruling, verdict, decision, judgment, or other matter occurring in open court in any hearing, trial, or other proceeding, civil or criminal; and no court shall issue any rule or order sealing, prohibiting, restricting the publication or broadcast of the contents of any public record as defined by any statute of this State, which is required to be open to public inspection under any valid statute, regulation, or rule of common law. If any rule or order is made or issued by any court in violation of the provisions of this statute, it shall be null and void and of no effect, and no person shall be punished for contempt for the violation of any such void rule or order.

Sec. 4. G.S. 7A-27(b) is amended by striking the words "or one entered in a post-conviction hearing under Article 22 of Chapter 15,".

Sec. 5. G.S. 7A-31(a) is amended by:

(a) Striking out of the first paragraph the words "and except a cause involving a review of post-conviction proceeding under Article 22, Chapter 15".

(b) Striking out of the second paragraph the words "or any cause involving review of a post-conviction proceeding".

Sec. 6. G.S. 7A-271(a)(3) is amended by striking out "G.S. 15-152" and by inserting "G.S. 15A-926".

Sec. 7. G.S. 7A-451 is amended to rewrite subdivision (a)(3) as follows:

"(3) A motion for appropriate relief under Chapter 15A of the General Statutes if the defendant has been convicted of a felony, has been fined five hundred dollars ($500.00) or more, or has been sentenced to a term of imprisonment."

G.S. 7A-451 is further amended to delete "G.S. 15-222" in subdivision (b)(6) and to insert: "Subchapter XIV of Chapter 15A of the General Statutes."

Sec. 8. G.S. 7A-451(a)(4) is amended to delete the comma following the word "probation" and to delete the words "if confinement is likely to be ajudged as a result of the hearing".

Sec. 9. G.S. 7A-452 is amended to delete the period at the end of the caption and to insert "; *compensation of standby counsel.*" G.S. 7A-452 is further amended by adding a new subsection (d) as follows:

"(d) Unless a public defender or assistant public defender is appointed to serve, the trial judge appointing standby counsel under G.S. 15A-1243 shall award reasonable compensation to be paid by the State."

Sec. 10. Amend G.S. 9-3, as the same appears in the 1975 Cumulative Supplement to 1969 Replacement Volume 1B of the General Statutes, by inserting in line 5 after the comma and before the word "who" the following: "who can hear and understand the English language,".

Sec. 11. Rewrite G.S. 9-15(c) as follows:

"(c) In civil cases if any juror has a suit pending and at issue in the court in which he is serving, he may be challenged for cause, and he shall be withdrawn from the trial panel, and may be withdrawn from the venire in the discretion of the presiding judge. In criminal cases challenges are governed by Article 72, Selecting and Impaneling the Jury, of Chapter 15A of the General Statutes."

Sec. 12. G.S. 9-17 is amended to add the following at the end of the first paragraph: "When sequestration of the jury is ordered in a criminal case, however, the State shall pay for all accommodations of jurors."

H. B. 1223 CHAPTER 720

AN ACT TO AUTHORIZE AND REGULATE MOVEMENT OF STRUCTURES, HISTORICAL BUILDINGS, HOUSES OR OTHER EXTRAORDINARY OBJECTS ON STATE HIGHWAY SYSTEM OF ROADS.

The General Assembly of North Carolina enacts:

Section 1. Definitions. "Person" as used in this Article shall mean an individual, corporation, partnership, association or any other business entity. The word "House" as used in this Article shall mean a dwelling, building, or other structure in excess of 14 feet in width. The word "Department" as used in this Chapter shall mean the North Carolina Department of Transportation.

Sec. 2. Housemovers to be licensed. All persons who engage in the profession of housemoving on roads and highways on the State Highway System shall be licensed by the department.

Sec. 3. Qualifications to become licensed. The department shall issue annual printed licenses to applicants meeting the following conditions:

(a) The applicant must be at least 18 years of age; present acceptable evidence of good character and show sufficient housemoving experience on the application form furnished by the department. Housemoving experience means extensive and responsible training gained by the applicant while engaged actively and directly on a full-time basis in the moving of houses and structures on public roads and highways with at least 24 months experience. Examples of the capacity in which a person may work in gaining experience include the following in building moving operations:

(1) moving superintendent,

(2) moving foreman, and

(3) general mechanic and helper in the housemoving profession or trade.

(b) The applicant must furnish proof that he has (1) complied with Article 13, Chapter 20, of the North Carolina General Statutes for the liability imposed by law for the ownership, operation, maintenance or use of motor vehicles in his business operation; (2) a permit or license bond in the amount of five thousand dollars ($5,000).

(c) The applicant must furnish proof that all of the vehicles, excluding "beams and dollies" and "hauling units", to be used in the movement of buildings, structures, or other extraordinary objects wider than 14 feet have met the requirements of G.S. 20-183.2 pertaining to the equipment inspection of motor vehicles; provided that the "beams and dollies" and "hauling units" are excluded from inspection under G.S. 20-183.2 and, further, are not required to be equipped with brakes.

(d) Exhibit his federal employer's identification number.

Sec. 4. Effective period of license. A license issued hereunder shall be effective for a period of one year from date of issuance and shall be renewable on an annual basis.

Sec. 5. Requirements for permit. (a) Persons licensed as professional housemovers shall also be required to secure a permit from the department for every move undertaken on the State highway system of roads; that permit shall be issued by the department after determining that the applicant is (1) properly licensed, (2) furnished special surety bonds as required by the department, and (3) complying with such other regulations as required by the department.

(b) It shall be the duty of the applicant to see that the "beams and dollies" and "hauling units" used shall be constructed with proper material in a suitable manner and utilized so as to provide for the safety of the general public and the structure being relocated. Any violation of this duty may result in suspension or revocation of his license by the department.

(c) A license shall not be required for individuals moving their own buildings; however, a permit will be required for all moves.

(d) Licensed housemovers shall furnish front and rear escort vehicles on all moves, one or both of which may be a marked police, sheriff or State Highway Patrol vehicle, or one or two private escort vehicles equipped with flashing amber lights depending on the number of law enforcement vehicles escorting the move; escort vehicles shall operate where possible at a distance of 300 feet from the structure being moved; that this interval will be closed in cities and other congested areas to protect other traffic from the swing of the load at corners and turns and, the private escort vehicles shall burn their headlights and be equipped with red flags on each side at the front; in addition, the private escort vehicles shall be equipped with a sign across the front or rear bumper bearing the legend "Wide Load" or "Oversized Load Following" or "Oversized Load Ahead", whichever is appropriate, with black letters at least 10 inches high on a yellow background.

Sec. 6. Application for permits. Application must be made to the division or district engineer having jurisdiction at least two days prior to the date of move. For good cause shown, this time may be waived by the district or division engineer. A travel plan shall accompany the application. Division or district engineers are authorized to issue permits for individual moves of a structure or building whose width does not exceed 36 feet. The travel plan will show the proposed route, the time estimated for each segment of the move, a plan to handle traffic so that no one delay to other highway users shall exceed 20 minutes. The division or district engineers shall review the travel plan and if the route cannot accommodate the move due to roadway weight limits, bridge size or weight limits, or will cause undue interruption of traffic flow, the permit shall not be issued. The applicant may submit alternate plans if desired until an acceptable route is determined. If the width of the building or structure to be relocated is more than 36 feet, or if no acceptable travel plan has been filed, and the denial of the permit would cause a hardship, the application and travel plan may be submitted to the department on appeal. After reviewing the route and travel plan, the department may in its discretion issue the permit after considering the practical physical limitations of the route, the nature and purpose of the move, the size and weight of the structure, the distance the structure is to be moved, and the safety and convenience of the traveling public. A surety bond in an amount to cover the cost of any damage to the pavement,

structures, bridges, roadway or other damages that may occur can be required if deemed necessary by the department.

Sec. 7. Liability of housemovers. The permittee assumes all responsibility for injury to persons or damage to property of any kind and agrees to hold the department harmless for any claims arising out of his conduct or actions.

Sec. 8. Removal and replacement of obstructions. All obstructions, including traffic signals, signs, and utility lines will be removed immediately prior to and replaced immediately after the move at the expense of the mover, provided that arrangements for and approval from the owner is obtained.

Sec. 9. Route changes. Irrespective of the route shown on the permit, an alternate route will be followed:

(a) If directed by a peace officer.

(b) If directed by a uniformed officer assigned to a weighing station to follow a route to a weighing device.

(c) If the specified route is officially detoured. Should a detour be encountered, the driver shall check with the office issuing permit on which he is traveling prior to proceeding.

Sec. 10. Right-of-way. The object to be transported will not be loaded, unloaded, nor parked, day or night, on highway right-of-way without specific permission from the district or division engineer.

Sec. 11. Weather. No move will be made when atmospheric conditions render visibility lower than safe for travel. Moves will not be made when highway is covered with snow or ice, or at any time travel conditions are considered unsafe by the department or highway patrol or other law enforcement officers having jurisdiction.

Sec. 12. Obtaining license or permit by fraud. The permit may be voided if any conditions of the permit are violated. Upon any violation, the permit must be surrendered and a new permit obtained before proceeding. Misrepresentation of information on application to obtain a license, fraudulently obtaining a permit, alteration of a permit, or unauthorized use of a permit will render the permit void.

Sec. 13. Municipal regulations. All moves on streets on the municipal system of streets shall comply with local regulations.

Sec. 14. Out-of-State licenses and permits. An out-of-State person, partnership, or corporation engaging in the structural moving business may apply to the department for a license to engage in the housemoving profession in North Carolina, and obtain permits for moves by complying with the provisions of this Article and the regulations of the department in the same manner as is required of North Carolina residents.

Sec. 15. Speed limits. The speed of moves will be that which is reasonable and prudent for the load, considering weight and bulk, under conditions existing at the time.

Sec. 16. Penalties. (a) Any person violating the provisions of this Article or the regulations of the department governing housemoving shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than five hundred dollars ($500.00), or imprisonment for not more than 30 days or both.

(b) The department is hereby authorized in the name of the State to apply for relief by injunction, in the established manner provided in cases of civil

procedure, without bond, to enforce the provisions of this Chapter, or to restrain any violation thereof. In such proceedings, it shall not be necessary to allege or prove either that an adequate remedy at law does not exist, or that substantial or irreparable damage would result from the continued violation thereof.

Sec. 17. Invalid section; severability. If any of the provisions of this Chapter, or if the application of such provisions to any person or circumstance shall be held invalid, the remainder of this Chapter and the application of such provision of this Chapter other than those as to which it is held valid, shall not be affected thereby.

Sec. 18. This act shall become effective on August 1, 1977 and will expire August 1, 1979.

In the General Assembly read three times and ratified, this the 24th day of June, 1977.

S. B. 142 **CHAPTER 725**

AN ACT TO AMEND THE GUARDIANSHIP LAWS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 35 of the General Statutes is hereby amended by adding a new Article 1A, to read as follows:

"ARTICLE 1A.

"Guardianship of Incompetent Adults.

"PART 1.

"Legislative Purpose.

"§ 35-1.6. *Legislative purpose.*—The General Assembly of North Carolina recognizes that:

(1) Some incompetent adults, regardless of where they are living, require the assistance of a guardian in order to help them exercise their rights, including the management of their property and personal affairs.

(2) Those individuals not able to act effectively on their own behalf have a right to a responsible, impartial guardian.

(3) The essential purpose of guardianship is to replace an individual's authority to make decisions with the authority of a guardian when the individual does not have adequate capacity to make such decisions.

(4) Limiting the rights of the individual by appointing a guardian for him should not be undertaken unless it is clear that a guardian will give the individual a fuller capacity for exercising his rights.

(5) Guardianship should seek to preserve for the incompetent individual the opportunity to exercise those rights that are within his comprehension and judgment, allowing for the possibility of error to the same degree as is allowed to persons who are not incompetent. To the maximum extent of his capabilities, an incompetent individual should be permitted to participate as fully as possible in all decisions that will affect him.

"PART 2.

"Definitions.

"§ 35-1.7. *Definitions.*—When used in this Article:

(1) The term 'accounting' refers to the financial or status reports filed with the clerk, designated agency, respondent, or other person or party with whom such reports are required to be filed.

(4) The term 'disinterested public agent' means an adult officer, agent, or employee of a State human resources agency who has no immediate responsibilities for providing services to a ward or the director or assistant directors of a local human resources agency. (5) The term 'department' means the Department of Human Resources, unless the context requires otherwise.

(6) The term 'financial report' means the report filed by the guardian concerning all financial transactions, including receipts and expenditures of money of the ward, sale of the ward's property, or other transactions involving the ward's property.

(20) The term 'person in loco parentis' means a person, other than a parent or legal, interim, or successor guardian, who has assumed the responsibility for the care, custody, and control of the ward. "PART 3.

"Jurisdiction and Venue.

"§ 35-1.8. *Jurisdiction and venue; exclusive procedure.*—(a) The clerks of superior court have original jurisdiction of proceedings brought or filed under this Article. Venue for such proceedings is in the county where the proposed ward resides, has property, or is present or if the proposed ward is an inpatient or resident of a treatment facility, venue shall include the county in which the resident resided when admitted to the facility.

(b) This Article establishes the exclusive procedure for adjudicating the following adults to be incompetent, appointing guardians for them, and adjudicating the restoration of their competency: mentally retarded, epileptic, cerebral palsied or autistic persons. This Article also establishes an alternative procedure, in addition to those established by General Statutes Chapter 35, Article 2, for adjudicating mentally ill persons to be incompetent and for appointing guardians for them.

"§ 35-1.9. *Change of venue.*—Upon a petition of any of the parties or any interested person and upon a finding by the clerk before whom a proceeding under this Article was originally filed that, from all the facts and circumstances of the case, no hardship or prejudice will result to the proposed ward from a change of venue and that a change of venue will be convenient for all parties, or that the clerk is not disinterested in the proceedings, the clerk may order a change of venue.

"PART 4.

"Proceedings before Clerk.

"§ 35-1.10. *Petition before clerk.*—Any person may file a verified petition for the appointment of a guardian for any adult person by filing the same with the clerk.

"§ 35-1.11. *Costs in action.*—Costs shall be assessed, as in special proceedings, to the respondent in any action brought under this Article unless the respondent is indigent, in which case costs shall be borne by the Administrative Office of the Courts.

"§ 35-1.12. *Contents of petition.*—The petition shall set forth, to the extent known:

(1) the name, age, address, and county of residence of the proposed ward;

(2) the name, address, and county of residence of the petitioner, and his interest in the action;

(3) a general statement of the proposed ward's property, or that the ward is indigent, with an estimate of the value of any property, including any compensation, insurance, pension, or allowance to which he is entitled;

(4) a statement of the reason or reasons why the appointment of a guardian is sought;

(5) the name, address, and county of residence of the proposed ward's spouse, or, if none, adult children or next of kin, or, if none, person or persons acting in loco parentis;

(6) the name, address, and county of residence of all persons who may have any financial interest in the proceedings.

"§ 35-1.13. *Service of petition.*—A copy of the petition and the written notice of the time, date, and place set for a hearing on the petition shall be served by the sheriff on the proposed ward and on the person or persons designated in Section 35-1.12(5). Service shall be made as provided by G.S. 1A-1, Rules of Civil Procedure, Rule 4. A copy of the petition and the written notice of the time, date, and place set for a hearing on the petition shall be mailed by the court to all persons designated in Section 35-1.12(6). The clerk, on his own motion, may order notice to be served on any other person by mail.

"§ 35-1.14. *Subsequent service.*—Unless otherwise provided, all subsequent notices shall be served as provided by G.S. 1A-1, Rules of Civil Procedure, Rule 5.

"§ 35-1.15. *Appointment of interim guardian.*—(a) The petitioner or the person or persons designated in G.S. 35-1.12(5) may also file a verified petition with the clerk for the appointment of an interim guardian.

(b) The petition shall set forth facts tending to show that there exists an emergency constituting an imminent danger to the physical well-being of the proposed ward.

(c) Immediately upon receiving the petition for the appointment of an interim guardian, the clerk shall appoint counsel or guardian ad litem to represent the proposed ward if the petition alleges the ward is indigent. The clerk shall also immediately set a time, date, and place for a hearing on the petition. The petition and the order appointing counsel or guardian ad litem and setting the time, date, and place for the hearing shall be promptly served on the proposed ward and on his counsel or guardian ad litem, if any. The hearing shall be set for a date no later than 15 days after the petition has been served on the proposed ward.

(d) If at the hearing the clerk finds that the proposed ward is an incompetent adult and in an emergency constituting an imminent danger to his physical well-being, he shall appoint an interim guardian and set forth his powers and duties. The powers and duties of the interim guardian shall extend only so far as necessary to meet the emergency. The interim guardian shall be a guardian of the person and not of the estate of the ward. The interim guardian shall not be required to post a bond. The interim guardianship shall terminate upon the clerk's disposition of the petition for the appointment of a guardian filed under G.S. 35-1.10. No multidisciplinary evaluation shall be ordered in any proceedings for the appointment of an interim guardian.

"§ 35-1.16. *Rights to counsel, evaluation, and jury; hearing on petition.*—(a) Right to counsel. The proposed ward is entitled to be represented by counsel of his own choice or by court-appointed counsel if he is indigent.

If the petition filed under G.S. 35-1.10 alleges that the proposed ward is indigent, and no counsel or guardian ad litem has been appointed under G.S. 35-1.15, the clerk shall immediately appoint counsel to represent him unless the clerk has reason to believe he is not indigent.

If the proposed ward for whom counsel has been appointed seeks to waive the right to counsel and if the clerk determines at the hearing on the petition that he lacks capacity to waive the right to counsel but does not want counsel, the clerk shall appoint a guardian ad litem, pursuant to G.S. 1A-1, Rules of Civil Procedure, Rule 17.

The fees of court-appointed counsel and guardians ad litem shall be borne by the Administrative Office of the Courts.

(b) Right to multidisciplinary evaluation. The clerk, the proposed ward, his counsel or the guardian ad litem, or the petitioner may require a multidisciplinary evaluation of the ward to be performed and filed in the proceedings. If no such evaluation is requested, none shall be performed.

The request by the petitioner, the proposed ward, or his counsel or guardian ad litem for a multidisciplinary evaluation shall be made in writing filed with the clerk. They shall make their request within 10 days after the petition is filed, or after counsel has filed his appearance or the guardian ad litem has been appointed, whichever is later.

If a multidisciplinary evaluation is requested, the clerk shall name a designated agency and order it to prepare or cause to be prepared or to assemble

a current multidisciplinary evaluation of the proposed ward. The agency shall file the report of the evaluation with the clerk and shall send copies to the petitioner and the proposed ward not later than 30 days after the agency receives the order of the clerk. The clerk may order an extension of the 30-day period upon good cause shown by the agency.

Upon receipt of the report of the multidisciplinary evaluation, the clerk shall set a time, date, and place for a hearing to determine whether the proposed ward is incompetent and shall notify all interested parties of the time, date, and place for the hearing.

The cost of the multidisciplinary evaluation shall be borne by the respondent unless he is indigent, in which case it shall be borne by the department.

The proposed ward may obtain other evaluations at his own expense. If the clerk finds that the proposed ward is indigent and if the proposed ward requests that he be evaluated by other mental health or mental retardation professionals, the clerk, upon good cause shown, may order that the proposed ward be so evaluated. The cost of those evaluations shall be borne by the department.

The report of the multidisciplinary evaluation and other evidence, if any, shall be considered at the hearing held by the clerk.

If no multidisciplinary evaluation has been requested, the clerk shall set a time, date, and place for a hearing and notify all interested parties.

The hearing shall be held not less than 10 days after the notice of the hearing is served and not before the clerk receives the multidisciplinary evaluation, if any.

Upon disposition of the proceedings before the clerk or any appeal, the clerk shall send all copies of the multidisciplinary evaluation to the designated public agency, which shall file them among its records on the ward.

(c) Right to jury trial. At the hearing, the proposed ward has a right, upon request by him, his counsel, or the guardian ad litem, to trial by jury. The jury shall be composed of 12 persons chosen from the jury list of the county in accordance with the provisions of Chapter 9 of the General Statutes. A jury must be requested not later than five days before the day on which the hearing is set. The proposed ward, his counsel, or the guardian ad litem may waive this right by written notice filed with the clerk and their failure to timely request trial by jury constitutes a waiver of the right.

(d) Open hearings. The hearing shall be open to the public unless the proposed ward, his counsel, or the guardian ad litem requests otherwise. The record of the hearing, including without limitation any documentary testimony introduced at the hearing and the report of the multidisciplinary evaluation, shall be open to the public unless, for good cause shown, the clerk, upon petition of the proposed ward, his counsel, or the guardian ad litem, orders otherwise.

(e) Right to present evidence. The petitioner and the proposed ward are entitled to present oral testimony or documentary evidence at the hearing, subpoena witnesses and the production of documents, and examine and cross-examine witnesses.

(f) Clerk's finding. If the clerk or jury shall find by the greater weight of the evidence that the proposed ward is an incompetent adult, the clerk shall appoint a guardian. If the clerk or jury does not so find, the clerk shall dismiss the petition.

(g) Clerk's order. After considering all the evidence and having found the proposed ward is an incompetent adult, the clerk may enter an order setting forth:

(1) findings on the nature and extent of the ward's incompetency;

(2) the powers and duties of the guardian or guardians regarding the person or the estate of the ward, or both; such powers and duties shall include, unless the clerk provides to the contrary, the powers and duties of guardians with respect to the person, as provided under G.S. 35-1.34, and with respect to the estate, as provided under G.S. 35-1.35. The clerk may order that the ward retains certain legal rights and privileges to which he was entitled before he was adjudged incompetent; and

(3) whether there shall be one or more guardians, his or their identity, and, if more than one, who shall be guardian of the person and who shall be guardian or guardians of the estate.

"§ 35-1.17. *Hearing before clerk on appointment of guardian.*—For the purposes of determining who the guardian or guardians shall be, the clerk shall receive whatever testimony is offered.

"§ 35-1.18. *Clerk to issue letters of appointment.*—The clerk shall issue to the guardian or guardians letters of appointment signed by him and sealed with his seal of office. In all cases, the clerk shall specify in his order whether the guardian, or, if there is more than one guardian, which of the guardians, shall be entitled to and have control of the ward's estate.

"§ 35-1.19. *Bond.*—The Secretary of the Department of Human Resources shall require, or purchase, in such amounts as he deems adequate and proper, individual or blanket bonds for all disinterested public agents appointed to be guardians, as provided by G.S. 35-1.28(d), and whether they serve as guardians of the estate, of the person, or of both, or one blanket bond covering all such agents, such bond or bonds to be conditioned upon faithful performance of their duties as guardians and made payable to the State. The premiums shall be paid by the State.

In all cases in which the clerk appoints a general guardian or a guardian of the person, the clerk shall require the guardian to post a bond in the minimum amount of two thousand dollars ($2,000). The clerk shall require the guardian of the estate to post a bond as provided by G.S. Chapter 33, Article 2.

"§ 35-1.20. *Appeals from clerk's orders.*—Appeals from the clerk shall be to the superior court de novo and thence to the Court of Appeals. An appeal does not stay the appointment of a guardian unless so ordered by the superior court or the Court of Appeals. The Court of Appeals may request the Attorney General to represent the petitioner on appeal.

"PART 5.

"Qualifications, Priorities, Duties,
and Liabilities of Guardians.

"§ 35-1.28. *Qualifications of guardians.*—(a) The clerk may appoint as guardian an individual, a domestic corporation, or a disinterested public agent. The person filing the petition may submit to the clerk a name or names of potential guardians.

(b) An individual to be appointed as a guardian shall be a resident of the State of North Carolina.

(c) A corporation that serves as a guardian shall be authorized by its charter to serve as a guardian or in similar fiduciary capacities.

(d) A disinterested public agent who is appointed by the clerk to serve as a guardian is authorized and required to do so. When the person ceases to qualify as a disinterested public agent, the clerk shall appoint a successor guardian. No public agent shall be appointed guardian until exhaustive efforts have been made to find individuals or corporations to be guardians.

"§ 35-1.29. *Priorities for appointment.*—The clerk shall consider appointing a guardian according to the following order of priority: an individual; a corporation; or a disinterested public agent.

"§ 35-1.30. *Rule-making power of Secretary of Human Resources.*—The Secretary of the Department of Human Resources has the authority to issue rules and regulations for the implementation of the guardianship responsibilities of disinterested public agents who are appointed guardians. The rules and regulations shall provide, among other things, that disinterested public agents shall undertake or have received training concerning the powers and responsibilities of guardians. They shall also set forth uniform statewide accounting procedures for disinterested public agents appointed guardians.

"§ 35-1.31. *Status reports.*—(a) Within six months after he is appointed, a guardian shall file an initial status report with the designated agency and the ward.

(b) The guardian shall file his second status report with the designated agency and the ward one year after he is appointed, and he shall file all subsequent status reports annually thereafter.

(c) All status reports shall be filed under the oath or affirmation of the guardian that the report is complete and accurate so far as he is informed and can determine.

"§ 35-1.32. *Duties of designated agency.*—(a) Within 30 days after it receives either a financial or status report from a guardian, the designated agency shall certify to the clerk that it has reviewed the report and shall mail a copy of its certification to the guardian.

(b) At the same time, it may

(1) send its written comments on the report to the clerk, the guardian, or any other person who may have an interest in the ward's welfare;

(2) notify the guardian that it is able to help the guardian in the performance of his duties;

(3) petition the clerk for an order requiring the guardian to perform the duties imposed on him by the clerk or this Article if it appears that the guardian is not performing those duties;

(4) petition the clerk for an order modifying the terms of the guardianship or the guardianship program or plan if it appears that such should be modified;

(5) petition the clerk for an order removing the guardian from his duties and appointing a successor guardian if it appears that the guardian should be removed for cause;

(6) petition the clerk for an adjudication of restoration to competency pursuant to G.S. 35-1.38; or

(7) petition the clerk for any other appropriate orders.

(c) If the designated agency files such a petition, it shall cause the petition to be signed and acknowledged by the officer, official, employee, or agent who has personal knowledge of the facts set forth in the petition, and it shall set forth all facts known to it that tend to support the relief sought by the petition.

(d) The clerk shall take action upon the petition pursuant to the provisions of G.S. 35-1.37, G.S. 35-1.38, and G.S. 35-1.39.

"§ 35-1.33. *Procedure to compel status reports.*—The procedures for compelling the guardian to file status reports is the same as set forth in G.S. 35-1.35 with respect to compelling the guardian to file financial reports.

"§ 35-1.34. *General powers and duties of guardians with respect to the person.*—(a) A guardian of the person or general guardian has the following powers and duties:

(1) To the extent that it is not inconsistent with the terms of any order by a court of competent jurisdiction relating to the admission, detention, or commitment of the ward, he is entitled to custody of the person of his ward and may establish the ward's place of domicile within or without this State. In arranging for a place of domicile, the guardian shall give preference to places within this State over places not within this State if both in- and out-of-state places are substantially equivalent. He also shall give preference to places that are not treatment facilities; if the only available and appropriate places of domicile are treatment facilities, he shall give preference to community-based treatment facilities, such as group homes or nursing homes, over treatment facilities that are not community-based, such as residential hospitals for the mentally ill as established and provided for by Article 1 of General Statutes Chapter 122 or residential centers for the mentally retarded as established and provided for by Article 9 of General Statutes Chapter 122.

(2) He shall make provision for the care, comfort, and maintenance of his ward and shall arrange for his training, education, employment, and rehabilitation or habilitation. He shall take reasonable care of his ward's personal property.

(b) A guardian of the person is entitled to be reimbursed out of the ward's estate for expenditures incurred in the performance of his duties.

(c) The guardian of the person and a general guardian shall not be liable, by reason of his authorizing or giving any consent or approval necessary to enable the ward to receive legal, psychological, or other professional care, counsel, treatment, or service or other consent or approval that may be required or desirable, for damages to the ward or his estate resulting from the negligence or other acts of a third person if the guardian has acted within the limits imposed on him by this Article or the clerk or both. A guardian of the person and a general guardian shall not be liable for damages to the ward or his estate by reason of authorizing medical treatment or surgery for his ward if the guardian acted after consulting with the ward's physician, acted in good faith, was not negligent, and acted within the limits imposed on him by this Article or the clerk or both.

"§ 35-1.35 *Powers and duties of guardians with respect to the estate.*—A general guardian and a guardian of the estate shall have all the powers and duties under Articles 2, 3, 4, 5, 5A, 5B, and 5C of Chapter 35 of the General Statutes and by Articles 2, 3, 4, and 5 of Chapter 33 of the General Statutes unless the provisions of this Chapter are inconsistent therewith, in which case the provisions of this Chapter shall prevail, or unless the provisions of the order of the clerk appointing a guardian are inconsistent therewith, in which case the provisions of the clerk's order shall prevail.

"§ 35-1.36. *Reports filed with designated agency.*—A guardian shall simultaneously file with the designated agency all reports that he is required to file with the clerk.

He shall have authority to determine disputes between guardians and to adjust the amount of the guardian's bond.

(b) He may order a multidisciplinary evaluation or other evaluation to be made.

(c) When a petition for an adjudication for restoration to competency has been filed, the clerk shall notify the ward, his guardian or guardians, and any other parties to the original proceeding that a petition has been filed, shall set a date for a hearing on the petition and give notice of that date to the aforesaid persons, afford the ward the right to trial by jury pursuant to G.S. 35-1.16(c), hold an open hearing pursuant to G.S. 35-1.16(d), afford the ward and other parties the right to present evidence pursuant to G.S. 35-1.16(e), and, upon a finding that the ward is no longer an incompetent adult, enter an order adjudicating that the ward is restored to competency and the ward's guardian or guardians are discharged.

"§ 35-1.39. *Subsequent hearings.*—(a) A hearing shall be held pursuant to a petition filed under G.S. 35-1.37 or G.S. 35-1.38. Ten days' notice shall be given to the parties to the original proceedings and may be given to any other interested persons known to the petitioner or to the clerk.

(b) Unless inconsistent with G.S. 35-1.37 or G.S. 35-1.38, the provisions of G.S. 35-1.16 through G.S. 35-1.21 shall be applicable to the hearing.

(c) If an emergency exists which threatens the physical well-being of the ward, the clerk may enter *ex parte* an appropriate order pending disposition of the matter at the hearing.

(2) If any person, other than by reason of his fraud, has received any sum as benefits under this Chapter to which he has been found not entitled, he shall be liable to repay such sum to the Commission for and on behalf of the trust fund or, in the discretion of the Commission, shall have such sum deducted from any future benefits payable to him under this Chapter. No such recovery or recoupment of such sum may be effected after 10 years from the last day of the year in which the overpayment occurred."

The repeal shall be effective from the date of final disposition upon appeal or from the date of expiration of the right of appeal and shall apply to relevant matters pending at that time. If Public Law 94-566 or those provisions thereof relating to coverage of State and local employees should at any time be repealed by the U. S. H. B. 1183 CHAPTER 732

AN ACT TO PROVIDE FOR SPECIAL TREATMENT OF ALL YOUTHFUL OFFENDERS AND ESTABLISH SPECIAL PAROLE CONSIDERATION FOR COMMITTED YOUTHFUL OFFENDERS.

The General Assembly of North Carolina enacts:

Section 1. Article 3A of Chapter 148 as it appears in Volume 3C of the General Statutes of North Carolina and in the 1975 Cumulative Supplement thereto is hereby repealed.

Sec. 2. Chapter 148 is hereby amended by adding a new Article 3B to read as follows:

"ARTICLE 3B.

"Facilities and Programs for Youthful Offenders.

"§ 148-49.10. *Purposes of Article.*—The purposes of this Article are to improve the chances of correction, rehabilitation and successful return to the community of youthful offenders sentenced to imprisonment by preventing, as far as practicable, their association during their terms of imprisonment with older and more experienced criminals, and by closer coordination of the activities of sentencing, training in custody, parole, and final discharge. It is the intent of this Article to provide the courts with an additional sentencing possibility to be used in the court's discretion for correctional punishment and treatment in cases, where in the opinion of the court, a youthful offender requires a period of imprisonment, but no longer than necessary for the Parole Commission to determine that the offender is suitable for a return to freedom and is ready for a period of supervised freedom as a step toward unconditional discharge and restoration of the rights of citizenship.

"§ 148-49.11. *Definitions.*—As used in this Article, a 'youthful offender' is a person under 21 years of age in the custody of the Secretary of Correction. A 'committed youthful offender' is a youthful offender who shall have the benefit of early release under the provisions of G.S. 148-49.15. All rights accrued by persons prior to the effective date of this statute shall not be affected.

"§ 148-49.12. *Treatment of youthful offenders.*—(a) To the extent practicable in light of the needs of the youthful offenders and of the needs and resources of the prison system, the Secretary of Correction shall house youthful offenders in facilities separate from prisoners over 21 years of age. In any case where the program needs of a youthful offender or the resources of the Department of Correction prohibit such separate housing, the youthful offender may be assigned to any prison facility pursuant to G.S. 148-4 and G.S. 148-36 as the Secretary of Correction shall deem appropriate. Facilities designated for the housing of youthful offenders shall be, to the extent feasible, adapted to the needs and treatment of youthful offenders. The secretary shall endeavor to provide personnel specially qualified by training, experience, and personality for treatment of youthful offenders.

(b) The Department of Human Resources is authorized to establish and construct on any property of the State under its supervision and control modern facilities where youthful offenders committed to the custody of the Secretary of Correction may be sent for treatment, training, or work under rules and regulations jointly adopted by the Department of Human Resources and the State Department of Correction. The plans, specifications and construction of such facilities shall meet the requirements of the Secretary of Correction. The cost of the maintenance of youthful offenders assigned to such facilities by the Secretary of Correction and employed in work for the benefit of the Department of Human Resources shall be borne by the Department of Human Resources. The youthful offenders assigned to such facilities shall be under the care and supervision of agents and employees of the Department of Correction or of agents and employees of the Department of Human Resources as may be agreed upon by the two State agencies.

(c) Youthful offenders may be required to participate in vocational, educational and correctional training and activities. Appropriate use shall be made of other methods of treatment, including medical and psychiatric. The Secretary of Correction may extend the limits of the place of confinement of a youthful offender when there is reasonable cause to believe that he will honor his trust, by authorizing him, under prescribed conditions, to leave the confines of that place unaccompanied by a custodial agent for a prescribed period of time for any purpose consistent with the public interest. Willful failure to remain within the extended limits of his confinement, or to return within the time prescribed to the place of confinement designated by the Secretary of Correction, shall be deemed an escape from the custody of the Secretary as provided in G.S. 148-45.

(d) The Secretary of Correction may contract with any appropriate public or private agency not under his control for treatment and training services to youthful offenders when this is the most economical or effective way to provide needed services.

"§ 148-49.13. *Classification studies.*—Every youthful offender shall first be sent to a diagnostic and classification center for a complete study, including a mental and physical examination, to ascertain his personal traits, his capabilities, pertinent circumstances of his school and family life, any previous delinquency or criminal experience, and any mental or physical defect or other factor contributing to his delinquency and criminal activities. All agencies of State and local government in North Carolina shall cooperate with the State Department of Correction in supplying or verifying information helpful for

diagnosis, classification, and program planning for youthful offenders. A report of the findings and recommendations of the diagnostic and classification center shall be sent to the Secretary of Correction and shall be made available to the Parole Commission, and to the Department of Human Resources if needed.

"§ 148-49.14. *Sentencing committed youthful offenders.*—As an alternative to a sentence of imprisonment as is otherwise provided by law, when a person under 21 years of age is convicted of an offense punishable by imprisonment and the court does not suspend the imposition or execution of sentence and place him on probation, the court may sentence such person to the custody of the Secretary of Correction for treatment and supervision as a committed youthful offender. At the time of commitment the court shall fix a maximum term not to exceed the limit otherwise prescribed by law for the offense of which the person is convicted or 20 years, whichever is less. When the maximum permitted penalty for the offense is imprisonment for one year or longer, the maximum term imposed shall not be for less than one year. If the court shall find that a person under 21 years of age should not obtain the benefit of release under G.S. 148-49.15, it shall make such 'no benefit' finding on the record. Whenever the court shall suspend the imposition or execution of sentence and place a person on probation, the court shall not order commitment as a committed youthful offender; however, if probation be subsequently revoked and the active sentence of imprisonment executed, the court may at that time commit the person, if he is still under 21 years of age, to the custody of the Secretary of Correction as a committed youthful offender.

"§ 148-49.15. *Parole of committed youthful offenders.*—(a) The Parole Commission may at any time after reasonable notice to the Secretary of Correction parole under supervision a committed youthful offender pursuant to the provisions of Article 4 of this Chapter. When, in the judgment of the Secretary of Correction, a committed youthful offender is ready for parole under supervision, the Secretary may also recommend such action to the Parole Commission. It shall not be necessary for a committed youthful offender to have served one quarter of his sentence before becoming eligible for parole.

(b) When the Parole Commission paroles any committed youthful offender, the time that the committed youthful offender spends at liberty on parole shall be limited and shall be credited toward his active sentence in the same manner as would have occurred had such person been paroled pursuant to Article 4 of this Chapter.

(c) The Parole Commission, after notice to the Secretary of Correction, may release a committed youthful offender on parole within the last 90 days of his maximum term of commitment.

(d) The Parole Commission may revoke or modify any of its orders respecting a committed youthful offender except an order of unconditional discharge. Upon the unconditional discharge by the Parole Commission of a committed youthful offender before the expiration of the maximum sentence imposed upon him, all rights of citizenship which he forfeited on conviction shall be automatically restored and the Parole Commission shall issue to the committed youthful offender a certificate to that effect.

"§ 148-49.16. *Supervision of paroled youthful offenders and revocation of such parole.*—(a) Paroled youthful offenders shall be under the supervision of agents and employees of the Department of Correction. The Department of Correction is authorized to encourage the formation of voluntary organizations

composed of members who will serve without compensation as voluntary supervisory agents and sponsors. The powers and duties of voluntary supervisory agents and sponsors shall be limited and defined by rules and regulations adopted by the Parole Commission.

(b) If at any time before unconditional discharge of a youthful offender the Parole Commission is of the opinion that for proper reason parole should be revoked, revocation shall proceed under the provisions of Article 4 of this Chapter. After revocation of parole, the Parole Commission may thereafter reinstate parole at such time as in the commission's discretion the youthful offender is ready for reinstatement. Notice to the Secretary of Correction of intent to reinstate parole shall not be required."

Sec. 3. G.S. 148-45(a)(4) as it appears in the 1975 Cumulative Supplement to Volume 3 of the General Statutes of North Carolina is amended by striking out in the third line thereof "or 148-49.3".

Sec. 4. G.S. 148-45(b)(4) as it appears in the 1975 Cumulative Supplement to Volume 3 of the General Statutes of North Carolina is amended by striking out in the third line thereof "or 148-49.3".

Sec. 5. The second sentence of G.S. 143B-266(b) is hereby rewritten to read as follows: "Specifically, such releasing authority includes work release (G.S. 148-33.1), indeterminate-sentence release (G.S. 148-42), and release of youthful offenders (G.S. 148-49.8), provided the individual considered for work release or indeterminate-sentence release shall have been recommended for release by the Secretary of Correction or his designee."

Sec. 6. All commitments to the Department of Correction under G.S. 148-49.3 shall be treated as commitments under G.S. 148-12(b).

Sec. 7. This act shall become effective October 1, 1977.

In the General Assembly read three times and ratified, this the 24th day of June, 1977.

"Sections 5.17 through 5.20 reserved.

"CHAPTER 3.

"Firemen's Supplementary Pension Fund.

"Sec. 5.21. Fund created. There shall continue to be a supplementary pension fund for the Fire Department of the City of Concord, to be known as the 'Concord Firemen's Supplementary Fund', hereinafter referred to as the 'supplementary pension fund'. The fund shall be administered by a board of five trustees composed of the chief of the fire department of the city, two firemen who shall be elected by a majority vote of the chief and members of the fire department, and two members of the board of aldermen designated by the board upon recommendation of the chief and members of the fire department. The members of the board of trustees shall be elected for a term of one year and shall hold office until their successors are elected and qualified.

"Sec. 5.22. Transfer of funds. All funds coming into the firemen's relief fund under G.S. 118-5 that will increase the fund to an amount in excess of five hundred dollars ($500.00) shall be transferred immediately to the 'supplemental pension fund' so as to leave in the firemen's relief fund an amount not greater than five hundred dollars ($500.00) at any time.

"Sec. 5.23. Eligibility for benefits; retirement procedure. (a) Any person who is a full-time paid member of the Concord Fire Department, as shown by the records of the city, shall be eligible for benefits from the 'supplementary pension fund'; provided that no such person shall be eligible for benefits from the 'supplementary pension fund' unless such person has 30 years service in the Concord Fire Department or has been retired as a member of the Concord Fire Department under the Social Security Act, or any retirement system the city may participate in, or because of a disability. Any disability retirement shall be on a medical board's recommendation. The board of trustees shall designate a medical board composed of three physicians. In special or unusual cases, the board of trustees may employ one or more other physicians, if, in their opinion, the same shall be advisable or necessary. The medical board shall arrange for and make physical examinations and pass upon all medical examinations, all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusion and recommendations upon the matters referred to it. Upon the application of a member for disability retirement, he may be retired by the board of trustees not less than 30 days nor more than 90 days next following the date of filing application, provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for further performance of duty, that such incapacity is likely to be permanent and that such member should be retired.

(b) Once each year during the first five years following retirement of a member on a disability retirement allowance and once in every three-year period thereafter, the board of trustees may, and upon his application, shall require any disability member who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of the member, or other place mutually agreed upon, by a physician or physicians designated by the board of trustees. Should any disability member who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the board of trustees, his allowance may be discontinued until his

withdrawal of such refusal; and, should his refusal continue for one year, all his rights in and to his pension may be revoked by the board of trustees.

(c) Should the medical board report and certify to the board of trustees that such disability member is engaged in, or is able to engage in, a gainful occupation paying more than the difference betwen his retirement allowance and the average annual compensation and should the board of trustees concur in such report, then the amount of his pension shall be reduced to an amount which together with his pension and the amount earnable by him, shall equal the amount of his average annual compensation. Should his earning capacity be later changed, the amount of his pension may be further modified. Should he be restored to a full employment in the Concord Fire Department, or by other employer, at a salary equal to his compensation at the time of disability, his retirement shall cease. Should it be determined he is physically able to return to full employment in the Concord Fire Department before he has attained 60 years of age and he refuses employment, he forfeits all rights to a retirement pension. This Chapter does not modify or alter in any way the Workmen's Compensation Laws of the State of North Carolina.

"Sec. 5.24. Retirement pension. Any full-time paid member of the fire department who retires or is retired under the provisions of this Chapter shall receive monthly for the remainder of his life from the 'supplementary pension fund' an amount equal to two percent (2%) for each five years of service up to 30 years' service; after 30 years or more service, he shall be eligible to receive fourteen percent (14%) of his average monthly compensation. In no case shall the retirement pension exceed fourteen percent (14%) of his monthly compensation at the time of retirement.

"Sec. 5.25. Treasurer. The Chief of the Concord Fire Department, as a member of the board of trustees of the 'supplementary pension fund', shall be treasurer and custodian of the fund and shall pay the beneficiaries thereof on the first day of each and every month any monies in his possession that such beneficiaries may be entitled to under the provisions of this Chapter.

"Sec. 5.26. Bond required. The Chief of the Concord Fire Department, as custodian of the 'supplementary pension fund', shall be required to give a bond with an indemnity company authorized to do business in the State of North Carolina as surety in a sum equal to one and one-quarter times the maximum amount estimated by the board of trustees as likely to be in his possession as such custodian at any time within the fiscal year for which the bond is given. The condition of the bond shall be that the custodian shall faithfully receive, keep, disburse and account for, as herein provided, all funds and property coming into his hands as such custodian, and the premiums on the bond shall be paid out of the 'supplementary pension fund'.

"Sec. 5.27. Investment of funds. The custodian of the 'supplementary pension fund' is authorized and directed to invest all monies coming into his possession belonging to the 'supplementary pension fund', except so much as the board of trustees from time to time determines is reasonably necessary for the prompt payment of claims and expenses, in such securities as the board of trustees shall select; provided, however, that such securities shall be limited to, and upon the same conditions as those enumerated by the General Statutes of North Carolina, as amended, as to the investment of trust funds and, or, the funds of guardians.

"Sec. 5.28. Gifts accepted. The board of trustees, as herein provided for, may, in its discretion, take and receive any gift, grant, bequest or devise or any real or personal property or other things of value for, and as, the property of the 'supplementary pension fund', and hold and disburse and invest the same for the use of the fund in accordance with the purpose of this Chapter and the conditions attached to any such gift, grant, bequest or devise.

"Sec. 5.29. Inconsistent provisions. The provisions of Chapter 118 of the General Statutes of North Carolina creating a firemen's relief fund are repealed as to the City of Concord insofar, and only insofar, as the provisions are inconsistent with and contradictory to the provisions of this Chapter.

"ARTICLE VI.

"SPECIAL PROVISIONS.

"Sec. 6.1. Power of eminent domain. The procedures provided in Article 9 of Chapter 136 of the General Statutes, as specifically authorized by G.S. 136-66.3(c), shall be applicable in the case of acquisition by the city or Board of Light and Water Commissioners of lands, easements, privileges, rights-of-way, and other interests in real property for sewer lines, water lines, electric power lines, and other utility lines in the exercise of the power of eminent domain; and the city or Board of Light and Water Commissioners when seeking to acquire such property of rights or easements therein or thereto, shall have the right and authority, at its option and election, to use the provisions and procedures as authorized and provided in G.S. 136-66.3(c) and Article 9 of Chapter 136 of the General Statutes for any of such purposes without being limited to streets constituting a part of the State Highway System.

Provided, however, that the provisions of this section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c) unless the exercise of such power of eminent domain is either consented to by the owner of the property to be acquired by the city or Board of Light and Water Commissioners or, otherwise, first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation."

Sec. 2. The Board of Cemetery Commissioners of the City of Concord, created by Private Laws of 1921, Chapter 199, as amended, is hereby dissolved. All powers and duties of the board of cemetery commissioners are hereby conferred upon the board of aldermen, and all functions relating to the operation of and care for municipal cemeteries shall be performed by the City of Concord. (d) Bringing suit against the debtor in a county other than that in which the debt was incurred or in which the debtor resides if the distances and amounts involved would make it impractical for the debtor to defend the claim.

S. Chapter 160A, Article 4A, or other general or local law, the board of elections of the county in which the proposed city is located or in which the newly annexed territory is located shall determine those individuals eligible to vote in the referendum or special election or in the city or special district elections. In

determining the eligible voters the board may, in its discretion, use either of the following methods:

METHOD A.—The board of elections shall prepare a list of those registered voters residing within the proposed city or newly annexed territory. The board shall make this list available for public inspection in its office for a two-week period ending 21 days (excluding Saturdays and Sundays) before the day of the referendum or special election, or the next scheduled city or special district election. During this period, any voter resident within the proposed city or newly annexed territory and not included on the list may cause his name to be added to the list. At least one week and no more than two weeks before the day the period of public inspection is to begin, the board shall cause notice of the list's availability to be posted in at least two prominent places within the proposed city or newly annexed territory and may cause the notice to be published in a newspaper of general circulation within the county. The notice shall state that the list has been prepared, that only those persons listed may vote in the referendum or special election, that the list will be available for public inspection in the board's office, that any qualified voter not included on the list may cause his name to be added to the list during the two-week period of public inspection, and that persons in newly annexed territory should present themselves so their registration records may be activated for voting in city or special district elections in the newly annexed territory.

METHOD B.—The board of elections shall conduct a special registration of eligible persons desiring to vote in the referendum or special election or in the newly annexed territory. The registration records shall be open for a two-week period (except Sundays) ending 21 days (excluding Saturdays and Sundays) before the day of the referendum or special election or the next scheduled city or special district election. On the two Saturdays during that two-week period, the records shall be located at the voting place for the referendum or special election or the next scheduled city or special district election; on the other days it may, in the discretion of the board, be kept at the voting place, at the office of the board, or at the place of business of a person designated by the board to conduct the special registration. At least one week and no more than two weeks before the day the period of special registration is to begin, the board shall cause notice of the registration to be posted in at least two prominent places within the proposed city or newly annexed territory and may cause the notice to be published in a newspaper of general circulation within the county. The notice shall state the purpose and times of the special registration, the location of the registration records, that only those persons registered in the special registration may vote in the referendum or special election, and that persons in newly annexed territory should present themselves so their registration records may be activated for voting in city or special district elections in the newly annexed territory.

(b) Only those persons registered pursuant to this section may vote in the referendum or special election, provided, however, that in cases where voters are activated under either Method A or B to vote in a city or special district that annexes territory, the city or special district shall permit them to vote in the city or special district's election and shall, as well, permit other voters to vote in such elections who did not register under the provisions of this section if they are otherwise registered, qualified and eligible to vote in the same."

CHAPTER 762

AN ACT TO REWRITE G.S. 20-81 CONCERNING THE ISSUANCE OF OFFICIAL LICENSE PLATES TO STATE OFFICIALS AND TO CORRECT UNCERTAINTIES RESULTING FROM THE ENACTMENT OF CHAPTER 865 AND CHAPTER 432 OF THE 1975 SESSION LAWS.

Whereas, Chapter 865 of the 1975 Session Laws ratified June 26, 1975, effective July 1, 1975, rewrote G.S. 20-81; and

Whereas, Chapter 432 of the 1975 Session Laws, ratified May 28, 1975, effective January 1, 1976, also rewrote G.S. 20-81; and

Whereas, it is possible that Chapter 865 of the 1975 Session Laws, having the latter ratification date, could be interpreted as repealing Chapter 432 of the 1975 Session Laws or that Chapter 432 of the 1975 Session Laws, having the later effective date, could be interpreted as repealing Chapter 865 of the 1975 Session Laws as of January 1, 1976; and

"§ 126-55. *Status of employees of other governments.*—(a) When a division, department, agency, instrumentality, authority or political subdivision of the State of North Carolina acts as a receiving agency, assigned employees of the sending agency remain the employees of the sending agency and continue to receive the employment benefits of the sending agency unless otherwise specified in a written agreement between the sending agency and the receiving agency.

(b) When a division, department, agency, instrumentality, authority or political subdivision of this State acts as a receiving agency, employees on leave from the sending agency will receive appointments as employees with the receiving agency and will be entitled to the same employment benefits as other employees of the receiving agency unless otherwise specified in a written agreement between the sending agency and the receiving agency. Such appointments may be made without regard to any rules or regulations of the receiving agency regarding the selection of employees; but all rules of the State Personnel Act shall apply to State employees.

"§ 126-56. *Travel expenses of employees of other governments.*—A receiving agency in the State of North Carolina may, in accordance with its travel regulations and travel regulations by law, pay the travel expenses incurred in the course of an assigned employee's duties or incurred in the course of the duties of an employee on leave with the receiving agency on the same basis as the travel expenses of regular employees are paid.

"§ 126-57. *Administration.*—The State Personnel Commission and any State division, department, agency, instrumentality, authority or political subdivision participating in an interchange of employees program may promulgate rules or regulations necessary for the administration of such program, so long as such rules or regulations do not conflict with the provisions of this Article or any other provision of law."

Sec. 4. Article 12 of Chapter 143 of the General Statutes is hereby amended by adding to subsection 143-166 (m) a new sentence, to follow the sentence ending "civil processes." and to read as follows: "The term law enforcement officers, for purposes of participating in this fund and for receiving benefits under this section, includes otherwise qualified persons who are members of the fund and who are participating in an intergovernmental exchange of personnel under Article 10 of Chapter 126 provided the requirements of Article 10 of Chapter 126 are met; provided further, that a member participating in an intergovernmental exchange of personnel under Article 10 of Chapter 126 shall be entitled to any death benefits to which he would otherwise be entitled regardless of whether he and his employers are making contributions to the member's account during the exchange period except that no duplicate benefits shall be paid."

Sec. 5. Severability. In the event any section, subsection, sentence, clause or phrase of this act shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, subsections, sentences, clauses, or phrases of this act, which shall remain in full force and effect as if the section, subsection, sentence, clause or phrase so declared or adjudged invalid or unconstitutional were not originally a part hereof.

The General Assembly of North Carolina enacts:

Section 1. Article 35 of Chapter 15A of the General Statutes is rewritten to read as follows:

"ARTICLE 35.

"Speedy Trial.

"§ 15A-701. *Time limits and exclusions.*—(a) The trial of the defendant charged with a criminal offense shall begin within the time limits specified below:

(1) within 90 days from the date the defendant is arrested, served with criminal process, waives an indictment or is notified pursuant to G.S. 15A-630 that an indictment has been filed with the superior court against him, whichever occurs last;

(2) within 90 days of the giving of notice of appeal in a misdemeanor case for a trial *de novo* in the superior court;

(3) when a charge is dismissed, other than under G.S. 15A-703, and the defendant is afterwards charged with the same offense or an offense based on the same act or transaction or on the same series of acts or

transactions connected together or constituting parts of a single scheme or plan, then within 90 days from the date that the defendant was arrested, served with criminal process, waived an indictment, or was notified pursuant to G.S. 15A-630 that an indictment has been filed with the superior court against him, whichever occurs last, for the original charge;

(4) when the defendant is to be tried again following a declaration by the trial judge of a mistrial, then within 60 days of that declaration; or

(5) within 60 days from the date the action occasioning the new trial becomes final when the defendant is to be tried again following an appeal or collateral attack.

(a1) Notwithstanding the provisions of G.S. 15A-701(a) the trial of a defendant charged with a criminal offense who is arrested, served with criminal process, waives an indictment or is notified pursuant to G.S. 15A-630 that an indictment has been filed against him, on or after October 1, 1978, and before October 1, 1980, shall begin within the time limits specified below:

(1) within 120 days from the date the defendant is arrested, served with criminal process, waives an indictment, or is notified pursuant to G.S. 15A-630 that an indictment has been filed against him, whichever occurs last;

(2) within 120 days of the giving of notice of appeal in a misdemeanor case for a trial *de novo* in the superior court;

(3) when a charge is dismissed, other than under G.S. 15A-703, and the defendant is afterwards charged with the same offense or an offense based on the same act or transaction or on the same series of acts or transactions connected together or constituting parts of a single scheme or plan, then within 120 days from the date that the defendant was arrested, served with criminal process, waived an indictment, or was notified pursuant to G.S. 15A-630 that an indictment has been filed with the superior court against him, whichever occurs last, for the original charge;

(4) when the defendant is to be tried again following a declaration by the trial judge of a mistrial, then within 120 days of that declaration; or

(5) within 120 days from the date the action occasioning the new trial becomes final when the defendant is to be tried again following an appeal or collateral attack.

(b) The following periods shall be excluded in computing the time within which the trial of a criminal offense must begin:

(1) any period of delay resulting from other proceedings concerning the defendant including, but not limited to, delays resulting from

a. a mental or physical examination of the defendant, or a hearing on his mental or physical incapacity;

b. trials with respect to other charges against the defendant;

c. interlocutory appeals; or

d. hearings on pretrial motions or the granting or denial of such motions;

(2) any period of delay during which the prosecution is deferred by the prosecutor pursuant to written agreement with the defendant, with the approval of the court, for the purpose of allowing the defendant to demonstrate his good conduct;

(3) any period of delay resulting from the absence or unavailability of the defendant or an essential witness for the defendant or the State. For the purpose of this subdivision, a defendant or an essential witness shall be considered

a. absent when his whereabouts are unknown and he is attempting to avoid apprehension or prosecution or when his whereabouts cannot be determined by due diligence; and

b. unavailable when his whereabouts are known but his presence for testifying at the trial cannot be obtained by due diligence or he resists appearing at or being returned for trial;

(4) any period of delay resulting from the fact that the defendant is mentally incapacitated or physically unable to stand trial;

(5) when a charge is dismissed by the prosecutor under the authority of G.S. 15A-931 and afterwards a new indictment or information is filed against the same defendant or the same defendant is arrested or served with criminal process for the same offense, or an offense based on the same act or transaction or on the same series of acts or transactions connected together or constituting parts of a single scheme or plan, any period of delay from the date the initial charge was dismissed to the date the time limits for trial under this section would have commenced to run as to the subsequent charge;

(6) a period of delay when the defendant is joined for trial with a codefendant as to whom the time for trial has not run and no motion for severance has been granted;

(7) any period of delay resulting from a continuance granted by any judge if the judge granting the continuance finds that the ends of justice served by granting the continuance outweigh the best interests of the public and the defendant in a speedy trial and sets forth in writing in the record of the case the reasons for so finding.

The factors, among others, which a judge shall consider in determining whether to grant a continuance are as follows:

a. whether the failure to grant a continuance would be likely to result in a miscarriage of justice;

b. whether the case taken as a whole is so unusual and so complex, due to the number of defendants or the nature of the prosecution or otherwise, that it is unreasonable to expect adequate preparation within the time limits established by this section; and

c. whether delay after the grand jury proceedings have begun, in a case where arrest precedes indictment, is caused by the unusual complexity of the factual determination to be made by the grand jury or by events beyond the control of the court or the State;

(8) any period of delay occasioned by the venue of the defendant's case being within a county where due to limited number of court sessions scheduled for the county, the time limitations of this section cannot reasonably be met;

(9) a period of delay resulting from the defendant's being in the custody of a penal or other institution of a jurisdiction other than the jurisdiction in which the criminal offense is to be tried;

(10) a period of delay when the defendant or his attorney has an obligation of service to the State of North Carolina or to the United States

Government and the court, with the consent of both the defendant and the State, continues the case for a period of time consistent with that obligation.

(c) If trial does not begin within the time limitations specified in this section because the defendant entered a plea of guilty or no contest which was subsequently withdrawn to any or all charges, the applicable period of time limits as specified in this section shall begin to run on the day the order permitting withdrawal of the plea of guilty or no contest becomes final.

"§ 15A-702. *Counties with limited court sessions.*—(a) If the venue of the defendant's case lies within a county where, due to the limited number of court sessions scheduled for the county, the applicable time limit specified by G.S. 15A-701 has not been met, the defendant may file a motion for prompt trial with (1) a superior court judge presiding over a mixed or criminal session within the same judicial district where the defendant is charged with an offense within the original jurisdiction of the superior court or with a misdemeanor docketed in the superior court for trial *de novo*; or (2) a district court judge presiding in the county in which the venue of the case lies, or in the event that there is no district court judge presiding in that county, in the judicial district embracing the county in which the venue lies where the defendant is charged with a misdemeanor pending in district court.

(b) The judge with whom the petition for prompt trial is filed may order the defendant's case be brought to trial within not less than 30 days.

(c) A defendant who files a petition for prompt trial under this section accepts venue anywhere within the judicial district and may not continue or delay his case except on the basis of matters which arise after he files the petition and which he or his counsel could not have reasonably anticipated. The defendant may withdraw the petition for prompt trial only on order of the court, for good cause shown or with the consent of the prosecutor.

"§ 15A-703. *Sanctions.*—If a defendant is not brought to trial within the time limits required by G.S. 15A-701 or within the time prescribed by the judge in his order for prompt trial under G.S. 15A-702(b), the charge shall be dismissed on motion of the defendant. The defendant shall have the burden of proof of supporting that motion but the State shall have the burden of going forward with evidence in connection with excluding periods from computation of time in determining whether or not the time limitations under this Article have been complied with. In determining whether to order the charge's dismissal with or without prejudice, the court shall consider, among other matters, each of the following factors: the seriousness of the offense; the facts and circumstances of the case which led to the dismissal; the impact of a re-prosecution on the administration of this Article and on the administration of justice. Failure of the defendant to move for dismissal prior to trial or entry of the plea of guilty or no contest shall constitute a waiver of the right to dismissal under this section. A dismissal with prejudice shall bar further prosecution of the defendant for the same offense or an offense based on the same act or transaction or on the same series of acts or transactions connected together or constituting parts of a single scheme or plan; a dismissal without prejudice shall not bar further prosecution.

"§ 15A-704. *No bar to claim of denial of speedy trial.*—No provision of this Article shall be interpreted as a bar to any claim of denial of a speedy trial as required by the Sixth Amendment to the Constitution of the United States."

Sec. 2. This act shall apply to any person who is arrested, served with criminal process, waives an indictment, or is notified pursuant to G.S. 15A-630 that an indictment has been filed with the superior court against him, on or after October 1, 1978.

Sec. 3. Subsection (a1) of G.S. 15A-701 is repealed effective July 1, 1980.

Sec. 4. This act shall become effective October 1, 1978.

In the General Assembly read three times and ratified, this the 29th day of June, 1977.

Sec. 2. The economy of North Carolina and the welfare of its citizens have been jeopardized in the past by shortages of natural gas, petroleum, propane and electric power. It is therefore declared to be the policy of the State of North

Carolina to encourage and promote the conservation of energy in all forms and to establish requirements and enforcement measures for mandatory conservation of energy in North Carolina, in order to prevent or reduce an adverse impact upon the economy of this State and in order to prevent interruption of employment of the citizens of this State in commerce and industry and in order to prevent injury to their health and welfare due to shortage and high cost of energy in their homes.

"§ 105-151.2. *Credit against personal income tax for solar hot water, heating and cooling.*—(a) Any person (to include partnerships) who constructs or installs a solar hot water, heating or cooling system in any residence or other building in North Carolina shall be allowed as a credit against the tax imposed by this division, an amount equal to twenty-five percent (25%) of the installation and equipment cost of the solar hot water, heating or cooling equipment; provided, that credit allowed under this section shall not exceed one thousand dollars ($1,000) on any single building or for each family dwelling unit of a multi-dwelling building which is individually metered for electric power or natural gas or with separate furnace for oil heat paid for by the occupant; provided further, that in order to secure the credit allowed by this section the taxpayer must own or control the building at the time the solar hot water, heating or cooling system is installed and payment in part or in total for such equipment and installation must be made by the taxpayer during the tax year for which the credit is claimed; and the amount of credit allowed for any one income year shall be limited to the amount of payment for such equipment made during the income year for which the credit is claimed and provided further, that if the credit allowed by this section exceeds the taxes imposed by this division reduced by all other credits allowed by the provisions of this division, such excess shall be allowed against the taxes imposed by this division for the next three succeeding years.

It is further the intent of this section that no information shall be required from coal and petroleum suppliers, that is, at the time such reports are requested, already on file with any agency, commission, or department of State government.

It is the intent of this section that such reports be filed only at such times as the Energy Policy Council and the Governor determine that an energy crisis as defined in G.S. 113B-20 exists or may be imminent.

A new residential building is hereby defined for the purposes of this section as any building for which a building permit is issued on or after September 1, 1977, which includes two or more apartments or other family dwelling units. Provided, however, that any owner or builder of a multi-unit residential building who desires to provide central heat or air conditioning or central hot water from a central furnace, air conditioner or hot water heater which incorporates solar assistance or other designs which accomplish greater energy conservation than separate heat, hot water, or air conditioning for each dwelling unit, may apply to the North Carolina Utilities Commission for approval of said central heat, air conditioning or hot water system, which may include a central meter for electricity or gas used in said central system, and the Utilities Commission shall promptly consider said application and approve it for such central meters if energy is conserved by said design. Sec. 37. Funds appropriated in this act to the Board of Governors of The University of North Carolina for continuation of financial assistance to the medical schools of Duke University and Wake Forest University shall be disbursed on certifications of the respective schools of medicine that show the number of North Carolina residents as first-, second-, third- and fourth- year students in the school as of November 1, 1977, and November 1, 1978. Disbursement to Wake Forest University shall be made in the amount of eight thousand dollars ($8,000) for each such student, one thousand dollars ($1,000) of which shall be placed by the school in a fund to be used to provide financial aid to needy North Carolina students who are enrolled in the school, provided that the maximum aid given to any student from this fund in a given year shall not exceed the amount of the difference in tuition and academic fees charged by the school and those charged at the School of Medicine at The University of North Carolina at Chapel Hill.

Disbursement to Duke University shall be made in the amount of five thousand dollars ($5,000) for each such student, five hundred dollars ($500.00) of which shall be placed by the school in a fund to be used to provide student financial aid to financially needy North Carolina students who are enrolled in the school, provided that no individual student shall be awarded assistance from this fund in excess of two thousand dollars ($2,000) each year. In addition to this basic disbursement for each year of the 1977-79 biennium, a disbursement of one thousand dollars ($1,000) shall be made for each such student in the first-year, second-year and third-year classes to the extent that the enrollment of each of those classes exceeds 30 North Carolina students in the 1977-78 fiscal year. The Board of Governors shall promulgate regulations for determining which students are residents of North Carolina for the purposes of these programs.

The Board shall also make such regulations as it may deem desirable to ensure that these funds are used directly for instruction in the medical programs of the schools and not for religious or other nonpublic purposes. The Board shall encourage the two schools to orient students towards personal health care in North Carolina giving special emphasis to family and community medicine.

——AID TO PRIVATE COLLEGES/PROCEDURE

Sec. 38. Funds appropriated in this act to the Board of Governors of The University of North Carolina for aid to private colleges shall be disbursed in accordance with the provisions of G.S. 116-19, G.S. 116-21, and G.S. 116-22. These funds shall be placed in a separate, identifiable account in each eligible institution's budget/chart of accounts. All funds in this account shall be provided as scholarship funds for needy North Carolina students during the fiscal year. Each student awarded a scholarship from this account shall be notified of the source of the funds and of the amount of the award. The tuition grants provided for in this section shall be administered by the State Education Assistance Authority pursuant to rules and regulations promulgated by the State Education Assistance Authority not inconsistent with this act. The State Education Assistance Authority shall not approve any grant until there has been received from an appropriate officer of the approved institution a certification that the student applying for the grant is an eligible student. Upon receipt of such certification in proper form, the State Education Assistance Authority shall remit at such times as it shall prescribe the grant to the approved instutition on behalf, and to the credit, of such student.

In the event a student on whose behalf a grant has been paid shall not be enrolled and carrying a minimum academic load as of the 10th classroom day following the beginning of the school term for which such grant was paid, the institution shall refund to the State Education Assistance Authority the amount of grant paid on behalf of such student for such term. Each approved institution shall be subject to examination by the State Auditor for the purpose of determining whether such institution has properly certified eligibility and enrollment of students and credited grants paid in the behalf of such students.

In the event there are not sufficient funds to provide each eligible student with a full grant, each eligible student shall receive a reduced but equal share of funds then available for the remainder of the academic year within the fiscal period covered by the current appropriation. Any remaining funds shall revert to the General Fund.

Sec. 38.2. Expenditures made pursuant to Sections 38 and 38.1 of this act shall be used for secular educational purposes only. PART IX.——SPECIAL PROVISIONS——SALARIES AND BENEFITS

——AUTHORIZATION FOR ADMINISTRATION OF 6 1/2% SALARY INCREASES

Sec. 40. The Director of the Budget is authorized and empowered to transfer from the appropriations in Sections 2 and 3 of this act for salary increases of State employees paid from the General Fund and the Highway Fund, respectively, such amounts, including the employer's retirement and social security contributions, as may be required to increase salaries in effect on June 30, 1977, for all permanent employees by an average of six and one-half percent (6.5%) commencing July 1, 1977, rounded to conform to the steps in such salary ranges as may be adopted by the State Personnel Board. For an employee whose salary in effect on June 30, 1977, is not equal to a specific pay rate within the salary schedule effective on that date, the annual increase will be the amount applicable to the next lower pay rate.

Except for salaries specifically established in this act, State department secretaries and other exempt positions whose salaries are recommended by the Governor or the Governor and the Advisory Budget Commission and set by the General Assembly shall be granted six and one-half percent (6.5%) salary increases commencing July 1, 1977.

The Director of the Budget is authorized and empowered to allocate, out of special operating funds or from sources other than tax revenues under which personnel are employed, sufficient funds to conform with the provisions of this section, provided necessary funds are made available by sponsoring agents. The Director of the Budget is further authorized to promulgate special rules and regulations to apply to salary increases for employees whose salaries are paid from interagency receipts, where payments for the services of such employees originate from State appropriations, to the end that the effective purchasing power of such appropriations is not materially reduced as a result of these salary increases. Any question as to the applicability of the provisions of this paragraph shall be resolved by the Director of the Budget and the Advisory Budget Commission.

Salaries for positions which are paid partially from the General Fund and partially from sources other than the General Fund shall be increased from the General Fund appropriation only to the extent of the proportionate part of the salaries paid from the General Fund.

The granting of the legislative salary increases under this section shall not affect the status of eligibility for automatic or merit salary increments or both for which the employees may be eligible during the 1977-79 biennium.

The salary ranges for all employees under the State Personnel Act shall be increased, so far as the maximums are concerned, by amounts corresponding to those of this legislative salary increase so that, after the salary increases provided for in this act are made, every employee will continue to have the same relative position with respect to salary increases and future increments as he would have had if the salary increases provided by this act had not been made.

The salary increases provided in this act to be effective July 1, 1977, shall not apply to persons separated from State service due to resignation, dismissal, reduction in force, death or retirement, whose last work day is prior to July 1, 1977.

Within regular Executive Budget Act procedures as limited by this act, all State agencies and departments are authorized to increase the rate of pay of temporary State employees, subject to availability of funds in the particular agency or department and on an equitable basis, by pro rata amounts approximately equal to the six and one-half percent (6.5%).

The granting of this legislative percentage salary increase shall not affect the status of employees' eligibility for automatic or merit increments.

——ADDITIONAL MERIT INCREMENT/STATE EMPLOYEES

Sec. 40.5. Funds are appropriated in Section 2 of this act to add an additional merit increment for employees subject to the State Personnel Act; the sum is based on the two-thirds funding provisions of G.S. 126-7. To administer this added step on a merit rather than an automatic basis, G.S.

Funds appropriated in Section 2 of this act for salary increases and employer's retirement and social security contributions thereof for permanent employees of the Judicial Department, except for those itemized in this section, are intended to provide salary increases commencing July 1, 1977, of the same percentage as that authorized for State employees subject to the Personnel Act by Section 40 of this act, rounded to conform to the steps in the salary ranges adopted by the Judicial Department.

a. four-tenths (4/10) of one percent (1%) on the first twenty-five thousand dollars ($25,000) of principal;

b. three-tenths (3/10) of one percent (1%) on the next twenty-five thousand dollars ($25,000) of principal;

c. two-tenths (2/10) of one percent (1%) on the next fifty thousand dollars ($50,000) of principal;

d. one-tenth (1/10) of one percent (1%) on the next one hundred thousand dollars ($100,000) of principal;

e. one-twentieth (1/20) of one percent (1%) on all principal over two hundred thousand dollars ($200,000).

(3) Maximum compensation. In addition to the minimum compensation set out in (1) and (2) above, the clerk of superior court at the written request of the trustee may in his discretion allow additional compensation in those cases where the trustee has rendered services beyond the routine services expected by a trustee but in no event shall the total annual aggregate compensation exceed five percent (5%) upon the gross income and the expenditures made in accordance with law, and five-tenths of one percent (0.5%) upon the current value of principal, both real and personal property, held as assets of the trust. In determining the amount of such additional compensation, if any, the clerk of superior

court shall consider the time, responsibility, and skill involved in the management activities of the trustee.

For purposes of determining the annual compensation on principal, the current value of the principal shall be determined as of the date of the first annual accounting and each year thereafter on the anniversary of that date by an appraisal of the trustee and certified to the clerk of superior court.

When computing the current value of real property for purposes of subdivision (3) of this subsection (a) the value of a usual dwelling house occupied by a beneficiary and lands reasonably necessary to the use and enjoyment thereof shall not be included.

This section is not applicable to trustees under bond issues, trustees of corporate trusts, employee benefit trusts, deeds of trusts of real property used for purposes of securing loans, or trusts for similar purposes.

(b) Effect of provisions in the instrument. Nothing in the provisions of this section shall be interpreted to prevent a corporate trustee from applying its regularly adopted schedule of compensation in effect and applicable at the time of performance of such services where the settlor or testator in the instrument creating the trust has so stipulated. In those instances where the compensation provision in the instrument creating the trust relationship provides that the compensation shall not exceed the maximum allowed by law this shall be construed as an expression of intention that the compensation shall not exceed the maximum compensation as provided in G.S. 32-50(a)(3), above.

(c) Other fiduciary relationships. Unless otherwise provided, fiduciaries other than trustees under express trusts shall be entitled to compensation fixed in the discretion of the clerk of superior court not to exceed five percent (5%) upon the amounts of receipts, including the value of all personal and real property when received, and upon the expenditures made in accordance with law. In determining the amount of such compensation, both upon the property received and upon expenditures made, the clerk of superior court shall consider the time, responsibility, trouble and skill involved in the management of such property. The clerk of superior court may allow compensation from time to time during the course of the management but the total amount allowed shall be determined on final settlement and shall not exceed the limit fixed in this subsection.

(d) Opening charge. Unless otherwise provided in the instrument, a successor trustee or a trustee of a testamentary trust who did not serve as a personal representative for the estate, may make a written request to the clerk of superior court for an allowance of an opening charge for his services as a trustee. The clerk of superior court may in his discretion allow such opening charge not to exceed one percent (1%) of the value of the principal, both real and personal, received. In determining the amount of such charge, if any, the clerk of superior court shall consider the time, responsibility, and skill involved in the opening of the trust or other fiduciary relationship.

(e) Closing charge. Unless otherwise provided in the instrument, a trustee of an express trust or other fiduciary may make a written request to the clerk of superior court for the allowance of a closing charge. If the clerk of superior court makes a written finding of fact that there are unusual circumstances supporting such a request he may in his discretion allow a closing charge not to exceed one percent (1%) of the principal, both real and personal. In determining the amount of such charge, if any, the clerk of superior court shall consider the

time, responsibility, and skill involved in the closing of the trust or other fiduciary relationship.

(f) Oral trust agreements. Unless otherwise provided in the oral trust agreement, a trustee under a valid oral trust agreement shall receive compensation in accordance with subsection (a).

(g) Principal less than ten thousand dollars ($10,000). Notwithstanding subsections (a), (b) and (c) above, when the gross value of the principal is ten thousand dollars ($10,000) or less, the clerk of superior court is authorized and empowered to fix the compensation to be received by the trustee or fiduciary in an amount as the clerk in his discretion, deems just and adequate.

(h) Compensation considered costs of management. All compensation, whether allocated to income or principal shall be charged as part of the costs of management and, upon allowance, may be retained out of the assets against creditors and all other persons claiming an interest.

(i) Charges for management; appeals. Nothing in this section shall be construed:

(1) to prevent the clerk of superior court from allowing reasonable sums for necessary charges and disbursements incurred in the management of the principal; or

(2) to abridge the right of any interested party to appeal an order of the clerk.

(j) Default or misconduct. No fiduciary or trustee who has been guilty of default or misconduct in the due execution of his office resulting in the revocation of his appointment shall be entitled to any compensation under the provisions of this Article.

(k) Income tax withholding. For the purpose of computing the compensation whenever any portion of the dividends, interest, rents or other amounts payable to a fiduciary or trustee is required by any law of the United States or other governmental unit to be withheld for income tax purposes by the person, corporation, organization or governmental unit paying the same, the amount so withheld shall be deemed to be income.

"§ 32-51. *Counsel fees allowable to attorneys serving as fiduciaries.*—The clerk of superior court, in his discretion, is authorized and empowered to allow counsel fees to an attorney serving as a fiduciary or trustee (in addition to the compensation allowed him as a fiduciary or trustee) where such attorney in behalf of the trust or fiduciary relationship renders professional services, as an attorney, which are beyond the ordinary routine of management and of a type which would reasonably justify the retention of legal counsel by any fiduciary or trustee not himself licensed to practice law.

"§ 32-52. *Applicability.*—The provisions of this Article shall apply to all trusts and fiduciary relationships created on or after January 1, 1978, and to all express trusts in writing existing on January 1, 1978 if the instrument does not contain any provision relating to compensation."

CHAPTER 815

AN ACT TO PROVIDE A PROCEDURE FOR THE EXERCISE OF A PERSON'S RIGHT TO A NATURAL DEATH; AND TO ADD EXPRESSLY THE CRITERION OF IRREVERSIBLE CESSATION OF BRAIN FUNCTION TO THE OTHER CRITERIA FOR ESTABLISHING A PERSON'S DEATH.

The General Assembly of North Carolina enacts:

Section 1. Chapter 90 of the General Statutes is hereby amended by adding a new Article thereto to read as follows:

"ARTICLE 23.

"Right to Natural Death; Brain Death.

"§ 90-320. *General purpose of Article.*—(a) The General Assembly hereby recognizes that an individual's rights as a citizen of this State include the right

to a peaceful and natural death. This Article is to establish a procedure for the exercise of that right and to state expressly the extent of a physician's obligation to preserve the life of his patient in situations where artificial means may be used to sustain the circulatory and respiratory functions for an indefinite period.

(b) Nothing in this Article shall be construed to authorize any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

"§ 90-321. *Right to* a *natural death.*—(a) As used in this Article the term:

(1) 'Declarant' means a person who has signed a declaration in accordance with subsection (c);

(2) 'Extraordinary means' is defined as any medical procedure or intervention which in the judgment of the attending physician would serve only to postpone artificially the moment of death by sustaining, restoring, or supplanting a vital function;

(3) 'Physician' means any person licensed to practice medicine under Article 1 of Chapter 90 of the laws of the State of North Carolina.

(b) If a person has declared, in accordance with subsection (c) below, a desire that his life not be prolonged by extraordinary means; and the declaration has not been revoked in accordance with subsection (e); and

(1) It is determined by the attending physician that the declarant's present condition is

a. terminal; and

b. incurable; and

(2) There is confirmation of the declarant's present condition as set out above in subdivision (b)(1) by a physician other than the attending physician;

then extraordinary means may be withheld or discontinued upon the direction and under the supervision of the attending physician.

(c) The attending physician may rely upon a signed, witnessed, dated and proved declaration:

(1) which expresses a desire of the declarant that no extraordinary means be used to prolong his life if his condition is determined to be terminal and incurable; and

(2) which states that the declarant is aware that the declaration authorizes a physician to withhold or discontinue the extraordinary means; and

(3) which has been signed by the declarant in the presence of two witnesses who state that they (i) are not related within the third degree to the declarant or to the declarant's spouse and (ii) would not be entitled to any portion of the estate of the declarant upon his death under any will of the declarant or codicil thereto then existing or under the Intestate Succession Act as it then provided, and (iii) are not the attending physician, an employee of the attending physician or of a health facility in which the declarant is a patient, or of a nursing home or any group care home in which the declarant resides and (iv) is not a person who has a claim against any portion of the estate of the declarant at the time of the declaration; and

(4) which has been proved before a clerk or assistant clerk of superior court who certifies substantially as set out in subsection (d) below.

(d) The following form is specifically determined to meet the requirements above:

'Declaration of A Desire For A Natural Death

'I _____, being of sound mind, desire that my life not be prolonged by extraordinary means if my condition is determined to be terminal and incurable. I am aware and understand that this writing authorizes a physician to withhold or discontinue extraordinary means.

'This the _____ day of _____, _____.

Signature _____

'I hereby state that the declarant, _____, signed the above declaration in my presence and that I am not related to the declarant by blood or marriage and I would not be entitled to any portion of the estate of the declarant under any existing will or codicil of the declarant, or as an heir under the Intestate Succession Act if the declarant died on this date without a will. I also state that I am not the declarant's attending physician or an employee of the declarant's attending physician, or an employee of a health facility in which the declarant is a patient or an employee of a nursing home or any group care home where the declarant resides. I further state that I do not now have any claim against the declarant.

Witness _____,

Witness _____.

The clerk or the assistant clerk may, upon proper proof, certify the declaration as follows:

'Certificate

'I, _____, Clerk (Assistant Clerk) of Superior Court for _____ County hereby certify that _____ and _____, witnesses, appeared before me and swore that they witnessed _____, declarant, sign the attached declaration; and also swore that at the time they witnessed the declaration (i) they were not related within the third degree to the declarant or to the declarant's spouse, and (ii) they would not be entitled to any portion of the estate of the declarant upon the declarant's death under any will of the declarant or codicil thereto then existing or under the Intestate Succession Act as it provided at that time, and (iii) they were not a physician attending the declarant or an employee of an attending physician or of a health facility in which the declarant was a patient or of a nursing home or any group care home in which the declarant resided, and (iv) they did not have a claim against the declarant. I further certify that I am satisfied as to the genuineness and due execution of the declaration.

This the _____ of _____, _____.

_____

Clerk (Assistant Clerk) of Superior Court for the County of _____.'

The above declaration may be proved by the clerk or the assistant clerk in the following manner:

(1) upon the testimony of the two witnesses; or

(2) if the testimony of only one witness is available, then

a. upon the testimony of such witness, and

b. upon proof of the handwriting of the witness who is dead or whose testimony is otherwise unavailable, and

c. upon proof of the handwriting of the declarant, unless he signed by his mark; or upon proof of such other circumstances as will satisfy the clerk or assistant clerk of the superior court as to the genuineness and due execution of the declaration.

(3) If the testimony of none of the witnesses is available, such declaration may be proved by the clerk or assistant clerk

a. upon proof of the handwriting of the two witnesses whose testimony is unavailable, and

b. upon compliance with paragraph c. of subdivision (2) above.

Due execution may be established, where the evidence required above is unavoidably lacking or inadequate, by testimony of other competent witnesses as to the requisite facts.

The testimony of a witness is unavailable within the meaning of this subsection when the witness is dead, out of the State, not to be found within the State, insane or otherwise incompetent, physically unable to testify or refuses to testify.

If the testimony of one or both of the witnesses is not available the clerk or the assistant clerk of superior court may, upon proper proof, certify the declaration as follows:

'Certificate

'I _____, Clerk (Assistant Clerk) of Court for the Superior Court of _____ County hereby certify that based upon the evidence before me I am satisfied as to the genuineness and due execution of the attached declaration by _____, declarant, and that the declarant's signature was witnessed by _____, and _____, who at the time of the declaration met the qualifications of G.S. 90-321(c)(3).

'This the _____ day of _____, _____.

_____

Clerk (Assistant Clerk) of Superior Court for _____County.'

(e) The above declaration may be revoked by the declarant, in any manner by which he is able to communicate his intent to revoke, without regard to his mental or physical condition. Such revocation shall become effective only upon communication to the attending physician by the declarant or by an individual acting on behalf of the declarant.

(f) The execution and consummation of declarations made in accordance with subsection (c) shall not constitute suicide for any purpose.

(g) No person shall be required to sign a declaration in accordance with subsection (c) as a condition for becoming insured under any insurance contract or for receiving any medical treatment.

(h) The withholding or discontinuance of extraordinary means in accordance with this section shall not be considered the cause of death for any civil or criminal purposes nor shall it be considered unprofessional conduct. Any person, institution or facility against whom criminal or civil liability is asserted because of conduct in compliance with this section may interpose this section as a defense.

"§ 90-322. *Brain death.*—(a) If a person is comatose and there is no reasonable possibility that he will return to a cognitive sapient state, and:

(1) it is determined by the attending physician that the person's present condition is:

a. terminal; and

b. incurable; and

c. there has been an irreversible cessation of brain function; and

(2) there is confirmation of the person's present condition as set out above in this subsection, by a majority of a committee of three physicians other than the attending physician; and

(3) a vital function of the person is being sustained by extraordinary means; then, in addition to any other medically recognized criteria for determining death, the person may be pronounced dead.

(b) If a person has been pronounced dead in accordance with subsection (a) the extraordinary means to prolong life may be discontinued upon the direction and under the supervision of the attending physician at the request (i) of the person's spouse, or (ii) of a guardian of the person, or (iii) of a majority of the relatives of the first degree, in that order. If none of the above are available then at the discretion of the attending physician the extraordinary means may be discontinued upon the direction and under the supervision of the attending physician.

(c) If a person has been determined to be dead in accordance with subsection (a) and the person is a donor within the meaning of G.S. 90-220.1(3), or a gift of all or any part of the person's body has been made under the provisions of G.S. 90-220.2(b), the extraordinary means may be continued in order to facilitate the purposes of the Uniform Anatomical Gift Act.

(d) The discontinuance of such extraordinary means shall not be considered the cause of death for any civil or criminal purpose nor shall it be considered unprofessional conduct. Any person, institution or facility against whom criminal or civil liability is asserted because of conduct in compliance with this section may interpose this section as a defense."

From and after service of a copy of the notice of hearing of the application for a preliminary injunction, provided for in G.S. 19-2.4 upon the place, or its manager, or acting manager, or person then in charge, all such parties are deemed to have knowledge of the contents of the restraining order and the use of the place occurring thereafter. Where the circumstantial proof warrants a determination that a person had knowledge of the nuisance prior to such service of process, the court may make such finding.

"§ 19-1.4. *Liability of successive owners for continuing nuisance.*—After notice of a temporary restraining order, preliminary injunction, or permanent injunction, every successive owner of property who neglects to abate a continuing nuisance upon, or in the use of such property, created by a former owner, is liable therefor in the same manner as the one who first created it.

"§ 19-1.5. *Abatement does not preclude action.*—The abatement of a nuisance does not prejudice the right of any person to recover damages for its past existence."

Sec. 4. Article 1 of Chapter 19 of the North Carolina General Statutes is further amended by striking in its entirety the present G.S. 19-2 and inserting in lieu thereof the following sections:

"§ 19-2.1. *Action for abatement; injunction.*—Wherever a nuisance is kept, maintained, or exists, as defined in this Article, the attorney general, district attorney, or any private citizen of the county may maintain a civil action in the name of the State of North Carolina to abate a nuisance under this Chapter, perpetually to enjoin all persons from maintaining the same, and to enjoin the use of any structure or thing adjudged to be a nuisance under this Chapter; provided, however, that no private citizen may maintain such action where the alleged nuisance involves the illegal possession or sale of obscene or lewd matter.

If an action is instituted by a private person, the complainant shall execute a bond prior to the issuance of a restraining order or a temporary injunction, with good and sufficient surety to be approved by the court or clerk thereof, in the sum of not less than one thousand dollars ($1,000), to secure to the party enjoined the damages he may sustain if such action is wrongfully brought, not prosecuted to final judgment, or is dismissed, or is not maintained, or if it is finally decided that the temporary restraining order or preliminary injunction ought not to have been granted. The party enjoined shall have recourse against said bond for all damages suffered, including damages to his property, person, or character and including reasonable attorney's fees incurred by him in making defense to said action. No bond shall be required of the prosecuting attorney or the attorney general, and no action shall be maintained against the public official for his official action.

"§ 19-2.2. *Pleadings; jurisdiction; venue; application for preliminary injunction.*—The action, provided for in this Chapter, shall be brought in the superior court of the county in which the property is located. Such action shall be commenced by the filing of a verified complaint alleging the facts constituting the nuisance. After the filing of said complaint, application for a preliminary injunction may be made to the court in which the action is filed which court shall grant a hearing within 10 days after the filing of said application.

"§ 19-2.3. *Temporary order restraining removal of personal property from premises; service, punishment.*—Where such application for a preliminary injunction is made, the court may, on application of the complainant showing good cause, issue an ex parte temporary restraining order in accordance with G.S. 1A-1, Rule 65(b), preserving the status quo and restraining the defendant and all other persons from removing or in any manner interfering with any evidence specifically described, or in any manner removing or interfering with the personal property and contents of the place where such nuisance is alleged to exist, until the decision of the court granting or refusing such preliminary injunction and until further order of the court thereon. Nothing herein shall be interpreted to allow the prior restraint of the distribution of any matter or the sale of the stock in trade, but an inventory and full accounting of all business transactions involving alleged obscene or lewd matter thereafter shall be required.

Any person, firm, or corporation enjoined pursuant to this section may file with the court a motion to dissolve any temporary restraining order. Such a motion shall be heard within 24 hours of the time a copy of the motion is served on the complaining party, or on the next day the superior courts are open in the district, whichever is later. At such hearing the complaining party shall have the burden of showing why the restraining order should be continued.

In the event a temporary restraining order is issued, it may be served in accordance with the provisions of G.S. 1A-1, Rule 4, or may be served by handing to and leaving a copy of such order with any person in charge of such place or residing therein, or by posting a copy thereof in a conspicuous place at or upon one or more of the principal doors or entrances to such place, or by such service under said Rule 4, delivery and posting. The officer serving such temporary restraining order shall forthwith make and return into court an inventory of the personal property and contents situated in and used in conducting or maintaining such nuisance.

Any violation of such temporary restraining order is a contempt of court, and where such order is posted, mutilation or removal thereof, while the same remains in force, is a contempt of court, provided such posted order contains therein a notice to that effect.

"§ 19-2.4. *Notice of hearing on preliminary injunction; consolidation.*—A copy of the complaint, together with a notice of the time and place of the hearing of the application for a preliminary injunction, shall be served upon the defendant at least five days before such hearing. The place may also be served by posting such papers in the same manner as is provided for in G.S. 19-2.3 in the case of a temporary restraining order. If the hearing is then continued at the instance of any defendant, the temporary restraining order may be continued as a matter of course until the hearing.

Before or after the commencement of the hearing of an application for a preliminary injunction, the court, on application of either of the parties or on its own motion, may order the trial of the action on the merits to be advanced and consolidated with the hearing on the application for the preliminary injunction; provided, however, the defendant shall be entitled to a jury trial if requested.

"§ 19-2.5. *Hearing on the preliminary injunction; issuance.*—If upon hearing, the allegations of the complaint are sustained to the satisfaction of the court, the court shall issue a preliminary injunction restraining the defendant and any other person from continuing the nuisance and effectually enjoining its use thereafter for the purpose of conducting any such nuisance."

Sec. 5. Article 1 of Chapter 19 of the North Carolina General Statutes is further amended by rewriting G.S. 19-3 thereof as follows:

"§ 19-3. *Priority of action; evidence.*—(a) The action provided for in this Chapter shall be set down for trial at the first term of the court and shall have precedence over all other cases except crimes, election contests, or injunctions.

(b) In such action, an admission or finding of guilt of any person under the criminal laws against lewdness, assignation, prostitution, gambling, the illegal possession or sale of intoxicating liquors, or the illegal possession or sale of substances proscribed by the North Carolina Controlled Substances Act, at any such place, is admissible for the purpose of proving the existence of said nuisance, and is evidence of such nuisance and of knowledge of, and of

acquiescence and participation therein, on the part of the person charged with maintaining said nuisance.

(c) At all hearings upon the merits, evidence of the general reputation of the building or place constituting the alleged nuisance, of the inmates thereof, and of those resorting thereto, is admissible for the purpose of proving the existence of such nuisance."

Sec. 6. Article 1 of Chapter 19 of the General Statutes is further amended by rewriting G.S. 19-5 thereof as follows:

"§ 19-5. *Content of final judgment and order.*—If the existence of a nuisance is admitted or established in an action as provided for in this Chapter an order of abatement shall be entered as a part of the judgment in the case, which judgment and order shall perpetually enjoin the defendant and any other person from further maintaining the nuisance at the place complained of, and the defendant from maintaining such nuisance elsewhere within the jurisdiction of this State. Lewd matter, illegal intoxicating liquors, gambling paraphernalia, or substances proscribed under the North Carolina Controlled Substances Act shall be destroyed and not be sold.

Such order may also require the effectual closing of the place against its use thereafter for the purpose of conducting any such nuisance.

The provisions of this Article, relating to the closing of a place with respect to obscene or lewd matter, shall not apply in any order of the court to any theatre or motion picture establishment which does not, in the regular, predominant, and ordinary course of its business, show or demonstrate lewd films or motion pictures, as defined in this Article, but any such establishment may be permanently enjoined from showing such film judicially determined to be obscene hereunder and such film or motion picture shall be destroyed and all proceeds and moneys received therefrom, after the issuance of a preliminary injunction, forfeited."

Sec. 7. Article 1 of Chapter 19 of the General Statutes is further amended by rewriting G.S. 19-6 thereof as follows:

"§ 19-6. *Civil penalty; forfeiture; accounting; lien as to expenses of abatement; invalidation of lease.*—Lewd matter is contraband, and there are no property rights therein. All personal property, including all money and other considerations, declared to be a nuisance under the provisions of G.S. 19-1.3 and other sections of this Article, are subject to forfeiture to the local government and are recoverable as damages in the county wherein such matter is sold, exhibited or otherwise used. Such property including moneys may be traced to and shall be recoverable from persons who, under G.S. 19-2.4, have knowledge of the nuisance at the time such moneys are received by them.

Upon judgment against the defendant or defendants in legal proceedings brought pursuant to this Article, an accounting shall be made by such defendant or defendants of all moneys received by them which have been declared to be a nuisance under this Article. An amount equal to the sum of all moneys estimated to have been taken in as gross income from such unlawful commercial activity shall be forfeited to the General Funds of the city and county governments wherein such activity took place, to be shared equally, as a forfeiture of the fruits of an unlawful enterprise, and as partial restitution for damages done to the public welfare; provided, however, that no provision of this Article shall authorize the recovery of any monies or gross income received from the sale of any book, magazine, or exhibition of any motion picture prior to

the issuance of a preliminary injunction. Where the action is brought pursuant to this Article, special injury need not be proven, and the costs of abatement are a lien on both the real and personal property used in maintaining the nuisance. Costs of abatement include, but are not limited to, reasonable attorney's fees and court costs.

If it is judicially found after an adversary hearing pursuant to this Article that a tenant or occupant of a building or tenament, under a lawful title, uses such place for the purposes of lewdness, assignation, prostitution, gambling, sale or possession of illegal intoxicating liquors or substances proscribed under the North Carolina Controlled Substances Act, such use makes void the lease or other title under which he holds, at the option of the owner, and, without any act of the owner, causes the right of possession to revert and vest in such owner."

Sec. 8. Article 1 of Chapter 19 of the General Statutes is further amended by rewriting Section 19-8 thereof as follows:

"§ 19-8. *Costs.*—The prevailing party shall be entitled to his costs. The court shall tax as part of the costs in any action brought hereunder such fee for the attorney prosecuting or defending the action or proceedings as may in the court's discretion be reasonable remuneration for the services performed by such attorney."

Sec. 9. Article 1 of Chapter 19 of the General Statutes is further amended by adding two new sections thereto which shall be designated as G.S. 19-8.1 and G.S. 19-8.2 and which shall read as follows:

"§ 19-8.1. *Immunity.*—The provisions of any criminal statutes with respect to the exhibition of, or the possession with the intent to exhibit, any obscene film shall not apply to a motion picture projectionist, usher, or ticket taker acting within the scope of his employment, provided that such projectionist, usher, or ticket taker: (1) has no financial interest in the place wherein he is so employed, and (2) freely and willingly gives testimony regarding such employment in any judicial proceedings brought under this Chapter, including pretrial discovery proceedings incident thereto, when and if such is requested, and upon being granted immunity by the trial judge sitting in such matters.

"§ 19-8.2. *Right of entry.*—Authorized representatives of the Commission for Health Services, any local health department or the Department of Human Resources, upon presenting appropriate credentials to the owner, operator, or agent in charge of a place described in G.S. 19-1.2, are authorized to enter without delay and at any reasonable time any such place in order to inspect and investigate during the regular hours of operation of such place."

Sec. 10. Article 1 of Chapter 19 of the General Statutes is further amended by adding a new section thereto which shall be designated as G.S. 19-8.3 and which shall read as follows:

"§ 19-8.3. *Severability.*—If any section, subsection, sentence, or clause of this Article is adjudged to be unconstitutional or invalid, such adjudication shall not affect the validity of the remaining portion of this Article. It is hereby declared that this Article would have been passed, and each section, sentence, or clause thereof, irrespective of the fact that any one or more sections, subsections, sentences or clauses might be adjudged to be unconstitutional, or for any other reason invalid."

Sec. 11. This act shall become effective on August 1, 1977.

In the General Assembly read three times and ratified, this the 30th day of June, 1977.

The General Assembly of North Carolina enacts:

Section 1. Articles 13, 13A, 13B and 25 of G.S. Chapter 58 are repealed in their entirety.

Sec. 2. Chapter 58 of the General Statutes is amended by adding a new Article 13C to read as follows:

"ARTICLE 13C.

"Regulation of Insurance Rates.

"§ 58-131.34. *Purposes.*—The purposes of this Article are

(1) to promote the public welfare by regulating rates to the end that they shall not be excessive, inadequate, or unfairly discriminatory;

(2) to authorize the existence and operation of qualified rating organizations and advisory organizations and require that specified rating services of such rating organizations be generally available to all admitted insurers;

(3) to encourage, as the most effective way to produce rates that conform to the standards of subsection (1) of this section, independent action by and reasonable price competition among insurers;

(4) to authorize cooperative action among insurers in the rate-making process, and to regulate such cooperation in order to prevent practices that tend to bring about monopoly or to lessen or destroy competition; and

(5) to encourage the most efficient and economic marketing practices.

"§ 58-131.35. *Definitions.*—As used in this Article:

(1) 'Advisory organization' means every person, other than an admitted insurer, whether located within or outside this State, who prepares policy forms or makes underwriting rules incident to but not including the making of rates, or rating plans or rating systems, or which collects and furnishes to admitted insurers or rating organizations loss or expense statistics or other statistical information and data and acts in an advisory, as distinguished from a rate-making, capacity. No duly authorized attorney-at-law acting in the usual course of his profession shall be deemed to be an advisory organization.

(2) 'Commissioner' means the Commissioner of Insurance.

(3) 'Inland marine insurance' shall be deemed to include insurance now or hereafter defined by statute, or by interpretation thereof, or if not so defined or interpreted, by ruling of the commissioner or as established by general custom of the business, as inland marine insurance.

(4) 'Member', unless otherwise apparent from the context, means an insurer who participates in or is entitled to participate in the management of a rating, advisory or other organization.

(5) 'Rating organization' means every person, other than an admitted insurer, whether located within or outside this State, who has as his object or purpose the making of rates, rating plans, or rating systems. Two or more insurers which act in concert for the purpose of making rates, rating plans, or rating systems, and which do not operate within the specific authorizations contained in G.S. 58-131.45, G.S. 58-131.46, G.S. 58-131.47 and G.S. 58-131.48, shall be deemed to be a rating organization. No single insurer shall be deemed to be a rating organization.

(6) 'Subscriber', unless otherwise apparent from the context, means an insurer which is furnished at its request (a) with rates and rating manuals by a rating organization of which it is not a member, or (b) with advisory services by an advisory organization of which it is not a member.

(7) 'Willful' means in relation to an act or omission which constitutes a violation of this Article with actual knowledge or belief that such act or omission constitutes such violation and with specific intent to commit such violation.

(8) 'Private passenger motor vehicle' means:

(a) a motor vehicle of the private passenger or station wagon type that is owned or hired under a long-term contract by the policy named insured and that is neither used as a public or livery conveyance for passengers nor rented to others without a driver; or

(b) a motor vehicle with a pick-up body, a delivery sedan or a panel truck that is owned by an individual or by husband and wife or individuals who are residents of the same household and that is not customarily used in the occupation, profession, or business of the insured other than farming or ranching. Such vehicles owned by a family farm copartnership or corporation shall be considered owned by an individual for purposes of this Article; or

(c) a motorcycle, motorized scooter or other similar motorized vehicle not used for commercial purposes.

(9) 'Nonfleet' motor vehicle means a motor vehicle not eligible for classification as a fleet vehicle for the reason that the motor vehicle is one of four or less motor vehicles owned or hired under a long-term contract by the policy named insured.

"§ 58-131.36. *Scope of application.*—The provisions of this Article shall apply to all insurance on risks or on operations in this State, except:

(1) reinsurance, other than joint reinsurance to the extent stated in G.S. 58-131.45;

(2) any policy of insurance against loss or damage to or legal liability in connection with property located outside this State, or any motor vehicle or aircraft principally garaged and used outside of this State, or any activity wholly carried on outside this State;

(3) insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured under marine, as distinguished from inland marine, insurance policies;

(4) accident, health, or life insurance;

(5) annuities;

(6) title insurance;

(7) mortgage guaranty insurance;

(8) workmen's compensation and employers' liability insurance written in connection therewith;

(9) for private passenger (nonfleet) motor vehicle liability insurance, automobile medical payments insurance, uninsured motorists' coverage and other insurance coverages written in connection with the sale of such liability insurance;

(10) theft of or physical damage to private passenger (nonfleet) motor vehicles; and

(11) insurance against loss to residential real property with not more than four housing units located in this State or any contents thereof or valuable interest therein and other insurance coverages written in connection with the sale of such property insurance.

The provisions of this Article shall not apply to hospital service or medical service corporations, investment companies, mutual benefit associations, or fraternal beneficiary associations.

"§ 58-131.37. *Rate standards.*—(a) Rates shall not be excessive, inadequate, or unfairly discriminatory.

(b) Rates are not excessive if a reasonable degree of price competition exists at the consumer level with respect to the class of business to which they apply. It is presumed that a reasonable degree of price competition exists if there are a number of insurers actively engaged in the class of business and there are rate differentials in that class of business.

(c) If such competition does not exist, rates are excessive if they clearly produce a long-run underwriting profit that is unreasonably high for the class of business.

(d) No rate shall be held to be inadequate unless (1) the rate is unreasonably low for the insurance provided and the continued use of the rate endangers the solvency of the insurer, or unless (2) the rate is unreasonably low for the insurance provided and the use of the rate by the insurer has, or if continued will have, the effect of destroying competition or creating a monopoly.

(e) A rate is not unfairly discriminatory in relation to another in the same class if it reflects equitably the differences in expected losses and expenses. Rates are not unfairly discriminatory because different premiums result for policyholders with like loss exposures but different expense factors, or like expense factors but different loss exposures, as long as the rates reflect the differences with reasonable accuracy. Rates are not unfairly discriminatory if they are averaged broadly among persons insured under a group, franchise, or blanket policy.

"§ 58-131.38. *Rating methods.*—In determining whether rates comply with the standards under G.S. 58-131.37, the following criteria shall be applied:

(1) Due consideration shall be given to past and prospective loss and expense experience within this State, to catastrophe hazards, to a reasonable margin for underwriting profit and contingencies, to trends within this State, to dividends or savings to be allowed or returned by insurers to their policyholders, members, or subscribers, and to all other relevant factors, including judgment factors; provided, however, that countrywide expense and loss experience and other countrywide data shall be considered where credible North Carolina experience or data is not available.

(2) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks that have probable effect upon losses or expenses. Classifications or modifications of classifications of risks may be established based upon size, expense, management, individual experience, location or dispersion of hazard, or any other reasonable considerations. Such classifications and modifications shall apply to all risks under the same or substantially the same circumstances or conditions.

(3) The expense provisions included in the rates to be used by an insurer may reflect the operating methods of the insurer and, as far as it is credible, its own expense experience.

"§ 58-131.39. *Filing of rates and supporting data.*—(a) Except as to inland marine risks which by general custom of the business are not written according to manual rates and rating plans, every admitted insurer and every licensed rating organization, which has been designated by any insurer for the filing of rates under G.S. 58-131.41, shall file with the commissioner all rates and all changes and amendments thereto made by it for use in this State prior to the time they become effective.

(b) The commissioner may require the filing of supporting data including:

(1) the experience and judgment of the filer, and to the extent the filer wishes or the commissioner requires, of other insurers or rating organizations;

(2) the filer's interpretation of any statistical data relied upon; and

(3) descriptions of the methods employed in setting the rates.

(c) Upon written consent of the insured, stating his reasons therefor, a rate or deductible or both in excess of that provided by an otherwise applicable filing may be used on a specific risk, provided that it is filed with the commissioner in accordance with Subsection (a) of this section.

"§ 58-131.40. *Filing open to inspection.*—Each filing and supporting data filed under this Article shall, as soon as filed, be open to public inspection at any reasonable time. Copies may be obtained by any person on request and upon payment of a reasonable charge therefor.

"§ 58-131.41. *Delegation of rate making* and *rate filing obligation.*—(a) An insurer may itself establish rates based on the factors in G.S. 58-131.38 or it may use rates prepared by a rating organization, with average expense factors determined by the rating organization or with such modification for its own expense and loss experience as the credibility of that experience allows.

(b) An insurer may discharge its obligation under G.S. 58-131.39 by giving notice to the commissioner that it uses rates prepared by a designated rating organization, with such information about modifications thereof as are necessary to fully inform the commissioner. The insurer's rates shall be those filed from time to time by the rating organization, including any amendments thereto as filed, subject, however, to the modifications filed by the insurer.

"§ 58-131.42. *Disapproval of rates; interim use of rates.*—(a) If the commissioner finds after a hearing that a rate is not in compliance with G.S. 58-131.37, he shall issue an order specifying in what respects it so fails, and stating when, following a reasonable period thereafter, the rate shall be deemed

no longer effective. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

(b) Whenever a rate of an insurer is held to be unfairly discriminatory or excessive and the rate is deemed no longer effective by order of the commissioner issued under subsection (a) of this section, the insurer shall have the option to continue to use the rate for the interim period pending judicial review of the order, provided that the insurer shall place in an escrow account approved by the commissioner the purported unfairly discriminatory or excessive portion of the premium collected during the interim period. The court, upon a final determination, shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are *de minimis* shall not be required.

"§ 58-131.43. *Rating organizations.*—(a) No rating organization shall provide any service relating to rates subject to this Article and no insurer shall utilize the service of such organization for such purpose unless the organization has obtained a license from the commissioner.

(b) No rating organization shall refuse to supply any services for which it is licensed in this State to any insurer admitted to do business in this State and offering to pay the fair and usual compensation for the services.

(c) A rating organization applying for a license shall include with its application:

(1) a copy of its constitution, charter, articles of organization, agreement, association, or incorporation, and a copy of its bylaws, plan of operation, and any other rules or regulations governing the conduct of its business;

(2) a list of its members and subscribers;

(3) the name and address of one or more residents of this State upon whom notices, process affecting it, or orders of the commissioner may be served;

(4) a statement showing its technical qualifications for acting in the capacity for which it seeks a license; and

(5) any other relevant information and documents that the commissioner may require.

(d) If the commissioner finds that the applicant and the natural persons through whom it acts are qualified to provide the services proposed, and that all requirements of law are met, he shall issue a license specifying the authorized activity of the applicant. He shall not issue a license if the proposed activity would tend to create a monopoly or to lessen or to destroy price competition. Licenses issued pursuant to this section shall remain in effect until the licensee withdraws from the State or until the license is suspended or revoked.

(e) Any change in or amendment to any document required to be filed under this section shall be promptly filed with the commissioner.

(f) Every rating organization providing services in this State on the effective date of this Article may continue to provide services thereafter as a rating organization, subject to the provisions of this Article and pending its application to the commissioner for a license to provide services as a rating organization, which application shall be made within 30 days after the effective date of this Article.

"§ 58-131.44. *Advisory organizations.*—(a) No advisory organization shall conduct its operations in this State unless and until it has filed with the commissioner:

(1) a copy of its constitution, articles of incorporation, agreement, or association, and of its bylaws, or rules and regulations governing its activities, all duly certified by the custodian of the originals thereof;

(2) a list of its members and subscribers; and

(3) the name and address of a resident of this State upon whom notices, process affecting it, or orders of the commissioner may be served.

(b) Any change in or amendment to any document required to be filed under this section shall be promptly filed with the commissioner.

(c) No advisory organization shall engage in any unfair or unreasonable practice with respect to its activities.

"§ 58-131.45. *Joint underwriting and joint reinsurance organizations.*—(a) Every group, association, or other organization of insurers which engages in joint underwriting or joint reinsurance through such group, association, or organization, or by standing agreement among the members thereof, shall file with the commissioner:

(1) a copy of its constitution, articles of incorporation, agreement, or association, and bylaws;

(2) a list of its members; and

(3) the name and address of a resident of this State upon whom notices, process affecting it, or orders of the commissioner may be served.

(b) Any change in or amendment to any document required to be filed under this section shall be promptly filed with the commissioner.

(c) If after a hearing, the commissioner finds that any activity or practice of any such group, association, or other organization is unfair, unreasonable, or otherwise inconsistent with the provisions of this Article, he may issue a written order specifying in what respects the activity or practice is unfair, unreasonable, or otherwise inconsistent with the provisions of this Article, and requiring the discontinuance of the activity or practice.

"§ 58-131.46. *Insurers authorized to act in concert.*—Subject to and in compliance with the provisions of this Chapter authorizing insurers to be members or subscribers of rating or advisory organizations or to engage in joint underwriting or joint reinsurance, two or more insurers may act in concert with each other and with others with respect to any matters pertaining to the making of rates or rating systems, the preparation or making of insurance policy or bond forms, underwriting rules, surveys, inspections and investigations, the furnishing of loss or expense statistics or other information and data, or carrying on of research.

"§ 58-131.47. *Insurers authorized to act in concert; admitted insurers with common ownership or management; matters relating to co-surety bonds.*—With respect to any matters pertaining to the making of rates or rating systems, the preparation or making of insurance policy or bond forms, underwriting rules, surveys, inspections and investigations, the furnishing of loss or expense statistics or other information and data, or carrying on of research, two or more admitted insurers having a common ownership or operating in this State under common management or control, are hereby authorized to act in concert between or among themselves the same as if they constituted a single insurer. To the extent that such matters relate to co-surety bonds, two or more admitted insurers executing co-surety bonds are authorized to act in concert between or among themselves the same as if they constituted a single insurer.

"§ 58-131.48. *Agreements to adhere.*—No insurer shall assume any obligation to any person, other than a policyholder or other insurers with which it is under common control or management or is a member of a joint underwriting or joint reinsurance organization, to use or adhere to certain rates or rules; and no other person shall impose any penalty or other adverse consequence for failure of an insurer to adhere to certain rates or rules. This section shall not apply to apportionment agreements among insurers approved by the commissioner pursuant to G.S. 58-131.52: Provided, however, that members and subscribers of rating or advisory organizations may use the rates, rating systems, underwriting rules, or policy or bond forms of such organizations either consistently or intermittently. The fact that two or more admitted insurers, whether or not members or subscribers of a rating or advisory organization, consistently or intermittently use the rates or rating systems made or adopted by a rating organization, or the underwriting rules or policy or bond forms prepared by a rating or advisory organization, shall not be sufficient in itself to support a finding that an agreement to so adhere exists, and it may be used only for the purpose of supplementing or explaining direct evidence of the existence of any such agreement.

"§ 58-131.49. *Exchange of information or experience data; consultation with rating organizations and insurers.*—Rating organizations licensed pursuant to G.S. 58-131.43 and admitted insurers are authorized to exchange information and experience data between and among themselves in this State and with rating organizations and insurers in other states and may consult with them with respect to rate making and the application of rating systems.

"§ 58-131.50. *Recording and reporting of experience.*—The commissioner shall promulgate or approve reasonable rules, including rules providing statistical plans, for use thereafter by all insurers in the recording and reporting of loss and expense experience, in order that the experience of such insurers may be made available to him. No insurer shall be required to record or report its experience on a classification basis inconsistent with its own rating system. The commissioner may designate one or more rating organizations to assist him in gathering and making compilations of such experience.

"§ 58-131.51. *Examination of rating, joint underwriting, and joint reinsurance organizations.*—The commissioner shall, at least once every three years, make or cause to be made an examination of each rating organization licensed pursuant to G.S. 58-131.43 and each advisory organization licensed pursuant to G.S. 58-131.44. He may, as often as he may deem it expedient, make or cause to be made, an examination of each group, association, or other organization referred to in G.S. 58-131.45. Such examination shall relate only to the activities conducted pursuant to this Article and to the organizations licensed under this Article. The reasonable cost of any such examination shall be paid by the organization examined upon presentation to it of a detailed account of such cost. The officers, manager, agents and employees of any such organization may be examined at any time under oath and shall exhibit all books, records, account, documents or agreements governing its method of operation. In lieu of any such examination, the commissioner may accept the report of an examination made by the insurance advisory official of another state, pursuant to the laws of such state.

"§ 58-131.52. *Apportionment agreements among insurers.*—Agreements may be made between or among insurers with respect to equitable apportionment

among them of insurance which may be afforded applicants who are in good faith entitled to but who are unable to procure such insurance through ordinary methods. The insurers may agree between or among themselves on the use of reasonable rate modifications for such insurance, agreements, and rate modifications to be subject to the approval of the commissioner.

"§ 58-131.53. *Request for review of rate, rating plan, rating system or underwriting rule.*—Any person aggrieved by any rate charged, rating plan, rating system, or underwriting rule followed or adopted by an insurer or rating organization may request the insurer or rating organization to review the manner in which the rate, plan, system, or rule has been applied with respect to insurance afforded him. Such request may be made by his authorized representative, and shall be in writing. If the request is not granted within 30 days after it is made, the requestor may treat it as rejected. Any person aggrieved by the action of an insurer or rating organization in refusing the review requested or in failing or refusing to grant all or part of the relief requested, may file a written complaint and request for hearing with the commissioner, and shall specify the grounds relied upon. If the commissioner has information concerning a similar complaint he may deny the hearing. If the commissioner believes that probable cause for the complaint does not exist or that the complaint is not made in good faith, he shall deny the hearing. If the commissioner finds that the complaint charges a violation of this Article and that the complainant would be aggrieved if the violation is proven, he shall proceed as provided in G.S. 58-131.54.

"§ 58-131.54. *Hearing and judicial review.*—(a) Any insurer, person, or organization to which the commissioner has directed an order or decision made without a hearing may, within 30 days after notice to it of the order or decision, make written request to the commissioner for a hearing thereon. The commissioner shall hear the party or parties within 20 days after receipt of the request and shall give not less than 10 days' written notice of the time and place of hearing. Within 15 days after the hearing, the commissioner shall affirm, reverse, or modify his previous action, and specify his reasons therefor. Pending such hearing and decision thereon, the commissioner may suspend or postpone the effective date of his previous action.

(b) Any order or decision of the commissioner shall be subject to judicial review as provided in Article 2 of this Chapter.

"§ 58-131.55. *Penalties.*—(a) The commissioner may, if he finds that any person or organization has violated any provision of this Article, impose a penalty of not more than five hundred dollars ($500.00) for each such provision violated; but if he finds such violation to be willful, he may impose a penalty of not more than five thousand dollars ($5,000) for each such provision violated. Such penalties may be in addition to any other penalty provided by law.

(b) The commissioner may suspend the license of any rating organization or insurer that fails to comply with an order of the commissioner within the time limited by such order, or within any extension thereof that the commissioner may grant. The commissioner shall not suspend the license of any rating organization or insurer for failure to comply with an order until the time prescribed for an appeal therefrom has expired or, if an appeal has been taken, until such order has been affirmed. The commissioner may determine when a suspension of a license shall become effective, and such suspension shall remain in effect for the period fixed by him unless he modifies or rescinds such

suspension, or until the order upon which such suspension is based is modified, rescinded, or reversed.

(c) No penalty shall be imposed and no license shall be suspended or revoked except upon a written order of the commissioner stating his findings, made after a hearing held upon not less than 10 days' written notice to such person or organization, and specifying the alleged violation.

"§ 58-131.56. *Policy forms.*—Except for fidelity, surety, or guaranty bonds and except as to inland marine risks which by general custom of the business are not written according to manual rates or rating plans, no policy form applying to insurance on risks or operations covered by this Article shall be delivered or issued for delivery unless it has been filed with the commissioner and either he has approved it, or 90 days have elapsed and he has not disapproved it.

"§ 58-131.57. *Existing rates, rating systems, territories, classifications and policy forms.*—Rates, rating systems, territories, classifications, and policy forms lawfully in use on the effective date of this Article may continue to be used thereafter, notwithstanding any provision of this Article.

"§ 58-131.58. *Payment of dividends not prohibited or regulated; plan for payment into rating system.*—Nothing in this Article shall be construed to prohibit or regulate the payment of dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers. A plan for the payment of dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers shall not be deemed a rating plan or system.

"§ 58-131.59. *Notice of coverage or rate change.*—Whenever an insurer changes the coverage other than at the request of the insured or changes the premium rate, it shall give the insured written notice of such coverage change or premium rate change at least 15 days in advance of the effective date of such change or changes with a copy of such notice to the agent. This section shall apply to all policies and coverages subject to the provisions of this Article.

"§ 58-131.60. *Limitation.*—Nothing in this Article shall apply to any town or county farmers mutual fire insurance association restricting their operations to not more than three adjacent counties, or to domestic insurance companies, associations, orders or fraternal benefit societies now doing business in this State on the assessment plan."

Sec. 3. G.S. 58-176(c), as it appears in the 1975 Replacement Volume 2B of the General Statutes, is amended by deleting from lines 3 and 4 the words, "for the North Carolina Fire Insurance Rating Bureau."

Sec. 4. G.S. 58-27.2(a), as it appears in the 1975 Replacement Volume 2B of the General Statutes, is amended by deleting from lines 2, 6, and 11 the word "bureau" and substituting therefor the word "organization".

Sec. 5. G.S. 58-27.2(b), as it appears in the 1975 Replacement Volume 2B of the General Statutes, is amended by deleting from lines 1 and 5 the word "bureaus" and substituting therefor the word "organizations".

Sec. 6. Chapter 58 of the General Statutes of North Carolina is hereby amended by the addition of a new Article thereto to be designated "Article 12B" reading as follows:

"ARTICLE 12B.
"North Carolina Rate Bureau.

"§ 58-125. *North Carolina Rate Bureau created.*—There is hereby created a bureau to be known as the 'North Carolina Rate Bureau', with the following objects and functions:

(1) To assume the functions formerly performed by the North Carolina Rating Bureau, the North Carolina Automobile Rate Administrative Office, and the Compensation Rating and Inspection Bureau of North Carolina, with regard to the promulgation of rates, for insurance against loss to residential real property with not more than four housing units located in this State and any contents thereof and valuable interest therein and other insurance coverages written in connection with the sale of such property insurance; for theft of and physical damage to private passenger (nonfleet) motor vehicles as the same are defined under Article 13C of this Chapter; for liability insurance for such motor vehicles, automobile medical payments insurance, uninsured motorists coverage and other insurance coverages written in connection with the sale of such liability insurance; and for workers' compensation and employers' liability insurance written in connection therewith.

(2) The bureau shall provide reasonable means to be approved by the commissioner whereby any person affected by a rate made by it may be heard in person or by his authorized representative before the governing committee or other proper executive of the bureau.

(3) The bureau shall have the duty and responsibility of promulgating and proposing rates for insurance against loss to residential real property with not more than four housing units located in this State and any contents thereof or valuable interest therein and other insurance coverages written in connection with the sale of such property insurance; for insurance against theft of or physical damage to private passenger (nonfleet) motor vehicles; for liability insurance for such motor vehicles, automobile medical payments insurance, uninsured motorists coverage and other insurance coverages written in connection with the sale of such liability insurance; and for workers' compensation and employers' liability insurance written in connection therewith. The provisions of this subdivision shall not apply to motor vehicles operated under certificates of authority from the Utilities Commission, the Interstate Commerce Commission, or their successor agencies, where insurance or other proof of financial responsibility is required by law or by regulations specifically applicable to such certificated vehicles.

(4) Agreements may be made between or among members with respect to equitable apportionment among them of insurance which may be afforded applicants who are in good faith entitled to but who are unable to procure such insurance through ordinary methods. The members may agree between or among themselves on the use of reasonable rate modifications for such insurance, agreements, and rate modifications to be subject to the approval of the commissioner.

(5) It shall be the duty of all insurers underwriting workers' compensation insurance in this State and being members of the bureau, as defined in this section and G.S. 58-126 to insure and accept any workers' compensation insurance risk which shall have been certified to be 'difficult to place' by any fire and casualty insurance agent licensed in this State. When any such risk is called to the attention of the North Carolina Rate Bureau and it appears that said risk is in good faith entitled to such coverage, the bureau shall fix the

initial premium therefor, (subject to the approval of the Insurance Commissioner), and upon its payment said bureau shall designate a member whose duty it shall be to issue a standard workers' compensation policy of insurance containing the usual and customary provisions found in such policies therefor. Upon receipt of the required premium at the office of the bureau during regular working hours the bureau shall instruct the designated carrier to issue its policy of insurance to become effective as of 12:01 a.m. the following day, and the carrier shall be so bound; provided, that the carrier may request of the bureau a certificate of the Department of Labor that the insured is complying with the laws, rules and regulations of that department. Said certificate shall be furnished within 30 days by the Department of Labor, unless extension of time is granted by agreement between the bureau and the Department of Labor. The bureau shall make and adopt such rules as may be necessary to carry this section into effect, subject to final approval of the Insurance Commissioner. As a prerequisite to the transaction of worker's compensation insurance in this State every member of said bureau writing such insurance shall file with the Insurance Commissioner written authority permitting said bureau to act in its behalf as provided in this section, and an agreement to accept such risks as are assigned to said insurance by said bureau, as provided in this section.

"§ 58-126. *Membership as a prerequisite for writing insurance; governing committee; rules and regulations; expenses.*—(a) Before the Commissioner of Insurance shall grant permission to any stock, nonstock, or reciprocal insurance company or any other insurance organization to write in this State insurance against loss to residential real property with not more than four housing units located in this State or any contents thereof or valuable interest therein or other insurance coverages written in connection with the sale of such property insurance; or insurance against theft of or physical damage to private passenger (nonfleet) motor vehicles; or liability insurance for such motor vehicles, automobile medical payments insurance, uninsured motorists coverage or other insurance coverage written in connection with the sale of such liability insurance; or workers' compensation and employers' liability insurance written in connection therewith; it shall be a requisite that they shall subscribe to and become members of the bureau.

(b) Each member of the bureau writing any one or more of the above lines of insurance in North Carolina shall, as a requisite thereto, be represented in the bureau and shall be entitled to one representative and one vote in the administration of the affairs of the bureau. They shall, upon organization, elect a governing committee which governing committee shall be composed of equal representation by stock and nonstock members.

(c) The bureau, when created, shall adopt such rules and regulations for its orderly procedure as shall be necessary for its maintenance and operation. No such rules and regulations shall discriminate against any type of insurer because of its plan of operation, nor shall any insurer be prevented from returning any unused or unabsorbed premium, deposit, savings or earnings to its policyholders or subscribers. The expense of such bureau shall be borne by its members by quarterly contributions to be made in advance, such contributions to be made in advance by prorating such expense among the members in accordance with the amount of gross premiums derived from the above lines of insurance in North Carolina during the preceding year and members entering the bureau since that

date to advance an amount to be fixed by the governing committee. After the first fiscal year of operation of the bureau the necessary expense of the bureau shall be advanced by the members in accordance with rules and regulations to be established and adopted by the governing committee. The bureau shall be empowered to subscribe for or purchase any necessary service, and employ and fix the salaries of such personnel and assistants as are necessary.

(d) The Commissioner of Insurance is hereby authorized to compel the production of all books, data, papers and records and any other data necessary to compile statistics for the purpose of determining the underwriting experience of lines of insurance referred to in this Article, and this information shall be available and for the use of the bureau for the capitulation and promulgation of rates on lines of insurance as are subject to the rate-making authority of the bureau.

"§ 58-127. *Method of rate making; factors considered.*—The following standards shall apply to the making and use of rates:

(1) Rates shall not be excessive, inadequate or unfairly discriminatory.

(2) Due consideration shall be given to past and prospective loss experience, within this State, to the hazards of conflagration and catastrophe, to a reasonable margin for underwriting profit and to contingencies, to dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, to past and prospective expenses specially applicable to this State, and to all other relevant factors including judgment factors, deemed relevant, within this State; provided, however, that countrywide expense and loss experience and other countrywide data shall be considered where credible North Carolina experience or data is not available.

(3) In the case of fire insurance rates, as are subject to the rate-making authority of the bureau, consideration may be given to the experience of such fire insurance business during the most recent five-year period for which such experience is available.

(4) Risks may be grouped by classifications and lines of insurance for establishment of rates and base premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions or both. Such standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses. The bureau is directed to establish and implement a comprehensive classification rating plan for motor vehicle insurance under its jurisdiction within 90 days of the effective date hereof. No such classification plans shall base any standard or rating plan for private passenger (nonfleet) motor vehicles, in whole or in part, directly or indirectly, upon the age or sex of the persons insured. The bureau shall at least once every three years make a complete review of the filed classification rates to determine whether they are proper and supported by statistical evidence.

"§ 58-128. *Filing rates, plans with commissioner; public inspection of filings.*—(a) The bureau shall file with the commissioner copies of the rates, classification plans, rating plans and rating systems used by its members. Each filing shall become effective immediately on the date specified therein but not earlier than 90 days from the date such filing is received by the commissioner.

(b) A filing shall be open to public inspection immediately upon submission to the commissioner.

(c) The bureau shall maintain reasonable records, of the type and kind reasonably adapted to its method of operation, of the experience of its members and of the data, statistics or information collected or used by it in connection with the rates, rating plans, rating systems, underwriting rules, policy or bond forms, surveys or inspections made or used by it.

(d) On or before July 1 of each calendar year the bureau shall submit to the commissioner for the motor vehicle liability insurance subject to the provisions of this Article the experience, data, statistics, and information referred to in subsection (c) of this section and a rate review based on such data.

"§ 58-129. *Disapproval; hearing, order; adjustment of premium, review of filing.*—(a) At any time within 30 days from and after the date of any filing, the commissioner may give written notice to the bureau specifying in what respect and to what extent he contends such filing fails to comply with the requirements of this Article and fixing a date for hearing not less than 30 days from the date of mailing of such notice. At such hearing the factors specified in G.S. 58-127 shall be considered. If the commissioner after hearing finds that the filing does not comply with the provisions of this Article, he may issue his order determining wherein and to what extent such filing is deemed to be improper and fixing a date thereafter, within a reasonable time, after which such filing shall no longer be effective. Any order of disapproval under this section must be entered within 90 days of the date such filing is received by the commissioner.

(b) In the event that no notice of hearing shall be issued within 30 days from the date of any such filing, the filing shall be deemed to be approved. If the commissioner disapproves such filing pursuant to subsection (a) as not being in compliance with G.S. 58-127, he may order an adjustment of the premium to be made with the policyholder either by refund or collection of additional premium, if the amount is substantial and equals or exceeds the cost of making the adjustment. The commissioner may thereafter review any such filing in the manner provided, but if so reviewed, no adjustment of premium may be ordered.

"§ 58-130. *Appeal of commissioner's order.*—(a) Any order or decision of the commissioner shall be subject to judicial review as provided in Article 2 of this Chapter.

(b) Whenever a bureau rate is held to be unfairly discriminatory or excessive and no longer effective by order of the commissioner issued under G.S. 58-129, the members of the bureau shall have the option to continue to use such rate for the interim period pending judicial review of such order, provided each such member shall place in escrow account the purportedly unfairly discriminatory or excessive portion of the premium collected during such interim period and the court, upon a final determination, shall order the escrowed funds to be distributed appropriately, except that refunds that are *de minimis* shall not be required. The court may also require that purportedly excess premiums resulting from an adjustment of premiums ordered pursuant to G.S. 58-129(b) be placed in such escrow account pending judicial review. The amounts escrowed hereunder shall bear interest at the prime rate as of the date such rates were put into effect, but in no event, less than the legal rate, from the date of the commissioner's order relating thereto.

"§ 58-131. *Deviations.*—(a) No insurer, officer, agent or representative thereof shall knowingly issue or deliver or knowingly permit the issuance or delivery of any policy of insurance in this State which does not conform to the rates, rating

plans, classifications, schedules, rules and standards made and filed by the bureau. However, an insurer may deviate from the rates promulgated by the bureau provided the insurer has filed the deviation to be applied both with the bureau and the commissioner, and provided the said deviation is uniform in its application to all risks in the State of the class to which such deviation is to apply; and provided such deviation is approved by the commissioner. The commissioner shall approve proposed deviations if the same do not render the rates excessive, inadequate or unfairly discriminatory. If approved the deviation shall remain in force for a period of one year from the date of approval by the commissioner. Such deviation may be renewed annually subject to all of the foregoing provisions. Those portions of this section providing for deviations shall not apply to workers' compensation and employers' liability insurance written in connection therewith.

(b) A rate in excess of that promulgated by the bureau may be charged on any specific risk provided such higher rate is charged with the approval of the commissioner and with the knowledge and written consent of the insured.

"§ 58-131.2. *Appeal to commissioner from decision of bureau.*—Any member of the bureau may appeal to the commissioner from any decision of the bureau and the commissioner shall, after a hearing held on not less than 10 days' written notice to the appellant and to the bureau, issue an order approving the decision of the bureau or directing it to give further consideration to such proposal. In the event the bureau fails to take satisfactory action, the commissioner shall make such order as he may see fit.

"§ 58-131.3. *Existing rates, rating systems, territories, classifications and policy forms.*—Rates, rating systems, territories, classifications and policy forms lawfully in use on the effective date of this Article may continue to be used thereafter, notwithstanding any provision of this Article.

"§ 58-131.4. *Cap on automobile insurance rate increases.*—Notwithstanding any other provision of this Article or Chapter, and with respect to private passenger (nonfleet) automobile liability insurance, automobile medical payments insurance, uninsured motorists coverage, and private passenger (nonfleet) automobile physical damage insurance, neither the North Carolina Rate Bureau nor any member thereof nor the North Carolina Motor Vehicle Reinsurance Facility shall increase the total combined general rate level for these coverages by more than twelve percent (12%) from the general rate level existing at the time of the ratification of this Article, provided that such increase shall not exceed six percent (6%) on or prior to July 1, 1978. Provided, however, the prohibition specified in this section shall terminate on July 1, 1979.

"§ 58-131.5. *Notice of coverage or rate change.*—Whenever an insurer changes the coverage other than at the request of the insured or changes the premium rate, it shall give the insured written notice of such coverage change or premium rate change at least 15 days in advance of the effective date of such change or changes with a copy of such notice to the agent. Said revised basic classification plan will provide for the following four basic classifications to wit: (i) pleasure use only; (ii) pleasure use except for driving to and from work; (iii) business use; and (iv) farm use. The North Carolina Rate Bureau shall promulgate a revised subclassification plan which appropriately reflects the statistical driving experience and exposure of insureds in each of the four basic classifications provided for above, except that no subclassification shall be promulgated based, in whole or in part, directly or indirectly, upon the age or sex of the person insured. Such revised subclassification plan may provide for premium surcharges for insureds having less than two years' driving experience as licensed drivers, and shall provide for premium surcharges for drivers having a driving record consisting of a record of a chargeable accident or accidents, or having a driving record consisting of a conviction or convictions for a moving traffic violation or violations, or any combination thereof, and the premium income from insureds subject to this premium surcharge shall provide not less than one-fourth of the total premium income of insurers in writing and servicing the aforesaid coverages in this State. "(b) It shall be the responsibility of the agent to write the coverage applied for at what he believes to be the appropriate rate level. If coverage is written at the facility rate level and the company elects not to cede, the policy shall be rated at the voluntary rate level. Coverage written at the voluntary rate level which is not acceptable to the company must either be placed with another company or rated at the facility rate level by the agent."

Sec. 12. G.S. 58-248.29, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by deleting the words "or gain" therefrom which appear in line 3 thereof following the word "assessments".

Sec. 13. G.S. 58-248.30, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this section to read as follows:

"§ 58-248.30. *Merger, consolidation or cession.*—When a member has been merged or consolidated into another insurer, or has reinsured its entire motor vehicle liability insurance business in the State with another insurer, such company or its successor in interest shall remain liable for all obligations hereunder and such company and its successor in interest and the other insurers with which it has been merged or consolidated shall continue to participate in the facility according to the rules of operation."

Sec. 14. Subsection (a) of G.S. 58-248.33, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this subsection to read as follows:

"(a) The operation of the facility shall assure the availability of motor vehicle insurance to any eligible risk and the facility shall accept all placements made in accordance with this Article, the plan of operation adopted pursuant thereto, and any amendments to either."

Sec. 15. Subdivision (2) of subsection (g) of G.S. 58-248.33, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this subdivision to read as follows:

"(2) To receive and record cessions."

Sec. 16. Subdivision (6) of subsection (g) of G.S. 58-248.33, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this subdivision to read as follows:

"(6) Upon the request of any licensed fire and casualty agent meeting any two of the standards set forth below as determined by the Commissioner of Insurance within 10 days of the receipt of the application, the facility shall contract with one or more members within 20 days of receipt of the determination to appoint such licensed fire and casualty agent as designated agents in accordance with reasonable rules as are established by the plan of operation. Such standards shall be:

a. whether the agent's evidence establishes that he has been conducting his business in a community for a period of at least one year;
b. whether the agent's evidence establishes that he had a gross premium volume during the 13 months next preceding the date of his application of at least twenty thousand dollars ($20,000) from motor vehicle insurance;
c. whether the agent's evidence establishes that the number of eligible risks served by him during the 13 months next preceding the date of his application was 200 or more;
d. whether the agent's evidence establishes a growth in eligible risks served and premium volume during his years of service as an agent;
e. whether the agent's evidence establishes that he made available to eligible risks premium financing or any other plan for deferred payment of premiums.

If no insurer is willing to contract with any such agent on terms acceptable to the board, the facility shall license such agents to write directly on behalf of the facility. However, for this purpose, the facility does not act as an insurer, but only as the statutory agent of all the members of the facility which shall be bound on risks written by the facility's appointed agent. Adequate provision shall be made by the facility to assure that business produced by designated agents which would meet the underwriting criteria of the company shall be written at the voluntary rate and not at the facility rate if higher. The facility may contract with one or more servicing carriers and shall promulgate fair and reasonable underwriting procedures to require that business produced by facility agents and written through said carriers shall be appropriately classified and rated. To this end, the same underwriting criteria for classification and rates used for its voluntary agents shall be used by the servicing carrier servicing such facility agents in order to determine whether the voluntary rate or the facility rate shall apply. All business produced by designated agents or facility agents may be ceded to the facility."

Sec. 17. Subdivision (8) of subsection (g) of G.S. 58-248.33, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this subdivision to read as follows:

"(8) To establish fair and reasonable procedures for the sharing among members of any loss on facility business which cannot be recouped pursuant to G.S. 58-248.34(f) and other costs, charges, expenses, liabilities, income, property and other assets of the facility and for assessing or distributing to members their appropriate shares. Such shares may be based on the member's premiums for voluntary business for the appropriate category of motor vehicle insurance or by any other fair and reasonable method."

Sec. 18. Subdivision (10) of subsection (g) of G.S. 58-248.33, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this subdivision to read as follows:

"(10) To accept all risks submitted in accordance with this Article."

Sec. 19. G.S. 58-248.33, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by the addition of the following two subsections, to be designated subsections (l) and (m), and reading as follows:

"(l) The classifications, rules, rates, rating plans and policy forms used on motor vehicle insurance policies reinsured by the facility may be made by the facility or by any licensed or statutory rating organization or bureau on its behalf and shall be filed with the commissioner. The commissioner may establish separate sub-classifications within the facility for clean risks as defined by the commissioner. Such filings may incorporate by reference any other material on file with the commissioner. Rates shall be neither excessive, inadequate nor unfairly discriminatory. If the commissioner finds, after a hearing, that a rate is either excessive, inadequate or unfairly discriminatory, he shall issue an order specifying in what respect it is deficient and stating when, within a reasonable period thereafter, such rate shall be deemed no longer effective. Said order is subject to judicial review as set out in Article 2 of this Chapter. Pending judicial review of said order, the filed classification plan and the filed rates may be used, charged and collected in the same manner as set out in Section 131.42 of this Chapter. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

All rates shall be on an actuarially sound basis and shall be calculated, insofar as is possible, to produce neither a profit nor a loss. However, if the commissioner determines, after hearing, that any class reinsured in the facility is entitled to a subsidy, the commissioner can order that such subsidy shall be provided in which event the difference between the actual rate charged and the actuarially sound and self-supporting rates for such class shall be recouped in similar manner as assessments pursuant to G.S. 58-248.34(f). Rates shall not include any factor for underwriting profit on facility business, but shall provide an allowance for contingencies. There shall be a strong presumption that the rates and premiums for the business of the facility are neither unreasonable nor excessive.

(m) In addition to annual premiums, the rules of the facility shall allow semi-annual and quarterly premium terms."

Sec. 20. Subsection (e) of G.S. 58-248.34, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this section to read as follows:

"(e) Upon approval of the commissioner of the plan so submitted or the promulgation of a plan deemed approved by the commissioner, all insurance companies licensed to write motor vehicle insurance in this State or any component thereof as a prerequisite to further engaging in writing such insurance shall formally subscribe to and participate in the plan so approved.

The plan of operation shall provide for, among other matters, the establishment of necessary facilities, the management of the facility, the preliminary assessment of all members for initial expenses necessary to commence operations, the assessment of members if necessary to defray losses and expenses, the distribution of gains to defray losses incurred since the effective date hereof and then to persons reinsured by the facility, the recoupment of losses sustained by the facility, which losses may be recouped either through surcharging persons reinsured by the facility or by equitable pro rata assessment of member companies, the standard amount (one hundred percent (100%) or any equitable lesser amount) of coverage afforded on eligible risks which a member company may cede to the facility, and the procedure by which reinsurance shall be accepted by the facility; and shall further provide that:

(1) Members of the board of governors shall receive reimbursement from the facility for their actual and necessary expenses incurred on facility business, en route to perform facility business, and while returning from facility business plus a per diem allowance of twenty-five dollars ($25.00) a day which may be waived.

(2) In order to obtain a transfer of business to the facility effective when the binder or policy or renewal thereof first becomes effective, the company must within 30 days of the binding or policy effective date notify the facility of the identification of the insured, the coverage and limits afforded, classification data, and premium. The facility shall accept risks at other times on receipt of necessary information, but such acceptance shall not be retroactive. The facility shall accept renewal business after the member on underwriting review elects to again cede the business."

Sec. 21. G.S. 58-248.34, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by the addition of three

subsections to be designated subsections (f), (g) and (h) thereto and reading as follows:

"(f) The plan of operation shall provide that every member shall, following payment of any pro rata assessment, commence recoupment of that assessment by way of an identifiable surcharge on motor vehicle insurance policies issued by the member or through the facility until the assessment has been recouped. Such surcharge may be at a percentage of premium or dollar amount per policy adopted by the board of governors of the facility. With the exception of the recoupment provided for in G.S. 58-248.33(1) and with the exception of the surcharge against persons reinsured by the facility as provided for in G.S. 58-248.34(e), recoupment, if necessary, shall not be made based on loss or expense experience prior to July 1, 1979. If the amount collected during the period of surcharge exceeds assessments paid by the member to the facility, the member shall pay over the excess to the facility at a date specified by the board of governors. If the amount collected during the period of surcharge is less than the assessments paid by the member to the facility, the facility shall pay the difference to the member. The amount of recoupment shall not be considered or treated as premium for any purpose.

(g) The plan of operation shall provide that all investment income from the premium on business reinsured by the facility shall be retained by or paid over to the facility. In determining the cost of operation of the facility, all investment income shall be taken into consideration.

(h) The plan of operation shall provide for audit of the annual statement of the facility by independent auditor approved by the Legislative Services Commission."

Sec. 22. G.S. 58-248.35, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this section to read as follows:

"§ 58-248.35. *Procedure for cession provided in plan of operation.*—Upon receipt by the company of a risk which it does not elect to retain, the company shall follow such procedures for ceding the risk as are established by the plan of operation."

Sec. 23. G.S. 58-248.37, as the same appears in the 1975 Replacement Volume 2B of the General Statutes, is hereby amended by rewriting this section to read as follows:

"§ 58-248.37. *Exemption from requirements of this Article of companies and their agents.*—The board of governors may exempt a company and its agents from the requirements of this Article, insofar as new business is concerned. The board may further exempt a company and its agents from the requirements of this Article regarding the selling and servicing a particular category of business, if the company is not qualified to service the business."

Sec. 24. If any provision of this act or the application thereof to any person or circumstances is held invalid by any court of competent jurisdiction, the invalidity shall not affect other provisions or application that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Sec. 25. This act shall become effective September 1, 1977, and will expire September 1, 1980, and shall not affect any existing policy during the existing term of said policy.

If a majority of the votes cast at the election are against municipal alcoholic beverage control stores, then no alcoholic beverage control store shall be set up or operated in the Town of Valdese under the provisions of this Article.

"Sec. 5.4. Board of Alcoholic Control; organization; use of funds. If the operation of a municipal alcoholic beverage control store is authorized under the provisions of this Article, the mayor and council shall immediately create a town board of alcoholic control to be composed of a chairman and two other members who shall be well known for their character, ability and business

The chairman of said board shall be designated by the mayor and town council and shall serve for his first term a period of three years; one member shall serve for his first term a period of two years; the other member shall serve for a term of one year. All terms shall begin with the date of their appointment and after such terms shall have expired, the successors in office shall serve for a period of three years. The successors and any vacancies occurring in the Town Board of Alcoholic Control shall be named or filled by the mayor and the council of the town.

The Town of Valdese Board of Alcoholic Control shall have all the powers and duties imposed by the General Statutes on county boards of alcoholic control and shall be subject to the powers and authority of the State Board of Alcoholic Control the same as county boards of alcoholic control, as provided in the General Statutes. The Town Board of Alcoholic Control and the operation of any town liquor store authorized under the provisions of this section shall be subject to and in pursuance with the provisions of Chapter 18A of the General Statutes, except to the extent which the same may be in conflict with the provisions of this Article. Wherever the term 'county' board of alcoholic control appears in Chapter 18A, it shall include the Town of Valdese Board of Alcoholic Control. If, after the establishment of an alcoholic beverage control store or stores in the town under the provisions of this Article, a subsequent election shall be held and, if, at such election a majority of the votes shall be cast 'Against Municipal Alcoholic Beverage Control Stores', the Board of Alcoholic Control shall, within three months from the canvassing of such votes and the declaration of the result thereof, close such store or stores and shall thereafter cease to operate the same. Within three months therefrom the board shall dispose of all alcoholic beverages on hand, all fixtures, and all other property in the hands and under the control of the Board of Alcoholic Control and convert the same into cash and turn the same over to the town finance officer. Thereafter, all Public, Public-Local, Private and Session Laws applicable to the sale of intoxicating beverages within the town in force and effect prior to the authorization to operate a municipal alcoholic beverage control store shall be in full force and effect as if such election had not been held, until and unless another election is held under the provisions of this Article in which a majority of the votes shall be cast 'For Municipal Alcoholic Beverage Control Stores'.

"Sec. 5.6. Limitations on holding elections. No election shall be called and held in the town under the provisions of this Article within three years from the holding of the last election thereunder. It shall be the duty of the board of elections conducting elections for the Town of Valdese to order the special liquor election herein authorized within 60 days after request by the town council or after the filing of a sufficient petition requesting the same, but no election under this act shall be held on the day of any biennial county or town general election or primary election, or within 45 days of any such election.

"ARTICLE VI.

"Special Provisions.

"Sec. 6.1. Assessments for street and sidewalk improvements; petition unnecessary.

A. In addition to any authority which is now or may hereafter be granted by general law to the town for making street improvements, the town council is hereby authorized to make street improvements and to assess the cost thereof against abutting property owners in accordance with the provisions of this section.

B. The town council may order street improvements and assess the cost thereof against the abutting property owners, exclusive of the costs incurred at street intersections, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes without the necessity of a petition, upon the finding by the board as a fact:

(1) that the street improvement project does not exceed 1,200 linear feet, and

(2) that such street or part thereof is unsafe for vehicular traffic, and it is in the public interest to make such improvement, or

(3) that it is in the public interest to connect two streets, or portions of a street already improved, or

(4) that it is in the public interest to widen a street, or part thereof, which is already improved, provided, that assessments for widening any street or portion of street without a petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the town's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Article.

C. For the purposes of this section the term 'street improvement' shall refer to the initial improvement of an unimproved, unpaved street, including initial acquisition of rights-of-way, grading, surfacing, and the construction of curb and gutter and street drainage facilities. For the purposes of this section, the term 'sidewalk improvement' shall refer to the initial acquisition of rights-of-way, laying out, grading and surfacing of new sidewalks. The provisions of this section are not intended to refer to those activities that are normally included under the city's street maintenance program, such as street resurfacing and repairs, curb and gutter and sidewalk maintenance and repairs.

D. In addition to any authority which is now or may hereafter be granted by general law to the town for making sidewalk improvements, the town council is hereby authorized without the necessity of a petition, to make or to order to be made sidewalk improvements or repairs according to standards and specifications of the town, and to assess the total cost thereof against abutting

property owners, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes; provided, however, that regardless of the assessment basis or bases employed, the board of commissioners may order the cost of sidewalk improvements made only on one side of a street to be assessed against property owners abutting both sides of such street.

E. In ordering street and sidewalk improvements without a petition and assessing the cost thereof under authority of this Article, the board of commissioners shall comply with the procedure provided by Article 10 of Chapter 160A of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

F. The effect of the act of levying assessments under the authority of this Article shall for all purposes be the same as if the assessments were levied under authority of Article 10 of Chapter 160A of the General Statutes.

"Sec. 6.2. Power of eminent domain. The procedures provided in Article 9 of Chapter 136 of the General Statutes, as specifically authorized by G.S. 136-66.3(c), shall be applicable to the town in the case of acquisition of lands, easements, privileges, rights-of-way and other interest in real property for streets, sewer lines, water lines, electric power lines, and other utility lines in the exercise of the power of eminent domain. The town, when seeking to acquire such property or rights or easements therein or thereto, shall have the right and authority, at its option and election, to use the provisions and procedures as authorized and provided in G.S. 136-66.3(c) and Article 9 of Chapter 136 of the General Statutes for any of such purposes without being limited to streets constituting a part of the State Highway System; provided, however, that the provisions of this section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c), unless (1) the exercise of such power of eminent domain is either consented to by the owner of the property to be acquired by the town, or (2) it is first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation."

Sec. 2. The purpose of this act is to revise the Charter of the Town of Valdese and to consolidate herein certain acts concerning the property, affairs, and government of the town. H. B. 128 CHAPTER 864

AN ACT TO AMEND AND CLARIFY THE PROVISIONS OF THE MACHINERY ACT.

The General Assembly of North Carolina enacts:

Section 1. Subsections (a)(4), (b), (d), (f), (i) and (l) of G.S. 105-312 are hereby rewritten as follows:

"(4) The phrase 'substantial understatement' as used in these definitions shall be interpreted to mean the omission of a material portion of the value, quantity, or other measurement of taxable property; the determination of materiality in each case shall be made by the tax supervisor, subject to the taxpayer's right to review of the determination by the county board of equalization and review or board of commissioners and appeal to the Property Tax Commission.

(b) Duty to discover and assess unlisted property. It shall be the duty of the tax supervisor to see that all property not properly listed during the regular listing period be listed, assessed and taxed as provided in this Subchapter. The tax supervisor shall file reports of such discoveries with the board of commissioners in such manner as the board may require.

(d) Procedure for listing, appraising, and assessing discovered property. Subject to the provisions of subsection (c), above, and the presumptions established by subsection (f), below, discovered property shall be listed by the tax supervisor in the name of the person required by G.S. 105-302 or G.S. 105-306. The discovery shall be deemed to be made on the date that the abstract is made or corrected pursuant to subsection (e) of this section. The tax supervisor shall also make a tentative appraisal of the discovered property in accordance with the best information available to him.

When a discovery is made, the tax supervisor shall mail a notice to the person in whose name the discovered property has been listed. The notice shall contain the following information:

(1) the name and address of the person in whose name the property is listed;

(2) a brief description of the property;

(3) a tentative appraisal of the property;

(4) a statement to the effect that the listing and appraisal will become final unless written exception thereto is filed with the tax supervisor within 30 days from date of the notice.

Upon receipt of a timely exception to the notice of discovery, the tax supervisor shall arrange a conference with the taxpayer to afford him the opportunity to present any evidence or argument he may have regarding the discovery. Within 15 days after the conference, the tax supervisor shall give written notice to the taxpayer of his final decision. Written notice shall not be required, however, if the taxpayer signs an agreement accepting the listing and appraisal. In cases in which agreement is not reached, the taxpayer shall have 15 days from the date of the notice to request review of the decision of the tax supervisor by the board of equalization and review or, if that board is not in session, by the board of commissioners. Unless the request for review by the county board is given at the conference, it shall be made in writing to the tax supervisor. Upon receipt of a timely request for review, the provisions of G.S. 105-322 or G.S. 105-325, as appropriate, shall be followed.

(f) Presumptions. When property is discovered and listed to a taxpayer in any year, it shall be presumed that it should have been listed by the same taxpayer for the preceding five years unless the taxpayer shall produce satisfactory evidence that the property was not in existence, that it was actually listed for taxation, or that it was not his duty to list the property during those years or some of them under the provisions of G.S. 105-302 and G.S. 105-306. If it is shown that the property should have been listed by some other taxpayer during some or all of the preceding years, the property shall be listed in the name of the appropriate taxpayer for the proper years, but the discovery shall still be deemed to have been made as of the date that the tax supervisor first listed it.

(i) Collection. For purposes of tax collection and foreclosure, the total figure obtained and recorded as provided in subsection (h), above, shall be deemed to be a tax for the fiscal year beginning on July 1 of the calendar year in which the property was discovered. The schedule of discounts for prepayment and interest for late payment applicable to taxes for the fiscal year referred to in the preceding sentence shall apply when the total figure on the single tax receipt is paid. Notwithstanding the time limitations contained in G.S. 105-381, any property owner who is required to pay taxes on discovered property as herein provided shall be entitled to a refund of any taxes erroneously paid on the same property to other taxing jurisdictions in North Carolina. Claim for refund shall be filed in the county where such tax was erroneously paid as provided by G.S. 105-381.

(l) Application to municipal corporations. The provisions of this section shall apply to all cities, towns, and other municipal corporations having the power to tax property. Such governmental units shall designate an appropriate municipal officer to exercise the powers and duties assigned by this section to the tax supervisor, and the powers and duties assigned to the board of county commissioners shall be exercised by the governing body of the unit. When the tax supervisor discovers property having a taxable situs in a municipal corporation, he shall send a copy of the notice of discovery required by subsection (d) to the governing body of the municipality together with such other information as may be necessary to enable the municipality to proceed."

Sec. 2. This act shall become effective July 1, 1977.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

"§ 105-278. *Historic properties.*—(a) Real property designated as a historic structure or site by a local ordinance adopted pursuant to G.S. 160A-399.4 is hereby designated a special class of property under authority of Article V, Sec. 2(2) of the North Carolina Constitution. Property so classified, upon annual application of the property owner, shall be taxed uniformly as a class in each local taxing unit on the basis of fifty percent (50%) of the true value of the property as determined pursuant to G.S. 105-285 and G.S. 105-286, or G.S. 105-287.

The tax for the fiscal year that opens in the calendar year in which a disqualification occurs shall be computed as if the property had not been classified for that year, and taxes for the preceding three fiscal years that have been deferred as provided herein shall be payable immediately, together with interest thereon as provided in G.S. 105-360 for unpaid taxes, which shall accrue on the deferred taxes as if they had been payable on the dates on which they originally became due. If only a part of the historic property loses its eligibility for the classification, a determination shall be made of the amount of deferred taxes applicable to that part, and the amount shall be payable with interest as provided above."

Sec. 8. A new Article is added to Chapter 7A of the General Statutes to read as follows:

"ARTICLE 24B.

"Termination of Parental Rights.

"§ 7A-289.20. *Legislative intent; construction of Article.*—The General Assembly hereby declares as a matter of legislative policy with respect to termination of parental rights:

(1) The general purpose of this Article is to provide judicial procedures for terminating the legal relationship between a child and his or her biological or legal parents when such parents have demonstrated that they will not provide the degree of care which promotes the healthy and orderly physical and emotional well-being of the child.

(2) It is the further purpose of this Article to recognize the necessity for any child to have a permanent plan of care at the earliest possible age, while at the same time recognizing the need to protect all children from the unnecessary severance of a relationship with biological or legal parents.

(3) Action which is in the best interests of the child should be taken in all cases where the interests of the child and those of his or her parents or other persons are in conflict; and to that end this Article should be liberally construed.

"§ 7A-289.21. *Jurisdiction.*—The district court shall have exclusive original jurisdiction to hear and determine any petition relating to termination of parental rights to any child who resides in, is found in, or is in the legal or actual custody of a county department of social services or licensed child-placing agency in the district at the time of filing of the petition. The court shall have jurisdiction to terminate the parental rights of any parent irrespective of the age of the parent. A guardian *ad litem* shall be appointed to represent such minor parent, under the age of 14 years.

"§ 7A-289.22. *Who may petition.*—A petition to terminate the parental rights of either or both parents to his, her, or their minor child may only be filed by:

(1) either parent seeking termination of the right of the other parent; or

(2) any person who has been judicially appointed as the guardian of the person of the child; or

(3) any county department of social services or licensed child-placing agency to whom custody of the child has been given by a court of competent jurisdiction; or

(4) any county department of social services or licensed child-placing agency to which the child has been surrendered for adoption by one of the parents or by the guardian of the person of such child, pursuant to G.S. 48-9(a)(1); or

(5) any person with whom the child has resided for a continuous period of two years or more next preceding the filing of the petition.

"§ 7A-289.23. *Petition.*—The petition shall be verified by the petitioner and shall be entitled 'In re (last name of child), a minor child'; and shall set forth such of the following facts as are known; and with respect to the facts which are unknown the petitioner shall so state:

(1) The name of the child as it appears on the child's birth certificate, the date and place of birth, and the county where the child is presently residing.

(2) The name and address of the petitioner and facts sufficient to identify the petitioner as one entitled to petition under G.S. 7A-289.22.

(3) The name and address of the parents of the child. If the name or address of one or both parents is unknown to the petitioner, the petitioner shall set forth with particularity the petitioner's efforts to ascertain the identity or whereabouts of the parent or parents. Such information may be contained in an affidavit attached to the petition and incorporated therein by reference.

(4) The name and address of any person appointed as guardian of the person of the child pursuant to the provisions of Article I of Chapter 33 of the General Statutes, or of G.S. 7A-286(7).

(5) The name and address of any person or agency to whom custody of the child has been given by a court of this or any other state; and a copy of such custody order shall be attached to the petition.

(6) Facts which are sufficient to warrant a determination that one or more of the grounds for terminating parental rights exist.

"§ 7A-289.24. *Preliminary hearing; unknown parent.*—(a) If either the name or identity of any parent whose parental rights the petitioner seeks to terminate is not known to the petitioner, the court shall within 10 days from the date of filing of the petition, or during the next term of court in the county where the petition is filed if there is no court in said county in that 10-day period, conduct a preliminary hearing to ascertain the name or identity of such parent.

(b) The court may, in its discretion, inquire of any known parent of the child concerning the identity of the unknown parent and may appoint a guardian *ad litem* for the unknown parent to conduct a diligent search for the parent. Should the court ascertain the name or identity of the parent, it shall enter a finding to that effect; and such parent shall be summoned to appear in accordance with G.S. 7A-289.25.

(c) Notice of the preliminary hearing need be given only to the petitioner who shall appear at the hearing; but the court may cause summons to be issued to any person directing him to appear and testify.

(d) If the court is unable to ascertain the name or identity of the unknown parent, the court shall order publication of notice of the termination proceeding and shall specifically order the place or places of publication and the contents of the notice which the court concludes is most likely to identify the child to such unknown parent. The notice shall be published in a newspaper qualified for

legal advertising in accordance with G.S. 1-597 and G.S. 1-598 and published in the counties directed by the court, once a week for three successive weeks. Provided, further, the notice shall:

(1) designate the court in which the petition is pending;

(2) be directed to 'the father (mother) (father and mother) of a male (female) child born on or about (date) in _____ County, _____ (City) _____ (State), respondent';

(3) designate the docket number and title of the case (the court may direct the actual name of the title be eliminated and the words 'In Re Doe' substituted therefor);

(4) state that a petition seeking to terminate the parental rights of the respondent has been filed;

(5) direct the respondent to answer the petition within 30 days after a date stated in the notice, exclusive of such date, which date so stated shall be the date of first publication of notice, and be substantially in the form as set forth in G.S. 1A-1, Rule 4(j)(9)(c); and

(6) state that the respondent's parental rights to the child will be terminated upon failure to answer the petition within the time prescribed.

Upon completion of the service, an affidavit of the publisher shall be filed with the court.

(e) The court shall issue the order required by G.S. 7A-289.24(b) and (d) within 30 days from the date of the preliminary hearing unless the court shall determine that additional time for investigation is required.

(f) Upon the failure of the parent served by publication pursuant to G.S. 7A-289.24(d) to answer the petition within the time prescribed, the court shall issue an order terminating all parental rights of the unknown parent.

"§ 7A-289.25. *Issuance of summons.*—Except as provided in G.S. 7A-289.24, upon the filing of the petition, the court shall cause a summons to be issued, directed to the following persons or agency, not otherwise a party petitioner, who shall be named as respondents:

(1) the parents of the child;

(2) any person who has been judicially appointed as guardian of the person of the child;

(3) the custodian of the child appointed by a court of competent jurisdiction;

(4) any county department of social services or licensed child-placing agency to whom a child has been released by one parent pursuant to G.S. 48-9(a)(1); and

(5) the child, if he or she is 12 years of age or older at the time the petition is filed.

Provided, no summons need be directed to or served upon any parent who has previously surrendered the child to a county department of social services or licensed child-placing agency, nor to any parent who has consented to the adoption of the child by the petitioner. The summons shall notify the respondents to file written answer within 30 days after service of the summons and petition and that if the respondents fail to answer, the petitioner will apply to the court for the relief prayed for in the petition. Service of the summons shall be completed as provided under the procedures established by G.S. 1A-1, Rule 4(j); but the parent of the child shall not be deemed to be under disability even though such parent is a minor.

"§ 7A-289.26. *Failure of respondents to answer.*—Upon the failure of the respondents to file written answer to the petition with the court within 30 days after service of the summons and petition, or within 30 days from the date of first publication if service is by publication, the court shall issue an order terminating all parental and custodial rights of the respondent or respondents with respect to the child; provided the court shall order a hearing on the petition and may examine the petitioner or others on the facts alleged in the petition.

"§ 7A-289.27. *Answer of respondents.*—(a) Any respondent may file a written answer to the petition. The answer shall admit or deny the allegations of the petition and shall set forth the name and address of the answering respondent or his or her attorney.

(b) If an answer denies any material allegation of the petition, the court shall appoint a licensed attorney as guardian *ad litem* for the child to represent the best interests of the child. The court shall conduct a special hearing after notice of not less than 10 days nor more than 30 days to the petitioner, the answering respondent(s), and the guardian *ad litem* for the child, to determine the issues raised by the petition and answer(s). Notice of the hearing shall be deemed to have been given upon the depositing thereof in the United States Mail, first-class postage prepaid, and addressed to the petitioner, respondent, and guardian *ad litem* or their counsel of record, at the addresses appearing in the petition and responsive pleading.

"§ 7A-289.28. *Adjudicatory hearing on termination.*—(a) The hearing on the termination of parental rights shall be conducted by the district court sitting without a jury. Reporting of the hearing shall be as provided by G.S. 7A-198 for reporting civil trials.

(b) The court may, upon finding that reasonable cause exists, order the child to be examined by a psychiatrist, a licensed clinical psychologist, a physician, a public or private agency, or any other expert in order that the child's psychological or physical condition or needs may be ascertained or, in the case of a parent whose ability to care for the child is at issue, the court may order a similar examination of any parent of the child.

(c) The court may for good cause shown continue the hearing for such time as is required for receiving additional evidence, any reports or assessments which the court has requested, or any other information needed in the best interest of the child.

(d) The court shall take evidence, find the facts, and shall adjudicate the existence or nonexistence of any of the circumstances set forth in G.S. 7A-289.30 which authorize the termination of parental rights of the respondent.

(e) All findings of fact shall be based upon a preponderance of the evidence. No husband-wife or physician-patient privilege shall be grounds for excluding any evidence regarding the existence or nonexistence of any circumstance authorizing the termination of parental rights.

"§ 7A-289.29. *Disposition.*—(a) Should the court determine that any one or more of the conditions authorizing a termination of the parental rights of a parent exist, the court shall issue an order terminating the parental rights of such parent with respect to the child unless the court shall further determine that the best interests of the child require that the parental rights of such parent not be terminated.

(b) Should the court conclude that irrespective of the existence of one or more circumstances authorizing termination of parental rights, the best interests of the child require that such rights should not be terminated, the court shall dismiss the petition, but only after setting forth the facts and conclusions upon which such dismissal is based.

(c) Should the court determine that circumstances authorizing termination of parental rights do not exist, the court shall dismiss the petition, making appropriate findings of fact and conclusions.

(d) The court may tax the cost of the proceeding to any party.

"§ 7A-289.30. *Grounds for terminating parental rights.*—The court may terminate the parental rights upon a finding of one or more of the following:

(1) The parent has without cause failed to establish or maintain concern or responsibility as to the child's welfare.

(2) The parent has physically abused or neglected the child. The child shall be deemed to be physically abused or neglected if the court finds the child to be an abused child within the meaning of G.S. 110-117(1)(a), (b), or (c), or a neglected child within the meaning of G.S. 7A-278(4).

(3) The parent has willfully left the child in foster care for more than two consecutive years without showing to the satisfaction of the court that substantial progress has been made within two years in correcting those conditions which led to the removal of the child for neglect, or without showing positive response within two years to the diligent efforts of a county department of social services, a child-caring institution or licensed child-placing agency to encourage the parent to strengthen the parental relationship to the child or to make and follow through with constructive planning for the future of the child.

(4) The child has been placed in the custody of a county department of social services, a licensed child-placing agency, or a child-caring institution, and the parent, for a continuous period of six months next preceding the filing of the petition, has failed to pay a reasonable portion of the cost of care for the child.

(5) One parent has been awarded custody of the child by judicial decree, or has custody by agreement of the parents, and the other parent whose parental rights are sought to be terminated has for a period of one year or more next preceding the filing of the petition willfully failed without justification to pay for the care, support, and education of the child, as required by said decree or custody agreement.

(6) The father of a child born out of wedlock has not prior to the filing of a petition to terminate his parental rights:

a. established paternity judicially or by affidavit; or
b. legitimated the child pursuant to provisions of G.S. 49-10, or filed a petition for this specific purpose; or
c. legitimated the child by marriage to the mother of the child; or
d. provided substantial financial support or consistent care with respect to the child and mother.

"§ 7A-289.31. *Effects of termination order.*—An order terminating the parental rights completely and permanently terminates all rights and obligations of the parent to the child and of the child to the parent, arising from the parental relationship, except that the child's right of inheritance from his or her parent shall not terminate until such time as a final order of adoption is

issued. Such parent is not thereafter entitled to notice of proceedings to adopt the child and may not object thereto or otherwise participate therein.

(1) If the child had been placed in the custody of or released for adoption by one parent to, a county department of social services or licensed child-placing agency and is in the custody of such agency at the time of such filing of the petition, that agency shall, upon entry of the order terminating parental rights, acquire all of the rights for placement of said child as such agency would have acquired had the parent whose rights are terminated released the child to that agency pursuant to the provisions of G.S. 48-9(a)(1), including the right to consent to the adoption of such child.

(2) Except as provided in subdivision (1) above, upon entering an order terminating the parental rights of one or both parents, the court may place the child in the custody of the petitioner, or some other suitable person, or in the custody of the department of social services or licensed child-placing agency, as may appear to be in the best interest of the child.

"§ 7A-289.32. *Appeals; modification of order after affirmation.*—Any child, parent, guardian, custodian or agency who is a party to a proceeding under this Article may appeal from an adjudication or any order of disposition to the Court of Appeals, provided that notice of appeal is given in open court at the time of the hearing or in writing within 10 days after the hearing. Pending disposition of an appeal, the court may enter such temporary order affecting the custody or placement of the child as the court finds to be in the best interest of the child or the best interest of the State. Upon the affirmation of the order of adjudication or disposition of the district court in a juvenile case by the Court of Appeals, or by the Supreme Court in the event of such an appeal, the district court shall have authority to modify or alter its original order of adjudication or disposition as the court finds to be in the best interest of the child to reflect any adjustment made by the child or change in circumstances during the period of time the case on appeal was pending, provided that if such modifying order be entered *ex parte*, the court shall give notice to interested parties to show cause, if any there be, within 10 days thereafter, as to why said modifying order should be vacated or altered."

Sec. 9. This act shall become effective October 1, 1977, but shall not affect pending litigation.

CHAPTER 914

AN ACT TO REGULATE THE HANDLING OF TENANT SECURITY DEPOSITS IN RESIDENTIAL DWELLING UNITS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 42 of the General Statutes is hereby amended by inserting therein a new Article 5 to read as follows:

"ARTICLE 5.

"Tenant Security Deposit Act.

"§ 42-38. *Deposits from the tenant.*—Security deposits from the tenant in residential dwelling units shall be deposited in a trust account with a licensed and insured bank or savings institution located in the State of North Carolina or the landlord may, at his option, furnish a bond from an insurance company licensed to do business in North Carolina. The security deposits from the tenant may be held in a trust account outside of the State of North Carolina only if the landlord provides the tenant with an adequate bond in the amount of said deposits. The landlord or his agent shall notify the tenant within 30 days after the beginning of the lease term of the name and address of the bank or institution where his deposit is currently located or the name of the insurance company providing the bond.

"§ 42-39. *Permitted uses of the deposit.*—Security deposits for residential dwelling units shall be permitted only for the tenant's possible nonpayment of rent, damage to the premises, nonfulfillment of rental period, any unpaid bills which become a lien against the demised property due to the tenant's occupancy, costs of re-renting the premises after breach by the tenant, or court costs in connection with terminating a tenancy. Such security deposit shall not exceed an amount equal to two weeks' rent if a tenancy is week to week, one and one-half months' rent if a tenancy is month to month, and two months' rent for terms greater than month to month. These deposits must be fully accounted for by the landlord as set forth in G.S. 42-40.

"§ 42-40. *Landlord's obligations.*—Upon termination of the tenancy, money held by the landlord as security may be applied as permitted in G.S. 42-39 or, if not so applied, shall be refunded to the tenant. In either case the landlord in writing shall itemize any damage and mail or deliver same to the tenant, together with the balance of the security deposit, no later than 30 days after termination of the tenancy and delivery of possession by the tenant. If the tenant's address is unknown the landlord shall apply the deposit as permitted in G.S. 42-39 after a period of 30 days and the landlord shall hold the balance of the deposit for collection by the tenant for at least six months. The landlord may not withhold as damages part of the security deposit for conditions that are due to normal wear and tear nor may the landlord retain an amount from the security deposit which exceeds his actual damages.

"§ 42-41. *Pet deposits.*—Notwithstanding the provisions of this section, the landlord may charge a reasonable, nonrefundable fee for pets kept by the tenant on the premises.

"§ 42-42. *Transfer of dwelling units.*—Upon termination of the landlord's interest in the dwelling unit in question, whether by sale, assignment, death, appointment of receiver or otherwise, the landlord or his agent shall, within 30 days, do one of the following acts, either of which shall relieve him of further liability with respect to such payment or deposit:

(1) transfer the portion of such payment or deposit remaining after any lawful deductions made under this section to the landlord's successor in interest and thereafter notify the tenant by mail of such transfer and of the transferee's name and address; or

(2) return the portion of such payment or deposit remaining after any lawful deductions made under this section to the tenant.

"§ 42-43. *Remedies.*—If the landlord or the landlord's successor in interest fails to account for and refund the balance of the tenant's security deposit as required by this Article, the tenant may institute a civil action to require the accounting of and the recovery of the balance of the deposit. In addition to other remedies at law and equity, the tenant may recover damages resulting from noncompliance by the landlord; and upon a finding by the court that the party against whom judgment is rendered was in willful noncompliance with this Article, the court may, in its discretion, allow a reasonable attorney's fee to the duly licensed attorney representing the prevailing party, such attorney's fee to be taxed as part of the cost of court."

Sec. 2. The provisions of this act shall apply to all persons, firms, or corporations engaged in the business of renting or managing residential dwelling units, excluding single rooms, on a weekly, monthly or annual basis.

Sec. 3. This act shall become effective on October 1, 1977.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

H. B. 824 CHAPTER 927

AN ACT TO PROVIDE FOR A SYSTEM OF EDUCATIONAL OPPORTUNITIES FOR ALL CHILDREN REQUIRING SPECIAL EDUCATION.

The General Assembly of North Carolina enacts:

Section 1. Chapter 115 of the General Statutes is amended by a new Subchapter XIII, Article 45 et seq., to read as follows:

"ARTICLE 45.

"State Policy.

"§ 115-360. *Policy.*—The policy of the State is to provide a free appropriate publicly supported education to every child with special needs. The purpose of this act is to (1) provide for a system of special educational opportunities for all children requiring special education (hereinafter called 'children with special needs'); (2) provide a system for identifying and evaluating the educational needs of all children with special needs; (3) require evaluation of the needs of such children and the adequacy of special education programs before placing children in the programs; (4) require periodic evaluation of the benefits of the programs to the children and of the nature of the children's needs after placement; (5) prevent denials of equal educational opportunity on the basis of physical, emotional, or mental handicap; (6) to assure that the rights of children with special needs and their parents or guardians are protected; (7) insure that there be no inadequacies, inequities, and discrimination with respect to children with special needs; and (8) bring State law, regulations, and practice into conformity with relevant federal law.

"§ 115-361. *Children can learn.*—The General Assembly finds that all children with special needs are capable of benefitting from appropriate programs of special education and training and that they have the ability to be educated and trained and to learn and develop. Accordingly, the State has a duty to provide them with a free appropriate public education.

"§ 115-362. *Definition of special education and related services.*—The term 'special education' means specially designed instruction, at no cost to the parents or guardians, to meet the unique needs of a special needs child, including classroom instruction, instruction in physical education, home instruction, and instruction in hospitals and institutions. The term also includes speech pathology, audiology, occupational and physical therapy. The term 'related services' means transportation and such developmental, corrective and other supportive services as are required to assist a special needs child to benefit from special education and includes speech pathology and audiology,

psychological services, physical and occupational therapy, recreation, early identification and assessment of disabilities in children, counseling services, and medical services for diagnostic or evaluation purposes only. The term also includes school social work services, parent counseling and training, providing parents with information about child development and assisting parents in understanding the special needs of their child. Other similar services, materials and equipment may be provided as approved by regulations adopted by the State Board of Education ("the Board").

"§ 115-363. *Definition of children with special needs.*—The term 'children with special needs' includes, without limitation, all children between the ages of five and 18 who because of permanent or temporary mental, physical or emotional handicaps need special education, are unable to have all their needs met in a regular class without special education or related services, or are unable to be adequately educated in the public schools. It includes those who are mentally retarded, epileptic, learning disabled, cerebral palsied, seriously emotionally disturbed, orthopedically impaired, autistic, multiply handicapped, pregnant, hearing-impaired, speech-impaired, blind or visually-impaired, genetically impaired, and gifted and talented.

"§ 115-364. *Services mandatory; single-agency responsibility; State and local plans; census and registration.*—(a) The Board shall cause to be provided by all city and county school administrative units and by all other State and local governmental agencies providing special education services or having children with special needs in their care, custody, management, jurisdiction, control, or programs, special education and related services appropriate to all children with special needs. In this regard, all city and county school administrative units and all other State and local governmental agencies providing special education and related services shall explore available local resources and determine whether the services are currently being offered by an existing public or private agency.

When a specified special education or related service is being offered by a local public or private resource, any unit or agency described above shall negotiate for the purchase of that service or shall present full consideration of alternatives and its recommendations to the Board. In this regard, a new or additional program for special education or related services shall be developed with the approval of the Board only when (a) that service is not being provided by existing public or private resources or (b) the service cannot be purchased from existing providers. Further, the Board shall support and encourage joint and collaborative special education planning and programming at local levels to include city and county administrative units and the programs and agencies of the Departments of Human Resources and Correction.

The jurisdiction of the Board with respect to the design and content of special education programs or related services for children with special needs extends to and over the Department of Human Resources and the Department of Correction.

All provisions of this Subchapter that are specifically applicable to city and county school administrative units also are applicable to the Department of Human Resources and the Department of Correction and their divisions and agencies; all duties, responsibilities, rights and privileges specifically imposed on or granted to city and county school administrative units by this Subchapter also are imposed on or granted to the Department of Human Resources and the Department of Correction and their divisions and agencies. However, with

respect to children with special needs who are residents or patients of any State-operated or State-supported residential treatment facility, including without limitation, a school for the deaf, school for the blind, mental hospital or center, mental retardation center, or in a facility operated by the Department of Correction or any of its divisions and agencies, the Board shall have the power to contract with the Department of Human Resources and the Department of Correction for the provision of special education and related services and the power to review, revise and approve said departments' plans for special education and related services to those residents.

The Departments of Human Resources and Correction shall submit to the Board their plans for the education of children with special needs in their care, custody, or control. The Board shall have general supervision and shall set standards, by rule or regulation, for the programs of special education to be administered by it, by local educational agencies, and by the Departments of Human Resources and Correction. The Board may grant specific exemptions for programs administered by the Department of Human Resources or the Department of Correction when compliance by them with the Board's standards would, in the Board's judgment, impose undue hardship on such department and when other procedural due process requirements, substantially equivalent to those of G.S. 115-179.1, are assured in programs of special education and related services furnished to children with special needs served by such department. Further, the Board shall recognize that inpatient and residential special education programs within the Departments of Human Resources and Correction may require additional program resources than those necessary for optimal operation of such programs in city and county administrative units.

Every State and local department, division, unit or agency covered by this section is hereinafter referred to as a 'local educational agency' unless the text of this act otherwise provides.

(b) The Board shall make and keep current a plan for the implementation of the policy set forth in G.S. 115-360. The plan shall include:

(1) A census of the children with special needs in the State, as required by G.S. 115-364(j);

(2) A procedure for diagnosis and evaluation of each such child;

(3) An inventory of the personnel and facilities available to provide special education for such children;

(4) An analysis of the present distribution of responsibility for special education between State and local educational agencies, together with recommendations for any necessary or desirable changes in the distribution of responsibilities;

(5) Standards for the education of children with special needs;

(6) Programs and procedures for the development and implementation of a comprehensive system of personnel development; and

(7) Any additional matters, including recommendations for amendment of laws, changes in administrative regulations, rules and practices and patterns of special organization, and changes in levels and patterns of education financial support.

(c) The Board shall present the plan required by subsection (b) to the Governor and the General Assembly and make it available for public comment pursuant to subsection (l) no later than January 15, 1978. Thereafter, the Board

shall annually submit amendments to or revisions of the plan to the Governor and General Assembly and make it available for public comment pursuant to subsection (l) and for public distribution no less than 30 days before January 15 of each year. All such submissions, except for the initial submission of the plan, shall set forth in detail the progress made in the implementation of the plan.

(d) The Board shall adopt as soon as practicable after the effective date of this act (but not in any event later than 120 days after the effective date) rules or regulations covering:

(1) The qualifications of and standards for certification of teachers, aides, speech clinicians, school psychologists, and others involved in the education and training of children with special needs;

(2) Minimum standards for the individualized education program for each child with special needs who receives special education or related services; and

(3) Such other rules or regulations as may be necessary or appropriate for carrying out the purposes of this act.

Representatives from the Departments of Human Resources and Correction shall be involved in the development of the standards outlined under this subsection.

(e) On or before October 15, 1977, and annually thereafter, each local educational agency shall report to the Board the extent to which it is then providing special education for children with special needs. The annual report also shall detail the means by which the local educational agency proposes to secure full compliance with the policy of this act, including the following:

(1) A statement of the extent to which the required education and services will be provided directly by the agency;

(2) A statement of the extent to which standards in force pursuant to G.S. 115-364(b)(5) and (d)(2) are being met by the agency; and

(3) The means by which the agency will contract to provide, at levels meeting standards in force pursuant to G.S. 115-364(b)(5) and (d)(2), all special education and related services not provided directly by it or by the State.

(f) After submitting the report required by subsection (e), the local educational agency also shall submit such supplemental and additional reports as the Board may require to keep the local educational agency's plan current.

(g) By rule or regulation, the Board shall prescribe the due dates (not later than October 15 of each year) and all other necessary or appropriate matters relating to such annual and supplemental and additional reports.

(h) The annual report shall be a two-year plan for providing appropriate special education and related services to children with special needs. The agency shall submit the plan to the Board for its review, approval, modification, or disapproval. Unless thereafter modified with approval of the Board, the plan shall be adhered to by the local educational agency. The procedure for approving, disapproving, establishing, and enforcing the plan shall be the same as that set forth for the annual plan. The long-range plan shall include such provisions as may be appropriate for the following, without limitation:

(1) Establishment of classes, other programs of instruction, curricula, facilities, equipment, and special services for children with special needs; and

(2) Utilization and professional development of teachers and other personnel working with children with special needs.

(i) Each local educational agency shall provide free appropriate special education and related services in accordance with the provisions of this act for all children with special needs who are residents of, or whose parents or guardians are residents of, the agency's district, beginning with children aged five. No matriculation or tuition fees or other fees or charges shall be required or asked of children with special needs or their parents or guardians except such fees or charges as are required uniformly of all public school pupils. The provision of free appropriate special education within the facilities of the Department of Human Resources shall not prevent that department from charging for other services or treatment.

(j) The Board shall require an annual census of children with special needs, subdivided for 'identified' and 'suspected' children with special needs, to be taken in each school year, beginning with the school year 1977-1978. With respect to the census for the school year 1977-1978, the census may be that taken pursuant to Chapter 1293, 1973 Session Laws (Second Session, 1974), as amended. Thereafter, the census shall be conducted annually and shall be completed not later than October 15, and shall be submitted to the Governor and General Assembly and be made available to the public no later than January 15 annually.

In taking the census, the Board shall require the cooperation, participation, and assistance of all local educational agencies and all other State and local governmental departments and agencies providing or required to provide special education services to children with special needs, and those departments and agencies shall cooperate and participate with and assist the Board in the conduct of the census.

The census shall include the number of children identified and suspected with special needs, their age, the nature of their disability, their county or city of residence, their school administrative unit residence, whether they are being provided special educational or related services and if so by what department or agency, whether they are not being provided special education or related services, the identity of each department or agency having children with special needs in its care, custody, management, jurisdiction, control, or programs, the number of children with special needs being served by each department or agency, and such other information or data as the Board shall require. The census shall be of children with special needs between the ages of three through 21, each inclusive.

(k) The department shall monitor the effectiveness of individualized education programs in meeting the educational needs of children with special needs.

(l) The Board shall provide for procedures assuring that (i) in carrying out the requirements of this act procedures are established for consultation with individuals involved in or concerned with the education of children with special needs, including parents or guardians of such children, and (ii) there are public hearings, adequate notice of such hearings, and an opportunity for comment available to the general public prior to the adoption of the policies, procedures, and rules or regulations required by this act.

(m) Children with special needs shall be educated in the least restrictive appropriate setting, as defined by the State Board of Education.

"ARTICLE 46.

"Nondiscrimination in Education.

"§ 115-370. *Compulsory attendance.*—No child with special needs between the ages specified by G.S. 115-363 shall be denied a free appropriate public education or be prevented from attending the public schools of the local educational agency in which he or his parents or legal guardian(s) reside or from which he receives services or from attending any other public program of free appropriate public education because he is a child with special needs. If it appears that a child should receive a program of free appropriate public education in a program operated by or under the supervision of the Department of Human Resources, the local educational agency shall confer with the appropriate Department of Human Resources staff for their participation and determination of the appropriateness of placement in said program and development of the child's individualized education program. The individualized education program may then be challenged under the due process provisions of G.S. 115-179.1. Every child with special needs shall be entitled to attend such nonresidential schools or programs and receive from them free appropriate public education.

"§ 115-371. *Disciplinary suspensions.*—If a local educational agency suspends or expels a child with special needs from a public school program for a period of more than 10 days or for consecutive periods that total more than 10 days because he is or poses a risk of injury to himself or others or because he is or is threatening to substantially disrupt the education of others, the agency, notwithstanding the suspension or expulsion, shall continue to provide the child with essential special education or related services during the period of suspension or expulsion if that period is one in which the child would be receiving special education or training in the unit but for the suspension or expulsion. The parents may appeal, under G.S. 115-179.1, any suspension of more than 10 consecutive days. These limitations on suspension and expulsion shall not interfere with the authority of the Department of Human Resources to release or discharge patients and residents from its programs when the primary purpose of admission has been achieved or when it is no longer feasible or advisable to continue the patient or resident in residence.

"§ 115-372. *Diagnosis and evaluation; individualized education program.*—(a) All testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with special needs will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

Before taking any action described in subsection (b), below, each local educational agency shall cause a multi-disciplinary diagnosis and evaluation to be made of the child. The local educational agency shall use the diagnosis and evaluation to determine if the child has special needs, diagnose and evaluate those needs, propose special education programs to meet those needs, and provide or arrange to provide such programs. A multi-disciplinary diagnosis and evaluation is one which includes, without limitation, medical (if necessary), psychological (if necessary) and educational assessments and recommendations;

such an evaluation may include any other assessments as the Board may, by rule or regulation, require.

(b) An initial multi-disciplinary diagnosis and evaluation based on rules developed by the Board shall be made before any such child is placed in a special education program, removed from such a program and placed in a regular school program, transferred from one type of special education program to another, removed from a school program for placement in a nonschool program, or otherwise tracked, classified, or treated as a child with special needs.

(c) Referral of any child shall be in writing, signed by the person requesting diagnosis and evaluation, setting forth the reasons for the request; it shall be sent or delivered to the child's teacher, the principal of the school to which the child is, has been or will be assigned, and the superintendent or other chief executive officer of the affected local educational agency.

Within 30 days of such referral, the local educational agency shall send a written notice to the parents or guardian describing the evaluation procedure to be followed and requesting consent for the evaluation. If the parents or guardian consent, the diagnosis and evaluation may be undertaken; if they do not, the local educational agency may obtain a due process hearing on the failure of the parent to consent under Section 115-179.1.

The local educational agency shall provide or cause to be provided a diagnosis and evaluation appropriate to the needs of the child within 30 calendar days after sending the notice unless the parents or guardian have objected to such evaluation. At the end of such diagnosis and evaluation, the local educational agency shall offer a proposal for an educational program appropriate to the child's needs. If this proposal calls for a special educational program, it shall set forth the specific benefits expected from such a program, a method for monitoring the benefits, and a statement regarding conditions which will be considered indicative of the child's readiness for participation in regular classes.

Within 12 months after placement in a special education program, and at least annually thereafter, those people responsible for developing the child's individualized education program shall evaluate the child's progress and, on the basis of previously stated expected benefits, decide whether to continue or discontinue the placement or program. If the reevaluation indicates that the placement or program does not benefit the child, the appropriate reassignment or alteration in the prescribed program shall be recommended to the parents or guardian and their consent requested.

The local educational agency shall keep a complete written record of all diagnostic and evaluation procedures attempted, their results, the conclusions reached, and the proposals made.

(d) The local educational agency shall furnish the results, findings, and proposals based on the diagnosis and evaluation to the parents or guardian in writing in the parents' or guardian's native language or by their dominant mode of communication within 15 calendar days after the diagnosis and evaluation is completed. Within 20 days after the diagnosis and evaluation is completed, it shall cause a conference to be scheduled between one of its staff competent to interpret the report of the diagnosis and evaluation and the child's parents or guardian. The conference shall be held no later than 30 calendar days after the date it is scheduled. At the conference, the report shall be explained to the

parents or guardian. The parents or guardian may waive the interpretive conference.

(e) Each local educational agency shall make and keep current a list of all children evaluated and diagnosed pursuant to this section who are found to have special needs and of all children who are receiving home, hospital, institutional or other special education services, including those being educated within the regular classroom setting or in other special education programs.

(f) Each local educational agency shall prepare an individualized education program for each child found to be a child with special needs. The individualized educational program shall be developed in conformity with P.L. 94-142 and the implementing regulations issued by the Office of Education, Department of Health, Education, and Welfare and shall be implemented in conformity with the timelines set by that department. The term 'individualized educational program' means a written statement for each such child developed in any meeting by a representative of the local educational agency who shall be qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of such children, the teacher, the parents or guardian of such child, and, whenever appropriate, such child, which statement shall be based on rules developed by the Board. Each local educational agency shall establish, or revise, whichever is appropriate, the individualized education program of each child with special needs at the beginning of each school year and will then review and, if appropriate revise, its provisions periodically, but not less than annually. In the facilities and programs of the Department of Human Resources, the individualized education program shall be planned in collaboration with those other individuals responsible for the design of the total treatment and/or habilitation plan; the resulting educational, treatment, and habilitation plans shall be coordinated, integrated, and internally consistent.

"§ 115-373. *Records; privacy and expunction.*—(a) No local educational agency may release to any persons other than the eligible student, his parents or guardian or any surrogate parent any records, data or information on any child with special needs except (1) as permitted by the prior written consent of the student, his parents or guardian or surrogate parent (2) as required or permitted by federal law, (3) school officials within the local education agency who have legitimate educational interests, (4) school officials of other local education agencies in which the student intends to enroll, (5) certain authorized representatives of the State and federal government who are determining eligibility of the child for aid, as provided under P.L. 93-380 or other federal law.

(b) The eligible student, his parents or guardian or surrogate parent shall have the right to read, inspect and copy all and any records, data and information maintained by a local educational agency with respect to the student, and, upon their request, shall be entitled to have those records, data and information fully explained, interpreted and analyzed for them by the staff of the agency. The parent or guardian or surrogate parent may demand that his request must be honored within not more than 45 days after it is made.

(c) The student, his parents or guardians or surrogate parent shall have the right to add to the records, data and information written explanations or clarifications thereof, and to cause the expunction of incorrect, outdated, misleading or irrelevant entries. "§ 7A-170. *Nature of office and oath.*—A magistrate is an officer of the district court. Before entering upon the duties of his office, a magistrate shall take the oath of office prescribed for a magistrate of the General Court of

Justice. A magistrate possesses all the powers of his office at all times during his term."

Sec. 3. The short title and subsections (a) and (b) of G.S. 7A-171 are rewritten to read as follows:

"§ 7A-171. *Numbers; appointment and terms; vacancies.*—(a) The General Assembly shall establish a minimum and a maximum quota of magistrates for each county. In no county shall the minimum quota be less than one.

(b) Not earlier than the Tuesday after the first Monday nor later than the third Monday in December of each even-numbered year, the clerk of the superior court shall submit to the senior regular resident superior court judge of his district the names of two (or more, if requested by the judge) nominees for each magisterial office in the minimum quota established for the county. Not later than the fourth Monday in December, the senior regular resident superior court judge shall, from the nominations submitted by the clerk of the superior court, appoint magistrates to fill the minimum quota established for each county of his district. The term of a magistrate so appointed shall be two years, commencing on the first day in January of the calendar year next ensuing the calendar year of appointment."

Within 15 days after receipt of the nominations the senior regular resident superior court judge shall appoint from the nominations received a magistrate who shall take office immediately and shall serve for the remainder of the unexpired term."

Sec. 5. G.S. 7A-172 is repealed and a new section G.S. 7A-171.1 is inserted in Article 16 of Chapter 7A of the General Statutes to read as follows:

(1) A full-time magistrate, so designated by the Administrative Officer of the Courts, shall be paid the annual salary indicated in the table below according to

the number of years he has served as a magistrate prior to the beginning of that term:

Table of Salaries of Full-Time Magistrates

Number of prior years of service	Annual salary
Less than 1	$ 8,172
1 or more but less than 3	8,892

7 or more but less than 9	11,580
9 or more	12,672

The quotient shall be the annual salary payable to that part-time magistrate.

A 'part-time magistrate' is a magistrate who is assigned to work an average of less that 40 hours of work a week during his term. No magistrate may be assigned an average of less that 10 hours of work a week during his term.

Notwithstanding any other provision of this subsection, upon reappointment as a magistrate and being assigned to work the same or greater number of hours as he worked as a magistrate for a term of office ending on December 31, 1978, a person who received an annual salary in excess of that to which he would be entitled under the formula contained in this subsection shall receive an annual salary equal to that received during the prior term. That magistrate's salary shall increase in accordance with the salary formula contained in this subsection."

At any time within 30 days after payment, the taxpayer may demand a refund of the tax paid in writing from the Secretary of Revenue and if the same shall not be refunded within 90 days thereafter, may sue the Secretary of Revenue in the courts of the State for the amount so demanded. Such suit may be brought in the Superior Court of Wake County, or in the county in which the taxpayer resides at any time within three years after the expiration of the 90-day period allowed for making the refund. If upon the trial it shall be determined that such tax or any part thereof was levied or assessed for an illegal or unauthorized purpose, or was for any reason invalid or excessive, judgment shall be rendered therefor, with interest, and the same shall be collected as in other cases. The amount of taxes for which judgment shall be rendered in such action shall be refunded by the State; provided,

nothing in this section shall be construed to conflict with or supersede the provisions of G.S. 105-241.2."

Sec. 2. G.S. 105-381 is hereby rewritten to read as follows:

(b) Action of governing body. Upon receiving a taxpayer's written statement of defense and request for release or refund, the governing body of the taxing unit shall within 90 days after receipt of such request determine whether the taxpayer has a valid defense to the tax imposed or any part thereof and shall either release or refund that portion of the amount that is determined to be in excess of the correct tax liability or notify the taxpayer in writing that no release or refund will be made. The action of the governing body on each application shall be recorded in its minutes. If a release is granted or refund made, the tax collector shall be credited with the amount released or refunded in his annual settlement.

(c) Suit for recovery of property taxes.

(1) Request for release before payment. If within 90 days after receiving a taxpayer's request for release of an unpaid tax claim under (a) above, the governing body of the taxing unit has failed to grant the release, has notified the taxpayer that no release will be granted, or has taken no action on the request, the taxpayer shall pay the tax. He may then within three years from the date of payment bring a civil action against the taxing unit for the amount claimed.

(2) Request for refund. If within 90 days after receiving a taxpayer's request for refund under (a) above, the governing body has failed to refund the full amount requested by the taxpayer, has notified the taxpayer that no refund will be made, or has taken no action on the request, the taxpayer may bring a civil action against the taxing unit for the amount claimed. Such action may be brought at any time within three years from the expiration of the period in which the governing body is required to act.

(d) Civil actions. Civil actions brought pursuant to subsection (c) above shall be brought in the appropriate division of the general court of justice of the county in which the taxing unit is located. If, upon the trial, it is determined

that the tax or any part of it was illegal or levied for an illegal purpose, or excessive as the result of a clerical error, judgment shall be rendered therefor with interest thereon at six percent (6%) per annum, plus costs, and the judgment shall be collected as in other civil actions."

Whereas, rising costs of Medicaid coverage for the State's poor have been paralleled by increases in the cost of health insurance coverage for employees in the public and private sector; and

The General Assembly of North Carolina enacts:

AN ACT TO APPROPRIATE FUNDS FOR THE PRESERVATION AND RESTORATION OF THE FRANKLIN HOUSE IN SURRY COUNTY.

Whereas, the Franklin House in Surry County has been acquired by the Surry County Historical Society, Inc., which plans to preserve and restore it as a public facility for the education and enjoyment of the citizens of our State; and

Whereas, the late-Georgian/Federal style Franklin House, which was built ca. 1799 by Gideon Edwards, a prominent citizen in the early history of Surry County, is architecturally significant as the culmination of architectural development in late-eighteenth century/early-nineteenth century northwestern North Carolina; and

Whereas, the Franklin House was for 25 years the home of Meshack Franklin, member of the General Assembly and Council of State, delegate to the constitutional Convention of 1835, and representative in the United States Congress; and

Whereas, Meshack Franklin devoted nearly 20 years to public service for the State of North Carolina during a critical period of the State's history; and

Whereas, Meshack Franklin's education, experience, and prestige made the Franklin House a social, cultural, and literary center for the people of Surry County during his occupancy; and

Whereas, the Surry County Historical Society, Inc., wishes to honor one of its outstanding citizens by preserving and restoring his home; and

Whereas, the Surry County Historical Society, Inc., has already raised approximately sixty thousand dollars ($60,000) of private, local, State, and federal funds and is now in the process of preserving and restoring the Franklin House; and

H. B. 768 CHAPTER 975

AN ACT TO APPROPRIATE FUNDS FOR HISTORIC EDENTON, INC.

Whereas, with funds raised from private sources and supplemented by appropriations of the General Assembly to Historic Edenton, Inc., the Barker House located in the Town of Edenton, Chowan County, the original home of Thomas Barker, who served as North Carolina's London agent from 1764 to 1778, and his wife, Penelope, who according to tradition presided over the signing of the 1774 resolution which supported the General Assembly's stand against British taxation, popularly referred to as the "Edenton Tea Party", has been restored and remodeled for use as a visitors' center and museum; and

Whereas, with funds raised from private sources and supplemented by previous appropriations of the General Assembly, to Historic Edenton, Inc., the Cupola House, also located in Edenton, Chowan County, a national historic landmark, and the oldest serving structure in the Town of Edenton, has also been restored, and is presently serving as a museum; and

Whereas, both of the aforesaid structures have been open to the visiting public for several years, with over 54,504 people having visited from April 1, 1971, to the present, including several thousand school children; and

Whereas, additional funds are needed for restoration to the roofs of both the Barker House and the Cupola House, for restorative painting of both the Barker House and the Cupola House, and for the construction of outbuildings at the Cupola House; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the State Department of Cultural Resources, Archives and History Division, to be expended through Historic Edenton, Inc., for and in connection with the Barker House and the Cupola House, for the fiscal year 1977-1978, ten thousand dollars ($10,000), and for the fiscal year 1978-1979, ten thousand dollars ($10,000), to restore the roofs of and paint said houses, and for the construction of outbuildings to the Cupola House.

AN ACT TO APPROPRIATE FUNDS TO THE DEPARTMENT OF HUMAN RESOURCES TO SUPPLEMENT THE PREVENTIVE DENTAL HEALTH PROGRAM AND SUPPORTIVE SERVICES AND ALSO TO APPROPRIATE OTHER FUNDS TO THE DEPARTMENT OF HUMAN RESOURCES, DIVISION OF HEALTH SERVICES.

Whereas, dental disease is the most prevalent health problem among school children, affecting ninety-five percent (95%); and

Whereas, the average child will experience 15 decayed teeth during school years and sixty-five percent (65%) of the children do not receive professional dental care; and

Whereas, dental disease may present barriers to effective learning; and

Whereas, the 10-year plan for preventive dentistry was presented to the General Assembly during the 1973 and 1975 Sessions and was funded and the additional staff provided by the appropriation have rendered educational and preventive dental services in 18 new counties during the 1973-75 biennium and 10 new counties in the 1975-77 biennium; and

Whereas, the Dental Health Section, Division of Health Services, Department of Human Resources, is operating under the 10-year plan, approved by the North Carolina Dental Society in 1973 and strongly reaffirmed in 1975 and 1977; and

Whereas, if this plan is followed and funds appropriated as called for in the 10-year plan, the amount of dental disease will be significantly reduced by 1983; and

Whereas, the increased funds would keep the disease reducing plan on schedule; and

Whereas, the funds would permit employment of additional public health dental hygienists who would be assigned to counties not now being served; and

Whereas, these added services accruing would involve dental inspections and referral of preschool and school children, community fluoridation, rural school water fluoridation, fluoride supplements such as fluoride mouthrinse programs for preschool and school children, and a strong preventive dental health education program in day care and head start centers, schools, and communities; and

Whereas, the vigorous effort to combat dental caries and periodontal disease, which causes loss of teeth, will decrease the cost of dental care to government and to individuals; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund of the State to the Department of Human Resources, Division of Health Services, in addition to all other appropriated funds, the following amount for the purposes set out below for the 1977-79 biennium:

Sec. 5. Funds for counties without organizations which meet the necessary standards set by the Department of Cultural Resources shall be retained by the department and used for arts programming within these counties. Where feasible, the department shall maintain the same per capita rate for the distribution of funds to these counties and shall require the same matching ratio. No State funds appropriated for the programs set forth in this act shall be used to pay for personnel positions.

Sec. 6. Whereas, Governors of North Carolina have been elected by the people, beginning with Governor Edward B. Dudley up to the present time; and

Whereas, these Governors, coincidentally, also are the same ones who have served in the State Capitol since its completion in 1840; and

Whereas, there exist no exhibits or displays which list these Governors collectively, show their likenesses, and summarize the major consequences of their terms; and

Whereas, such exhibits will not only honor the elected Governors, but also will be of great educational value to the more than 100,000 annual visitors to the newly restored State Capitol and to thousands of other citizens who will view the exhibit circulated to various points in the State; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, for the 1977-78 fiscal year the sum of twenty-one thousand seven hundred dollars ($21,700) and for the 1978-79 fiscal year the sum of one thousand dollars ($1,000) for researching, designing, constructing, maintaining, and circulating two exhibits of portraits of North Carolina Governors elected by the people.

S. B. 677 **CHAPTER 1023**

AN ACT TO APPROPRIATE FUNDS FOR THE REHABILITATION OF THE ROANOKE CANAL LOCK HOUSE IN ROANOKE RAPIDS.

Whereas, river transportation was vital in the settlement and growth of North Carolina; and

Whereas, the Roanoke River played a major role in the economic and technological progress of the Roanoke Valley and Southside Virginia; and

Whereas, the navigation canal in Halifax County was constructed by the Roanoke Navigation Company in the 1820's and successfully stimulated trade for more than 20 years until the coming of the railroad; and

Whereas, the canal was utilized as a source of water power for both manufacturing and utilities services in the Roanoke Rapids-Weldon area during the late nineteenth and early twentieth centuries; and

Whereas, two brick structures adjacent to the double locks on the canal remain as vestiges of the efforts to advance the industrial and technological capacities of the region; and

Whereas, there is left in North Carolina only a small number of visible reminders of the role played by waterways in the history and development of the State; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, for the fiscal year 1977-78 the sum of ten thousand dollars ($10,000) which will be available to the Halifax County Arts Council for the purpose of a phased program of (1) research, (2) planning, and (3) rehabilitation of the Roanoke Canal Lock building provided an amount of ten thousand dollars ($10,000) is raised and certified by the Halifax County Arts Council for the same purpose; and for the 1978-79 fiscal year the sum of ten thousand dollars ($10,000) which will be available to the Halifax County Arts Council for rehabilitation of the Roanoke Canal Lock building provided an amount of ten thousand dollars ($10,000) is raised and certified by the Halifax County Arts Council for the same purpose. Whereas, the State currently leases more than 63,000 square feet of office space in Charlotte, and more than 55,000 square feet of office space in Fayetteville; and

Whereas, the consolidation of all State services in one building would tend to increase efficiency and improve the services being provided to the people of these communities; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The Department of Administration is directed to use up to ninety-five thousand dollars ($95,000) from the Advanced Planning Reserve created in Section 13 of Chapter 681 of the 1977 Session Laws for planning a State office building in the City of Fayetteville.

S. B. 751 **CHAPTER 1029**

AN ACT TO REPEAL CHAPTER 617 OF THE SESSION LAWS OF 1973 AND TO PROVIDE FOR THE TRANSFER OF FACILITIES OF THE NATIONAL DRIVING CENTER, INC., TO THE UNIVERSITY OF NORTH CAROLINA.

Whereas, the General Assembly of 1965 established the Highway Safety Research Center in The University of North Carolina and that Center has been in operation since 1965, deriving about ten percent (10%) of its operating budget from legislative appropriations to The University; and

Whereas, the National Driving Center, Incorporated, was incorporated by the State of North Carolina in 1973 as a private, nonprofit corporation; and

Whereas, the General Assembly in 1973 and 1974 appropriated two hundred ninety-five thousand dollars ($295,000) a year to operate the National Driving Center, Incorporated, for 1973-74 and 1974-75; and

Whereas, the General Assembly in 1973, by Session Laws 1973, Chapter 617, appropriated funds for the purpose of acquiring land in the Research Triangle Park and constructing thereon and equipping facilities to house the National Driving Center, Incorporated; and

Whereas, the General Assembly in 1976 determined that it was desirable that the Highway Safety Research Center and the National Driving Center, Incorporated, be merged to the end that there might be one organization and program in highway safety sponsored or aided by the State, rather than two such organizations and programs; and

Whereas, the General Assembly in 1976, by Session Laws 1975 (Second Session), Chapter 983, Section 57, authorized the Board of Governors of The University of North Carolina to establish a Council on Transportation Research and Education as the policy-making body of the Highway Safety Research Center and an Institute for Transportation Research and Education for the purpose of coordinating and merging the highway safety programs of the Highway Safety Research Center and the National Driving Center and coordinating other highway safety activities of The University of North Carolina, and directed that the Department of Transportation provide to the Board of Governors of The University of North Carolina from the appropriation for the Governor's Highway Safety Program up to one hundred sixty-eight thousand dollars ($168,000) for 1976-1977 as a nonrecurring appropriation to assist in doing these things; and

Whereas, the Board of Governors of The University of North Carolina has established and the President of The University of North Carolina has appointed a Council on Transportation Research and Education and plans have been prepared for an Institute of Transportation Research and Education; the Board of Directors of the National Driving Center, Incorporated, has been reconstituted so that its membership is identical with that of the Council on Transportation Research and Education; the National Driving Center, Incorporated, has been merged functionally with the Highway Safety Research Center; and the assets, personnel, and programs of the National Driving Center, Incorporated, have been transferred to The University of North Carolina; and

Whereas, it is therefore appropriate that the facilities provided by State funds for the National Driving Center, Incorporated, be assigned to The University of North Carolina, so that they may continue to be used for appropriate educational and research purposes; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Chapter 617 of the 1973 Session Laws is repealed.

Sec. 2. The land acquired, the building erected, and the furnishings and equipment acquired at State expense for the National Driving Center, Incorporated, pursuant to Session Laws 1973, Chapter 617, are transferred to the Board of Governors of The University of North Carolina. This transfer shall take effect notwithstanding any existing conflicting action or policy of the Department of Administration or of the Council of State, and notwithstanding any existing conflicting provision of law.

Sec. 3. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

S. B. 754 **CHAPTER 1030**

AN ACT TO CREATE A COMMISSION TO STUDY THE STATEWIDE SYSTEM OF STATE PARKS AND TO MAKE RECOMMENDATIONS FOR NECESSARY LEGISLATION TO THE 1977-1978 SESSION OF THE GENERAL ASSEMBLY.

The General Assembly of North Carolina enacts:

Section 1. There is hereby created a State Parks Study Commission to be composed of 12 members, four of whom shall be members of the Senate appointed by the Lieutenant Governor, four of whom shall be members of the House of Representatives appointed by the Speaker, and four of whom shall be appointed by the Governor. The members shall elect their chairman.

Sec. 2. The commission shall have as its purpose the study and formulation of recommendations for direction and legislation concerning the entire system of State parks to include such issues as:

(a) State and federal funding,

(b) land aquisition,

(d) the development, capacity and operation of existing and proposed parks,

(e) the present and projected needs for and placement of park facilities,

(f) access to park and recreational facilities, and

(g) any other issues consideration of which is deemed by the commission to be essential to the development of an orderly, planned, comprehensive system of State parks and recreational areas.

Sec. 3. The commission shall file a written report of its findings and recommendations with the presiding officer of the House of Representatives and the Senate on or before the tenth day of the 1978 Session of the General Assembly, and shall supplement that report, if necessary, with a further written report filed on or before the tenth day of the 1979 Session. Upon the filing of the latter report, the commission shall terminate.

Sec. 4. The members of the commission shall be paid appropriate per diem and travel expenses as are provided for members of the State boards and commissions generally. There is appropriated from the General Fund to the State Parks Study Commission seven thousand five hundred dollars ($7,500) in fiscal year 1977-78 and seven thousand five hundred dollars ($7,500) in fiscal year 1978-79 to pay the reasonable expenses of the study.

S. B. 772 **CHAPTER 1031**

AN ACT TO DETERMINE THE VALUE AND PRACTICALITY OF PROVIDING INCENTIVE PAY FOR STATE EMPLOYEES FOR GAINS IN ECONOMY AND EFFICIENCY IN THE RENDERING OF GOVERNMENTAL SERVICES.

Whereas, private business and industry have long recognized the value of rewarding the outstanding performances of their employees through incentive pay, bonuses and the granting of special benefits and privileges, with the result that productivity is increased and savings are realized; and

Whereas, no such provisions exist for rewarding State employees for outstanding efforts which result in gains in productivity and the elimination of waste; and

Whereas, it is fitting that the State determine, on an experimental basis, the value and practicality of providing such rewards; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Chapter 126 of the General Statutes is hereby amended by adding a new Article 10 to read as follows:

"ARTICLE 10.

"Committee for Review of Applications for Incentive Pay for State Employees.

"§ 126-46. There is hereby created the Committee for Review of Applications for Incentive Pay for State Employees, hereinafter referred to as 'the Committee'. The committee shall consist of the Secretary of Administration, who shall act as chairman; the State Auditor; the State Treasurer; the State Budget Officer; the State Personnel Director; the State Purchasing Officer; the Director of the Administrative Analysis Division of the Department of Administration; and the State Disbursing Officer. The Governor, Lieutenant Governor and Speaker of the House of Representatives shall each also appoint one person who has experience in administering incentive as used in industry.

"§ 126-47. With the exception of units within the General Assembly, the Governor's Office, the Lieutenant Governor's Office, the Department of Administration, the Department of the State Treasurer, and the Department of the State Auditor, any unit of State government with an identifiable, self-contained budget may make application to the committee for selection as a candidate for the award of incentive pay to its employees. Such applications must be submitted no later than March 31, 1978, for the fiscal year beginning July 1978, and must have the approval of the head of the State department within which the unit is located.

Applications shall be in the format specified by the committee and shall contain such information as it may require, including but not limited to those evaluation components developed by the applying unit which will provide quantitative measures of program output and performance.

With the assistance of the Administrative Analysis Division of the Department of Administration and the staff of the State Auditor, the committee shall evaluate the applications submitted; and from those proposals which are considered to be reasonable and practical, and which are found to include developed performance indicators which lend themselves to a judgment of success or failure, the committee shall select no more than three units to

participate in the pilot incentive pay program for the fiscal year 1978-79; provided, however, that each selection shall require the affirmative vote of at least six members of the committee.

"§ 126-48. To qualify for the award of incentive pay to its employees, a unit selected must demonstrate to the satisfaction of the committee that it has operated during the 1978-79 fiscal year at less cost than the average of the two immediately preceding fiscal years, and either with an increase in the level of services rendered or with no decrease in the level of services rendered.

The committee shall satisfy itself that the reduction in the cost of operation is real and not merely apparent, and that it is not, in whole or in part, the result of:

(1) chance;

(2) a lowering of the quality of the service rendered, as for example a lowering of quality of food served;

(3) reduced pass-through or transfer expenditures;

(4) receipts realized in excess of amounts budgeted;

(5) nonrecurrence in 1978-79 of expenditures which were single outlay, or one-time expenditures, in either of the two preceding fiscal years;

(6) reductions in the prices of supplies, materials, and equipment used, or reductions in the cost of service contracts;

(7) a lowering of salary requirements as the result of employee turnover;

(8) failure to reward deserving employees through promotion, reclassification, award of merit salary increments, or salary increases authorized by salary range revisions;

(9) postponement of normal purchases and/or repairs to a future fiscal year;

(10) stockpiling inventories in the 1976-77 and 1977-78 fiscal years so as to reduce requirements in the 1978-79 fiscal year;

(11) substitution of federal funds, other receipts, or non-State funds for State appropriations;

(12) unreasonable postponement of payments of accounts payable until the 1979-80 fiscal year;

(13) shifting of expenses to another unit of government, as for example the use of supplies from another unit's inventory;

(14) any other practice, event, or device which the committee decides has caused a distortion which makes it appear that a savings has occurred when in fact the cost reduction is not attributable to the efficiency and economy of the unit.

Conversely, the committee shall consider as legitimate savings those reductions in expenditures made possible by such items as the following:

(1) reductions in overtime;

(2) elimination of consultant fees;

(3) less temporary help;

(4) elimination of budgeted positions;

(5) improved methods of communication;

(6) improved systems and procedures;

(7) better deployment and utilization of manpower;

(8) elimination of unnecessary travel;

(9) elimination of unnecessary participation in national and regional conferences;

(10) elimination of unnecessary printing and mailing;

(11) elimination of unnecessary payments for advertising, memberships, dues, subscriptions, etc.;

(12) elimination of waste, duplication, and operations of doubtful value;

(13) improved space utilization;

(14) any other items considered by the committee as representing true savings.

"§ 126-49. At the conclusion of the 1978-79 fiscal year, the committee shall compare the expenditures for that year of each unit selected against the average expenditures of that unit for the two immediately preceding fiscal years and, after making such adjustments as in its judgment are required to eliminate distortions, shall determine the amount, if any, that the unit has reduced its cost of operations in the 1978-79 fiscal year. If the committee shall also determine that in its judgment there has been no reduction in the level and quality of the services rendered by the unit, it shall award and is hereby authorized to award, with the approval of the Advisory Budget Committee, to the employees of that unit a sum not in excess of twenty-five percent (25%) of the amount determined to be the true cost reduction. The amount awarded shall be divided and distributed in equal shares to the employees of the unit, except that employees who worked for that unit less than the full 12 months of the 1978-79 fiscal year shall receive only a pro rata share based on fraction of the year worked for that unit. The source of funds for this incentive pay shall be the unspent appropriations for the unit which would otherwise have reverted at the end of the 1978-79 fiscal year.

"§ 126-50. The Secretary of Administration shall cause to be prepared and submitted to the General Assembly two comprehensive status reports on the committee's activities, decisions, awards, and recommendations with respect to the employee incentive pay program. The first such report shall be submitted to the 1979 General Assembly no later than February 1, 1979, and shall cover the first half of the 1978-79 fiscal year. If the General Assembly meets in 1980, the second report, covering the entire 1978-79 fiscal year, shall be submitted no later than February 1, 1980; if the General Assembly does not meet in 1980, the second report shall be submitted no later than February 1, 1981."

Sec. 2. The provisions of this act shall become effective July 1, 1977, and shall remain in effect through June 30, 1981.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

S. B. 785 **CHAPTER 1034**

AN ACT TO APPROPRIATE FUNDS TO THE DEPARTMENT OF CULTURAL RESOURCES FOR THE CONTINUANCE OF THE STAGVILLE PRESERVATION CENTER.

Whereas, the cultural heritage of North Carolina has made an immeasurable contribution to all the citizens of the State; and

Whereas, the preservation of North Carolina's architectural heritage enjoys a prominent place in historic preservation in the nation; and

Whereas, in excess of ten million dollars ($10,000,000) is spent annually in North Carolina on preservation projects by the citizens of the State; and

Whereas, professional help for these citizens is limited due to accessible training facilities; and

Whereas, the Liggett Group, Inc., of Durham has deeded land and historic structures to the State, valued at more than a quarter of a million dollars ($250,000), for the establishment of the Stagville Preservation Center; and

Whereas, this center is the first statewide preservation center in the nation, and is during its first year of operation enjoying a substantial professional reputation throughout the State; and

Whereas, this center has the cooperation of the various universities, colleges, and technical schools, their staffs, faculties, and facilities, in the Triangle area; and

Whereas, the Stagville Center receives support and encouragement from the many preservation organizations in both the State and the Triangle area; and

Whereas, an appropriation is needed to continue the work being done at the Stagville Center during the next fiscal year; Now, therefore,

AN ACT TO AMEND CHAPTER 122A OF THE GENERAL STATUTES TO AUTHORIZE THE NORTH CAROLINA HOUSING FINANCE AGENCY TO GUARANTEE LOANS FOR THE PURPOSE OF ASSISTING PERSONS AND FAMILIES OF LOWER INCOME TO LOWER HEATING COSTS IN OWNER OCCUPIED RESIDENCES, THUS REDUCING CONSUMPTION OF NONRENEWABLE SOURCES OF ENERGY; AND TO APPROPRIATE NECESSARY FUNDS FOR THIS PURPOSE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 122A-2 as the same appears in the 1975 Cumulative Supplement to Volume 3B of the General Statutes of North Carolina is hereby amended by adding the following paragraph at the end of this section:

"The General Assembly hereby also further finds and declares that private enterprise and investment have not been able to provide, without assistance, the needed installation of energy saving materials in owner occupied residences of persons and families of lower income. It is imperative for the health, safety and welfare of these persons and the general public that their residences be suitably heated at affordable cost in order to provide decent housing; and that the consumption of nonrenewable sources of energy be reduced. Therefore, the General Assembly finds that one of the purposes of this Chapter is to assist persons and families of lower income to obtain loans for the purpose of heating their homes at affordable cost and at the same time to significantly reduce the amount of consumption of nonrenewable sources of energy."

Sec. 2. G.S. 122A-3 as the same appears in the 1975 Cumulative Supplement to Volume 3B of the General Statutes of North Carolina is hereby amended by adding the following at the end of this section:

"(16) 'Energy conservation loan' means a loan obtained from a mortgage lender for the purpose of satisfying an existing obligation of a borrower who is the resident owner of a single family dwelling or of 'residential housing'. The existing obligation of the owner in an 'energy conservation loan' must have been incurred to pay for the purchase of materials or the installation of materials, or both, which results in a significant decrease in the amount of consumption of nonrenewable sources of energy in order to provide or maintain a comfortable level of room temperatures in his residence during the winter. 'Energy conservation loan' does not include a loan obtained to refinance an existing loan agreement unless payment or collection of the original loan was guaranteed by the agency."

Sec. 3. Chapter 122A of the General Statutes as the same appears in the 1975 Cumulative Supplement to Volume 3B of the General Statutes of North Carolina is hereby amended by the addition of a new section to be designated G.S. 122A-5.3 and reading as follows:

"§ 122A-5.3. *Energy conservation loan authority.*—(a) The agency may guarantee the payment or collection of energy conservation loans pursuant to and in accordance with the provisions of this Chapter when the agency has given its approval prior to the initial making of the loan; provided that any such guarantee shall be made only upon determination by the agency that energy conservation loans were at the time of approval not otherwise available from private lenders upon reasonably equivalent terms and conditions; and provided further, no single guarantee of payment or collection shall exceed the sum of twelve hundred dollars ($1200) and no person or family of lower income shall be entitled to more than one loan guarantee.

(b) At no time may the agency have outstanding loan guarantees in which the liability of the agency exceeds 15 times any amounts remaining unspent from the specific funds appropriated by the General Assembly for the energy conservation loan guarantee program plus any specific grants or donations for this purpose; but the agency is authorized to expend any unspent amounts from these sources to satisfy its liabilities under the loan guarantee program; provided no other assets of the agency shall be obligated or expended in satisfaction of its energy conservation loan guarantee liability.

Whereas, all of the State's historical organizations are in need of timely assistance from North Carolina's State historical agency in such matters as the publication of local historical writings and other scholarly and historical studies which will promote a greater understanding, appreciation, and utilization of the State's historical resources as well as a greater utilization of local historical resources; Now, therefore,

H. R. 115 **RESOLUTION 3**

A JOINT RESOLUTION URGING THE PRESIDENT OF THE UNITED STATES AND THE UNITED STATES CONGRESS TO TAKE STEPS NECESSARY TO PROVIDE ADDITIONAL SUPPLIES OF NATURAL GAS TO THE STATE OF NORTH CAROLINA.

Whereas, the natural gas shortage that has existed for the last few years has led to a substantial curtailment of natural gas supplies; and

Whereas, North Carolina is served by only one interstate natural gas transmission company, the Transcontinental Gas Pipeline Corporation (Transco); and

Whereas, Transco is currently the most severely curtailed natural gas transmission company in the United States; and

Whereas, many other natural gas transmission companies have been only slightly curtailed, if at all; and

Whereas, North Carolina has been curtailed more than any other state in the United States; and

Whereas, the citizens and business establishments in the State of North Carolina have made an extraordinary effort to reduce their usage of natural gas or to substitute alternate fuel sources for natural gas, whenever possible; and

Whereas, it is impossible for some types of industry to substitute alternate fuel sources for natural gas; and

Whereas, the abnormally cold weather this winter has brought the shortage problem to a crisis level; and

Whereas, the weather forecast for the remainder of the winter season does not promise any relief; and

Whereas, the substitution of alternate fuel supplies has created shortages in some of the alternate fuel sources; and

Whereas, some industries in North Carolina have already closed their plants and have begun laying off employees; and

Whereas, additional plant closings resulting from the natural gas shortage could ultimately lead to the loss of jobs for more than 36,000 workers in North Carolina; and

Whereas, any future curtailments could lead to the shutdown of additional industrial plants, could force the closing of commercial establishments and schools, and could lead to the curtailment of natural gas to hospitals and private residences;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the North Carolina General Assembly urges the United States Congress to take immediate steps to give the President of the United States the emergency authority to transfer natural gas supplies to areas, such as North Carolina, which have the most severe shortages of natural gas.

Sec. 2. That the North Carolina General Assembly requests the President of the United States to use this emergency authority to allocate enough additional natural gas to North Carolina to have a substantial impact on the current severe shortage of natural gas in the State.

Sec. 3. That a copy of this resolution be transmitted immediately to the President of the United States and to the North Carolina delegation to the United States Congress.

Sec. 4. That a copy of this resolution be transmitted to the Federal Power Commission, Washington, D. C.

Sec. 5. That this resolution be effective upon ratification.

In the General Assembly read three times and ratified, this the 28th day of January, 1977.

Whereas, Fred G. Gillikin enlisted on January 10, 1900, in what was then called the Life Saving Service and retired in 1941, with the rank of Chief Warrant Officer and now considers himself on "inactive duty"; and

Whereas, Fred G. Gillikin was in the first rescue by the United States Coast Guard in 1915, at Cape Lookout Station, North Carolina, where the ship "Sylvia Hall" was involved; and

Whereas, Fred G. Gillikin not only has served his country with 41 years of dedicated service in the Coast Guard, but has also been engaged in an active career in his community as a Mason for over 60 years and as a member of the Methodist Church; and

Whereas, Fred G. Gillikin is the oldest retired Coast Guardsman in the world and the oldest retired United States Coast Guardsman;

Section 1. That the General Assembly of North Carolina does express its appreciation to Fred G. Gillikin as an outstanding public servant and a loyal citizen, and does congratulate him on his ninety-ninth birthday.

Sec. 2. That a certified copy of this resolution be sent to Mr. Fred G. Gillikin at his home address by the Secretary of State.

And may there be no moaning of the Bar,
when I put out to sea,
But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep,
Turns again home.
Twilight and evening bell,

And after that the dark'
And may there be no sadness of farewell,
When I embark;
For though from out our bourne of Time and Place
The flood may bear me far,
I hope to see my Pilot face to face,
When I have crossed the Bar."

Whereas, the State of North Carolina is predominately a rural State with fifty-five percent (55%) of its residents living in small towns or rural areas; and

Whereas, April 12, 1977, is the 201st anniversary of the occasion on which the Fourth North Carolina Provincial Congress adopted the famous Halifax Resolves; and

Whereas, the Halifax Resolves authorized the North Carolina delegates to the Continental Congress at Philadelphia to concur with the delegates of other colonies in a declaration of independence from the British Empire; and

Whereas, the members of the Fourth Provincial Congress were already determined on the course of independence and knew other colonies were likewise so determined; and

Whereas, the said members forbore to take unilaterally an action which they conceived ought to be taken by all thirteen colonies in unison; and

Whereas, by such forbearance they set the example for American unity in defense of American liberty; and

Whereas, such examples led ultimately to the winning of American independence and to the establishment of the oldest surviving constitutional republic in the world; and

Whereas, the examples set at Halifax on April 12, 1776, ought ever to be an inspiration and model for all North Carolinians and Americans; and

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Senate Committee on Public Utilities and Energy and the House Committee on Public Utilities shall, in joint session, screen the appointees of the Governor for the existing and anticipated vacancies if the committee deems such action appropriate, and shall report their recommendations developed in joint session to a joint session of the Senate and House of Representatives.

H. R. 572 RESOLUTION 34

A JOINT RESOLUTION ENCOURAGING THE COMMISSIONER OF MOTOR VEHICLES AND THE ASSISTANT SECRETARY OF TRANSPORTATION FOR HIGHWAY SAFETY TO SUPPORT AFFIRMATIVE ATTITUDES REGARDING THE UPGRADING OF SAFETY HELMETS FOR MOTORCYCLE RIDERS.

Whereas, the wearing of safety helmets of a type approved by the Commissioner of Motor Vehicles is mandatory for persons riding motorcycles on the highways or public vehicular areas of this State by virtue of North Carolina General Statute 20-140; and

Whereas, the riding of motorcycles for the purpose of transportation and pleasure has increased substantially in the last five years and continues to increase at an astounding rate; and

Whereas, those persons and representatives of some motorcycle clubs who appeared in support of House Bill 7 and Senate Bill 128, repealing the motorcycle safety helmet requirements, made strong contentions that the motorcycle safety helmets approved by the Commissioner of Motor Vehicles and, in fact, available on the market are uncomfortable and to some degree create a disability relative to both vision and hearing; and

Whereas, it is quite clear from a statistical standpoint that the wearing of motorcycle safety helmets does reduce the death rate and degree of injury of motorcycle operators in case of accident;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the General Assembly of North Carolina encourage the Commissioner of Motor Vehicles and the Assistant Secretary of Transportation for Highway Safety to actively support and assist the operators of motorcycles in the search for and approval of a motorcycle safety helmet which will offer the desirable degree of protection from head and neck injury while eliminating insofar as feasible those problems relative to comfort and vision.

A JOINT RESOLUTION COMMENDING THE HARNETT COUNTY HISTORICAL SOCIETY FOR ITS EFFORTS TO FURTHER THE PRESERVATION, RESTORATION, AND MAINTENANCE OF THE HOMEPLACE OF DR. AND MRS. JAMES ARCHIBALD CAMPBELL, WHICH IS SITUATED ON THE GROUNDS OF CAMPBELL COLLEGE IN BUIES CREEK.

Whereas, the homeplace of Dr. and Mrs. James Archibald Campbell represents and symbolizes the very roots of Campbell College and is a monument to many who invested their labors and dedicated their lives to the development of what is now Campbell College; and

Whereas, the J. A. Campbell homeplace served as the residence of three members of the Campbell family who rose to be presidents of outstanding educational institutions; and

Whereas, the architectural design of the J. A. Campbell homeplace is noteworthy and deserving of preservation; and

Whereas, this legislature believes that structures of such historical and academic significance should be preserved and maintained; and

Whereas, it is felt that the vitality and growth of Campbell College is directly related to its willingness to honor its heritage; and

Whereas, the welfare and potential of Campbell College may well be threatened by the failure of the college to be cognizant of its past and the meaning which this structure has to many alumni and residents of the Buies Creek and Harnett County vicinity; and

Whereas, the Harnett County Historical Society is willing to cooperate with and assist Campbell College in any feasible manner in order to preserve and maintain the aforementioned structure;

H. R. 1022 **RESOLUTION 61**

A JOINT RESOLUTION URGING THE CONGRESS TO TAKE APPROPRIATE ACTION TO OVERRIDE THE FOOD AND DRUG ADMINISTRATION'S DECISION TO BAN THE USE OF SACCHARIN.

Whereas, the Food and Drug Administration has announced its decision to ban the use of saccharin in foods and beverages; and

Whereas, it appears that the tests upon which the ban was based involved extremely large amounts of saccharin being fed to animals and there is no evidence correlating the test information to the consumption of saccharin by humans; and

Whereas, the banning of saccharin would have far-reaching effects on the 10 million Americans having to control the sugar intake due to diabetes; and

Whereas, saccharin has also proven to be a valuable substitute for sugar in the preparation of meals for the elderly citizens of North Carolina whose choice of foods would be severely reduced if saccharin is not available; and

Whereas, saccharin has also proven to be an effective substitute for sugar in the preparation of certain items such as chewing gum and soft drinks that are especially and heavily consumed by the young citizens of North Carolina, thereby causing the consumption of such items to be far less harmful to the health of the youthful citizens of this State; and

Whereas, the public outcry subsequent to the announcement of the ban has been overwhelmingly against the ban, and has included both lay and professional people;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The General Assembly of North Carolina urges the Congress of the United States to take appropriate action to override the Food and Drug Administration's decision to ban the use of saccharin in foods and beverages. Such action should include, if necessary, amendments to the commonly known "Delaney amendment".

Sec. 2. That the Secretary of State is directed to send copies of this resolution to the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the delegation to the Congress of the United States of this State, in order that they may be apprised of the sense of the North Carolina General Assembly.

Sec. 3. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 7th day of June, 1977.

H. R. 1178 **RESOLUTION 62**

A JOINT RESOLUTION URGING THE CONGRESS OF THE UNITED STATES TO AMEND H.B. 4287 AND S.B. 717 SO AS TO PERMIT CONTINUED STATE-ADMINISTRATION OF THE FEDERAL MINE AND QUARRY SAFETY PROGRAM.

Whereas, the General Assembly of North Carolina enacted the Mine Safety and Health Act of North Carolina in 1975 and Section 74-24.17 of that act permits State-Federal agreements for State-administration of a Mine and Quarry Safety Program; and

Whereas, the North Carolina Department of Labor has entered into such an agreement with the United States Department of the Interior and this program is now being effectively administered by the North Carolina Department of Labor; and

Whereas, North Carolina has one of the five State-administered Mine and Quarry Safety Programs in the United States; and

Whereas, the provision of a federal system of government mandates that the sovereign states be given the opportunity and responsibility of administering nationwide legislation whenever possible; and

Whereas, H.B. 4287 and S.B. 717 which are currently pending before the United States Congress would transfer the administration of Mine and Quarry Safety Regulations from the United States Department of Interior to the United States Department of Labor; and

Whereas, this pending federal legislation does not include provision for State-Federal agreements permitting State-administration of Mine and Quarry Safety Regulations.

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the North Carolina General Assembly urge the United States Congress to amend H.B. 4287 and S.B. 717 so as to retain the authority for State-Federal agreements permitting State-administration of Mine and Quarry Safety Regulations.

Sec. 3. This resolution shall become effective upon ratification.

Whereas, rapidly rising rates for electric and natural gas service have created a great hardship for many elderly and low income persons in the State, making it difficult for them to continue to afford such services in their homes; and

Whereas, electricity and natural gas for residential lighting, cooking, and refrigeration is essential to the health and welfare of the citizens of the State; and

Whereas, conservation of electricity and natural gas should be encouraged at all levels of use;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The North Carolina Utilities Commission is hereby urged to investigate, study, and consider essential levels for use of electricity by residential customers to provide lighting, cooking and refrigeration in their primary place of residency.

Sec. 2. The Utilities Commission is hereby urged to investigate, study, and consider essential levels for use of natural gas by residential customers to provide cooking and heating in their primary place of residency.

Sec. 3. The Utilities Commission is hereby urged to study and consider whether it is just and reasonable to establish a category of lifeline rates for electricity and natural gas at the levels of use determined pursuant to Sections 1 and 2 of this joint resolution.

S. R. 633 RESOLUTION 65

A JOINT RESOLUTION COMMENDING PRESIDENT CARTER FOR HIS EFFORTS TO ESTABLISH A SOUND NATIONAL ENERGY POLICY AND URGING SPEEDY CONGRESSIONAL CONSIDERATION OF HIS PROPOSALS.

Whereas, President Carter on April 20 addressed Congress in joint session and proposed a national energy policy; and

Whereas, President Carter called the energy problem the "greatest domestic challenge our nation will face in our lifetime"; and

Whereas, the President asked Congress to enact legislation which would increase the federal gasoline tax unless consumption is reduced, place a graduated tax on "gas-guzzling" large automobiles and provide a tax rebate for those vehicles which are energy efficient, encourage better insulation and other energy-conservation measures for homes and office buildings, set efficiency standards for household appliances, alter the present rate structure which gives large industrial users better utility prices than residential customers, offer users "peak-load pricing" (lower charges when demand is small; higher charges at times of peak demand), grant a tax credit to industries which undertake energy conservation measures, require industries to shift from burning oil and gas to coal, and provide tax incentives to encourage the installation of solar power units for heating and cooling; and

Whereas, the North Carolina General Assembly has shown its commitment to energy conservation by its actions during the last several sessions; and

Whereas, those actions of the General Assembly include enactment of the Energy Policy Act of 1975 which created a new Energy Policy Council responsible for developing State energy conservation and management plans, an energy research and development program, and procedures for declaring a State energy crisis and adopting emergency controls on energy allocation; and

Whereas, the actions of the General Assembly also include enactment in 1975 of legislation requiring the Utilities Commission to analyze the State's long-term electric generating facility needs, to adopt an electricity expansion plan and to consider that plan before approving new construction of power plants, and declaring State policy to be the efficient use of energy resources; and

Whereas, the General Assembly has also directed the Utilities Commission to consider the adoption of peak-load pricing by which customers, both residential and industrial, will be charged for using electricity at times of peak demand and rewarded for refraining from use at those times; and

Whereas, other legislation already enacted by the General Assembly includes acts to expand the Utilities Commission and allow it to sit in panels in order to expedite rate proceedings, to eliminate automatic fuel-adjustment charges in utility bills, to have the State Building Code Council incorporate energy-conservation standards in the State Building Code, to require State agencies to conduct energy-consumption analysis of construction projects, to allow city electric systems to jointly own and operate municipal power plants, to provide funds for research and development of solar heating and cooling systems, and to create a legislative Utility Review Committee to study the operations of utilities companies and the State's regulation of them; and

Whereas, the present General Assembly has before it legislation to promote the conservation of energy by having the Utilities Commission study whether utilities companies should be required to assist in financing insulation of homes and apartments, by prohibiting utility service to new buildings unless they comply with insulation requirements of the State Building Code, by setting conservation standards for new buildings, by providing income tax credits for the purchase of energy-conservation items such as insulation and solar heating and cooling systems, by allowing buildings with solar heating and cooling systems to be taxed the same as conventional buildings, and by urging energy conservation of North Carolina's citizens;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The General Assembly commends the leadership of President Carter in proposing a national policy to meet the grave challenge of an energy shortage.

Sec. 2. The General Assembly urges speedy Congressional consideration of President Carter's energy-conservation proposals.

Sec. 3. A copy of this resolution shall be sent to President Carter and to each member of North Carolina's Congressional delegation.

Sec. 4. This resolution shall become effective upon ratification.

S. R. 826 RESOLUTION 69

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY A PROPOSED SCHOOL HEALTH EDUCATION PROJECT: THE "HEED" PROJECT.

Whereas, the HEED Project (*He*alth and *Ed*ucation United - fostered by Blue Cross and Blue Shield of North Carolina) has as its goal to present health information to children throughout their school years (K-12) in a manner enabling each child to assume subsequently the major responsibility for maintaining health and preventing disease; and

Whereas, the HEED Project promotes health subjects ranging from teeth care to emergency care, but emphasis is placed on subjects such as safety, nutrition, and drug abuse; and

Whereas, concerning safety, auto accidents are the single greatest killer and crippler from age 2 1/2 to 35 years, and early education in use of seat-shoulder restraints can save thousands of lives and prevent millions of injuries each year in the United States; and

Whereas, concerning nutrition, we must displace the notion that "fat babies are healthy babies" with the truth; and further, we must prevent the American nibble-mania of excess calories, especially of the high carbohydrates and fats; and we must recognize not only that obese children may have

developmental and personality problems, but also that they set the stage for even more serious problems such as diabetes, heart disease and strokes; and

Whereas, concerning excessive use or abuse of alcohol, smoking and drugs, these abuses are linked with major medical problems such as heart disease, cancer, cirrhosis and ulcers; and in addition, they are a major factor in accelerating our nation's numbers and varieties of social disorders; and these same abuses coupled with a poorly disciplined society have provoked our venereal disease epidemic; and

Whereas, the HEED Project provides for teams of selected educators, laymen, nurses and physicians with special emphasis on community resources to develop "teaching kits" containing a prepared narrative tapes and slides for a series of health facts; and one health fact is to be presented each week to children, beginning with kindergarten; and teacher presentation of these health facts does not require preliminary preparation other than familiarization with the material in the teaching kits; and use of the kits is a method of education not requiring hiring of large numbers of health educators; and

Whereas, a series of meetings concerning the HEED Project was conducted in 1976 and they included superintendents of education, staff of several divisions of the North Carolina State Department of Public Instruction, the Regional Director of the Southwest Regional Education Center (SWREC), a university-based educator, public and private health nurses, and university-based and private physicians; and

Whereas, as a result of some of these meetings, Cabarrus County Schools under Superintendent Jay Robinson and Concord City Schools under Superintendent William Irvin plan to implement Project HEED beginning in the fall of 1977; and

Whereas, a grant proposal for Project HEED has been submitted by Superintendent Robinson for Title IV funds to support the three-year development, application, and evaluation of this method beginning with the K-3 component; and

Whereas, a detailed discussion of this project was conducted in March of 1977 with Doctor Craig Phillips' staff, Doctor Jerome Melton presiding, and a written statement is forthcoming providing both their acceptance of the concept and firm backing of Project HEED;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Legislative Research Commission, as structured under G.S. 120-30.10 et seq., is directed to study the HEED Project as described in the whereas clauses of this resolution.

Sec. 2. The commission shall produce a report on its study, including recommendation on desirable State participation in the HEED Project.

Sec. 3. The commission shall report to the 1979 General Assembly.

Sec. 4. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 22nd day of June, 1977.

H. R. 811 **RESOLUTION 70**

A JOINT RESOLUTION CONTINUING THE CRIMINAL CODE COMMISSION.

Whereas, the General Assembly has given legislative sanction to the creation and continuation of the Criminal Code Commission in Resolution 24 of the 1971 Session, Resolution 26 of the 1973 Session, and Resolution 59 of the 1975 Session; and

Whereas, the commission membership has diligently pursued its assigned tasks of review and revision of the criminal law and procedure of North Carolina; and

Whereas, the Criminal Code Commission prepared legislation for consideration by the 1973 Session of the General Assembly dealing with pretrial procedure, which legislation was considered and enacted in part; and

Whereas, the Criminal Code Commission had originally planned to finalize its consideration of criminal procedure and a complete review of the substantive criminal law of North Carolina in time for submission to the General Assembly in its 1975 Session but found the time too limited for completion of its task for consideration by the 1975 Session of the General Assembly; and

Whereas, the Criminal Code Commission has just presented its proposed legislation on trial stage and appellate procedure to the 1977 General Assembly, and is still working on substantive criminal law proposals for submission to the 1979 General Assembly; and

Whereas, the magnitude of the tasks set before the commission and the importance of its work dictate that the commission be extended through the 1979 Session of the General Assembly;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Criminal Code Commission created by Resolution 24 of the 1971 Session of the General Assembly is hereby extended until July 1, 1979, or until the 1979 Session of the General Assembly adjourns sine die, whichever date is later.

Sec. 2. The powers and duties of the commission are expressly continued in effect including the responsibility to prepare a biennial report to the Attorney General for transmission to the members of the General Assembly.

Sec. 3. The original members of the commission or their successors in office shall serve until termination of the commission. The commission membership shall be continued at 30 members.

Sec. 4. This resolution shall become effective upon its ratification.

RESOLUTION 71

A JOINT RESOLUTION URGING THE FEDERAL FOOD AND DRUG ADMINISTRATION TO ALLOW CERTAIN SPECIALLY TRAINED MEDICAL TECHNICIANS TO CARRY EMERGENCY INSECT STING KITS AND TO ADMINISTER EPINEPHRINE.

Whereas, it is estimated that approximately one million Americans are allergic to insect stings or bites; and

Whereas, approximately one third of these allergic people are unaware that they are allergic to insect stings or bites until they suffer a reaction which is often severe; thus, many allergic people will not have an insect sting kit in their possession; and

Whereas, many, if not most, fatal anaphylactic reactions to insect stings or bites occur far from medical aid and the number of deaths is increasing swiftly; and

Whereas, the Federal Food, Drug and Cosmetic Act now requires that the drug with which this type of allergic reaction is treated, epinephrine, be administered only upon a doctor's prescription; and

Whereas, many fatal reactions to insect stings or bites could be prevented by prompt treatment with epinephrine; and

Whereas, rescue squads and other emergency personnel could be trained to administer epinephrine except that the drug would not be available because of the requirement that it be prescribed by a doctor;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Federal Food and Drug Administration is hereby requested to amend the Federal Food, Drug and Cosmetic Act to allow certain specially trained medical technicians, such as rescue squad personnel to carry emergency insect sting kits containing injectable epinephrine and to administer this drug when confronted by an anaphylactic reaction to an insect bite or sting.

Sec. 2. A copy of this resolution shall be duly certified by the Secretary of State and by him transmitted to the Federal Food and Drug Administration of the Department of Health, Education and Welfare.

Sec. 3. This resolution shall become effective upon ratification.

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE PROPERTY TAX ON BUSINESS INVENTORIES.

Whereas, the economic well-being of business enterprises in North Carolina is important to the economic health of the State; and

Whereas, the existing tax on business inventories may be placing North Carolina businesses, and particularly small businesses, at a disadvantage when competing with out-of-state firms; and

Whereas, studies of the tax system of North Carolina have tended to be so broad in scope that the special features, problems and burdens of the inventory tax have not received special attention; and

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

The Legislative Research Commission is directed to make a study of the inventory tax on business enterprises, to evaluate its relative benefits and detriments to the State, and to make recommendations as to modifications, alternatives, or both, as the commission may find to be desirable. S. R. 752 **RESOLUTION 76**

A JOINT RESOLUTION EXPRESSING THE INTENT OF THE GENERAL ASSEMBLY TO ALLOW THE DEPARTMENT OF NATURAL AND ECONOMIC RESOURCES TO ACCEPT FEDERAL FUNDS FOR THE PLANNING AND DEVELOPMENT OF A STATE PARK ON THE FRENCH BROAD RIVER.

Whereas, the French Broad River Basin is a unique and valuable resource of the State of North Carolina in that the headwaters of the French Broad River are wholly contained within Buncombe, Henderson, Madison and Transylvania Counties and services the recreational and water supply needs of both western North Carolina and eastern Tennessee, and in that the uses and development of the French Broad River Basin within the State of North

Carolina will affect both the citizens of North Carolina and the citizens of the State of Tennessee; and

S. R. 652 RESOLUTION 77

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE FEASIBILITY OF ESTABLISHING WITHIN NORTH CAROLINA A BICYCLE REGISTRATION OR SIMILAR PROGRAM TO PROVIDE THE CITIZENS OF THE STATE WITH A DETERRENT TO BICYCLE THEFT, A MEANS FOR DETERMINING OWNERSHIP OF BICYCLES, AND IDENTIFICATION OF INJURED BICYCLISTS.

Whereas, bicycles have outsold automobiles nationally for each of the last five years, and increasing numbers of North Carolinians are utilizing the bicycle for transportation and recreation; and

Whereas, bicycle thefts are a growing problem for local law enforcement agencies and an economic burden for victimized bicycle owners; and

Whereas, many municipalities throughout North Carolina have initiated bicycle registration programs and witnessed only limited success due to their

incremental locations, inconsistent identification systems, and inability to share information; and

Whereas, juvenile bicyclists do not carry identification and many adult bicyclists will not carry identification when they ride; and

Whereas, bicycle accidents in North Carolina have increased each of the last three years, while automobile accidents were decreasing; and

Whereas, law enforcement officials have difficulty identifying injured bicyclists, due to the absence of any consistent identification requirements;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Legislative Research Commission is directed to study the feasibility of establishing within North Carolina a bicycle registration or similar program to serve the people of this State and their visiting guests.

Sec. 2. The commission's study may include, but need not be limited to, the following:

(1) investigation of existing or proposed registration or similar programs conducted by local governments within the State to ascertain their effectiveness and determine how they could be best merged;

(2) consideration of existing or proposed registration or similar programs conducted by other state governments or private business to evaluate their effectiveness as well as determine how the State should proceed if a program is pursued;

(3) computation of existing statistics on the State's bicycle sales, bicycle theft problem, and bicycle accident data to support the findings of the study;

(4) preparation of one or more alternative systems of bicycle registration or similar programs which would effectively meet the intended purposes of deterring bicycle thefts, increasing the return rate of recovered stolen bicycles, and aiding in the expedient identification of bicyclists injured in traffic accidents; while not generating an economic burden for the State's citizens greater than the benefits derived;

(5) estimates of staff, software, and hardware costs of the various alternatives presented, and recommendations on the different methods of financing these programs, if one were to be implemented for the benefit of all of the State's citizens.

Sec. 3. This resolution shall become effective upon ratification and the results of the study shall be reported back to the General Assembly for its 1979 Session.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

Whereas, the members of the Chrysalis Women's Club at the North Carolina Correctional Center for Women did win the America-the-Beautiful-Foundation Award from the America the Beautiful Foundation for their efforts to restore and preserve beauty, especially in blighted areas; and

Whereas, the members of Chrysalis personally raised three hundred dollars ($300.00) through club projects at the Center; and

Whereas, Suzy Buttles, a design student at North Carolina State University, drew plans for the garden which included benches, round cement tables, trees and flowers; and

Whereas, the club members, under the sponsorship of the Woman's Club of Raleigh, with chairman Mary M. Bode and president Martha Mendenhall, undertook lessons in horticulture and bricklaying in order to make the plans a reality; and

Whereas, Launa H. Greene, president of the prison's Chrysalis Women's Club, as well as Peggy Lowery, Karen Riggs, Kathy Smith, Kathy Stokes, and Celeste Van Landingham laid over 30,000 bricks in the pavilion, painted furniture, and planted flowers and trees; and

Whereas, Sanford Brick and Tile Company donated over 30,000 bricks; and

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

A JOINT RESOLUTION URGING CONGRESS TO ENACT ENABLING LEGISLATION LOOKING TOWARD THE PLANNING AND FINANCING OF A WHITE HOUSE CONFERENCE ON AGING IN 1980 OR 1981.

Whereas, in 1960 and again in 1971, there was held a White House Conference on aging at which substantial steps were made in assessing the needs of older people throughout the nation and in meeting those needs; and

Whereas, the fastest growing segment of the population is represented by the aging group (65 and older); and

Whereas, in order to do effective planning for their increasing numbers through the year 2000, we need a conference in 1980 or 1981 to build on the experiences of the previous two conferences so that the needs of this group will be recognized and planned for in advance; and

Whereas, North Carolina took an active role in both of the previous conferences which resulted in wide activity in the way of meetings statewide and smaller meetings throughout the State which helped to focus within the State on problems and needs of the over half million North Carolinians 65 and over; and

Whereas, it will benefit the State of North Carolina to have this national focus because it will mean an increased focus generally;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the General Assembly of North Carolina does hereby urge Congress to enact enabling legislation looking toward the planning and financing of a White House Conference on Aging in 1980 or 1981.

S. R. 104 **RESOLUTION 83**

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE FEASIBILITY OF ESTABLISHING A SEA WORLD IN THE COASTAL AREA OF NORTH CAROLINA.

Whereas, each year thousands of tourists from the northern states travel through North Carolina on the way to coastal resort and vacation areas in South Carolina, Georgia and Florida; and

Whereas, the establishment of a Sea World or Marine Land as a major tourist attraction in the coastal area of North Carolina would be of immeasurable economic and recreational value and would greatly enhance education in the field of marine science; and

Whereas, the coastal area affords a natural and scenic location for the establishment of a Sea World in North Carolina;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Legislative Research Commission, as structured under G.S. 120-30.10 et seq., is directed to study the feasibility of establishing a Sea World in the coastal area of North Carolina. S. R. 860 **RESOLUTION 84**

A JOINT RESOLUTION CREATING A COMMITTEE FOR THE STUDY OF THE LAWS RELATING TO THE CONSERVATION OF WILDLIFE RESOURCES IN ORDER TO MAKE RECOMMENDATIONS TO THE GENERAL ASSEMBLY FOR REVISION AND CONSOLIDATION.

Whereas, the first comprehensive law relating to the conservation of wildlife resources in North Carolina was enacted in 1935; and

Whereas, there has since been no major revision of the State's wildlife conservation law, other than the fisheries law, and the same has not only become obsolete and outdated, but due to numerous fragmentary and conflicting amendments at different times and for different purposes the law has become confusing and difficult of administration and enforcement; and

Whereas, during the current session of the General Assembly a comprehensive measure has been introduced for the purpose of revising, updating and consolidating the State's wildlife conservation law, and it appears there are conflicting interests which may not be susceptible of resolution but which should be accommodated to the extent possible within the limits of sound conservation principles; and

Whereas, there is insufficient time remaining of the current session of the General Assembly in which to effect such an accommodation in the best overall interests of all concerned;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. There is hereby created a committee to be known as the Conservation Law Study Committee of North Carolina and to be comprised of seven members. Two of such members shall be members of the Senate of North Carolina, one of whom shall be the Chairman of the Senate Wildlife Committee and one of whom shall be appointed from the membership of the Senate by the Lieutenant Governor. Two members of the Conservation Law Study Committee shall be members of the North Carolina House of Representatives, one of whom shall be the Chairman of the House Wildlife Committee and one of whom shall be appointed from the membership by the Speaker of the House of Representatives. Three members of the Conservation Law Study Committee shall be members of the North Carolina Wildlife Resources Commission who shall be appointed by the Governor of North Carolina. All members of the Conservation Law Study Committee shall be appointed by the respective appointive authorities not later than December 31, 1977.

Sec. 2. The North Carolina Conservation Law Study Committee shall convene initially at 10:00 a.m. on Wednesday, February 1, 1978, in the commission conference room of the Wildlife Resources Commission headquarters in the City of Raleigh. At such initial meeting the committee shall select a chairman and such other officers as it may deem expedient. Thereafter the committee shall meet at such time and place as the chairman or a majority thereof shall determine, in accordance with such rules as the committee may adopt for its own organization and procedure.

Sec. 3. It shall be the duty of the committee to examine the existing wildlife conservation laws of this State and of such other jurisdiction as it may deem pertinent with a view toward modernizing and consolidating the conservation laws of North Carolina and harmonizing, insofar as possible, the conflicting interests of all persons concerned therewith. The committee may hold public hearings on such general or specific issues of proposals and at such times and places as it may deem proper.

Sec. 4. The Wildlife Resources Commission shall provide staff support for the Conservation Law Study Committee, and shall be responsible for the acquisition and presentation of such study materials and biological and scientific information as the committee may require for its purposes, and for the arrangement, publicizing and conduct of its public hearings and for the preparation of its findings and recommendations. In order to expedite the work of the committee, the staff of the Wildlife Resources Commission shall include a presentation and discussion of matters of interest to the general public regarding proposed revision and consolidation of the conservation laws in conjunction with its annual public hearing on hunting regulations in the wildlife districts during April 1978. Information gathered at these hearings will be presented to the committee for its use.

Sec. 5. The Conservation Law Study Committee shall make its report and recommendations in the form of proposed legislation to the General Assembly not later than February 1, 1979.

Sec. 7. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

S. R. 578 RESOLUTION 85

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE REVENUE LAWS OF THE STATE OF NORTH CAROLINA, AND TO MAKE RECOMMENDATIONS FOR UPDATING THESE LAWS.

Whereas, many of the revenue laws of the State of North Carolina administered by the Department of Revenue were first promulgated in 1939 and have since remained in their original basic form without specific amendment or revision; and

Whereas, since 1939 the number of professions and occupations, individuals and corporations, subject to said revenue laws has increased dramatically, with an attendant increase in filing and reporting requirements which requirements may vary in manner and content as to each particular taxing schedule; and

Whereas, in 1969 and 1976 Tax Reform Acts enacted substantial amendments to the federal Internal Revenue Code necessitating possibly specific revisions of the North Carolina Revenue Act;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Legislative Research Commission shall study the revenue laws and their administration in North Carolina.

Sec. 2. The commission shall make a thorough and comprehensive study and review of the revenue laws of the State of North Carolina to determine whether these laws need clarification, technical amendment, or recodification. The commission shall focus upon any unnecessary burdens or inconvenience, if any, to the taxpayers of North Carolina, existing by virtue of substantive law or agency regulation, and shall furnish where applicable recommendations alleviating unnecessary or duplicative record keeping, reporting, or return filing. The thrust of the commission's activities shall be to insure that the Revenue Act of North Carolina is as concise, intelligible, and administratively responsive, as is reasonably practicable, and to this end, to provide where necessary internal consistency in regard to the act's general administrative and penal provisions. By means of illustration, but not by way of limitation, the commission shall study and make recommendations regarding the following specific areas of the Revenue Act:

(a) reconciling the fiscal year, taxable period reporting requirements of Article 2 (Privilege License Taxes) with the taxable period, calendar year reporting requirements imposed by the income tax laws upon individuals, partnerships, and corporations;

(b) combining the intangibles tax return and its reporting, disclosure requirements, with those imposed by the individual income, and corporate income, or other, schedules;

(c) authorizing an overpayment of estimated income tax liability to be carried forward and applied against that arising in the succeeding income tax year;

(d) constancy and consistency in the imposition, determination and calculation of penal amounts;

(e) effects of the recent federal Tax Reform Acts upon the revenue laws of the State.

The commission shall conduct studies in the areas of inheritance and gift tax and income tax, and recommend such changes as it may deem advisable to the ends that the State revenue laws may be as productive as possible, consistent with equity, stability and efficient administration.

Sec. 3. The commission may call upon the Department of Revenue to cooperate with it in its study, and the Secretary of Revenue shall insure that its employees and staff provide full and timely assistance to the commission in the execution of its duties. All reports, evaluations, and other support services supplied in preparing and gathering data shall be done at the direction of and in conjunction with the commission.

Sec. 4. The commission shall produce an interim report to the 1977 General Assembly, Second Session 1978, and a final report to the 1979 General Assembly.

Sec. 5. This resolution shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

H. R. 533 RESOLUTION 86

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE PROBLEMS AND NEEDS OF THE AGING POPULATION IN NORTH CAROLINA AND TO MAKE RECOMMENDATIONS TO THE GENERAL ASSEMBLY.

Whereas, rapid advances in technology and science in recent years have spawned drastic changes in our patterns of living, leading to a fragmentation of our social structures and a disintegration of traditional family roles, creating serious economic, social, and psychological problems for the aging members of our population; and

Whereas, the aging population in North Carolina presently constitutes over fourteen percent (14%) of the total population and is increasing three times faster than the State population as a whole; and

Whereas, continued inflation, rising taxes, increasing costs of medical care, inadequate institutional care facilities, insufficient pension income, forced early retirement, and lack of public awareness, have compounded the problems of the elderly; and

Whereas, because these older citizens have contributed magnificently to the progress and general well-being of our State and nation, and it is our concern and desire that their retirement years be a time of fulfillment rather than frustration;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Legislative Research Commission, as structured by G.S. 120-30.10 et seq., shall make a thorough study of the entire range of problems and needs of the older adults of this State and to make specific recommendations to the Governor and the General Assembly on how these problems can be satisfactorily solved and met by legislative action which is

deemed necessary and appropriate. In its deliberations, the commission shall examine national trends and programs in other states as well as programs and priorities in North Carolina. For purposes of this study, "older adult" is defined as every citizen who is 60 years of age or older. The commission shall report to the 1977 General Assembly, Second Session 1978.

Sec. 2. This resolution shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

H. R. 702 RESOLUTION 87

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY POSSIBLE NORTH CAROLINA ADOPTION OF THE MODEL LAND DEVELOPMENT CODE PROPOSED BY THE AMERICAN LAW INSTITUTE, AND TO REPORT TO THE 1979 GENERAL ASSEMBLY.

Whereas, North Carolina and many other states currently have enabling statutes allowing local governments to adopt planning regulations and to control local development; and

Whereas, these statutes are based on model legislation more than 50 years old; and

Whereas, these enabling statutes fail to provide local government with the necessary authority and flexibility to effectively deal with development problems and to properly provide development benefits; and

Whereas, the American Law Institute has just completed a 12-year study of land development, resulting in a Model Land Development Code which proposes to modernize the authority of local governments to plan and regulate development;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Legislative Research Commission, as structured under G.S. 120-30.10 et seq, is directed to study possible North Carolina adoption of the Model Land Development Code proposed by the American Law Institute.

Sec. 2. The commission shall examine the American Law Institute's Model Land Development Code, and the commission shall recommend changing North Carolina law to incorporate any parts of the model code that will improve development planning and regulation authority for North Carolina local governments.

Sec. 3. The commission shall report the results of its study to the 1979 General Assembly.

Sec. 4. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

H. R. 1385 **RESOLUTION 88**

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE PROBLEM OF PRICE INSTABILITY IN THE COMMERCIAL FISHING INDUSTRY AND TO REPORT TO THE NEXT APPROPRIATE SESSION OF THE GENERAL ASSEMBLY.

Whereas, the commercial fishing industry is a vital component in the economic well-being of the State; and

Whereas, fish are perishable and hence are subject to special marketing problems; and

Whereas, the abundance or scarcity of fish during certain times of the year causes wide fluctuations in the price which commercial fishermen are able to obtain for their catch; and

Whereas, it is desirable to assure a greater degree of stability in the price which commercial fishermen receive for their catch in order to assure the maximum contribution of the fishing industry to the economy of the State;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Legislative Research Commission is directed to study the problems which commercial fishermen face due to price instability and to report on the desirability and feasibility of legislation which would address this problem to the next appropriate session of the General Assembly.

Sec. 2. The co-chairmen of the Legislative Research Commission are authorized to appoint additional members of the General Assembly to study committees to assist the regular members of the commission in conducting this study, and they are authorized to appoint members of the public to advisory subcommittees. In appointing study committees the co-chairmen of the Legislative Research Commission should appoint one senator and one representative from the coastal area of the State.

Sec. 3. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

H. R. 1283 RESOLUTION 90

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY CHAPTER 24 OF THE GENERAL STATUTES AND RELATED CREDIT AND INTEREST LAWS, AND TO DETERMINE THE FEASIBILITY OF ESTABLISHING ONE SUPERVISORY AUTHORITY OVER ALL LENDERS IN NORTH CAROLINA.

Whereas, the interest laws of North Carolina have never been examined as a whole; and

Whereas, these laws are important to the North Carolina public, but are often ambiguous and overly complex; and

Whereas, a thorough examination of these laws, and of the regulatory system concerning the granting of credit in North Carolina would be of great benefit to the public of North Carolina;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Legislative Research Commission shall study credit and interest laws in North Carolina including, but not limited to, consideration of:

(1) The present coverage of the credit laws.

(2) The effect of these credit laws upon lenders, borrowers, and the general public of the State of North Carolina.

(3) Methods by which present credit laws can be clarified, including but not limited to a study and possible rewrite of the various interest provisions and fees under Chapter 24 of the General Statutes.

(4) Ways in which credit laws can be improved to the benefit of the North Carolina public.

(5) Ways in which the regulation of lenders in North Carolina can be improved to the benefit of the North Carolina public, including consideration of the types of reports which should be made by lenders and consideration of one supervisory agency to regulate all lenders.

(6) Ways in which regulation of lenders of North Carolina can be better organized toward efficiency in government.

The commission shall report to the 1979 General Assembly.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

H. R. 1291 RESOLUTION 91

A JOINT RESOLUTION TO PROVIDE FOR A STUDY OF THE FORMULAS AND FUNDING PROCEDURES WHEREBY THE STATE BOARD OF EDUCATION ALLOCATES FUNDS TO LOCAL ADMINISTRATIVE UNITS.

Be it resolved by the House of Representatives, the Senate concurring:

Section 1. The State Board of Education is hereby directed to appoint a commission to study the various formulas for allocating funds to local administrative units. The commission's membership shall reflect representation from the legislature, boards of education and local administrators.

Sec. 2. The commission shall address the issues of equity in funding, pupil-teacher ratios, and program costs as encompassed in House Bill 1291 as originally introduced in the 1977 General Assembly.

Sec. 3. The commission shall keep the Legislative Research Commission advised of its progress on the study, since the Research Commission will be undertaking a related study of school funding and personnel. The commission shall also report to the 1977 General Assembly, Second Session 1978.

Sec. 5. The State Board of Education is authorized to pay customary compensation and expenses to commission members and to pay the other reasonable expenses of the commission from funds appropriated to the board.

H. R. 1360 RESOLUTION 92

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY HOUSING AND BUILDING CODES IN NORTH CAROLINA TO DETERMINE WHETHER THESE CODES HAVE THE EFFECT OF RESTRICTING HOME OWNERSHIP.

Whereas, housing and building codes in North Carolina often require the addition of substantial costs to construction of new homes; and

Whereas, these additional costs may place home ownership beyond the reach of many individuals who might otherwise be able to afford to own their own homes; and

Whereas, a thorough examination of these codes to determine which of the requirements are necessary to safety and which are not, might allow for the elimination of unnecessary requirements and therefore lower the cost of home ownership;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Legislative Research Commission, as structured by G.S. 120-30.10 et seq., shall study Housing and Building Codes in North Carolina including, but not limited to, consideration of the following:

(1) the ways in which building codes have presently been formulated;

(2) the substance of building codes in North Carolina;

(3) the requirements that are necessary and proper to adequate and safe housing;

(4) a determination of the various ways in which present building and housing codes are insufficient, or go beyond the standards necessary and proper to safe and decent housing; and

(5) ways in which the building codes can be made consistent with the need of North Carolina citizens for safe housing and low cost housing.

The Commission shall report to the 1979 General Assembly.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

H. R. 1377 RESOLUTION 93

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE DUTIES OF THE LIEUTENANT GOVERNOR.

Whereas, the Constitution of the State of North Carolina provides that the General Assembly may assign duties to the Lieutenant Governor; and

Whereas, there appears to be need to define more clearly the duties of the office of Lieutenant Governor so as to utilize appropriately the time and talent of the Lieutenant Governor and to serve the needs of the people; and

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Legislative Research Commission, as structured by G.S. 120-30.10 et seq., shall study the duties of the Lieutenant Governor of North Carolina, and if appropriate, the commission shall recommend legislation expanding or modifying the present duties. The commission shall report to the 1979 General Assembly.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

H. R. 1381

RESOLUTION 94

A JOINT RESOLUTION CREATING A COMMITTEE FOR THE STUDY OF THE COLLECTION OF PROPERTY TAXES ON MOTOR VEHICLES.

Whereas, the counties and municipalities of this State are experiencing increasing difficulty in collecting property taxes on motor vehicles; and

Whereas, it is estimated that between fifteen percent (15%) and twenty percent (20%) of all motor vehicles subject to tax in this State are not being listed for taxation; and

Whereas, this results in a substantial amount of lost revenues for the counties and municipalities and a substantial increase in the cost of administering the tax on motor vehicles on the part of the counties; and

Whereas, the General Assembly has demonstrated its concern for this problem by its consideration of legislation designed to establish an alternative method of collecting the tax on motor vehicles; and

Whereas, most of the other states have moved to a different system of collecting tax on motor vehicles; and

Whereas, the 1976 Committee for the Study of the Property Tax System in North Carolina in its report to the 1977 General Assembly recommended the creation of a high level commission to study this problem in detail and prepare proposals for consideration by the 1978 or subsequent session of the General Assembly; and

Whereas, that committee was convinced, as were prior study committees, that a different and more efficient method of collecting property taxes on motor vehicles is urgently needed in North Carolina;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. There is hereby created the Committee for the Study of the Collection of Property Taxes on Motor Vehicles, to be composed of 12 members. Six members shall be appointed by the President of the Senate and six members shall be appointed by the Speaker of the House. All appointments shall be made in time for the committee to begin its work by September 1, 1977.

Sec. 2. Upon its appointment, the committee shall organize by electing from its membership a chairman and a vice-chairman.

Sec. 3. It shall be the duty of the committee to make a comprehensive study of the efficiency and effectiveness of the present system of collecting property taxes on motor vehicles in North Carolina. In its study the committee shall review the systems employed by other states to determine the efficiency and effectiveness of those systems in comparison to that used in North Carolina. Among other alternatives, the committee shall consider a system that will coordinate the collection of ad valorem taxes with the renewal of license tags.

Sec. 4. Members of the committee who are members of the General Assembly shall receive subsistence and travel allowances at the rate set forth in G.S. 120-3.1. Members of the committee who are not officials or employees of the State of North Carolina and who are not members of the General Assembly shall receive per diem compensation and travel expenses at the rate set forth in G.S. 138-5. Any members of the committee who are officials or employees of the State of North Carolina shall receive travel allowances at the rate set forth in G.S. 138-6.

Sec. 5. The committee shall have authority to employ clerical assistance and to purchase necessary supplies and materials.

Sec. 6. The expenses of the committee shall be paid from funds collected by the Department of Revenue under Article 7, Chapter 105 of the General Statutes of North Carolina. The funds so expended shall be deducted as in G.S. 105-213(a) from the costs of administering the intangibles tax. Committee expenses shall be limited to a maximum of ten thousand dollars ($10,000), and no funds may be expended on committee matters after June 30, 1978.

Sec. 7. The committee is authorized to obtain assistance in carrying out its functions under this resolution from the Department of Revenue, the Department of Transportation, the Fiscal Research Division of the Legislative Services Commission, and local government units or organizations of local government units. The committee shall also consult with representatives of the automobile industry.

Sec. 8. The committee shall make a written report of its study to the General Assembly, including recommendations for appropriate legislative action. The report shall be presented no later than the opening date of the 1977 General Assembly, Second Session 1978.

Sec. 9. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

The study shall include water resources development projects sponsored by the U.S. Army Corps of Engineers, the U.S. Soil Conservation Service, and the Tennessee Valley Authority, as well as those carried out by State and local government without federal participation. Consideration shall be given to:

(a) the types of projects, project purposes and/or project cost components to which the State should contribute financially;

H. R. 1414 RESOLUTION 96

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE ROLE OF THE PHYSICIAN'S ASSISTANT AND NURSE PRACTITIONER IN THE DELIVERY OF MEDICAL SERVICES.

Be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Legislative Research Commission, as structured by G.S. 120-30.10 et seq., is directed to make a study of the role of the physician's assistant and nurse practitioner in the delivery of medical services, for the purpose of determining the necessity for statutory revisions in the Medical Practice (Article 1 of Chapter 90 of the General Statutes) and Nurse Practice (Article 9 of Chapter 90 of the General Statutes) Acts. The Commission shall report to the 1979 General Assembly.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

S. R. 858 RESOLUTION 97

A JOINT RESOLUTION REQUESTING CONGRESS TO PROPOSE AN AMENDMENT TO THE FEDERAL CONSTITUTION TO REQUIRE THAT THE TOTAL OF ALL FEDERAL APPROPRIATIONS NOT EXCEED THE TOTAL OF ALL ESTIMATED FEDERAL REVENUES IN ANY FISCAL YEAR, WITH CERTAIN EXCEPTIONS.

Whereas, with each passing year this nation becomes more deeply in debt as its expenditures grossly and repeatedly exceed available revenues so that the public debt now amounts to hundreds of billions of dollars; and

Whereas, attempts to limit spending, including impoundment of funds by the President of the United States, have resulted in strenuous assertions that the responsibility for appropriations is the constitutional duty of the Congress; and

Whereas, the annual federal budget repeatedly demonstrates the unwillingness or inability of both the legislative and executive branches of the federal government to curtail spending to conform to available revenues; and

Whereas, the unified budget does not reflect actual spending because of the exclusion of special outlays which are not included in the budget nor subject to the legal public debt limit; and

Whereas, the "U.S. News and World Report" reported on February 25, 1974, that of these nonbudgetary outlays in the amount of fifteen billion six hundred million dollars ($15,600,000,000), the sum of twelve billion nine hundred million dollars ($12,900,000,000) represents funding of essentially private agencies which provide special services to the federal government; and

Whereas, knowledgeable planning and fiscal prudence require that the budget reflect all federal spending and that the budget be in balance; and

Whereas, believing that fiscal irresponsibility at the federal level, with the inflation which results from this policy, is the greatest threat which faces our

nation, we firmly believe that constitutional restraint is necessary to bring the fiscal disciplines needed to reverse this trend; and

Whereas, under Article V of the Constitution of the United States, amendments to the Federal Constitution may be proposed by the Congress whenever two-thirds of both Houses deem it necessary;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That procedures be instituted in the Congress to add a new Article XXVII to the Constitution of the United States, and that Congress prepare and submit to the several states an amendment to the Constitution of the United States, requiring in the absence of a national emergency that the total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of the estimated federal revenues, excluding any revenues derived from borrowing, for that fiscal year.

Sec. 2. That the proposed new Article XXVII (or whatever numeral may then be appropriate) read substantially as follows:

"PROPOSED ARTICLE XXVII.

"The total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of the estimated federal revenues for that fiscal year, excluding any revenues derived from borrowing; and this prohibition extends to all federal appropriations and all estimated federal revenues, excluding any revenues derived from borrowing. The President in submitting budgetary requests and the Congress in enacting appropriation bills shall comply with this Article. If the President proclaims a national emergency, suspending the requirement that the total of all federal appropriations not exceed the total estimated federal revenues for a fiscal year, excluding any revenues derived from borrowing, and two-thirds of all members elected to each House of the Congress concur by Joint Resolution, the total of all federal appropriations may exceed the total estimated federal revenues for that fiscal year."

Sec. 3. That copies of this resolution be transmitted to the President of the United States, the chairmen of the Judiciary Committees of both the Senate and House of Representatives, the chairman of the Joint Committee on Budget Control of the Congress and to each member of the North Carolina Congressional Delegation.

Sec. 4. That copies of this joint resolution be transmitted to the Secretary of State and to the presiding officers of both houses of the legislature of each of the other states in the union, with the request that it be circulated among leaders in the executive and legislative branches of the several state governments; and with the further request that each of the other states in the union join in requiring the Congress of the United States to initiate a proposal to amend the Constitution of the United States in substantially the form proposed in this joint resolution.

Sec. 5. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

S. R. 848

RESOLUTION 98

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO COMPLETE THE RECODIFICATION OF NORTH CAROLINA'S PUBLIC SCHOOL LAWS.

Whereas, the 1975 General Assembly directed revision of the North Carolina public school laws by the State Board of Education and a special Commission on Revision and Recodification (S.L. 1975, c. 888; S.B. 533); and

Whereas, the recodification and revision effort produced a lengthy report and resulted in the introduction on May 30, 1977, of a 256-page bill (S.B. 788) that would completely rewrite the public school laws, current G.S. Chapter 115; and

Whereas, the 1977 General Assembly will not have sufficient time to fully examine S.B. 788, particularly with respect to the changes in G.S. Chapter 115 made after the drafting of the proposed replacement for G.S. Chapter 115 in S.B. 788;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Legislative Research Commission, as structured by G.S. 120-30.10, et seq., is directed to study the issues related to revision of G.S. Chapter 115 as proposed by 1977 General Assembly Senate Bill 788. The commission shall pay particular attention to incorporation into the revision the 1977 General Assembly changes in G.S. Chapter 115. The commission shall also study the issues contained in House Bill 1453 and Senate Bill 846 relating to the fiscal functions of the State Board of Education.

Sec. 2. The commission shall report to the 1979 General Assembly.

Sec. 3. This resolution shall become effective on July 1, 1977.

In the General Assembly read three times and ratified, this the 1st day of July, 1977.

S. R. 21

RESOLUTION 99

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO COMPLETE ITS STUDY OF THE FEASIBILITY OF CONSTRUCTING AND FINANCING IN NORTH CAROLINA UPON A SELF-SUPPORTING BASIS OR OTHERWISE AN INDOOR SPORTS FACILITY.

Whereas, Resolution 119 of the 1975 General Assembly directed the Legislative Research Commission to study the feasibility of constructing and financing a sports arena of sufficient capacity to serve the people of this State and its future growth; and

Whereas, the Legislative Research Commission's Sports Facility Study Committee was not able to commence its study effort until October 1976 because of many unforeseen circumstances, especially the scheduling and activities of other interim legislative studies, which preempted the time of committee members and staff; and

Whereas, the Sports Facility Study Committee was unable to complete its task in time for the convening of the 1977 General Assembly; and

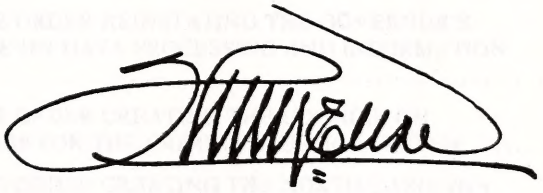
Whereas, the terms of the members of the 1975-77 Legislative Research Commission expire upon the convening of the 1977 General Assembly, and the next Legislative Research Commission will not be appointed until the close of the regular session of the 1977 General Assembly;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Legislative Research Commission is authorized to complete its study of the feasibility of constructing in North Carolina, and financing, a sports arena of sufficient capacity to serve the people of this State and its future growth. The commission's study may include without limitation the study directives contained in Section 2 of ratified Resolution 119 of the 1975 General Assembly.

Sec. 2. The commission shall report its findings and recommendations to the 1979 General Assembly.

Sec. 3. This resolution shall become effective upon ratification.



In the General Assembly read three times and ratified, this the 1st day of July, 1977.

(f) Any other employees in the principal departments of state government, except in those principal departments headed by elected heads other than the Governor, as may be designated by rule of the Board subject to the approval of the Governor, to the extent such designation does not conflict with the State Personnel Act.

(g) The members of all commissions, boards and councils appointed by the Governor, with the exception of members of those commissions, boards and councils the Board of Ethics determines perform solely advisory functions.

(h) The elected heads of other principal state departments, and certain employees of those

Section 3. Specific Prohibitions.

(a) No person subject to this Order shall engage in any activity which interferes or is in conflict with the proper and effective discharge of such person's official duties.

(b) No person who is employed by the state in a full-time position and who is subject to this Order, shall hold any other public office or public employment for which compensation, direct or indirect, is received except under circumstances and in the manner approved by the Board upon review of a written request pursuant to Board procedures;

(c) No person subject to this Order shall solicit in their official capacity any gratuity or other benefits for themselves from any other person under any circumstances.

Any exception to the foregoing prohibitions granted by the Board, may only be allowed by the Board upon written application to the Board, and after a specific finding by the Board that such activity does not violate the intent of this Order and in no way interferes or conflicts with the proper and effective discharge of the official duties of the person making the request. EXECUTIVE ORDER NUMBER 12

WHEREAS, the maintenance of a strong and viable judiciary is essential to the protection of the rights and freedoms of the citizens of the State of North Carolina; and

WHEREAS, an independent judiciary is indispensable to the preservation of the judicial branch as one of the coequal branches of the government of the State of North Carolina; and

WHEREAS, judges of the General Court of Justice should be selected for office solely upon the basis of personal and professional fitness to administer right and justice wisely, according to law, and without favor, denial, or delay to all persons who come into the courts; and

WHEREAS, the selection of Superior Court Judges should be free, so far as may be, from the influences and necessities of partisan political activity; and

WHEREAS, under the Constitution and laws of the State of North Carolina the Governor is authorized to fill by appointment certain vacancies in judicial offices; and

WHEREAS, it is my firm belief that only the most qualified, conscientious and dedicated persons available should be appointed to serve the public as judicial officers; and

WHEREAS, the Administration of Justice Study Committee of the North Carolina Bar Association has spent many hours, during many months, promulgating a plan for the nonpartisan selection of judges, with the benefit of previous studies done by the former North Carolina Courts Commission and other study commissions; and

WHEREAS, said plan was introduced in the 1977 General Assembly as House Bill 311 and drew strong support from legislators and continues to have the strong support of numerous civic and service organizations and the general public; and

WHEREAS, it is my belief that the high quality of the judiciary of the State of North Carolina can best be maintained by using, in aid of the constitutional discretion reposed in the Governor, a nonpartisan selection plan similar to that set forth in House Bill 311; and

WHEREAS, it is my belief that the concept of merit selection of judges, as suggested in House Bill 311, should be tested immediately by first applying the concept to one level of the judicial branch; and

WHEREAS, it is my belief that the nonpartisan selection of Superior Court Judges would best suit this purpose;

NOW, THEREFORE, IT IS HEREBY ORDERED:

Section 1. There is hereby created the Judicial Nominating Committee for Superior Court Judges which shall consist of thirty-four members to be selected as follows:

(a) Thirteen citizens who are not licensed to practice law in the state, no less than three of whom and no more than four of whom shall be residents of the same judicial division of the state, to be appointed by the Governor.

(b) Thirteen attorneys licensed to practice law in the state, no less than three of whom and no more than four of whom shall be residents of the same judicial division of the state, to be appointed by the Chief Justice of the Supreme Court of North Carolina.

(c) Four citizens who are not licensed to practice law in the state, each a resident of a different judicial division of the state, two to be appointed by the President Pro Tempore of the Senate and two by the Speaker of the House of Representatives.

(d) Two attorneys licensed to practice law in the state, one to be appointed by the President Pro Tempore of the Senate and one by the Speaker of the House of Representatives.

(e) Two members of the Supreme Court of North Carolina, one of whom shall serve as Chairman of the Committee, and another, who shall serve in the absence of the Chairman as Chairman Pro Tempore of the Committee, each to be appointed by that court.

(f) Exclusive of the Chairman and Chairman Pro Tempore, each member of the Committee shall be a resident of a different judicial district of the state, as the state will be divided into thirty-two judicial districts, pursuant to Chapter 1130 of the 1977 Session Laws. The removal of such a member's residence from the district of appointment creates a vacancy to be filled from that district as provided in Subsection (g) of this Section. To insure the required distribution of members among the judicial districts, appointments of such members other than the Chairman and Chairman Pro Tempore shall be made in the following sequence by the appointing authorities indicated:

(i) The Governor shall first make the appointments provided in Subsection (a).

(ii) The Chief Justice of the Supreme Court shall then make the appointments provided in Subsection (b).

(iii) The President Pro Tempore of the Senate shall then make the appointments provided respectively in Subsections (c) and (d).

(iv) The Speaker of the House of Representatives shall then make the appointments provided respectively in Subsection (c) and (d).

(g) The Chairman and Chairman Pro Tempore shall serve at the pleasure of the Supreme Court. All members other than the Chairman and Chairman Pro Tempore shall serve for a period of one (1) year or until earlier termination of this Committee by subsequent Executive Order. Upon the occurrence of a vacancy prior to expiration of a term, the vacancy shall be filled by the then incumbent in the office of the appointing authority that made the initial appointment. A member appointed to fill a vacancy occurring prior to the expiration of a term serves for the remainder of the unexpired term. Successor members appointed shall be of the same category and from the same district as the initial appointees. No member of the Committee other than the Chairman and Chairman Pro Tempore is eligible for appointment to a judicial

office of this state that is created or vacated during the member's service on the Committee and for a period of six months thereafter.

(h) While engaged on official business, a member of the Committee is entitled to such per diem and reimbursement for travel and subsistence as may be authorized for members of State Boards and Commissions generally.

Section 2. The function of the Judicial Nominating Committee is to identify and nominate for appointment those persons most highly qualified personally and professionally to be Superior Court Judges without regard to any partisan political considerations. To accomplish this purpose the Committee shall be divided into four panels, as herein below provided:

(a) In considering and making nominations for Superior Court Judges, the Chairman and Chairman Pro Tempore and all members of the Committee who are residents of the judicial division of which the judge to be appointed is a resident shall exercise the powers of the Committee in respect to that particular judgeship.

(b) Subject to the provisions of this Order, the Committee may direct meetings and public hearings to be held anywhere within the state; publicize vacancies in judicial offices and solicit declarations of availability therefor; adopt rules of procedure for the exercise of its powers and take any other actions necessary and proper to the accomplishment of its functions.

(c) Panels of the Committee shall meet on call of the Chairman, Chairman Pro Tempore, or a majority of the members of the panel. All calls for meetings shall be upon reasonable notice to all members entitled to participate. Meetings of any of the panels of the Committee shall be presided over by the Chairman, or in his absence, the Chairman Pro Tempore. The Chairman or Chairman Pro Tempore presiding shall vote only when necessary to break tie votes of the members of the panel present. A simple majority of the members constituting the nominating panels constitutes a quorum for exercise

of the panels' powers; but no nomination may be made except upon the concurrence of at least a majority of the members of a nominating panel authorized to make a particular nomination.

(d) Each panel shall elect a secretary from among its members.

(e) The Administrative Office of the Courts or the Department of Crime Control and Public Safety shall assign adequate staff to expedite the work of the Committee. The Governor shall name an Executive Secretary for the Committee.

Section 3.

(a) Any person who is eligible to hold the office of Superior Court Judge may file with the Judicial Nominating Committee, in accordance with its rules, a written declaration of availability for appointment to such office. Only persons who have so filed may be nominated by the Committee.

(b) For any vacancy in the office of Superior Court Judge, the Committee shall nominate no less than three (3) nor more than five (5) persons.

(c) Full consideration of minority and female applicants is encouraged.

(d) Nominations for existing vacancies must be submitted to the Governor within sixty (60) days following the appointment of the last member of the Committee. Thereafter, nominations may be submitted to the Governor not more than sixty (60) days in advance of mandatory retirement of a judge; and all nominations shall in any event be submitted not later than sixty (60) days after a vacancy occurs. Should the Committee fail to submit to the Governor nominations within the time limits herein prescribed, the Governor may proceed to fill the vacancy. Nominations by the Committee shall be certified to the Governor over the signature of the Chairman or the Chairman Pro Tempore.

(e) To assist the Committee, the Administrative Officer of the Courts shall notify the Committee of the imminence of vacancies in Superior Court Judgeships occurring for any reason known to them in advance of their occurrence, and shall notify the Committee of other vacancies as soon as is practicable.

Section 4. Forthwith upon receipt of nominations from the Judicial Nominating Committee, the Governor shall cause the identity of the nominees to be made public by any appropriate means. Within thirty (30) days after receipt of nominations or the occurrence of a vacancy, whichever event last occurs, the Governor shall appoint one of the nominees to fill the vacancy for which nominated.

Section 5. This Executive Order shall apply to Special Superior Court Judges, provided, however, that the full Judicial Nominating Committee shall make the nominations for vacancies in the office of Special Superior Court Judge.

Section 6. Also, to that extent, the right to reject any or all of the nominees so selected and recommended is specifically reserved unto the Governor.

Section 7. This Order shall become effective immediately.
